

WILL KNOW TUESDAY.

The New Santa Fe Reorganization Scheme

IS TO BE GIVEN PUBLICITY

On the Nineteenth of June—Other Railroad Matters.

The very latest news about the reorganization of the Santa Fe is the following published in the Wall Street Journal of Wednesday, June 13.

The Atchison committee met yesterday afternoon and perfected its plan of reorganization. It will be given to the public on next Tuesday morning. It is first sent to London, Amsterdam and Berlin to be finally ratified there before announced here.

It differs in no essential particular from what we have heretofore published. The assessments will not exceed \$12 a share and income bonds will be given for it.

The As and Bs will be turned into income bonds and the 4s will remain as they are. There will be a new \$30,000,000 second mortgage for improvements to be issued at the rate of \$3,000,000 a year for ten years.

The Atlantic & Pacific and Colorado Midland will be treated separately, the details of which are not ready for announcement.

RAILROAD RUMBLINGS.

Personal Notes Among the Railroad Shops and Offices.

George House of the Santa Fe boiler shops talks of going to Kentucky for a three months' visit.

Mrs. Hess, wife of Rock Island Conductor John B. Rea, entertained about fifteen ladies of the Ladies' Auxiliary of the Order of Railway Conductors with a 5 o'clock tea at her home, 230 Klein street, last evening. Refreshments were served.

The Santa Fe had ten coaches for the Yaw special last evening, but not half of them were used. Not more than 250 people took advantage of the excursion.

The Rock Island caught a hard rain last night on the southwest divisions from Herrington to Liberal and Caldwell. New electric light poles are being put up at the Santa Fe round house.

In the absence of Secretary Jones, Bobbie Finnie has charge of the railroad Y. C. A. rooms.

J. P. Johnson of the Rock Island car service department, is visiting in Ohio and H. A. Huber of Chicago is taking his place.

Mrs. Susan Butler of 706 Lake street, has returned from her two weeks visit at Scranton.

Mrs. Devlin, mother of Fireman Jim Devlin of the Santa Fe, has gone to Galesburg, Illinois, where a son of her's is sick.

The "Katy" reports a good increase in its freight business.

The Santa Fe's export flour business is again on a stand still. Topeka flour is cheaper in Europe than it is in Topeka. Roy Baker has taken the job of number taker in the Santa Fe yards and now smokes a cob pipe like ordinary railroad people.

WILL GO OVER THE SANTA FE.

Official House of Kansas Delegates to Republican League Convention.

The Kansas delegates to the meeting of the National Republican league, which will be held in Denver June 26-28, will go to Denver over the Santa Fe, at least that road has been selected as the official route.

The train carrying the Kansas party will leave Kansas City at 9 a. m. Sunday, June 24.

The fare will be \$15 for the round trip. The Kansas delegation will have headquarters at the Windsor hotel, corner of Lawrence and Seventeenth street.

AMONG THE OFFICES.

Some Personal Notes at the Santa Fe General Offices.

John Stewart of the Santa Fe passenger department, F. T. Lyman of the stationery department and G. W. Mitchell of the telegraph office will spend tomorrow in Kansas City.

E. McDonald and John Hayes of the stationery department will go to Burlington.

W. C. Louckes of the auditor's office will spend Sunday in Independence.

John Lenfesty of the Santa Fe passenger department at Chicago, is in town to spend Sunday with relatives and friends.

E. J. Carlidge of the Santa Fe tax department has gone to Raton, N. M.

A STARTLING DISCOVERY.

Colored School Teachers at Greenville Organized in a Band of Thieves.

GREENVILLE, Miss., June 16.—The people of Indiana, twenty-five miles east of Greenville, are considerably excited over the discovery of a gang of robbers composed largely of the educated negro school teachers of the county.

Last night Mr. Montgomery caught Hudson Weathers robbing his store. Montgomery drew his pistol, when the negro wrenched it from his hands and would have shot him but for the interference of a friend of Mr. Montgomery who came in with him.

