

WHAT SHALL THEY DO

Democrats Can't Effect Anything in Regard to Tariff Bill.

They Are as Far from Agreement as Ever Before.

FIVE HOURS DEBATE.

Opposition to Striking Out One-Eighth Sugar Differential.

WASHINGTON, July 21.—Emphatic as were the declarations on the Democratic side of the senate yesterday, and important and interesting as the proceedings were as a whole, there was nothing in them to definitely mark the situation with reference to the tariff bill, and when the senate adjourned, after five hours of exchange of views on the part of Democratic senators, the senators expressed themselves as being as much at sea as when the day's session began.

There was no effort on the part of the Democratic senators to conceal the fact that adjournment until Monday was taken for the purpose of making an effort to bring the diverging elements of the party together. A rumor also gained currency during the day that a Democratic conference would be held to-day for this purpose, but it was impossible to confirm the report.

There is no doubt, however, that the day will be mainly devoted by a element in the party to cause Senator Vilas to withdraw his amendment to the sugar schedule, providing for a recession by the senate from the portion of the sugar schedule of the senate which provides a differential duty of one-eighth of a cent on refined sugar.

The introduction of this amendment by the Wisconsin senator was the one event of the day of importance bearing upon the fate of the bill and probably caused more anxiety among the friends of the measure than any other move that could have been made on the Democratic side.

The amendment, if it should prevail, would strike the bill in the hands of the members of the finance committee, who would have to prove a vital part and they will exhaust their resources to have it withdrawn.

There is little or no division of opinion as to the effect that the amendment is subject to the point of order that the senate cannot amend one of its own amendments to a bill while the bill is in conference, and Senator Harris, who being in the chair when the amendment was introduced, now states that this point is good against it.

It is generally believed at this time that if a vote is taken upon the amendment in any shape it will prevail. The Louisiana senators are standing out against any modification of the sugar schedule.

Senator Hill, who is willing to accept the modification on sugar, has again announced his unalterable opposition to the bill as long as the income tax remains in it. Senator Smith's vote is also regarded as very doubtful in case this change is made.

COCHRAN FOR CONGRESS.

The St. Joseph Editor Likely to Be the Choice of the Democrats.

St. Joseph, Mo., July 21.—The Democracy of the Fourth congressional district, which has for the past two months been trying to unite on a nominee to succeed the present congressman, D. D. Burnes, has finally concluded to nominate State Senator Cochran, editor of the Gazette. Ex-Congressman Wilson, Judge Ellison of Maryville and M. Moran of this city had been working hard to capture the delegates to the convention, which will meet at Maryville, August 6, but the bringing of Mr. Cochran into the field ends the fight so far as they are concerned.

BATTLE WITH A MOB.

In Repelling Their Advances Near End Corporal Gleaves Is Shot.

VICTORIA, Kan., July 21.—A mob attacked a railroad bridge near South End last night, and in a fight with the soldiers Corporal Gleaves was shot and seriously wounded. One of the alleged participants, a man named Kirwin, editor of the Gazette. Ex-Congressman Wilson, Judge Ellison of Maryville and M. Moran of this city had been working hard to capture the delegates to the convention, which will meet at Maryville, August 6, but the bringing of Mr. Cochran into the field ends the fight so far as they are concerned.

WHAT MARSHALLS COST.

General Jo Shelby Sends in His Statement to the Attorney General.

KANSAS CITY, July 21.—United States Marshal Jo Shelby telegraphed to Attorney General Olney yesterday a statement of the work done by special deputy marshals during the recent strike. The deputies were allowed time for 5,563 days of twelve hours each. If they are allowed \$3 each per day, as expected, they will receive \$16,689.

This does not include the men who were sent to Marquette. A bill of \$2,300 will be sent to the receivers of the Santa Fe for their services.

State Meets in the Sattley Case.

KANSAS CITY, Mo., July 21.—The state rested its case yesterday in the trial of Elmer C. Sattley, on the charge of receiving deposits when the bank of which he was cashier was known to be in a failing condition. The taking of testimony for the state has covered a period of three weeks, and it is likely the defense will consume an equal length of time.

Gold for Europe.

WASHINGTON, July 21.—Yesterday's engagement of gold at New York for export aggregated \$1,500,000, which leaves the true amount of gold reserve \$60,500,000.

TRIAL OF TRAIN WRECKERS

More Damaging Testimony in the Wooden Case at Woodland, Cal.

