

NO COAT OF ARMS.

Question of Adopting One For City Revived.

Emblem Is Needed For the Cruiser Topeka.

THAT NEW FLOUR MILL Proposition Formally Submitted to Commercial Club.

Estimated Cost Is in Neighborhood of \$100,000.

Topeka has no coat of arms. The matter was brought to the attention of the business men of the city at the meeting of the Commercial club Wednesday night.

The government named one of its cruisers for Topeka. It is customary when a ship is named for some city or state to put either a coat of arms of the city or the seal of the state upon the panel of the door leading to the hatchway.

The officials at Washington, and the officers of the ship, who have felt the humiliation of navigating a ship not bearing the coat of arms of the city it is named for, have repeatedly written the Topeka authorities to induce them to arrange for the coat of arms for the door. The city authorities have done nothing, or at least a coat of arms has never been provided.

Mrs. Lucy McMechen, the wife of a retired naval officer, who is also the sister of John E. Lord, of this city, in writing to Mr. Lord recently mentioned the subject of a coat of arms. Mr. and Mrs. McMechen, who are friends of Captain Deland, of the cruiser Topeka, declined. During the course of the subject of the coat of arms was brought up, and the captain explained that he had been unable to ever get the coat of arms of Topeka to ornament the hatchway.

Mrs. McMechen upon reaching home immediately wrote her brother in this city, and it was consequently brought before the Commercial club, John E. Lord was made a committee of one to look into the matter.

DELEGATES TO TAX CONFERENCE. It was discovered since the last meeting of the club that the city was entitled to five delegates to the national tax conference meeting to be held at St. Louis, Mo., June 10-12, 1901. Mr. Lord was appointed as the delegate at the former meeting. In addition to himself he appointed John Mulvaney, J. P. Davis, C. S. Allen, and F. C. McMechen. The meeting will be held at Buffalo, N. Y., May 21 and 22. "This," said P. L. Bonebraker, who was present, "will be one of the most important meetings ever held in this country. Delegates from nearly every state in the union are already signified, and the intention of being present and doing for local delegates will make every endeavor to also attend."

NEW GRAIN ELEVATOR. A communication was received from A. H. Bennett relative to the establishment of a grain elevator and flouring mill in this city at a cost of about \$100,000. About one-half of the cost is to be offered by one man, and Mr. Bennett is endeavoring to form a stock company among Topeka capitalists to take the remainder and build the mill. The matter was talked of favorably by the members of the club, and was referred to the management of the Commercial club with instructions to push it. John McAfee was made temporary chairman in the absence of Robert Pierce.

KANSAS FIRE APPRAISED. George M. Noble reported that the Santa Fe shop committee had been over the ground and estimated the value of the property to be about \$1,000,000. The committee is essentially the same as that which was formed in the case of two instances, however. He said, "I found that the committee was not as active as we anticipated. I do not anticipate any trouble in reaching a settlement, however."

VOTING MACHINE FACTORY. L. T. Young reported favorably upon the project of the new voting machine factory in this city. "Several of Topeka's capitalists are figuring on the matter, and the intention is to be no doubt that a force of men will be at work remodeling the building for use as a factory next week."

A special committee consisting of W. J. Davis, John W. Bolinger, and Robert Pierce was appointed to push this project. The chairman of the special committee, which is composed of W. J. Davis, Robert Pierce, and John W. Bolinger, reported that a suitable building had been found and that in consideration that the club would furnish it to them for one year they would, if the company, make it and make this their general headquarters.

ELITE RASED 850. The chairman of the McKinley reception committee reported the progress made by that committee. The McKinley club for a donation. The club responded to the amount of \$50. "The remainder will be secured by subscription."

