

GOD'S VICEGERENT.

E. E. Chesney Referred to as His Representative

BY A BLASPHEMOUS SPEAKER

At the Populist League Meeting Last Night—resolutions Adopted Water-washing Topeka's Hush Money Police Force.

The Populist league met last night at 119 East Eighth street and resolved that the prosecutions brought by County Attorney Safford to suit Chief Lindsey and Captain Gish from office were merely an attempt to make political capital at the expense of the fair name of the Topeka police force.

Mrs. Hague, author of "Ashamed of Kansas," read another original poem about the campaign that was considered so mortifying that she was requested by the league to furnish a copy of it for publication.

E. E. Chesney, candidate for county attorney was the next speaker. He took an armful of books up to the desk. The federal courts were the one thing more than any other that met with his displeasure, although President Cleveland came in for his share, whom he referred to repeatedly as "the beast of Buffalo," with another epithet that is unfit to print.

Mr. Chesney said that the federal judge were little kings and that unless their despotic ruling were speedily checked, personal liberty in this country will not be worth the snap of his finger. He said there is more oppression in America than in England, and the time was now at hand when the people must choose between reformation or revolution. Most of them seemed to prefer the former.

In speaking of the strike he said he appealed "from the base and infamous decisions of the rotten federal courts to the people," and added, "If you strikers spent one-fourth as much time voting as you do striking, you would have the federal judges in your power instead of you being in their power. Don't strike except at the polls."

In conclusion it was decided by a rising vote to elect federal judges by popular vote for a term not to exceed six years. H. H. Brown of the Ottawa Journal was the champion of the meeting, and he told the voters present to choose between God and Baal. "Mr. Chesney represents God in this campaign. The people at the Presbyterian church chose Baal."

The following resolutions were introduced and adopted by a rising vote: "Whereas, Quo warranto proceedings have been commenced in the district court by the Republican county officials against several of the Populist police officers of this city to remove them from office on the affidavit of a self-confessed violator of the prohibitory law, that said police officers collected hush money from him in lieu of prosecution for violation of the law; and

"Whereas, We members of the People's party league while we believe in the enforcement of the law, do deprecate the partisan political attitude that this question has assumed by the hypocritical action of Republican officials who secured the nomination for the officers that fill by the efforts of the lawless elements of this city who used their dives and haunts as recruiting stations for the present county attorney and sheriff, and

"Whereas, The said Republican county officials and newspapers offered no assistance, and in fact ridiculed the efforts of the Populist police officers to close the Topeka club, that 'gilded palace of sin,'—the criterion that others have gone by—and for which damage suits against said police officers have been instituted, and

"Whereas, We believe that the Republican officials have but two courses in view in the commencement of these proceedings: First—to make political capital for the Republican party, and to prejudice the temperance voters of this state against the People's party, and thus make atonement for having left the prohibition plank out of their platform; and second—to make fees for the said county officers; therefore, be it

Resolved, That the attention of the temperance people of the state be called to the fact that in the strongholds of whiskey—in the cities of Atchison, Leavenworth, Wichita and Kansas City—the Republicans have attempted to enforce the law, and in the city of Topeka under former Republican officials the county officers always proceeded against violators of the law without regard to assistance from the police department, and present county officers interested in this action were known as resubmission Republicans and indecent in their denunciations of such efforts.

HE IS SPREADING OUT.

"Cap" Curtis' Flip Exchange Has a New Sign—Business Improving.

"Cap" Curtis has a new sign on his "flip exchange." It reads: "Flip exchange—Disappointed office hunters bought and sold—Some good men on hand—Ropa, Denis, Pops—Good stock to pick from—Quit-claim deeds given—Abstracts of previous good standing must be furnished—Office hours from 8 a. m. to 10 p. m."

"Cap" Curtis says he is doing a good business, and that the only difficulty he meets with is getting the abstracts of the previous standing of his men. "When I traded Stacy off," he said, "I thought I was all right, but when they asked me for a deed, I found that I couldn't, to save my neck, get an abstract for his record, and what could I do? I was in a hole and the best I could make out of it was to give a quit-claim deed."

"I have two good men on hand now," said Curtis today. They are Chief of Police Lindsey and Captain Gish. Any one who has any one to trade can get a bargain just now."

The politicians say that Curtis is the best judge of politicians in the city, and that when he adjusts his eye-glasses and sizes up a man he can tell with which party he adjusts and whether he is worth anything for exchange or not. He says that so far he has had an excess of Populists to trade with but few takers, but that the tide is now turning the other way.