WOODLAND, Cal., July 21.—The preliminary examination of the five A. R. U. men, charged with murder in connection with the train wreck at the trestle west of Sacramento, was resumed yesterday morning. Johnnie Sherburne, the lad who drove several men to the trestle shortly before the train wrecked, was called for further cross-examination. Though he was kept on the witness stand nearly all the forenoon, the boy adhered closely to the damaging testimony he gave against the prisoners Thursday. The boy added that soon after he had driven back to Sacramento, he showed the chief of police and a railroad detective a fuse and a package of giant powder that the men had left in his wagon.

H. D. Graham, a Western Union line repairer, testified that just before the wreck, as he was riding along on a railway bicycle he was halted at the trestle by two men who threatened to shoot him. The man smashed his bicycle and dived it, and then ordered him to walk back toward Sacramento. He walked a little way, then sat down by the roadside and saw the passenger train as it came along run upon the trestle and plunge off into the water. Graham could not identify any of the prisoners as the men he saw at the trestle.

WILLARD MAY WITHDRAW

Colonel Moore May Yet Receive the Populist Nomination for Congress.

FORT SCOTT, Kas., July 21.—After the adjournment of the Democratic congressional convention here last week, Judge J. D. Hill, ex-chairman of the Democratic congressional committee; W. C. Jones, chairman of the Democratic state central committee; Frank Mapes of Wyandotte, Hon. S. A. Riggs of Lawrence, and other leading Democrats held several caucuses at the Huntington with Frank Willard, R. M. Chenaault, Rod Galloway and J. Herrick, the chairman of the Populist county central committee. What was decided upon has not yet been given out, but those who are qualified to know say that Willard will be withdrawn and Moore endorsed by the Populists.

A Tornado in Kentucky.

LEXINGTON, Ky., July 21.—Wilmore, a small town in Jessamine county, was badly damaged by a tornado last night and at least a dozen people were injured, one of them fatally. In the country at least two dozen houses were greatly damaged and some of them wrecked entirely. Trees were mown down by hundreds and crops destroyed.

Three Men Hanged in Alabama.

MONTGOMERY, Ala., July 21.—Just after noon yesterday Peter Davis, Dan Washington and Charles Ezell, all colored, were hanged on the same scaffold at the county jail here. Two thousand people witnessed the executions.

Emporia Strikers' Places Filled.

EMPORIA, Kan., July 20.—There are over 350 strikers out of employment in the city. The road, however, has all the hands it can use, and many applicants for work are turned away each day.

One Hundred Russians Drowned.

BERLIN, July 21.—The Vossische Zeitung to-day states that a steamer has been sunk off Sterlitamak, province of Oufa, Russia, and that 100 persons were drowned.

NEWS IN BRIEF.

Governor Waite has announced that he was not a candidate for the United States senate, and would not allow his name to be used in that connection.

Allen Myers, an alleged negro conjurer, was set upon by a mob of negroes in Rankin county, Mississippi. He was fatally shot by Ellis Henningway, a Jackson colored man.

In Larkinsville, Ala., B. M. Phillips and Thomas Mason, two prominent farmers, met and renewed a quarrel about a fence line. Both fired several shots from pistols. Mason was killed and Phillips arrested.

What was supposed to be a gold brick, worth \$6,000 to \$11,000, was received at the Denver mint from the First National bank at Albuquerque, but turned out to be a mass of brass, worth about \$4.25.

In Woodville, Texas, a mob of thirty armed men overpowered the jailor and broke down the doors of the jail. They went to the cell where William Griffith was confined and took him out. Proceeding to the Southern Pacific water tank, they hanged and shot him.

A special from Fort Sydney, Neb., says the 200 members of the Denver contingent of the Coxey army, who are there under arrest, are liable to be afflicted with an epidemic of typhoid fever.

The coal miners of Darango, Col., have returned to work, after having waited on the companies and been informed that their requests to stop selling coal to the railroad company would not be granted under any consideration.

The Democratic state convention of Colorado has been called for September 3, one day before the Populist convention, with a view of nominating a mixed ticket, and having it endorsed by the Populists. Governor Waite is opposed to this plan.

Word has been received in Phoenix, Ariz., that a volcano in the northern spur of the Harqua Hala range of mountains is slowly awakening from its slumbers. Several distinct shocks of earthquake have been felt in the vicinity during the past week, and great clouds of smoke seem to be rising from the mountains.