TWENTY NEW MEMBERS. Twenty applications for membership were upon the table. The club voted to elect to membership. This is the largest number of applications ever handed in at any one meeting of the club previous to this time. They are: Patrick & Son, furniture and upholstery; J. J. Young, realty; W. J. Bolinger, sewing machines and pianos; H. B. in piano; W. J. Bolinger, shoes; H. P. Golden, stockman; W. B. Boyer, dairy; Capital (renewal); Kansas Farmer (renewal); M. E. Payne & Son, shoes; Alexander & Goodfellow, grain merchants; C. L. Chip, livery; Matthews & Brodhead, shoe; W. J. Bolinger, shoes; P. C. Kelley, secretary Topeka; Vinewood, Park railway; E. B. McDonnell, manager Hemington Standard; Tyndal, writer; Mail and Breeze, publishers; Currie, H. W. H. company; W. B. Smythe, curator of the State Museum.

IN FIT OF INSANITY. Oregon Man Kills His Neighbor Then Shoots Himself. Oregon City, Ore., May 9.—F. S. McClinty, in a fit of insanity, shot and killed Howard Baker, then killed himself at Boone's Ferry, 12 miles south of here.

Smallpox on Alaska Steamer. Seattle, Wash., May 9.—A special report from Townsend to the Times says: The steamer ship left Seattle on April 30 for Alaska, had a case of smallpox break out shortly after the vessel was ordered back by the customs authorities at Juneau. The victim is a young woman named Gilmore, aged 20 years. There are 132 passengers aboard the steamer.

Mrs. Columbia Heights—And you didn't vote because of the house when he stole four kisses. Miriam—How could it? He explained that was a Neptunian—Brooklyn Eagle.

Baptist Ladies' Strawberry Festival, 634 Kansas avenue, Saturday, May 11, afternoon and evening.

DEATH OF FRED STOCKS.

Well Known Fifth District Politician Succumbs to Disease.

Fred A. Stocks, ex-state senator, president of the state bank at Blue Rapids, and prominent in the politics of the Fifth district, is dead. He passed away at his home at 3 o'clock Wednesday afternoon, after an illness of about two weeks, with pneumonia, complicated with kidney and heart trouble.

Stocks held the office of chief clerk of the United States treasury during the administration of President Harrison's administration, and had charge of the treasury exhibit at Chicago during the world's fair in 1893. He was a member of the Kansas state senate from 1895 to 1899, and was regarded as one of the strongest members on the Republican side. During his entire public life it is said he never made a speech, yet he was a man who was well educated and gifted with a conversationalist. He preferred to do his work quietly, and there was never a caucus to decide upon party policy that he was not consulted.

While a consistent Republican, he was not bound fast to party policies. He was authority on all matters pertaining to state finances and a bureau of information on the subject to the members of both parties.

Senator Stocks was born at Lena, Stephens county, Illinois, a little over thirty-seven years ago. He came to Kansas from Missouri in 1872. He had since been engaged in banking and stock raising. He was given conspicuous mention in the Fifth district lately for congressional honors.

Business Is Not So Brisk as It Was in March. Cleveland, O., May 9.—The iron trade Reviewer for this week says: Quietness with sustained strength characterizes the iron market. There is activity that not long back would have been regarded as noteworthy, but in comparison with the record of March, which in pig iron was unprecedented, the current buying is light.

Buyers are running to their contracts on nearly all description of products, though in places there is not the accumulation of orders that was noticed in the latter part of the year. Small business has not been cut off by the advance, but it is now evident that further orders will be held in check. The price of pig iron production is being withheld from interest by the trade. Buyers seem to be proceeding on the assumption that consumption will be overtaken shortly and that the active business order will be sufficient to preserve stable prices through the year—at least to guarantee against sharp declines.

Sheet and plate works are being driven to their full capacity. It is the expectation that the year will be upon with the Amalgamated association that will obviate the necessity of a shut-down on July 1, pending the adjustment of the balance of the year. The organization in line with the conciliation movement which looks to a continuance of operations pending all adjustments of labor questions. The possibility of machinists' strikes at various points on May 20 in one element of uncertainty in the situation. The nine-hour day and increased wage will be granted in some cases, it appears, but the majority of employers are expected to refuse the double concession.

