only about two hours. It broke out on the Rev. Johnson by handling a torch carelessly. The Northern line packets were in imminent danger, but were saved by engines, the whole fire department being out. An immense quantity of whisky destroyed; and with so much combustible material on board, the destruction of the boats was instantaneous.

In the case of Marshall & Kilpatrick vs. the St. Louis Fire Insurance Company, it being a test on which depends judgments against other companies, the Supreme Court to-day affirmed the decision of the Circuit Court, which ends this tedious case, and settles Marshall & Co.'s right to insurance.

FROM OUR EXCHANGES.

The weather yesterday was clear and warm—a nice spring day for the farmers. The river opposite this point was on a stand last night, with 25 feet above the lowest water mark of the season. At last accounts, the river at Carolina Bluffs and the bayou at Jefferson were falling slowly. On Sunday we had two arrivals from above the raft. From Fulton down the river was falling, but, on Thursday last, it commenced rising at Fulton again from a head rise. The Lula D. swapped trips with the George. The H. M. Childs is on her way out. The Right Way went up to Lansesport and the Lulu D. to Cook's Landing, both bringing out good trips. Fears are entertained of an overflow from the late rise. From this point to the Mississippi we have the best of navigation for the largest class of steamers, with the water rising. Business on the landing yesterday and the day before was very fair.—[Shreveport South-Western, March 30th.

NEW ORLEANS TO VICKSBURG IN TWENTY-NINE HOURS.—The R. E. Lee, bound from New Orleans to Louisville, passed up at 7½ o'clock last evening. She had on board the first infantry, which has been stationed in New Orleans for the past five years. She left New Orleans Monday evening at 25 minutes past 1 o'clock, and arrived at this port at 6 P. M. yesterday, (Tuesday,) having been just twenty-nine hours out. She had besides the regiment and their baggage about three hundred tons freight, making in all about five hundred tons. During the night out she experienced fogs, and worked under "slow bells" for the best part of four hours. The Lee was not prepared for a race, but having no way business, she came right ahead. When the J. M. White made her famous run in 1844, she was 29 hours and 55 minutes out from New Orleans to this port. The Eclipse, in 1853, made the run in 28 hours and 1 minute—both of these boats, however, started out for the purpose of making a fast run and were stripped for the race. The Lee has already made herself famous by her unprecedented run from Memphis to Cairo in 1867—16 hours and 37 minutes. With fair weather, we may expect to hear of her making the best run to Memphis that has ever yet been made.—[Vicksburg Times, March 31.

The John H. Groesbeck, Captain D. W. Maratta, is steadily filling up for New Orleans, and will depart to-morrow. The Robert Burns arrived from New Orleans about midnight, Sunday, and will go up the river.—[Cincinnati Gazette, March 30th.

The Virginia was detained yesterday repairing her machinery, and will leave the city wharf at 5 P. M. to-day. She is a regular packet of the Louisville and New Orleans line, and is a fine, fleet boat. Captain Holcroft, master, and Charlie Echotz, clerk, are her chief officers.

The river is at a splendid boating stage, and rising rapidly. On the falls there is sufficient water for the largest class of boats. Last evening the marks showed 14 feet 10 inches water in the canal, 12 feet 10 inches water in the chute, and 11 feet 10 inches water on the rocks—a rise of 2 feet 9 inches since our last report. Sunday night a heavy rain fell. Yesterday the weather was clear and pleasant, a genuine spring day. Last night the weather was cooler, with a dash of hail, followed by a heavy rain. Business on the wharf yesterday was not very brisk.

The Louisiana arrived from Cincinnati Sunday afternoon, and laid over until yesterday morning to accommodate shippers. She added a lot of stock, pork and sundries, and departed for New Orleans yesterday morning.—[Louisville Courier Journal, 30th March.

We are pleased to learn, as we do, from the business card sent us by Mr. Robert P. Button, of the Virginian office, Lynchburg, Virginia, that he has resumed the business of his General Advertising Agency. Several years previous to the war, and pending the struggle, we had much business intercourse with Mr. Button.