After a search a great many stolen goods were found on Weathers' premises, while a dozen of the more important negroes of the county have stolen goods in their possession. These negroes are being paid by the white taxpayers to teach the colored youths.

Gala Day for Modern Woodmen.

Wednesday of next week will be a gala day for the Modern Woodmen. A special train will reach Topeka via the Rock Island at 10 a. m. conveying the camps from Hiawatha, Horton, Holton and other intermediate points, together with the families and one or two brass bands. They will be met at the Rock Island depot by the members of North Topeka camp No. 1243 and Sunflower camp No. 636. A procession will then be formed on Kansas avenue and march to Tenth street, and from Tenth street to Garfield park, where the day will be spent picnicking.

A "Song Festival" will be held at the North Baptist church Sunday evening. The subject is "Life's Battle," which will be most attractively presented in sacred story and song. The male choir has just procured a supply of new music books which will be used on this occasion. The programme will be varied with songs by the congregation, anthems by the choir and short addresses by the pastor. Rev. W. B. Hutchinson, Morning subject, "A Lionlike Man."

PASTOR AND FLOCK.

Children's Day will be observed at the English Lutheran church tomorrow. In the morning Rev. F. M. Porch will make an address to the children, and in the evening there will be special exercises. The Christian Endeavor society of the First Presbyterian church will hold its annual picnic at Garfield park this afternoon. Supper will be eaten at the park and the young people will return by moonlight.

At the special service to be held at the Good Shepherd church on Sunday afternoon there will be exercises of importance to be considered. There will also be special music. Very Reverend Dean Millsbaugh will conduct the service.

Miss Martha McCabe has returned from Emporia where she has been teaching in the College of Emporia. This is a Presbyterian college and there were 13 of the graduating class this year, and of this number the seven gentlemen will enter Princeton to prepare for the ministry. Last year six young men entered Princeton from this institution.

George Bright will sing a solo at the English Lutheran church on Sunday morning.

The United Presbyterians will have communion on Sunday morning. Special services have been held during the week preparatory to the service. They have been led by the Rev. John P. White of Walton, Kan.

The industrial school under the auspices of the "Daughters of the King," of the Cathedral parish, have reached that degree of success as to have a membership of 91. Miss Hambleton is the principal.

The Epworth league of the First Methodist church will picnic at Garfield park on Tuesday afternoon.

Rev. M. F. McKirahan preaches at the reform school tomorrow afternoon. Dean Frank Millsbaugh conducts a service at Monmouth, Kan., on Monday evening.

Rev. A. S. Embree has announced that he will preach twenty-minute sermons during the summer months.

The ladies missionary society of the United Presbyterian church has just completed a thorough cleaning of the church building. Besides repairing all the broken furniture and woodwork they furnished a new carpet.

The following is the new order of Sabbath services at Grace Cathedral: Holy communion at 8 a. m.; Sabbath school at 9:45 a. m.; regular service at 11 a. m.; evening service at 7:30 p. m. The Friday evening service will be held at 7:30 p. m.

The extensive improvements on the interior of the First Methodist church have been begun. At present the work will not interfere with the services of the church, but in a few weeks the services will have to be discontinued. The improvements will cost \$3,700 and will include a new roof, repairs in the auditorium, a new carpet, a thorough cleaning of the entire building and repainting and varnishing of the walls and woodwork.

Liberty mission will picnic at Garfield park June 20.

Rev. S. B. Alderson's sermon Sunday morning will be of special interest to all Presbyterians, as it will be a report of the meeting of the general assembly which he attended last month.

June 24 is the date for children's day at the United Presbyterian church.

Several mothers in the Episcopal church have requested Dean Millsbaugh to continue the school for boys that Dean Colwell conducted last year. This school is for boys that are too old to attend the kindergarten at Bethany college, and too young to enter the St. John's college at Salina, or Washburn college. If the proper encouragement is given, Miss Meliora Hambleton, the dean's stepdaughter, will probably conduct the school. She is a graduate of the St. Marys college of Minneapolis and is exceptionally proficient in Latin and English literature.

