AN ORDINANCE to establish Floating Baths in the city of New Orleans.

WHEREAS, the facilities for bathing in pure running water in this city are totally inadequate to its population; and

WHEREAS, no public baths are erected along the banks of the river wharves, wharves, and other refreshing bathing might be enjoyed—a want which has caused surprise of all strangers visiting this city; and

WHEREAS, the supplying of this desideratum meets with the approbation of the whole community, and as a sanitary measure would prove invaluable in promoting the health and comfort of the people;

Resolved, That the Common Council of the City of New Orleans, do hereby grant, for the term of five years, dating from the 15th day of May, 1889, the sole privilege for themselves, their legal representatives or assigns, of establishing floating baths in the river, opposite the Second District in this city and said district only.

Provided, That the cost of bathing shall not exceed ten cents for each person bathing; and

Provided further, That the baths are adequately constructed, and conducted with due deference to morals, decorum and the public safety; the whole subject to the approval of the city surveyor.

And if further ordained, That in consideration of the general utility of such baths, said Paul Waterman & Co. are hereby granted exemption from the usual wharfage dues while engaged in conducting said floating baths, which will be from the 15th day of May to the 15th of September of each year, and then only.

Provided further, That said baths shall at no time interfere with commerce or navigation established or hereafter to be established by law, and to exist subject to the pleasure of the Common Council.

Resolved further, That the said Louis Gagnet binds himself to grant said privilege during the term of his lease and to withdraw any and all suits which he may heretofore have entered against the city for damages sustained by him by the carrying out of said baths, and to hold the city free of all damages until the 1st of February, 1889.

Resolved further, That the Carondelet Canal and Navigation Company bind themselves to grant to the city for draining purposes the use of the channel of Bayou St. John from the mouth of the Carondelet Canal to the N. E. or lower side of St. Ann street, according to plan of the city surveyor to be annexed to the contract.

Resolved further, That the said Louis Gagnet binds himself to grant said privilege during the term of his lease and to withdraw any and all suits which he may heretofore have entered against the city for damages sustained by him by the carrying out of said baths, and to hold the city free of all damages until the 1st of February, 1889.

Resolved further, That in consideration of said privileges the city binds itself to cause draining into the navigable channel of the said Bayou St. John and Carondelet Canal from the 1st of February, 1889, and to pay said Gagnet the sum of twenty-five thousand dollars (\$25,000).

Resolved further, That in consideration of the

above privileges and on receiving due notice from the mayor of the completion of contract between said Louis Gagnet, lessee, and the Carondelet Canal and Navigation Company and the city of New Orleans, the controller be and he is hereby authorized to issue warrants on the treasurer in favor of Louis Gagnet amounting in the aggregate to twenty-five thousand dollars, divided into such sums as the said Louis Gagnet may require, in full payment of all his claims for damages against the city of New Orleans.

Resolved further, That upon completion of the foregoing the city attorney is instructed to withdraw the appeal of the suit of Louis Gagnet, lessee of the Carondelet Canal and Navigation Company as the City of New Orleans, before the Supreme Court.
