

Tired and Overstrained—Now Strong and Well—These Thankful Women Send Their Praise for

PAINE'S CELERY COMPOUND.

When Nerves Burned Out By Strain of Toil and Care It Gave New Nerve Force.

When the pace of modern life has burned up all the nerve force it burns up THE NERVE FORCE THEMSELVES unless new force is supplied. CELERY COMPOUND.

"It Has Been Worth a Thousand Dollars to Me."

MISS FLORENCE WORDEN
Niece of Rear-Admiral Worden.
She was a nerve wreck. Paine's Celery Compound gave her health and strength to pursue her ambitions.

WOMEN SUFFER NO MORE.
Philadelphia, Pa., Sept. 23, 1882.—I had sick headaches and was so run down I often felt that life was not worth living. I had awful pains in my head and could not sleep any length of time. My doctor told me about Paine's Celery Compound. I thought I would try it and I had not taken it a few days before I obtained relief, and I have been to get well. I continued to take your invaluable

ble remedy, and it was not long before I was cured. I feel that I would not be alive today but for Paine's Celery Compound.
MISS CLARA POLLEY,
1206 N. Eleventh St.

"Energy, Confidence and Health—simple matters of good vital force—NERVE FORCE."
Prof. E. E. Phelps, M. D., LL. D., of Dartmouth University, Famous Discoverer of Paine's Celery Compound.

To discouraged women Paine's Celery Compound gives back health and joy of life. It positively cures Heart Trouble, Palpitation, Nourishment, Indigestion, Bloating, Weakness and nervousness. It restores lost strength. It purifies the blood and is a certain cure for bad or

SNAP SHOTS AT HOME NEWS

When ladies meet with kiss and gush and possibly a smile, "Tush!" and fancy "tis a case Of overdone emotion planned. The onlooker to show How sweetly each is builded and how peacefully the doth flow. But if when they are parted each Confesses in this strain, With kind and brief speech, We recognize the twain. Hence would we best do engage, Hence mutual praises sing—Perchance each knows the other's age— Or some such sort of thing. —Town Topics.

Valentines are appearing on the market. After the Midwinter exposition comes the indoor circus. The city railway right of way on West Sixth avenue is still unopened. Bert Green, who has had a slight attack of pneumonia, is rapidly improving.

Pneumonia is prevalent in Topeka now. Every physician has one or more cases. President Norman Plass is planning another trip east for the latter part of this month.

The Washburn girls' basketball team is scheduled to play the K. U. team at Lawrence February 11. City Engineer McCabe was in Kansas City Wednesday interviewing the Midland Bridge company officials.

Sheriff Lucas expects to keep his force at work for a week or two longer collecting unpaid personal property taxes. The Washburn College Dramatic club will probably present a dramatization of "The Merchant of Venice" some time after Lent.

A. J. Byrnes of Wagoner, I. T., arrived in Topeka today to visit his son, Roscoe Byrnes, who is attending Washburn college. The telephone men who are stringing the new cable on Kansas avenue have been taking their usual vocal exercises again today.

The forecaster who announced Wednesday that the weather would be colder, scored a bull's eye on the guessting table. G. Crawford, formerly of Topeka but now of St. Louis, has gone into business for himself. He has started a Ten Nights in a Bar Room company on the corner of 10th and Commercial.

Tomorrow night there is to be a big reception at the Washburn college observatory, given by the young women of the college. About 1,000 invitations have been mailed. The "boom" for M. Snattenger for councilman from the Third ward has started again. A good many people for quite a long time have been urging Mr. Snattenger to make the race.

The music department of Washburn college presented the retiring violin instructor, Miss Lu Celia B. Clark, with a watch at the end of her term. The orchestra for the last time. A Coffeyville paper says that Hyman and Chambers of Topeka have purchased a lease on 80 acres of land two miles north of that city and are planning to drill for oil and gas at once.

At the close of the prayer meeting at the First Methodist church tonight the trustees of the church will be elected and also lay delegate to the annual conference to be held at Lawrence in March. The junior classes of the railroad Y. M. C. have elected the following officers for the ensuing year: President, Tom Butler; vice president, John Muir; secretary, John Kuschery; treasurer, Gabe Cook.