Do not wear impermeable and tight-fitting hats that constrict the blood-vessels of the scalp. Use Hall's Hair Renewer occasionally, and you will not be bald.

The Crowning Beauty of Woman is a luxuriant growth of Hair. Boggs Hair Renewer is guaranteed to give satisfaction, as it is purely a vegetable preparation, and acts directly on the roots of the hair. Sold and warranted by W. R. Kennedy.

CAN'T TELL MUCH.

Customary Tests of Business Less Instructive Than Usual.

Strikes and Tariff Uncertainty Make Everything Indefinite.

WHEAT IS VERY LOW.

Topeka Shows a Large Increase in Bank Clearings.

NEW YORK, July 21.—R. G. Dun & Co.'s Weekly Review of Trade says: "The effects of the two great strikes have not yet entirely worn off, and meanwhile disagreement between the two houses of congress has made tariff uncertainties more distinct and impressive. It follows that the customary tests of the condition of business are less instructive than usual. The financial situation is somewhat less feeble, because the exports of goods have been resumed and are \$3,300,000 for the week, but treasury receipts have been \$2,046,391 for customs, against \$2,951,574 last year, and \$7,474,553 internal revenue, against \$2,970,518 last year. The extraordinary payments to anticipate the increase of taxation on whisky are rapidly locking up a large amount of cash, and taking from the government part of the expected increase of revenue, which in the current loss in customs receipts is largely due to the postponement of imports, in expectation of lower duties hereafter. Thus, the treasury has been gaining in the balance at the expense of some loss in revenue hereafter.

Wheat has been skating on thin ice, with a chance of breaking through and making the lowest record ever known, and has declined 3 cents for the week. With railroads generally blocked in the wheat belt it is a satisfying indication that the western receipts are about two-thirds of last year's, 2,371,514 bushels, against 3,038,370 a year ago, while the exports from the ports are insignificant, only 672,402 bushels, against 2,808,027 last year. The enormous visible supply has less actual weight in the market than the prevalent conviction that government estimates of yield are widely erroneous.

Corn has advanced a shade with no satisfactory reason, for the prospect is excellent for a large yield. A great speculation in oats has begun to liquidate with the customary losses to the wise men who knew all about it. Cotton has declined a fraction and all indications point to a material increase of yield.

The most hopeful sign noted this week is that failures continue comparatively few and not very important. The aggregate of liabilities for the twelve days ending July 12 was \$2,638,705, of which \$1,409,837 was for manufacturers, \$1,469,294 of trading concerns, which is decidedly below the average for the past half year. The failures this week have been 236 in the United States, against 467 last year and 44 in Canada, against 35 last year.

Bank Clearings.

NEW YORK, July 21.—The following table, compiled by Bradstreet's, gives the clearing house returns for the week ending July 19, 1894, and the percentage of increase or decrease as compared with the corresponding week of 1893:

Table with columns: Cities, Clearings, Inc, Dec.

FIGHT ON THE A. R. U.

The Missouri Pacific Railway Throws Down the Gauntlet.

St. Louis, Mo., July 21.—The Missouri Pacific railroad has thrown down the gauntlet to the American Railway union for a fight to the death. The following certificate was yesterday handed a yard clerk on that road who had reported two days ago for his old position:

"This is to certify that — has been employed in the capacity of clerk in the yard department of the Missouri Pacific system, St. Louis Terminal division, from April, 1893, to June, 1894, at which time it was necessary to lay him off on account of strike in the yard. He reported for work on July 15, but in the meantime it was learned that he was a member of the American Railway union and was in sympathy with the strike movement, so that we could not re-employ him. His work and conduct up to the time of the strike was perfectly satisfactory. J. S. JONES, Terminal Superintendent.

It is probable a civil action for damages will be brought against the railroad for its action in this matter. If the statutes warrant it a warrant will be sworn out against Superintendent Jones for black-listing or discriminating against a man because of his connection with a labor organization.

EXCURSION TRAIN WRECK.

One Man Killed and Fifteen Injured on an Indiana Road.

OAKLAND CITY, Ind., July 21.—An excursion train from Albion, Ill., to Marengo, Ind., was wrecked about four miles east of here yesterday morning. The wreck was caused by the breaking of the engine trucks. The baggage car was turned over and burst into splinters. Melvin Stanley was killed beneath the wreck. George Pitcher had his skull fractured. Milford Dickey was injured in the chest. Arch Bassitt, head and chest injured. Sam Hardin, arm broken. Manfred Dycus of English, Ind., legs mangled; he will die. There were in all ten or fifteen slightly injured.

