

NO MORE TARIFF.

The Murphy Resolution is Adopted by the Senate.

Provides for No More Tariff Legislation This Session.

A SPASM OF SENSE.

Resolution Says it is Advisable to Adjourn at Once.

Populists Vote for a Restoration of Sugar Bounty.

WASHINGTON, Aug. 18.—When Senator Harris' resolution for the appointment of Senator White of California, to the vacancy on the finance committee, was laid before the senate at 12:15, Mr. Manderson (Rep. Neb.) said there would be no objection to the resolution today, and explained that the opposition yesterday contained no reflection on the senator from California (Mr. White).

Mr. Hill concurred with Mr. Manderson, and expressed the hope that the resolution would be passed. It was then adopted without division. The Murphy resolution declaring against further tariff legislation, went over temporarily at the request of Mr. Gorman.

The resolution of Mr. Gray (Dem. Del.) instructing the finance committee to report back the free sugar bill with an amendment to strike out the one-eighth differential on refined sugar, was laid before the senate.

Mr. Manderson offered an amendment, instructing the committee to report an amendment providing for the sugar bounty of the existing law.

Mr. Gray demanded a division on the question. A sharp debate occurred on the parliamentary situation.

Vice President Stevenson held that the vote should be first taken on Mr. Manderson's amendment to instruct the committee to report back an amendment to the free sugar bill providing for the McKinley bounty on raw domestic sugar.

Great interest was manifested in the result of the roll call. The two Louisiana senators and three Populists voted in favor of the Manderson amendment. The Manderson amendment providing for the McKinley bounty on the free sugar bill was carried 21 to 20, the point of a quorum being then raised, the roll was again called.

The call developed the presence of 54 senators, 11 more than a quorum. The detailed vote was as follows: Yeas—Aldrich, Allison, Blanchard, Caffery, Carey, Chandler, Cullom, Davis, Duff, Gallinger, Gorman, Jones (Neb.), Kyle, Manderson, McPherson, Peffer, Pettigrew, Platt, Quay, Shoup and Stewart—Total 21.

Nays—Bate, Berry, Blackburn, Cockrell, Coke, Faulkner, George, Gorman, Gray, Harris, Hunt, Jarvis, Lindsay, Murphy, Patton, Peffer, Pettigrew, Platt, Quay, Ross, Shoup, Smith, Stewart and White—Total 20.

The first named would have voted in the affirmative if present. Allen with Hill; Wolcott with Bruce; Proctor with Call; Teller with Camden; Cameron with Butler; Squire with Danvers; Dubois with Smith; Dixon with McClain; Fyfe with Mills; Powers with Gibson; Wilson with Gordon; Hale with Mitchell (Wis); Hansbrough with Palmer; Hawley with Pender; Higgins with Jones (Ark); Hear with Morgan; McMillin with Fry; Morrill with McPherson; Washburn with Martin; Perkins with Nevada; Sherman with Voorhees; Lodge with Walcott.

At the request of Senator Gorman, the Gray-Manderson resolution was temporarily laid aside, Senator Aldrich stating that he thought a voting quorum would appear in two hours.

Senator Murphy then called up his resolution declaring against further tariff legislation at this session.

Mr. Murphy offered an amendment to his resolution declaring it to be the sense of the senate that no further tariff legislation should be considered at this session and that it was advisable to adjourn at the earliest possible moment.

Without word of debate the vote was taken on the resolution as modified and it was adopted.

The vote in detail on the Murphy resolution was as follows: Yeas—Aldrich, Allison, Blanchard, Caffery, Carey, Chandler, Cullom, Davis, Dolphin, Gallinger, Gorman, Jones (Neb.), Kyle, Manderson, McPherson, Peffer, Pettigrew, Platt, Quay, Shoup, Smith, Stewart and White—Total 18.

A great deal of confusion followed the announcement, in the midst of which Mr. Lindsay (Dem. Ky.) offered a resolution expressing it to be the sense of the senate that congress should not adjourn until a bill had been passed relieving and discontinuing any duty on refined sugar which would operate for the benefit of the sugar trust.

ment, Mr. Sherman asserted had not expected that it would be accepted. He had simply offered it as tentative proposition. Mr. Sherman quoted from the record in support of this statement.

