

SIX MEN KILLED.

Desperate Battle Between Deputies and Alabama Strikers.

Strikers Kill Negroes as They Come from the Mines.

DEPUTIES OPEN FIRE.

The Strikers Shoot Back and Then Quickly Retreat.

BIRMINGHAM, Ala., July 17.—A fierce battle occurred yesterday afternoon at 4:30 o'clock at No. 2 mine at Pratt...

After the third negro had fallen, the deputies opened fire on the mob and a fierce battle took place. B. W. Tierce, the commander of the deputies, fell to the ground.

Another section of the mob made an attack on a train which was carrying the negroes from mine No. 4 to their homes. There were several guards on the engine, and the attack was answered with a fusillade of bullets.

Telegrams were sent to the town in haste for help, and Sheriff Morrow summoned twenty-five deputies.

The governor ordered the Second regiment into camp and closed all the saloons in the county. Out at Pratt's mines were hastily formed and the woods were scoured for mines and traps, but the miners had made good their escape.

LOOKED LIKE WAR.

Excitement in a Sacramento Court Caused by Soldiers Marching In. SACRAMENTO, Cal., July 17.—During the hearing of a writ of habeas corpus for the release of three Dunsuir strikers before Judge Catlin yesterday afternoon, a detachment of regulars marched into the court house with the evident intention of taking the prisoners.

After the excitement had subsided, Judge Catlin ordered the three prisoners remanded to the custody of the chief of police. They are charged with stealing an engine at Dunsuir.

By direction of Marshal Baldwin and Colonel Graham, District Attorney Knight later sent a letter to Judge Catlin explaining that the soldiers had merely been to the court room as witnesses and had brought their arms with them under misapprehension.

Pale and trembling, but with a firm voice, Judge Catlin arose and said: "Soldiers with bayonets drawn are outside in the corridor and I am informed they are here to take these prisoners from this room. I command everybody in this court—deputy sheriffs, policemen and others—to stay here and resist any effort to take away these prisoners."

A number of spectators also announced their determination to "stand by" the court and as the situation began to look critical the deputy United States attorney succeeded in having the soldiers return to the depot.

OBSTRUCTING THE MAILS.

A Petition Which Will Arouse National Interest Will Be Prepared. LOS ANGELES, Cal., July 17.—A petition in equity is being prepared in the United States district attorney's office, which is destined to arouse national interest in the subject of obstructing United States mails and interfering with the laws of interstate commerce by railway companies.

attorneys here, George J. Denis and Joseph C. Call. The injunction is intended to reach and apply with equal force to a number of railways and other corporations which transport mails, goods, chattels and merchandise whenever such are doing business within the United States.

ANOTHER RIOT IN OAKLAND.

Soldiers Forced to Use Bayonets and Cavalrymen Sabres to Disperse Them.

SAN FRANCISCO, July 17.—The Southern Pacific Railway company, backed by the combined military forces of the federal and state governments, continued to maintain a fairly satisfactory passenger service in Northern California, but notwithstanding this formidable military array, the railroad officials have been unable to retrieve the lost management of their freight business.

In Oakland yesterday morning the strikers formed into several riotous mobs of 200 or 300 men each. All incoming and outgoing passenger trains were so strongly guarded that they were not interfered with, but the fury of these mobs fell upon such luckless non-union men as the strikers were able to waylay going to and from their work.

These a troop of cavalry and a company of infantry came down upon the mob. The cavalrymen used their sabres and clubbed the rioters, and foot soldiers prodded freely with their bayonets.

Another section of the mob made an attack on a train which was carrying the negroes from mine No. 4 to their homes. There were several guards on the engine, and the attack was answered with a fusillade of bullets.

Out of Sacramento trains are running with less interference. Several freight trains have been dispatched from that point.

PAY OF DEPUTY MARSHALS

Judge Phillips Rules That It Shall Be \$3 for Eight Hours' Work.

KANSAS CITY, Mo., July 17.—Judge Phillips ruled yesterday that the compensation of the special deputy United States marshals, commissioned during the recent strike of railroad employes, had been established by United States statute, which fixes the rate at \$3 per day of eight hours.

KILLED IN A SALOON ROW.

Charley Sweeney, Once King of Ball Pitchers, Shoots a Frisco Tough.

SAN FRANCISCO, July 17.—Charley Sweeney, once the king of base-ball pitchers, yesterday shot and killed Con McManus, a notorious local tough, in a saloon row. McManus, who is a powerful man, beat Sweeney and threatened to shoot him. He attacked the ex-base-ball player a second time, when Sweeney fired three shots at McManus, two of them taking effect. Sweeney surrendered to the police.

Rewards Offered.