Prof. Ralph Vyle, concert master of the Carl Busch orchestra who has been engaged to take charge of the violin department of the school will be in Topeka Wednesday and Saturdays to attend to his pupils. The last pile bent for the street car bridge over the Kansas river is being driven. Some difficulty was experienced in getting the pile driver over the ridge between the river channel and the street cut near the north bank by the flood.

Topeka had colder weather than Dodge City in January. The report of Observer Smith, in charge of the Dodge City weather station, shows the lowest temperature to have been two degrees below zero while in Topeka the coldest was 10 degrees below zero. Mr. Leach, the athletic manager at Washburn, thinks he will have a good crop of gray hair when the basketball season is over. Managing a center has been a heavy load to which football management piles into insignificance.

A survey of the right of way of the Topeka and Emporia branch of the Northwestern railroad has been completed from Topeka to the Jackson county line, and Engineer P. L. Wise has gone to Frankfort, Mo., to take the "coltrane" survey south from there. A. Newman, the new Curtis manager in Shawnee county, has the reputation of being a "hot" man. It is rumored that Newman may be put forward for D. W. Mulvane's place on the state ticket.

There is only a little more time in which to pay dog tax before the "penalty" goes on. Till March 1 the license is \$1 on male dogs and \$2 on female dogs and \$1 on females. So far only 115 dog tags have been issued by the city clerk, and a big rush is expected to begin within a few days. The Topeka board of plumbing examiners have examined six out of town applicants for licenses, and will probably take the balance of the applicants under the new state law. The applicants are: A. P. Elder and W. A. Anderson, of Ottawa; Wm. Brown, of Glasgow, Va.; says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by all druggists.

MOUNG MYA IS BETTER.

Burmese Juggler Will Recover — Crowds at Exposition.

Moung Mya, the Burmese foot juggler, whose engagement as one of the features of the Midwinter exposition programme of the Midwinter exposition was terminated suddenly Tuesday night by an attack of pneumonia, was rescued this morning by his physician, Dr. G. J. Mulvane, to be slightly improved. Dr. Mulvane said: "I believe we are going to pull him through all right although he is quite sick. He has a genuine case of pneumonia. I am inclined to think that a man of his nationality is less able to resist that sort of fever, in this climate to which he is not native, than is an American. His case, however, was given attention in good time and his prospects would not be more cheerful."

Although he had only a few hours in which to do so, Manager Brigham was able to secure a comedy acrobatic and slack wire artist in the person of Will Rolland, who pleased the crowds at the exposition Wednesday very much by his performance. The Steiner brothers have given some triple bar comedy work which is especially funny and is being well received. Some of the acts in this performance are extremely difficult and require considerable danger of physical injury. The two men toss themselves around and under the bars with a dexterity which demands instant approval from the audience. In many of these acts a slight miscalculation on the part of either might repay both with broken bones or necks.

As predicted the daily attendance is climbing steadily. Against about 3,400 on Tuesday, Wednesday's attendance reached 4,000. Today's attendance, judging from the condition of the weather and from the experience of the previous expositions, will exceed that of any day thus far. The crowd again is observed as a children's day, and the little people will be served with "pop" and "soda" and drinks that are reserved for the older people on other days.

BILL AGAINST BLACKLIST.

Iowa Solon Would Stop Picketing and Boycott—Hits Both Sides.

Des Moines, Feb. 4.—Senator Young has introduced a bill in the legislature providing severe penalties for boycotting and blacklisting. It forbids picketing and boycotting, and provides a penalty of a fine of from \$5 to \$500 and imprisonment for not more than six months. The labor unions regard the bill as aimed at them, though it hits the same penalties for blacklisting employees as for boycotting.

The physicians of the legislature today considered a bill providing for the maintenance of state hospitals for consumptives. The bill provides that the state shall purchase a tract of land in Knox county, and thereon build a hospital for consumptives. It has been proposed to transform this institution into a reformatory for women and into a home for leprosy. It was abandoned several years ago.