Mr. Sherman deprecated the contemporary conference of the president with congress, but his justice, Mr. Carlisle's letter as to the effect of the tariff bill on the revenues. He stated that he would if opportunity offered, vote for a straight duty on raw and refined sugar without the differential.

As far as the other popgun bills were concerned, he was opposed to placing iron ore, coal and barbed wire on the free list.

Mr. Gray who followed Mr. Sherman thought no matter what the result of the coming election might be, there would not be another McKinley law. The people were tired of the scenes of the past winter which resulted from the McKinley law.

LATER, BUT NOT NOW

Mr. Harrison Asked for His Views on the Tariff Bill.

Says He Will Give an Analysis of It Later On.

HIS LIPS ARE SEALED.

Would be Discourteous to Criticise the Administration.

He Says "Hands Off" New York Republican Fight.

NEW YORK, Aug. 18.—The Commercial-Advertiser today prints the following interview with Ex-President Harrison, at the house of Capt. Baruhoff, at Spring Lake, N. J., Thursday:

"My position is a peculiar one. It is hard for people to understand how I am situated. My lips are necessarily sealed, so far as criticism of this administration goes. It would be in very bad taste or form to draw comparisons between my own and Cleveland's administration."

"It would be highly discourteous for me to state wherein I believe this administration errs. Therefore, I have uniformly refused to express any opinion, to draw any comparisons, or to criticize and shall continue that policy."

"Should you not have something to say about the new tariff bill?"

"That is a different matter. That measure is not fathered by the administration, as I understand it, and is a legitimate matter for discussion. But I am not yet ready. I do not wish to speak hastily of a matter that so intimately concerns the welfare of party and country and goes to the very root of our prosperity as a nation."

"Later I shall prepare a careful analysis of the situation and shall speak to the people during the Indiana campaign. I shall speak two or three times, and will let the people know my views on the tariff question, speaking slowly. I say may be worth printing."

"When will the campaign open in Indiana?"

"Locally it opens very soon now. But the great battle will not begin until the fall is well advanced."

"Do you confidently expect Republican success next year?"

"It would be premature to predict."

"What do you think of the situation in New York state?"

"After the Indiana campaign closes, shall you return to California to resume your lectures in Stanford university?"

"I do not know that I shall return to California this winter. When I left there it was with the understanding that I might resume my lectures this winter and then again that I might not. It rests with myself entirely whether I shall continue in my relations with the university or not. I have not yet made up my mind. I do not know how many students may be enrolled this year."

"I have not the slightest idea how the suits against the Stanford estate and the Southern Pacific may affect the finances of the college. The institution was very prosperous when I was there."

"What do you think of the condition of the country and the chance for the return of business prosperity?"

The general replied that he had not been able to gauge the future and could say more about business next year.

"I think that the situation in New York state demands that every man outside of the state keep his hands off. That is what I think. Let outsiders keep their hands off and attend to their own business. I don't see how anything that I or any other outsider can say in the way of encouragement can help restore harmony. All that I know about the situation rests in the papers and I know that the harmony of which you speak has not yet been secured and that the two wings of the party still maintain separate organizations and are as far apart as ever."

HE WALKED WITH POMP.

"Sunflower Joe" of Topeka Wins First Honors at a Leavenworth Cake Walk.

"Sunflower Joe," a Topeka colored young man, won glory and prizes at the big cake walk at Leavenworth this week, and now the question is, who is Sunflower Joe? None of the local colored celebrities ever heard of him. They say there is no one among all the local talent that has such an alias, and the common theory is that some Topeka man gave him an alias, but he doesn't want its name used. Suspicion rests today on a clothes brusher in a local barber shop who can put a great deal of dignity and pomp into his walk, who left town night before last without saying where he was going. The Leavenworth Standard says of the event:

"Sunflower Joe won the walk fairly and squarely and a majority of the judges gave him their decision. This met with popular approval, not a person making a kick. Sunflower Joe is a sure enough cake walker and could make a hit anywhere. He is stylish, pleasing, and has an graceful and easy steps and turns in a manner that brings showers of applause. Daisy was clearly out of condition and walked poorly. He attempted only one or two styles of steps. The Sunflower club was disappointed in him. Doc Brown cut many antics and made the people roar, but he is woefully out of condition. He is getting too old to walk where young blood is in it. Doc would do in old-time plantation cake walks, but he is a back number when it comes to up-to-date swell affairs."