GUTHRIE, Ok., July 17.—Acting Governor Lowe has determined to put a stop to the rioting, outlawry and arson at Enid and Round Pond and will at once offer a reward of \$500 each for the conviction of parties engaged in the burning of the Rock Island bridges. At the same time he will demand of the Rock Island people that they do their part toward abating the troubles by complying with the city ordinances of Enid and Round Pond in the running of trains through their towns and give them depot facilities such as given to other towns of like size.

UNABLE TO AGREE.

The Tariff Conferrees Cannot Come to an Understanding.

They Will Report a Disagreement it is Said.

NEITHER WILL RECEDE

The Sugar Schedule is the Stumbling Block.

WASHINGTON, July 17.—The Democratic members of the tariff conference committee adjourned earlier than usual yesterday, and the situation at the time of adjournment from the best information obtainable was the conferrees were far from an agreement, and that within a short time a disagreement would be reported to the senate and house.

When the conference adjourned one of the conferrees summed up the situation as follows: "We have accomplished absolutely nothing. We have not advanced an inch, and after being together all day we are exactly where we were last Saturday night. There is no truth whatever in the report that we have reached an agreement on such points as the contrary, no arrangement is even in sight. While there had been talk of calling in the Republican members on some questions, yet it had not amounted to an agreement up to the time of adjournment. In fact, it seems impossible to reach agreement on anything of importance. Neither is there any prospect that we would reach an agreement at the end of the week than at the beginning."

In such a case there will be nothing left but to report a disagreement, and if each house insist upon its bill, then a further conference will be ordered.

BAILEY BANKRUPTCY BILL.

It May Come Up for Final Action in the House To-Day.

WASHINGTON, July 17.—The Bailey bankruptcy bill, which will come up on its final passage to-day, is purely a voluntary bankruptcy measure. It is limited in its operation to two years. Under it property is administered according to state laws, thus creating no officers or new machinery for its execution.

"I wish it could be managed," said the man who had been thinking deeply. "It would be a magnificently humane enterprise." "What do you mean?" asked his wife. "I was just thinking that it would be a great thing if the explorers in polar regions would send down a relief expedition for the benefit of us people here."

SHOT BY THE MARSHAL.

Charles Phelps Instantly Killed While Resisting an Officer.

GOLDEN CITY, Mo., July 17.—Early yesterday morning John Disler, marshal of Jasper, attempted to arrest Charles Phelps at a point three miles from town, and was resisted by the latter, who fired three shots, wounding Mr. Disler. The officer returned the fire with a double-barreled shotgun, instantly killing Phelps. Marshal Disler mistook the dead man for his uncle, Gene Phelps, an ex-convict. The latter was trying to evade the officers, but when he learned of the death of his nephew, decided to remain and face it out. Disler surrendered himself to the sheriff, but was released to await the coroner's verdict.

Citizens Arming Themselves.

GUTHRIE, Ok., July 17.—United States Marshal Nix received a telegram from Enid last night to the effect that the people were arming themselves and had ordered the troops and a number of conservative citizens to leave town before morning. One soldier was shot by a man in hiding. Troops are preparing to make a stand and there will be much bloodshed if people make any more advances.

Switchmen's Aid Society No More.

EVANSVILLE, Ind., July 17.—The Switchmen's Mutual Aid association is defunct. The offices were removed here last week from Chicago and established in the Arcade. The association was severely crippled by the trouble it had with its late Secretary-Treasurer Simsrot, but would have recovered from that had not the strike which involved a large percentage of its members, who lost their situations, come upon them.

Heart Would Stop Beating

They Said He Would Not Live a Year

Perfectly Cured—No Catarrh Now—Hood's Did It.

Mr. James Wheeler

"Gentlemen: It gives me pleasure to certify to the efficacy of Hood's Sarsaparilla in the case of my father, who has suffered for years with

Heart Disease and Catarrh in the head. The former grew worse every day, and especially at night time. When he would lie down a curious feeling would rise around his heart and his pulse would stop beating for seconds. He could breathe well, but all the air he could inhale did not seem to relieve him. He would have to get up out of bed and stir round until it wore off. We became alarmed, and our friends said he would not live a year. The family physician prescribed several remedies, but all to no avail. Finally a physician advised him to take Hood's Sarsaparilla. He did so, and before he had taken one bottle realized that it was helping him. He has taken over four bottles now, and is not bothered any more with heart spells. He can sleep sound as a baby. He does not have any more trouble with the catarrh, and

is Himself Once More. He is 53 years old, and can do as much work in a day as any man of his age, since using Hood's Sarsaparilla. You are at liberty to publish this for the benefit of suffering humanity, for we can recommend Hood's Sarsaparilla to be all and more than is claimed for it." MISS ANNE WHEELER, Rondo, Missouri.
