[First published Nov. 14, 1894, in the official city paper.] Official Proceedings. COUNCIL CHAMBER, TOPEKA, Mo., Nov. 12, 1894.

Council met pursuant to adjournment. Present: Councilmen Holman, Pattison, Stevens, Stephenson, Ellinger, Bradford, Fellows, Fulton and Griggs—9. Absent: Burgess—1. Mayor T. W. Harrison, presiding. Quorum present.

The minutes of Nov. 5, 1894, were presented, and on motion Mr. Fulton the reading of the same was dispensed with and the minutes approved.

Permission was granted the Republican County Central committee to erect a reviewing stand on Kansas avenue.

A petition of Jesse S. Langston and six others, requesting that gutters on Sixth avenue, east, between Jefferson and Adams, be cleaned and the catch basins and streets be repaired, so as to prevent water from standing there, was presented and referred to committee on streets and sewers.

J. B. Hibbard, city physician, requested that one additional sanitary officer be appointed. (See resolution.) The following reports for October, 1894, were presented and ordered placed on file, viz: City treasurer, city physician, food inspector, police, gutters on Sixth avenue, east, between Jefferson and Adams, be cleaned and the catch basins and streets be repaired, so as to prevent water from standing there, was presented and referred to committee on streets and sewers.

Your committee on judiciary to whom was referred the petition of A. A. Hurd and others have had the same under consideration and request me to make the following report, viz: In order to secure the paving of a street that should be presented to the council a petition signed by a majority of the resident property owners of a majority of the front feet on the street to be paved. When such a petition is presented then the council may pass a resolution declaring it necessary to pave such street and cause the same to be published for four (4) consecutive weeks in the official city paper.

If two-thirds of the owners of the property resident in the city whose property is liable to assessment, file their protests within twenty days, then the city council will not cause said street to be paved. If two-thirds do not protest, then the city council may proceed in the manner provided by law. It is not imperative because a petition is presented that the city council order the paving done. The law says when they shall file their protest, if necessary they may pass a resolution.

The petition under consideration does not contain a majority of the names of property owners by front feet to be taxed for making the improvement. S. B. BRADFORD, Chairman. On motion the report was adopted.

The committee made the following report in reference to claims for labor and material furnished for sewers 11 and 12: Your committee on judiciary to whom was referred the several claims of parties who had furnished labor and material for the contractors Decker, Mullins & Berry to build the sewers in sewer districts eleven and twelve in the city of Topeka, under contract with the city, having had the same under consideration, direct me to make the following report, viz:

It has been made to appear that these several persons have not been paid for the labor and material furnished by them to build said sewers for the city, and it also appears that there is money in the treasury of the city belonging to a fund raised for the purpose of paying for said sewers. Therefore we recommend that the said claimants assign to the city of Topeka all their right, title and interest in said claims against Decker, Mullins & Berry for labor and material furnished and in addition thereto make, execute and deliver to the city of Topeka a sufficient assignment in sum double the amount of their said claim conditioned that should a court of competent jurisdiction determine that said claims are not payable by the city of Topeka to said persons, or that the claim of said persons are not prior to any other claims that they may have against the city of Topeka, that they will refund to the city of Topeka the sum of money so paid, so that the city of Topeka shall not lose anything by reason of said payments to said claimants.

S. B. BRADFORD, Chairman. On motion the report was adopted and ordered placed on file.

The committee on streets and walks reported back the resolution in reference to the removal of the city scales, stating that the same have been placed on Jackson street, and are now in first class condition. On motion the report was ordered placed on file.

Mr. Fulton called up the matter of the sidewalk in front of the Ragsdale property on Tenth avenue east. (See resolutions.) The matter of the confirmation of William Tweeddale as city engineer, which was postponed at the last meeting, was called up. Mr. Fellows opposed his confirmation, believing, he said, that the expense was unnecessary, and moved that the appointment be rejected. Mr. Stevens requested the opinion of the city attorney on the question. Mr. Ellinger said that the city charter provided for a city engineer, and that his opinion in such cases is necessary. He also stated that the engineer is legally acting until his appointment shall have been rejected by the council. Mr. Fellows' motion, on roll call, was adopted by the following vote: Ayes—Holman, Pattison, Stevens, Stephenson, Ellinger and Bradford—5. Nays—None.

Mr. Ellinger moved that the city attorney be instructed to prepare an amendment to the salary ordinance fixing the salary of the city engineer at \$100.00 per month, which motion prevailed.

The matter of the East Side Circle road was laid over until the first regular meeting of the council in December, 1894.