LAST DAY OF THE L. A. W.
Nine World's Records Have Been Broken so Far This Week.

DENVER, Aug. 18.—This is the last day of the L. A. W. meet which from one standpoint has been the greatest success in the world's history. Records have so far been broken and more will probably go down today if the conditions remain favorable. The weather, however, is threatening.

IT COSTS \$400 A DAY
For Secretary Herbert's Vacation in "Inspecting the Atlantic Navy Yards."

NEW YORK, Aug. 18.—The United States steamer Dolphin lying on board Secretary Herbert and family, arrived shortly after midnight from Washington and anchored off quarantine today. She proceeded toward the city. It is understood that the secretary will spend a month in inspecting the navy yards along the coast.

In order that the vision of the secretary of the navy may not be obscured during his "official" voyage, a supply of special colored eye has been laid in, which is expected to make steam without producing smoke. It costs the government \$400 a day to make the trip, and inspect three navy yards at which no work is being done. The monthly expenditures at the Boston navy yard, it is reported, amount to only \$700, the same as the monthly cost of the yard, while at the New London navy yard the expenditures amount to little or nothing.

AS TO WILLITS' ELECTION
Judge Webb Tells a Story at the Populist League Meeting.

Judge W. C. Webb made an address at the Populist league last night in which he discussed the election of 1890.

He said: "I did not think at the time that Willits was elected, but I am satisfied now that the whole Populist ticket was elected through fraudulent returns. I went to a man who was high in the councils of the party and asked him if Willits was not elected. He told me that he was not and that they were only holding back the returns to get bets so that they could win back some of the money they had spent in the election."

"The Hudson of the Capital had given it up, and had written a letter acknowledging Republican defeat. The paper went to press members of the state central committee went to the Capital office and had the article suppressed, saying that they had additional information which would change the face of things, and this I am ready to prove."

NEARLY ALL FOR RENT

Interesting Testimony Before Pullman Strike Commission.

A Man Who Got \$1 a Day Paid \$17.71 a Month House Rent.

PULLMAN RENTS HIGH.

They Were One-Third Higher Than in Other Towns.

Wages Insufficient for Bare Necessities of Life.

CHICAGO, Aug. 18.—Chairman Heathcote of the Pullman strike commission was recalled by the strike commissioners today for further examination. Mr. Heathcote was questioned at length as to the causes of the strike and related instances of what he considered the company's tyranny. He said that one of the workmen had been struck in the face by another, and that when the assaulted man attempted to prosecute his assailant he was told by his foreman to drop proceedings or he would be discharged.

The witness said that about 4,000 men struck at Pullman and that each paid \$1 to the A. R. U.

Mary Abbott Wood, one of the women strikers was called and said that the wages paid by the Pullman company were insufficient for the bare necessities of life.

"I received \$1 a day she said, and paid \$17.71 per month rent for one of the company's houses."

J. B. Pierson, a resident of Pullman, was questioned as to the relative price of rents. He stated that the Pullman company's houses averaged one-third to one-half higher than similar houses in the surrounding suburbs. Pierson said that in the residence districts about Pullman rents had been materially reduced lately, but that no reduction had been made in the manufacturing town.

Miss Jane Adams, superintendent of the Hull house charitable work and a member of the board of conciliation of the civic federation was the next witness. She said that during her investigations of the strike she had found the strikers always ready to arbitrate, but that the Pullman officials did not appear disposed to make any effort to settle the trouble.

Miss Adams also declared that the rents in Pullman were higher than in other localities.

F. P. McDonald, a Chicago Great Western engineer, said that his employers some times compelled him to remain on continuous duty from 60 to 72 hours without rest. He told of the blacklisting of several of his fellow workmen and gave a long account of the strike on his road. "I am opposed to strikes in general," said McDonald, "but when the federal government will do nothing for us and we have no weapons but the strike we must use it. If it were not for strikes the railroad men in this country would be working for one-half the pay they are now getting."