CANNON'S WILL. The Mormon President Left Property Worth \$1,000,000. Salt Lake City, May 9.—The will of the late George Q. Cannon, who died in Monterey last month, will be filed for probate today. It is estimated that the estate is worth approximately \$1,000,000. According to the terms of the will the estate is divided into two parts, the first part consisting of all real estate and securities worth \$500,000, and the second part consisting of the residue of the estate. Cannon's youngest child, now 9 years of age, retains his majority. All of the 22 children of President Cannon are named in the will. The residue of the estate is to be divided among the children when they reach majority. This property was recognized by the Mormon church. Mr. Cannon had four wives, two of whom were living at the time of his death. The will also provides for the maintenance of his children.

Shudders at His Past. "I recall now with horror," says Mail Carrier Burnett Mann of Levanon, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To get relief I tried all kinds of remedies, but I felt tired, went out, about ready to give up when I began to use Electric Bitters. After six bottles completely cured me and made me feel like a new man. They're called 'Kidney and Bowels.' Perfect satisfaction guaranteed by A. J. Arnold & Son, 621 North Kansas avenue, only \$2.

TODAY'S MARKET REPORT. Chicago, May 9.—WHEAT—Apprehension of widespread trouble in financial circles owing to the Wall street panic in New York, has affected the wheat market. The wheat market early today when the price advanced to 107 1/2¢, but it was soon sold off, and it closed at 107 1/2¢. July opened at 107 1/2¢ and closed at 107 1/2¢. After declining to 107 1/2¢, it advanced to 107 1/2¢, and then declined to 107 1/2¢. The market was quiet, and prices were steady. Local receipts were 10,000 bushels. The market was quiet, and prices were steady. Local receipts were 10,000 bushels.

WILD DAY ON CHARGE

(Continued from First Page.)

37, Manhattan 85, Southern Pacific 28, Atchafalaya preferred 70, Louisville 90, Brooklyn Rapid Transit 100, and 141 Steel preferred 85, Baltimore & Ohio 90, and People's Gas 101.

It was stated by a man close to the successful syndicate that the members of the syndicate depreciated the course of the third large interest in the stock in taking enormous profits from the shorts, and that one of the motives in seeking an agreement was to defeat the speculative pool.

The rally did not hold more than a moment and United States Steel common sold at 25 1/2, St. Paul 128, Northern Western 18 1/2, Pennsylvania 18 1/2, and United States Steel preferred at 100. TIMOTHY—September, 21 1/2.

Chicago Live Stock Market. Chicago, May 9.—CATTLE—Receipts 9,500 head. Market steady to firm. Good to prime steers, \$5.00 to \$5.50; poor to medium, \$4.50 to \$5.00. HOGS—Receipts 12,000 head. Market steady to firm. Choice hogs, \$4.50 to \$5.00; heavy, \$4.00 to \$4.50. SHEEP—Receipts 1,000 head. Market steady to firm. Choice wethers, \$4.00 to \$4.50; heavy, \$3.50 to \$4.00.

Local Traders Are Keeping Their Hands Off. Although there is great excitement "on charge" in the east and quotations have been jumping round like a jack in the box, there have been no "killins" in the Topeka commission houses, to use the expression of brokers.

There was a time not long ago that the Topeka commission houses placed orders for Atchison preferred, and others, in bunches of 500 and 400 shares but it has since been discontinued.

Senator Stocks was born at Lena, Stephens county, Illinois, a little over thirty-seven years ago. He came to Kansas from Missouri in 1872. He had since been engaged in banking and stock raising. He was given conspicuous mention in the Fifth district lately for congressional honors.

While a consistent Republican, he was not bound fast to party policies. He was authority on all matters pertaining to state finances and a bureau of information on the subject to the members of both parties.