BIG FRUIT FARM.

The Sandringham Fruit Company Makes a Large Purchase in Howell County.

Mr. F. P. Graham has returned from Chicago, where he closed a deal by which the Sandringham Fruit company comes into possession of 12,948 acres of fruit producing land in Howell county, Mo., twelve miles south of West Plains. The property was purchased in the name of F. P. Graham for the company.

This sale is the first practical work done for the scientific development of the Ozark fruit industries. Grapes and other fruits will at once be planted on 4,000 acres. The company will do a big canning business, but the output will all go abroad.

The company will make no attempt to compete in American markets, but will aim to produce the best canned goods that can be put upon the market. The purchasers of this big tract of choice land are very wealthy and will spend money liberally in a scientific development of fruit culture.

The property was purchased from Mr. Michael Brand of Chicago, whom Mr. Graham found an excellent business man. The price paid was about \$60,000.—Kansas City Journal, June 2, 1894.

The mammoth and mastodon great and the megalosaurus have fled, and the pleiosaurus can never devour us, for the pleiosaurus is dead.

The young man is extirpated that they from the seaweed, the ooze or the dirt; no pleiosaurus comes up to devour us, no young man to worship and flirt.

Ordinance No. 1718.

AN ORDINANCE providing for city scavengers, and for the regulation of the same, governing the same, providing a license therefor, fixing the fees to be charged, penalties for violation thereof, and repealing ordinance No. 694, published June 31, 1887, and ordinance No. 983, published July 19, 1889.

Be it ordained by the Mayor and Councilmen of the City of Topeka:

SECTION 1. The mayor shall at the regular meeting of each year, by and with the consent of the council, appoint one or more suitable persons, corporations or firms to act as city scavengers for the ensuing year, and who shall hold said position during the pleasure of the mayor and council. A license shall be issued to such person, corporation or firm in which shall be written or printed the name of the person to whom issued, the date thereof and the time when the same shall expire, and all license issued to city scavengers shall expire on the first day of May next after the same are issued, unless sooner cancelled, by order of the mayor and council, and all licenses to city scavengers shall be signed by the city clerk and attested with the seal of the city. No license shall be issued to scavengers until all the requirements of this ordinance shall have been complied with.

SEC. 2. That upon complying with the conditions of this ordinance and the approval of the board thereof provided for, the city clerk shall issue a license to the person or corporation so complying. That said license shall authorize such person or corporation to act as the city scavenger in the city of Topeka. That all licenses issued to city scavengers shall expire on the first day of May next after the same are issued, unless sooner cancelled by order of the mayor and council. The city physician may for cause suspend any license of a city scavenger until the next meeting of the council, and he shall file with him a statement in writing of his action in the premises with the city clerk.

SEC. 3. The city scavengers provided for in this ordinance shall use the best approved apparatus in performing their work. The said apparatus shall consist of such odorless tools, and appliances with which to remove the contents of privy vaults and cesspools as may be approved by the city physician of Topeka. That said apparatus, tools and appliances shall first be inspected by the city physician, and if found satisfactory the said city physician shall so certify and file a copy of said certificate with the city clerk of the city of Topeka. The city board of health shall have power at any time to condemn any tools, apparatus or appliances used by a city scavenger when the same shall become unfit for use or fail to do its work to the satisfaction of the board of health, and the city scavenger shall use or permit any person in their employ to use any apparatus that has not been inspected as herein provided for or that has been condemned by the said city board of health. That any person, corporation or firm who shall engage in the business of city scavenger without a license in full force so to do, or who shall use any apparatus that has not been inspected as provided, or who shall be condemned, as herein provided, shall be deemed guilty of misdemeanor, and shall be liable to a fine of not less than fifty dollars nor more than fifty dollars for each offense.