Mr. McDonald told how it was impossible for him to obtain employment after the Burlington strike when he was blacklisted. The company's influence was used against him, he said, even to the extent of protesting to Governor Francis of Missouri against McDonald's appointment as oil inspector at St. Joseph, Mo.

Replying to Commissioner Kernan, McDonald said he knew of no cases where striking members of the A. R. U. while abstaining from violence themselves instigated it on the part of others.

Wilson and Miss Come Keeler, who accuse him of having entered their room and taken therefrom a dollar, a pocket book and several articles of jewelry. Grandpa Knew How.
Less is one of those astute juvenile autocrats who are strangely gifted in analyzing the secret and extent of their dominion over adoring relatives. "Oh, no," she was one day heard to confide to another small girl, "grandma can't make me mind at all—she can't do a thing with me, but grandpa knows how to manage me."

"How does he do it, Bess?" asked the impatient male cousin who was eavesdropping in a hammock on the piazza.

"Why, he waits till he sees what I'm going to do, and then he tells me to do it."—New York Tribune.

K. OF P. ENCAMPMENT.

No Lack of Attractions—Over 100,000 Visitors Expected.

WASHINGTON, D. C., Aug. 18.—There will be no lack of attractions in Washington during the Pythian week. On Monday night, August 27, there will be a reception to the supreme lodge at Convention hall, which will be of the nature of a promenade concert.

On Tuesday afternoon the parade takes place, and in the evening there will be a trades display. This will be the grand day, and in the evening it is expected that the residents along Pennsylvania avenue will have their places of business all lighted and decorated with lanterns. The carriages and horses will be decorated as well as the street cars. The scene will resemble an Italian fête. On Wednesday, Thursday and Friday the drills will be held at the base ball park, Seventh street and Florida avenue. Eight thousand and nine hundred dollars will be offered in prizes to be competed for by the different divisions. There will also be a cavalry drill for quarters, and about 1200 additional have said that they would be present. It is expected that 8000 men will be in camp. The camp will be turned over to Gen. Canahan Sunday night, August 26, and will be put under military regulations. The camp will be lighted by lanterns, to fifteen arc lamps, which will cost \$350.

The committee on camp and grounds have been endeavoring for some days past to secure a caterer to furnish meals in the camp, but have been unsuccessful thus far. A large number of the divisions will bring their own food, and will also prepare their own meals. As present the number of visitors who have applied for rooms is very small, but the committee still expect 125,000 visitors. They say it is the custom of the Pythians to wait until the last moment and then rush in.

CARLISLE MAY GO.
He is to be Asked to Leave the Cabinet It is Said.

WASHINGTON, Aug. 18.—Closely following the fact that the president is very angry because the secretary of the treasury sent a letter to congress protesting against the passage of the popgun tariff bills in the senate, comes the rumor that Mr. Carlisle is to be asked to leave his place in the cabinet. It appears, from undisputed authority, that Cleveland had hoped to force through the free coal bill. He cared for none of the others and in fact would have remained in favor of the tax on sugar, to fit the understanding of the trust, but he had not given up the fight to get Nova Scotia coal into this country.

The Carlisle letter which antagonized him in that matter came to him not only as a great surprise, but also thwarted him in one of his own calculations.

Then comes the report that Chairman Wilson, of the ways and means, is to be made secretary of the treasury. It is believed by many of the members of the committee that Wilson has been invited by the president to get ready to come into his cabinet.

OMAHA, Aug. 18.—Major Wm. Worth, Second infantry, who was ordered court martialed by President Cleveland for ordering Private Cedarquist to participate in target practice on Sunday was acquitted today and released from custody.

Major Worth was in command of a battalion of United States infantry at the Bellevue rifle range and required his men to engage in target practice on Sunday. Private Cedarquist, being under national prominence by disobeying the order. He was court martialed, convicted and sentenced to three months imprisonment.

The matter was taken up by congress, and President Cleveland commuted the term of the imprisonment and ordered Major Worth court martialed for disobeying the order of President Lincoln, issued on November 15, 1862, prohibiting unnecessary work on Sunday.