THE PEOPLE WIN.

Supreme Court Says Trolley Line Must Pay Property Owners.

Madison, Wis., Feb. 4.—The state supreme court has decided that an interurban trolley must pay compensation to the owners of property on a street traversed by the line. The case was argued by the Milwaukee property owners sought compensation from the Milwaukee Light, Heat and Traction company, which operates a line through the city. The company contended that where the line passed through a city it was not an interurban line and should not be required to pay. The company won the first suit, but the decision is now reversed.

BONDS OF MINERS REDUCED.

Cripple Creek, Col., Feb. 4.—Judge Lewis has reduced the amount of bonds required of the miners' union leaders who were held as prisoners by the military authorities while the district was under martial law and they have been released. Their trial on the charge of conspiracy to wreck a train will begin February 16. Judge Lewis had said that the Vindicator mine explosion will be taken up immediately after the train wrecking cases are disposed of and that nothing will be permitted to interfere with these trials.

ANOTHER CASE OF RHEUMATISM CURED BY CHAMBERLAIN'S PAIN BALM.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker, Triplet, of Glasgow, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. For sale by all druggists.

REFUSED LIFE INSURANCE ON ACCOUNT OF BRIGHT'S DISEASE

Mr. William F. Montgomery, the Largest Coal Merchant of Albany, N. Y., Was Refused Life Insurance on Account of Bright's Disease, but After Taking Warner's Safe Cure Was Accepted and Now Has His Policy.

Mr. Montgomery is a living testimonial of what this great medicine will do for any man or woman who has kidney or bladder trouble. If you have any symptoms of kidney disease write the Medical Department, Warner Safe Cure Co., Rochester, N. Y. for symptom blank and free advice.

"Instead of writing this letter I wish it were possible for me to see and talk with all those who are suffering from kidney troubles. I could tell them in one brief interview what your medicine has done for me. What I know it will do for them. I enjoyed vigorous, good health up to a year ago, when overwork seemed to undermine my constitution. I paid little attention to the matter until it was brought home to me forcibly, at an insurance examination. I failed to secure my policy, and after consulting the doctor who made the examination I became aware of my disease.

"Of course I was alarmed and had repeated tests made of the urine for albumen, and the horror of the thing grew upon me when the doctors all pronounced the case Bright's Disease. Complications of the kidneys set in, and although doctored with well known specialists I grew rapidly worse. This condition of affairs continued until last November. At that time my strength had diminished, and it seemed to me that I could not get well unless some relief was soon found. It was at this stage that interested friends brought to my attention Warner's Safe Cure. Cases were cited where it had accomplished good results. There being no objection, and all hope having been despaired of, I procured the first bottle. After a few days there were some encouraging indications. The slight improvement noted continued and grew and in a month albumen was entirely eliminated from the urine. I gained rapidly in strength and health and am now in perfect condition. My life insurance has been granted me and I feel that I owe my health and life to Warner's Safe Cure." Yours truly, WM. F. MONTGOMERY.

Albany, N. Y., Jan. 10, 1904. 63 Hamilton St.

Warner's Safe Cure is sold by leading doctors and pharmacists, and is sold by druggists everywhere for over 30 years as the certain cure for all diseases of kidneys, liver, bladder and blood that cures and leaves no dangerous after effects. 20 cents and \$1 a bottle. The absolute purity of Safe Cure is guaranteed. Refuse substitutes and imitations; they are dangerous and do not cure. WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

VALUABLE POSTAGE STAMP

Prince of Wales Pays \$7,250 for a Unique Specimen.

London, Feb. 4.—Judging by the queer story of the old postage stamp—original of which was sold for the princely sum of \$7,250 the other day, it behooves every American boy who has a stamp collection to find out if it may not include such an unsuspected treasure. The stamp for which this record breaking price was paid is a 2-penny blue issued by the United Kingdom in September, 1847. Owing to an engraver's mistake in the issue, the words "post office" were printed in the left border of the stamp instead of "post paid." By May, 1848, the error had been corrected, but about 1,000 of the "post office" stamps had been circulated, all but about twenty of which have now disappeared. Hence this specimen's great value.

