TUESDAY MORNING, NOVEMBER 3, 1868.

Democratic National Ticket.

FOR PRESIDENT: HORATIO SEYMOUR, OF NEW YORK.

FOR VICE PRESIDENT: FRANK P. BLAIR, OF MISSOURI.

Electors for the State at Large: GEO. W. RACE, NICHOLAS RYAN, DURANT DAPONTE, W. F. BLACKMAN, E. J. ELLIS.

District Electors: First Congressional District, ANTHONY SAMPOLA; Second, CLARENCE WARD; Third, S. J. POWELL; Fourth, F. M. GOODRICH.

For Congress: First District, LOUIS ST. MARTIN; Second, CALEB S. HUNT; Third, ADOLPHE BAILEY; Fourth, GEORGE W. RACE; Fifth, W. F. BLACKMAN.

IMPORTANT TO VOTERS. Voters will find the number of the precinct in which they reside marked on their registration certificates.

NATURALIZED CITIZENS: In Louisiana the carpet-baggers have put the negro over you because you are white.

Remember Democrats, one and all, you who, during the past four months, have, by daylight and torchlight, with banners, and cheers, and all the enthusiasm of assured victory, carried on the campaign for Seymour and Blair.

For the first time in eight years the entire country is to-day involved in the excitement and confusion of a general election.

Every Democratic vote cast to-day is a vote to rescue the country from the hands of the party which threatens to convert the government into a centralized despotism, administered by a military dictator.

Don't stay away from the polls because you consider the State safe. We must not only beat the carpet-baggers and their black allies, but terrify them by a majority which will show that it is hopeless for them to make another contest in Louisiana.

Democracy! vote quietly, but vote. There must be no disturbance in New Orleans to-day. Let our city not be discredited by acts of violence, by tumult or bloodshed. We want none of these. We want only a fair vote to assure a brilliant Democratic victory.

PERSONAL.—We had the pleasure of receiving a visit, yesterday, from Major G. W. McCranie, of the Ouachita Telegraph, and Democratic candidate from the Fifth Congressional district.

The Ouachita Telegraph, published at Monroe, one of the busiest centers in the Trans-Mississippi, is a worthy representative of its section. The ability and fearless integrity with which it has been conducted since the termination of the war have raised it, like the Planter's Banner, to be one of the best and most instructive newspapers in the South.

Major McCranie will remain some days in New Orleans, at the City Hotel, and we heartily commend him, as well as the Telegraph, to our fellow-citizens, and particularly to our merchants and farmers.

We have been requested to state that the Board of Directors of La Variete Association have restricted the privileges of admission to members and non-residents only.

There seems to be among our Democratic independent clubs a strong desire to make themselves permanent organizations. This is a good idea, and we hope it will be carried out.

The enemy will resort to many devices to-day to diminish the Democratic vote; among them the attempt to palm off spurious tickets on the voters. Be sure that your tickets contain the names of the Democratic candidates for electors and for congressmen. Scan them closely.

Every Democratic vote cast to-day is a vote against the reign of the carpet-baggers and scalawags.

THE ELECTION TO-DAY.

It is scarcely necessary to remind our citizens of the solemn and imperative duty of voting at the election to-day. For the first time we have an opportunity of proving, by the irrefragable voice of an overwhelming public opinion, that the actual government of the State was imposed upon us in defiance of the wishes of a large majority of our people, even including the new element which was forced into our political community for the express purpose of subduing the white population, and of assuring the vote of Louisiana to the Republican party.

It is true that we are not voting to-day for State officers; but we are voting in order to furnish indisputable proof of the infamous fraud by which Radicalism obtained possession of the State government, as well as to add the weight of Louisiana to the vote which will be cast for the candidates of the great party of progressive reform and constitutional liberty. If the Democracy of Louisiana do their whole duty to-day, it makes little difference whether the Radicals vote or not. A full Democratic vote will carry the State triumphantly if every Radical vote be polled.