WABASH ENGINEERS.

A Condition of Affairs Which May Cause Trouble for the Brotherhood.

TOLEDO, Ohio, July 21.—A condition of affairs has developed among the Brotherhood engineers on the Wabash system which may cause trouble in that order. Since the Wabash resumed traffic after the strike, some 700 men, of whom 400 are engineers, largely Brotherhood men, and the other 300 firemen, have never been called upon to report for duty, while their engines are run by new men. Neither have they been notified of dismissal. They are simply hung up. The Brotherhood engineers assume that they are not wanted. They say that of the new men who have taken their places a number are Brotherhood men, and that for the latter to displace them is contrary to the laws of the organization. They propose to make things lively in the order for some one, probably Arthur.

A dispatch from Cleveland says when Chief Arthur's attention was called to the above dispatch from Toledo, he said: "The engineers on the Wabash struck out of sympathy for the A. R. U. without the Brotherhood in clear violation of the laws of the Brotherhood of Locomotive Engineers. I have repeatedly stated of late under these conditions any member of our order has the full right to take a place vacated by a striking engineer." In reply to a question of the engineers said: "Who is going to make trouble in the Brotherhood? Not we men who have been out of work since winter and have just secured situations, surely. The old engineers brought the matter upon themselves by quitting work or joining a strike not sanctioned by the Brotherhood. They realize their folly now. If we were to quit they would be only too glad to take our places. I think it can be authoritatively stated there will be no further trouble on the Wabash."

ARKANSAS POPULISTS.

In Convention at Little Rock, They Nominate a State Ticket.

LITTLE ROCK, Ark., July 21.—The Populist state convention nominated the following ticket: Governor, D. E. Barker; secretary of state, H. M. Beam; auditor, A. J. Nichols; treasurer, T. J. Andrews; attorney general, Dr. J. A. Meek, state land commissioner, O. S. Jones, commissioner of agriculture, S. H. Nowlin; superintendent of public instruction, J. P. Carnahan.

The platform indorses the Omaha platform and demands the free and unlimited coinage of silver at the ratio of 16 to 1, without waiting for the co-operation of any other government, and demands absolute restriction of undesirable immigration from every nation of the globe.

Big Fire in Alabama.

BIRMINGHAM, Ala., July 21.—At a fire here this morning, Parry & Mason, wholesale shoe company, and Stovers, wholesale and retail furniture, were totally destroyed. Loss on building and stock, \$250,000.

The Caldwell hotel, the handsomest building in the city, five stories high, and supposed to be fireproof, is also gone. It is valued, with furnishings, at \$350,000; insurance, \$150,000. It was owned by the Caldwell company.

Carthage "Banner" Sold.

CARTHAGE, Mo., July 21.—Yesterday the plant of the Banner Printing company, which was closed out by the sheriff last August, was sold to satisfy judgments. Thomas Hackney was the purchaser for \$350. Claims to the amount of \$3,000 have been entered against it. Hackney is of the firm of Thomas & Hackney, and it is reported the purchase was made in behalf of parties who intend to run a straight-out Democratic paper on administration lines.

Horrible Suicide.

LEAVENWORTH, Kan., July 21.—An unknown man committed suicide yesterday morning ten miles northwest of this city, near Easton, by throwing himself under the west-bound passenger train on the Kansas Central railway. The head was severed from the body as though a guillotine had been at work.

Debs for President.

CHICAGO, July 21.—A mass meeting of 1,500 men was held at Ogden's grove last night and Debs was nominated for president of the United States amid great enthusiasm. The meeting declared itself as utterly opposed to the Democratic and Republican parties and predicted a sweeping success for the Populists in the next election.

Returning to Their Native Land.

CLEVELAND, Ohio, July 21.—The offices of the various ocean steamship companies in this city are besieged by large numbers of foreigners who are taking advantage of the present steamship war and consequent losses to return to their native lands.

Cloud Burst in New Mexico.

SANTA FE, N. M., July 21.—A cloud burst, twelve miles north of this city, washed out 300 feet of track on the narrow gauge road, and it is expected that regular trains between this city and Denver will not be resumed before Monday next.

ON TO WASHINGTON.

The Santa Fe Push in a Low Rate for Knights of Pythias Conclave.