Forty years ago James Bonar, who lives in Hampstead, a London suburb, was a youthful stamp collector, with all the enthusiasm boys put into their hobby. By a "trade" with another youngster he secured the 2-penny Mauritius, and ever since that time it has been forgotten. A short time ago a woman acquaintance, a philatelic enthusiast, happened to call on Mr. Bonar, who resurrected his old albums for her inspection. As she turned the pages the caller suddenly exclaimed: "Why, here's a 'post office' Mauritius; it's worth a fortune."

Mr. Bonar showed the stamp to several dealers and expert collectors, so the news of his find soon became noised abroad, and within a few days he received an offer of \$5,000 for it. "This he decided to refuse and turned the stamp over to an auction firm, who advertised it for public sale. Some 600 dealers and collectors were in the room when the sale opened, and from an initial bid of \$2,500, the price quickly came to \$7,250, the amount which closed the bidding.

HERRIK NOT IN THE CONTEST

Columbus, O., Feb. 4.—"Governor Herrik," said Colonel W. P. Orr of Plaquemine, while chatting with the executive, "is Ohio going to demand your acceptance of second place on the national ticket this year?" Governor Herrik's reply was quick and decisive: "I think not. Ohio knows I am not ambitious beyond serving my state. I sincerely trust I may not be embarrassed by my friends."

The governor has insistently protested against any such effort.

POLITICAL GOSSIP.

The opponents of H. J. Allen in the Second congressional district are attempting to make political capital out of the fact that Mr. Allen, who is chairman of the state board of charities, virtuously secured the services of Clara Skinner, a girl who was sent to the girls' industrial school, and gave her employment as a domestic in his family. It is claimed that this was illegal, and Allen's opponents are trying to use it against him. The matter has been brought to the attention of the public because the girl got tired of restraint and ran away from the Allen home in Ottawa, and her relatives have brought habeas corpus proceedings at Iola, where they kept her in confinement taken back to the Beloit school. Mr. Allen has referred the matter to the attorney general's department.

The story is that Mr. Allen needed a hired girl in his family and agreed to give a home to the Skinner girl, who in sixteen years of age and was acquainted with her mother, Mrs. Beck, of Iola, and one night soon afterwards secured permission from Mrs. Allen to go to prayer meeting. Instead she met her mother, who was waiting with a lumpy, and the two drove to another town and caught a train to Iola. Various legal proceedings were instituted at Iola on both sides, as Mr. Allen instructed that the girl should be returned to the Beloit school, and her mother fought the case in the courts, while the girl is out on bond. Attorney General Coleman has assigned H. L. Pestana to look after the case.

D. B. Harrison, cashier of the State Bank of Denver, has announced himself as a candidate for state senator. He will have opposition in his home county from Dr. Chilcott, of Osborne. The counties in the district are Osborne, Lincoln, Russell and Ellsworth, and some of these will also have candidates.

Congressman Bowersock enters a demur that he ever promised anyone that he would not be a candidate for congressman this year. The First district Democratic congressional committee, of which John H. July of Salina is chairman, will meet at Holton in about a month to fix the time and place for holding the Democratic congressional convention. Mr. July is for E. P. Waggoner for congressman.

Grand Kan., Feb. 4.—The Crawford county Republican convention elected delegates to the state, congressional and judicial conventions Wednesday afternoon. No instructions were given except for P. P. Campbell for congress. The resolutions endorsed the national and state Republican administrations. The delegates are for George W. Hoek for governor and for George W. Wheatley for railroad commissioner.