SEC. 4. It shall be the duty of the city scavenger to remove the contents of privy vaults and cesspools, dead animals, garbage and offal, when directed by the city board of health and the mayor and council, and the contents of privy vaults and cesspools, when notified by citizens in the manner hereinafter specified. Citizens may notify said city scavenger verbally or in writing, of any cesspool or privy vault he or they may desire to have emptied, and shall thereupon to said city scavenger the fee for such services as herein specified. The city scavenger shall be allowed to charge and collect for his services from the person or persons desiring and having his services, or for whom he is directed to perform services, the following: For emptying any cesspool, ten cents per cubic foot of contents of any privy vault or cesspool, ten cents per cubic foot of contents of any cesspool, and in addition therefor, the same shall be refunded as soon as the excess shall be ascertained. For removing any dead animal, the city scavenger shall be allowed to charge and collect the following fees and no more from the owner, agent or person in possession of said dead animal: For removing dead horses or mules, \$2.50 per head. Cows, bulls or steers, \$1.50 per head. Yearlings, and two-year old heifers, bulls, and steers, \$1.00 per head. Calves, under one year old, 75 cents per head. Doves, 25 cents per head. Cats, 15 cents per head. Provided, that the mayor may, by ordinance, be and he is hereby authorized to contract with any city scavenger employed under the provisions of this ordinance to take care of and dispose of dead animals found in the city limits for whom no owner, agent or person in possession can be found, or if found, that such person is unquestionably unable to pay such fee. It shall be the duty of the city scavenger, when notified by any person, corporation or firm that a dead animal is lying in any street, alley, highway, public park or common or inclosure within the city limits, to immediately investigate the fact and look after and remove the same in the manner and under the provisions of this ordinance and either bury or cremate the same. That in removing any dead animal it shall be the duty of the city scavenger to cause the same to be covered up and concealed while being transported over any street, alley, highway or public place in the city of Topeka, and the wagon or vehicle in which said animal is being transported shall be as near as practicable be kept moving, so as not to inconvenience the citizens of the city or the travelling public.

SEC. 5. The contents of all privy vaults and cesspools shall be removed by the city scavenger in the day time between sunrise and sunset, by the use of the apparatus hereinbefore described in a place designated and known as the city dump and shall by the use of the said city dump be deposited in the river out of sight of the citizens of the city or the travelling public.

And all refuse animal matter and all kitchen refuse not used in feeding animals shall be taken to said dump and deposited by said dump in the river, out of sight of the citizens of the city and travelling public. For the use of the said apparatus known and designated as the city dump, the said city scavenger shall pay into the city treasury for use of the general revenue fund, the sum of one cent for each cubic foot, the contents of which are passed over said dump. The said city scavenger shall make a daily report to the board of health or some officer thereof, in writing, giving the number of privy vaults or cesspools cleaned the day before, the name of the person for whom cleaned, the number of cubic feet taken out, the number of the lot and street where located, and where the contents of said vaults and cesspools were deposited.

SEC. 6. It shall be unlawful for any person to engage in the business of a scavenger in the city of Topeka without procuring a license therefor in the manner herein provided, and any person, corporation or firm who shall so engage in such business shall be deemed guilty of a misdemeanor, and upon being found guilty of said offense shall be fined in any sum not less than five dollars nor more than fifty dollars for each offense, and upon being found guilty of said offense shall be liable to arrest and fined the same as if he had no license as a city scavenger and to the same extent, or any city scavenger shall have his license as city scavenger canceled, or if any city scavenger shall fail, refuse or neglect to deposit the contents of privy vaults and cesspools, taken out by him, under the city dump in the manner provided for by this ordinance, he shall forfeit his license as city scavenger, and the same shall be cancelled and he shall in addition be liable to arrest and fined the same as if he had no license as a city scavenger and to the same extent, or any city scavenger shall fail, refuse or neglect to comply with the city ordinances governing the appointment and regulation of city scavengers, and the rules and regulations prescribed by the city board of health, he shall have his license as city scavenger cancelled and he shall no longer be permitted to do or perform the duties of a city scavenger. And if any city scavenger shall fail, neglect or refuse for more than twelve hours after