Democracy! be sure to vote, and to vote early. Let nothing deter you. New Orleans must give at least 10,000 majority for the Democratic ticket. The country must understand that the great commercial metropolis of the South is no longer to be subjected to the domination of negroes and carpet baggers. It is necessary, in every point of view, that this great fact be proclaimed in tones not liable to misinterpretation.

A full Democratic vote will carry New Orleans by 12,000 majority and the State by 20,000. Remember that. Don't stay away from the polls because you consider the State safe. We must not only beat the carpet-baggers and their black allies, but terrify them by a majority which will show that it is hopeless for them to make another contest in Louisiana.

Democracy! vote quietly, but vote. There must be no disturbance in New Orleans to-day. Let our city not be discredited by acts of violence, by tumult or bloodshed. We want none of these. We want only a fair vote to assure a brilliant Democratic victory.

MR SEWARD'S PRONUNCIAMEN TO.

The speech of Mr. Seward at Auburn, only three days before the election, may be regarded, aside from its intrinsic matter, as an event well calculated to recall the speech which he made at the same place in favor of the Republican ticket shortly before the presidential election in 1864. He then argued at great length that the safety of the country required that the war should be conducted, peace concluded and the Union restored in accordance with the policy of Mr. Lincoln; and he now holds that the congressional interruption of this policy, as exemplified by Mr. Johnson who followed in the footsteps of Mr. Lincoln, has plunged the country into a condition bordering on the anarchy of Mexico and the unhappiest of the South American republics, and that to confide the entire government to the Radical party would indefinitely postpone the day of peace and restored Union, and perhaps consummate the national ruin.

Mr. Seward, one of the wisest and most forecasting of contemporary politicians, is about the last man to be suspected of making a vain demonstration in a set speech, or of throwing away his political or personal influence in favor of a hopeless cause. That he has had no sympathy with the Radical development of the Republican party which he did so much to bring into being, is hardly to be questioned.

THE GRAIN TRADE.—Elsewhere will be found a full report of a very interesting address delivered last night by Colonel Burwell, of the Bulletin, before the Chamber of Commerce. Our readers will remember that Col. Burwell was delegated by the Chamber of Commerce to proceed to Chicago, St. Louis and other Western cities, to discuss with the men of the West the prospects of building up a trade with New Orleans, to hear from them their ideas and opinions about it, and to tell them what we here wish, expect and will do. Last night he made his report. It was an exhaustive and an able one; but, as he said, the conclusion can be expressed in a few words—the securing of the grain trade by New Orleans is inevitable.

Delays are always dangerous. Vote this morning before coming to business, and do not leave it until your return in the afternoon. Don't drop your ballot in the box until you are morally certain it bears no names upon it save those who are the regular nominees of the Democratic party.

The insurance companies will close their offices at 11 o'clock this morning. It is desirable that this example be generally followed by the commercial community.

REGISTRATION.—In St. John the Baptist, 1914 voters were registered, 14 more than last year. One third of the registered voters are white, two thirds colored. In East Feliciana, 900 whites and 1515 blacks were registered. In East Baton Rouge, 3639 voters were registered.

The word "Scododot," which is fast becoming a household word, is derived from the Greek and composed of two words, scod and odotes. "Scod," translated, means to preserve, and "odotes," the teeth. Scododot, a preserver of the teeth. And it is true to its name.

The government has at last repaired the wrong done Commodore C. H. Fox, United States navy. Several years since, when the navy department was engaged in the manufacture of rear and vice admirals, the claims of this officer were overlooked, and his promotion denied him, simply because a lady member of his family was suspected of being Southern in her sympathies.

Voters of the First Ward.

Notwithstanding the mutilation and partial destruction of the Books of Registry of the FIRST WARD, the POLLS WILL BE OPENED AT ALL THE POLLING PLACES IN THE WARD, and the election will be held as if the outrage had not been perpetrated.

By order of the Campaign Committee: J. O. NIXON, Chairman.

Special Notice.
