BANKS FAVORS A SEPTEMBER SESSION.

GEN. BLAIR AND COLFAX.

COLFAX REPORTS INDIAN ATROCITIES.

THE DEBT STATEMENT FOR AUGUST.

INCREASE OF OVER \$12,000,000.

WASHINGTON, Sept. 7.—Schenck, to whom, with Senator Morgan, was left the question of calling a session of Congress in September, has written a letter deprecating a September session. Best informed parties say there will be no session. McClintock is expected in the Cuba, which leaves England on the 18th inst.

Pinchback's threat to burn New Orleans is regarded with horror by all classes and parties here. The New York Times and the Tribune are silent on Pinchback's speech. The Herald says: The savage threat uttered on Friday last by Pinchback, the militia, who was recently installed into Mr. Jewell's place as senator from the Second District of Orleans parish, La., is a starting condemnation of the barbarism attributed to the negro, when his head is turned and his vanity is swollen by the perilous possession of power. The fabled spirit which kindled the horrors of St. Domingo, blazes forth in Pinchback's lurid prophecy. "The dawn of retribution," when "ten thousand torches will be applied to this city" and New Orleans "will be reduced to ashes." Nothing can exhibit more clearly than this dreadful threat the utter madness of the class of which Pinchback is a type, to be senators and rulers in the land.

Foreign news per steamer reports the storm on the 23d ult. as very destructive. The ocean was strewn with wrecks. Twenty lives were lost by the sinking of the Tago. A large schooner, of unknown name, went down near Formby Light House; 41 on board lost.

Gen. Banks is here and favors a September session of Congress to secure a meeting in October if necessary.

A delegation of the Richmond tobacco manufacturers is here to secure a general bonded warehouse in Richmond, whereby tobacco can be forwarded to market without payment of the tax. Their address is 10th and 11th streets.

Gen. Blair will be here on the 18th.

Colfax telegraphs the secretary of war from Denver of terrible Indian outrages thereabouts. Neither the secretary of war nor the Indian bureau have dispatches from army officers or Indian agents relative to the Indian war.

Colfax will be here on the 18th instant; also, Wade.

WASHINGTON, Sept. 7.—The debt statement shows an increase of debt bearing gold interest, \$5,119,000; increase of currency-bearing interest, \$1,195,000; decrease of national debt not bearing interest, \$3,453,000; increase of the debt bearing 6 per cent. interest, \$1,000,000; increase of the debt bearing 5 per cent. interest, \$1,000,000; increase of the debt bearing 4 per cent. interest, \$1,000,000; decrease of currency in the treasury, \$11,573,000; increase of public debt, \$12,073,000.

TREASURY WARRANTS ISSUED DURING AUGUST: Civil and diplomatic, \$13,000,000; interest, \$4,830,000; war, \$1,800,000; navy, \$1,600,000; pensions and Indians, \$1,500,000. The Alaska purchase included in the civil and diplomatic amounts.

FROM EUROPE.

English Politics.—The Times on the Annexation of Mexico to the United States.

LONDON, Sept. 7.—Murphy, the anti-papal agitator, is announced for Parliament from Manchester, making the sixth candidate. A meeting in his behalf, numbering 6000, was dispersed by the Irish Catholics after a two hours fight. Many were hurt. The police finally restored order, but disturbances were renewed during the night in several quarters of the city.

The Times, in a leading editorial, says the annexation of Mexico to the United States is desirable, but the time is not yet ripe; it will not be accomplished now without a needless expenditure of life and treasure.

FROM ATLANTA.

The Georgia Legislature—More Negroes Ousted.

ATLANTA, Sept. 7.—The Senate by a vote of 20 to 14 refused to reconsider the relief bill passed on Saturday.

A resolution was offered declaring Senators Campbell and Wallace not eligible to seats in the Senate, nor of the United States. Hughes (Republican) read a resolution passed heretofore, under general order No. 50, and insisted that it took a two-thirds vote to bring it up; the chair decided in favor of the resolution. Hughes then moved that the most extraordinary decision ever made by a legislative body, and appealed from the decision of the chair. The appeal was sustained by a vote of 24 to 8, and the resolution made a precedent for the future.

The House by a vote of 69 to 42 passed a resolution to elect a board of commissioners with authority to appoint officers of the State road.

The Senate sustained the governor's veto of the Savannah bill—yeas 18, nays 13.

The day is the last day for registration.

FROM WILMINGTON, N. C.

Association of Democratic Negroes—Strong Feeling.—The Question of Organization for Self-Defense.

WILMINGTON, Sept. 7.—On Saturday night at Clinton, Sampson county, a negro man who formerly belonged to the loyal league, but who recently abandoned that organization and joined a colored Democratic club, was called out of his house and shot through the heart. This affair has created considerable excitement. The whites generally think that the Republican party is determined to bring on a collision. Heretofore there has been no Ku Klux Klan or other secret Democratic organization in this State, but now it is understood and believed that energetic efforts will be made to organize such an order as a matter of self-defense. There can be no doubt that a great majority of the people here long for peace; it is all they ask—all they want, but the ablest and most liberal minds here seemed to have arrived at the conclusion that the immediate future is fraught with most momentous issues. It is the sentiment of practical thinking men here that prominent Northern men of conservative views should come South and address the people. Everybody here favors peace.

FROM LEAVENWORTH.

Indian Attack on Fort Dodge.

LEAVENWORTH, Sept. 7.—A special from Hayes City says the Indians made a dash on Fort Dodge and killed three and wounded seventeen soldiers. They were finally driven off. Indian loss unknown. Gen. Sheridan is now at Fort Dodge.

FROM SAVANNAH.

The Despicable Bradley.

SAVANNAH, Sept. 7.—A. A. Bradley, the negro lately expelled from the Georgia Senate, addressed a Republican meeting here this evening. He said that Cliff and other carpet-baggers would have benefited the Democrats. He was glad they had done otherwise. He thought the climax which ever way it went—would cause bloodshed.

BRASHEAR CITY ALIVE.

AN IMMENSE GATHERING.

THE DEMOCRACY IN MOTION.

On Saturday last a grand and imposing demonstration of the Democracy came off at Brashear City, at 3 o'clock p. m. The meeting opened under the auspices of the Steedman Club.

Col. P. Foule, on the part of Gen. J. B. Steedman, presented to the club a beautiful silk banner, which was received by the president, Mr. Dodge, in a brief but eloquent speech full of feeling.

Col. John B. Weller then addressed the meeting, and in an eloquent and forcible manner presented the issues now before the people of the country. Col. Weller's address occupied about 45 minutes, and was listened to with rapt attention by the audience. General Steedman followed in a speech replete with choice imagery, enjoining the attention of all within the sound of his voice. For over an hour the audience sat as they were entranced, scarcely breathing until he had ceased.

He was followed by a colored preacher, who had been a strong and influential radical in that vicinity. He made a very sensible and telling speech.

Mr. McCoy (colored), who announced himself as a native of New Orleans, closed the meeting in a very appropriate address, more particularly intended for persons of his color.

The practical result of this meeting was a real alliance of the colored and white Democracy of Brashear City. "By St. Paul, the work goes bravely on."