The following resolution was offered by Mr. Bradford: Resolved, By the mayor and council of the city of Topeka, that while we have the utmost confidence in the ability of our city attorney and associate council to manage the case known as the Decker, Mullins & Berry case. Yet for the purpose of getting their best effort while the events of the case are fresh in their minds we most respectfully request that they proceed to secure the case made and file the same in the supreme court and as soon as convenient thereafter prepare and file their briefs in said case. On motion the resolution was adopted.

The following resolution was offered by Mr. Ellinger: Resolved, By the mayor and council, That the mayor be and he is hereby authorized and requested to employ one additional sanitary officer. On roll call the resolution was adopted.

The following resolution was offered by Mr. Holman: Resolved, That the street commissioner be and is hereby ordered to grade the alley between Harrison and Topeka avenue, and between Ninth and Tenth streets to the grade established by ordinances of the city, the alley being at this time considerably above grade, causing considerable damage to property owners adjacent. Referred to the committee on streets and walks.

The following resolution was offered by Mr. Griggs: Resolved—By the mayor and councilmen, that on and after the 15th day of this month until further action by the mayor and council, we dispense with all the officers of the street force except the street commissioner and chief foreman. On roll call the resolution was lost.

The following resolution was offered by Mr. Fulton: Resolved, By the mayor and council, that the street commissioner be directed to place the new sidewalk on north side of what is known as the Ragsdale property on line of the old walk.

On roll-call the resolution was lost. The following resolution was offered by Mr. Bradford: Resolved, By the mayor and council of the city of Topeka, that lots numbered on Tenth street east be excepted from the contract let to Mr. John Richtie.

On motion the resolution was adopted. Mr. Bradford introduced an ordinance appropriating certain sums of money for the purpose of purchasing certain claims against Decker, Mullins & Berry for labor and material used in the construction of sewers in Sewer Districts Nos. 11 and 12, which was read the first time and referred to the judiciary committee with instructions to report an ordinance in accordance with their report of November 12, 1894.

On motion the council adjourned. S. M. McFADDEN, City Clerk. GETTING A SQUARE MEAL. The Visitor Finally Explained Where He Had Heard the Clergyman.

A hard featured man dressed in a new suit of very cheap black called at the house of a well known clergyman, and upon giving his name was invited to take a seat in the gentleman's study.

"I have a few days to spend in town," said the visitor, "and I did not want to leave without calling and paying my respects to you. I have heard you preach many a time."

"Yes," said the parson, beginning to take an interest in the visitor. "I'll be your preaching, and though I do not belong to your church, yet I must say you preach the best sermon I ever heard."

"Yes," said the parson. "There are so very few good preachers now, very few in whose uprightness we can place trust, that when we meet one of the right kind we like to express our appreciation."

"Yes," the good man repeated, and as the bell tinkled he rose and said, "Come, my friend, and take some lunch with me."

The visitor was only too happy, and, seated at the table, began to eat with an avidity that attracted the host's attention.

"You say that you have heard me preach many a time," remarked the minister.

"Oh, yes," the man replied, conveying an ample allowance of mashed potatoes into his mouth.

"I don't ever remember seeing you at my church. I suppose you have heard me in the country?"

"No," said the visitor, helping himself to beans, "not in the country." "Certainly not in town?" "Well, sorter yes and sorter not. You know, you preached at the prison for some time. I was there for stealing a horse and cart and finished my time today. Thank you for the bread."—London Spare Moments.

Displaced Emigrants. A gentleman who spent a summer in a small village in Norfolk tells how a kind hearted woman without the slightest idea of making him ridiculous gave his fellow boarders a chance for a hearty laugh at his expense.

"We had haddock for supper one night, and happening to be peculiarly hungry I ate heartily of it, but unfortunately swallowed a bone. One of the young women of the house endeavored to comfort me by saying that no hams would ever come from a fishbone, as it would dissolve of itself.

"Mrs. H. had been observing me anxiously and now spoke: 'Don't be too sure about that,' she said. 'I think you ought to take something at once. Mr. S., for we lost a pig once by his getting a fishbone in his throat.'"—London Paper.

Nobody Helped Him. A story of Scotch honesty comes from Dundee. A small boy had taken the prize for an exceptionally well drawn map. After the examination the teacher, a little doubtful, asked the lad: "Who helped you with this map, James?"

"Nobody, sir." "Come, now, tell me the truth. Didn't your brother help you?" "No, sir. He did it all."—Milwaukee Wisconsin.

Not an Easy Job. "It is in evidence," said the judge, "that the prisoner beat his wife."

"Hardly, your honor," replied the prisoner. "I am but a frail man, and I have always said that my wife was a woman who was hard to beat."—Atlanta Constitution.

His Explanation. Miss Morgan—How charmingly Mr. Allen talks! There seems to be no subject that he is not informed on.

Paddington (who is madly jealous)—He says he inherited the gift. His ancestors were barbers, you know.—Truth.
