STANDS UP FOR KANSAS. Jennings Echo Answers a Deluded Illinois Man.

We have on our desk a letter from a man in Illinois asking if we have any crops out here. In answer we wish to say to the gentleman that it would take Illinois, Indiana and Ohio to make a crop like Kansas has this year. Decatur county alone having over 2,000,000 bushels of wheat and we have in the state 10,000,000 bushels of your soil, Illinois never saw such crops. Kansas stands at the head on wheat and thousands of acres of corn. We are on account of security of hands, 5,000 of your Illinois unemployed men can now find work in Kansas. It is simply out of sight. And you eastern fellows should see that the dollar is worth more in Kansas than in Illinois. You would get your old boots and get on the "keers" and come to Kansas and see; nothing will hurt you but let you go back; don't be so little bound. We'll bet a penny that that man was raised and born in the country where the dollar is worth more than in Illinois. Oh, brother, we plead with you to come to Kansas, the educational state of the union. The hills and valleys are dotted with school houses and churches. Crops going to waste because you Illinois boys and valuers are getting with school houses and churches. Crops going to waste because you Illinois boys and valuers are getting with school houses and churches. A \$30,000 OIL DEAL. Chanute Man Disposes of a Valuable Oil Tract.

Chanute, Kan., July 29.—The east Chanute oil tract certainly looks good to Col. John P. Mundy, the gentleman who closed with it. By the way, a deal which has been closed with Mr. E. A. Rider he becomes the owner of the fourth interest in the valuable oil tract of the Braden 529 acre tract, a few miles north and east of Chanute. The other one-fourth interest in these leases is owned by Mr. Joseph Hodest of Lincoln, Ill. The trade made between Col. Mundy and Mr. Rider involved one of the largest and most important oil property that has yet been reported in this field. Mr. Rider was the owner of the fourth interest in three eighths of the Braden tract and Col. Mundy paid him the colossal price of \$90,000 for it. Formerly Mr. Rider owned a one-fourth interest in five of the eighths. But some time ago he disposed of his interest in two of the eighths, he was receiving therefor \$25,000. All told, therefore, Mr. Rider has realized \$55,000 for his one-fourth interest in the Braden property, which, it is said, he acquired for \$5,000.

Blame the Engineers. Hutchinson, July 29.—The coroner's jury in the Santa Fe-Missouri Pacific wreck examination failed to agree, but issued a compromise verdict declaring that Engineer Forrester, of the Santa Fe, and Engineer Carroll, of the Missouri Pacific, were both responsible for the wreck and had not used proper care in taking the crossing. The wreck resulted in the death of George Lonneker last Saturday. The jury was in session for two days.

Great Bend's New Mayor. Great Bend, July 29.—The special election called to elect a mayor and one councilman to fill vacancies caused by the resignation of Mayor Weirauch and Councilman Slentz was held Tuesday. There was only one ticket in the field. After the resignation of Mayor Weirauch and Councilman Slentz a city Republican convention was called

Barton County Wheat Crop. Great Bend, July 29.—Threshing is in full swing in Barton county. Fully 250 machines are stationed over the county and the wheat yield is of much better quality than was expected. Wheat that has been threshed near Great Bend has been averaging 25 to 25 bushels an acre, and testing 60 to 65 pounds. The Barton county yield this year will be between 5,000,000 and 6,000,000 bushels. Corn is in fine condition at present.

Eastern Horsemen Are Against McChesney. Want the Smathers Colt Barred from Races. ESPECIALLY SARATOGA Believed That Hildreth Holds Part Ownership. Some of the Colts That Are After the Futurity.

New York, July 29.—All the trainers at the Long Island tracks are talking about the proposed protest of McChesney in any race in the east, especially the Saratoga handicap. Most of them think that the complaint will be sustained by the jockey club unless E. E. Smathers, owner of the colt, shall prove that Sam Hildreth is not interested in "Big Mac" in a financial way. Several horsemen said that they thought Hildreth had a 10 per cent. interest in the western champion. They had no reason for such an assertion, they said, beyond the well-known clause in most trainers' contracts which provides for a share in the winnings. If Hildreth has a 10 per cent. interest in McChesney's winnings he is, however, a legitimate partner. As Hildreth is not in "good standing on the eastern turf they think that the jockey club will sustain the protest and declare McChesney ineligible in all his eastern engagements.