The Santa Fe road has again taken the reins in its own hands by announcing that it will make a one fare round trip rate for the great Knights of Pythias convalescence at Washington, D. C., regardless of action of other lines.

Dates of sale will be August 23 and 24; final limit Sept. 8, which can be extended to Sept. 15 by deposit with joint agent in Washington.

There is no restriction to return on specified dates. Privilege will be allowed of coming back to eastern gateways of A. T. & S. F. R. by a different line than that used going. These concessions are not only available for K. of P. but are open to general public.

Have you tried the American Steam Laundry for your laundry work? If you haven't, try them. 112 W. 7th. Tele. 341.

MASONIC.

Iowa Library Building, the Only One in Existence—Trestleboard Design.

The Iowa Masonic library building at Cedar Rapids is unique in being the only building entire, devoted to a collection of Masonic literature and art in the world. While it is in no sense a local institution, the citizens of Cedar Rapids take great pride in the stately building. Before the grand lodge of Iowa decided to locate in Cedar Rapids the citizens placed \$10,000 in bank. They have since carpeted nearly all the

MASONIC LIBRARY, CEDAR RAPIDS, IA.

rooms, furnished cases and made valuable contributions of books, specimens and works of art, besides money. Bro. N. R. Parvin, deputy grand secretary, is the controlling spirit of the library, and he has secured contributions worth thousands of dollars. He knows the library in all its details and is familiar with each book or curio within its walls. The institution is a credit to the Masons of Iowa and an ornament to Cedar Rapids.

The Keystone believes that the wearing of Masonic jewelry should be forbidden.

The danger to the perpetuity of Freemasonry is not to be apprehended from its open and avowed enemies, but from those of its own household.

Any man who honestly strives to live up to the principles and teachings of Masonry must be a better man.

The iron spikes used by the French female order of Mopses, founded on Masonry, reappear in our time in a modern secret society.

Self renunciation—this is the high calling of knighthood. Self culture—this is the meaning of all your victories. You are better men because of these, and better Sir Knights because better men.—Hugh McCurdy.

Masonry cannot and does not pretend to change the heart, and man as a Mason is the same fallen, sinful creature and harassed by the same sinful propensities as man not a Mason.

The Mason who votes to reject a candidate for reasons personal or foreign to Masonry not only abuses the "silent power" vested in him, but forfeits respect and confidence as a Mason.

Dr. Robert Marcy, grand recorder of the grand commandery of New York, reports that the indications are that the increase in membership this year will be satisfactory. The returns already received show a healthy growth.

Judge Saunders

Says that For Rheumatism Hood's Sarsaparilla is the Best Remedy He Ever Took.

Judge T. H. Saunders

Rheumatism is a very painful affliction, and he who finds a remedy which will give relief, much more a cure, is justified in proclaiming the merits of that medicine that others similarly afflicted may learn how to be cured. Judge T. H. Saunders of Osceola, Neb., senior vice-president and present commander of J. E. Reynolds Post, No. 28, G. A. R. voluntarily writes:

"G. I. Hood & Co., Lowell, Mass.: Dear Sirs: I was in the army four years, in and about Richmond, Va. In 1864, while at City Point, Va., I was wounded and contracted sciatica and rheumatism. I have suffered ever since, and have been treated by physicians most of the time. I lost the use of my left leg and side, and have tried almost every medicine known besides the treatment given to me by my physicians, and I think I have had the best in the country, but failed to get relief. Every spring I was flat on my back, and must say that Hood's Sarsaparilla is the best medicine I have ever taken. It has done me the most good. I was recommended to me for rheumatism, and I am satisfied and know that it will do all that you claim for it. I do not want to say that it will raise a fellow from the dead; but it will come the nearest to doing it."

Hood's Sarsaparilla Cures

of any medicine I have ever known or used, and I expect to keep it in my family as long as there is one of us left. I have recommended it to every person who is afflicted." T. H. SAUNDERS, Osceola, Nebraska.

Hood's Pills cure liver ills, jaundice, biliousness, sick headache and constipation. 25c.

UNION PACIFIC ROUTE.

Denver, Colorado Springs and Pueblo \$15 for the Round Trip.

Tickets on sale July 21, 22 and 23, good returning July 25, Aug. 2 and 25, 1894. Leave Topeka 1:45 p. m., arrive at Denver next morning—7:30 a. m. Leave Topeka 11:35 p. m., arrive at Denver next evening—5:30 p. m. For all information, call at 525 Kansas avenue.
