FOOD AND BEAUTY.

Good Complexion Depends Altogether on Healthy Digestion. The seeker after rosy cheeks will fill a whole cupboard with lotions, and spend half of her time in the beautifying bath, but success will not crown her efforts after beauty unless she turns her attention also to her diet list.

The woman who intends to have a good complexion must make a careful study of the food question. It goes without saying that sugary substances must largely be banished from the bill of fare. Candies are, of course, excluded. Cakes follow in their wake.

Alcoholic drinks are banished almost entirely, their effect even in small quantities being a mild form of congestion of blood in the face, which eventually coarsens the texture as well as ruins the color of the skin.

Whatever the effect of producing a healthy action of the digestive organs is good for the complexion. Acid and laxative fruits especially, if taken at breakfast, are good.

"It has the largest circulation of any daily paper in the state."

A DAILY AVERAGE OF 11,584 FOR THE FIRST SIX MONTHS OF 1897.

The Great authority on Newspaper Circulations of the United States makes the above statement of ....the....

Topeka Daily State Journal

The American Newspaper Directory is to newspaper circulations what Dun and Bradstreet's are to mercantile ratings. It is the recognized authority among advertisers.

This work is now in the twenty-ninth year of its publication.

For years it has guaranteed with a standing offer of \$100.00 for proof that its statements of certain newspaper circulations were not correct.

THE STATE JOURNAL for years has been one of the first 6 months ending July 31st, 1897, the editor of the American Newspaper Directory furnishes the following statement to "PRINTER'S INK," for July 28, 1897:

"The Topeka, Kansas, STATE JOURNAL is credited with the largest circulation accorded to any daily paper in Topeka, or in Shawnee County, or in the First Congressional District. It has the largest circulation of any daily in the state."

This is conclusive, and is based on signed detailed circulation statements furnished by the leading daily papers of Kansas.

The Directory containing these figures will be issued September 1, 1897.

No amount of bluster as to the amount of postage paid can set aside such a statement as that made by the American Newspaper Directory. On a great part of its edition THE STATE JOURNAL pays no postage, as the delivery is by carrier or by express.