Smathers is not worrying about the protest against McChesney. He said that such an objection against his horse is ridiculous. Hildreth, he stated, was an employee, and not a partner. The trainer received a salary without any interest in the horse. If Hildreth were to make a statement by the jockey club he would gladly furnish it. This will clear up all doubts in regard to the ownership of the colt. The Futurity is more than a month away and trainers are looking around for the winner of the big event. It will be worth approximately \$50,000 this year, and owners with high class colts are anxious to find out "what the other fellow is doing." At present the men who are considered to hold the winning hand are John E. Madden, Capt. S. B. Brown, August Belmont, and W. C. Whitney. Madden is considered to be the man most likely to win the prize. He has not one but several 2-year-olds that are distinctly high class. Two or three of these youngsters are maidens, one or two have never appeared in public. The colt that trainers are now speculating on is a brown fellow, and his name is said to be Abeel. He is by Plauditt-Nahama. If all the stories told about him are true the Madden stable is gratulated, for he has the Futurity at his mercy.

SOME FAST RACES.

Good for a Season of Grand Sport at Saratoga.

New York, July 29.—Every indication points to a wonderfully successful race meeting at Saratoga this year. The cream of the western stables are now on the ground, and by the time the races begin at the spa the very best horses in training, from both the east and the west, will be seen in spirited rivalry. Not even the Saratoga handicap was more interesting than the \$12,000 Saratoga handicap, which is set for the first day, Monday, August 22. The presence of McChesney and Smathers in the Saratoga event, and the likelihood of both being starters for it, together with Water Boy, Hermis, Irish Whalby, African Blue, Bon Bon, Golden Maxim, Rockwater, Caughna, waga and Goldsmith or Gundrie, will fully characterize this as the most important midsummer race of the year, and perhaps the most interesting of the whole season, by reason of the sectional flavor now attaching to it.

Fancy Yearlings Sold.

Lexington, Ky., July 29.—Clay & Woodford, of the Runnymede stud, have sold to Pat Dunne for a reported price of \$9,000 five yearling colts, the first of which are Flying Dutchman, the youngsters will arrive here and be broken and trained by Dan O'Brien, who will also handle the yearlings of C. Milam & Co. this season. William Gerst, of Nashville, Tennessee, has bought of Milton Young, McGrathiana stud, eight yearlings, and from his Headley Beaumont stud he has purchased seven. The lot purchased from Young comprise six colts and two fillies, the get of St. Maxim and Lamplighter, while those bought from Headley are six colts and one filly, the get of the private Ormont. The prices paid are mighty, but it is estimated that the fifteen head stand over \$12,000. With the five head recently purchased from the Bellemeade stud and the ten yearlings of his own raising, Gerst will have 30 yearlings as the 2-year-old representatives for his stable next season.

Tennis at Longwood.

Boston, July 29.—The tennis followers who went to Longwood to see the finals in the cup singles were given a rare treat in the five set match between Larned and Ward. For the first three sets it was a hard and closely fought battle. Up to the intermission Ward led two sets to one, but in the third set he was willing considerably and after a short rest Larned came out and took the necessary two sets with comparative ease. Ward's quickness on his feet gave him a great advantage over Larned, who was considerably slower. Ward lacked the strength, however, and finally succumbed to Larned's steady, brainy work. Ward took the first set at 6-4.

New Swimming Record.

London, July 29.—The long-distance swimming championship of England was won by J. A. Jarvis from eleven competitors. The course was from Kew to Putney, a distance of five miles and sixty yards, and was covered by Jarvis in one hour three minutes and forty-eight and one-half seconds, the time being twenty-three and four-tenths seconds under the record held by Jarvis.

Case Against McCoy Dismissed.

New York, July 29.—Norman Selby, better known as "Old McCoy," was yesterday acquitted by Magistrate O'Brien in Tombs Police Court. The complaint against him was made by Louis E. Thoman, who alleged that Selby had accepted \$5,000 of "railroad" stock and failed to pay for the same. The case had been settled out of court and Selby was accordingly discharged.