Howard Kan., Feb. 4.—The Republicans of the Twenty-sixth senatorial district of Kansas will meet in convention here February 8 to nominate a candidate for state senator. This convention will be looked forward to by the Republicans with a great deal of interest. The district is composed of Elk and Chautauque counties, and each county is entitled to twelve delegates. Even so, the organization of the district it has been the custom of the counties to alternate in the selection of candidates. At the convention held four years ago, Chautauque county refused to follow this custom and allow Elk county to name the candidate. The convention

One of the local telephone companies has caught the extent of \$20 for unpaid bills incurred in communicating with nearby cities and local grain markets. Various parties were caught on small accounts, and the result was in most instances the money of those who took small flyers on the Chicago and New York grain markets. The business has been a "bunch" since the day of great deal of reluctance on the part of the victims to make disclosures as either fearful of impeding their financial standing or from the personal embarrassment resulting from the lack of knowledge of playing the markets. A great many victims for small amounts doubtless exist over the country adjacent to Hutchinson since Myers is numbered something like 500 or 600 customers in the west who played regularly with him.

Machinery Stuck in the Well. Emporia, Kan., Feb. 4.—Just after having gone through six feet of slate or shale Wednesday, a party for a time was supposed to be the big coal vein, controlled by a cable, and the cable on hauling up the cable it was discovered that the upper portion of the stem had broken off just below the long screw catches to the cable. This leaves the bit and stem stuck in the bottom of the hole, nearly seven hundred feet below the surface. Work was immediately telegraphed to Chicago for grapples and the proper machinery to get it out.

Everybody reads the State Journal.

TRYING FOR AN ALIBI.

Butler's Line of Defense Indicated by Today's Testimony.

Fulton, Mo., Feb. 4.—James Cronin, justice of the peace in St. Louis, and formerly a member of the house of delegates, was the first witness today in the trial of Edward Butler, charged with bribery in connection with the passage of a city lighting bill in 1886. He corroborated the testimony of four witnesses for the defense who yesterday testified that Edward Butler was not present in the house of delegates on the night of the passage of the bill, contradicting the state attorney's testimony for the state. The request of Circuit Attorney Folk court adjourned until afternoon to enable the prosecution to secure the attendance of other members of the house of delegates who were not members of the committee. The testimony will be given by Butler himself and the other witnesses who are trying to prove an alibi for him.

Jefferson City, Mo., Feb. 4.—The Missouri board of railroad commissioners today adopted a maximum freight rate schedule for this state. It makes a reduction in freight rates in Missouri about as follows: On grain from 25 to 35 per cent; on live stock from 15 to 20 per cent; on soft coal about 50 per cent; on hard coal about 25 per cent; on lumber about 10 per cent; on merchandise from 5 to 50 per cent, and on other classes from 6 to 50 per cent.

REAL ESTATE TRANSFERS

J. H. Pounds and husband to S. Johnson, \$500, lots 65 and 67, Adams street, East side of city.

E. Kiepley and wife to Minnie Kiepley, \$3,000, lot 120 and west half 118, King street.

WELL POSTED

A California Doctor With 40 Years' Experience.

"In my forty years' practice as a teacher and practitioner along hygienic lines," says a Los Angeles physician, "I have never found a food to compare with Grape-Nuts for the benefit of the general health of all classes of people. I have recommended Grape-Nuts for a number of years to patients with the greatest success, and every year's experience makes me more enthusiastic regarding its use. I make it a rule to always recommend Grape-Nuts and Postum Food Coffee in place of coffee when giving my patients instructions as to diet. For I know both Grape-Nuts and Postum can be digested by anyone. "As for myself, when engaged in much mental work my diet twice a day consists of Grape-Nuts and rich cream. I find it just the thing to build up gray matter and keep the brain in good working order. "In addition to its wonderful effects as a brain and nerve food, Grape-Nuts always keep the digestive organs in perfect healthy tone. I carry it with me when I travel, otherwise I am almost certain to have trouble with my stomach." Name given by Postum Co., Battle Creek, Mich.

Strong endorsements like the above from physicians all over the country have stamped Grape-Nuts the most scientific food in the world. There's a reason. Look in each package for the famous little book, "The Road to Wellville."

Mrs. B. D. Williams of 118 East Seventh street, says: "I was troubled with my kidneys all my life, and last winter, 1898, we had a good deal of sickness and I overtaxed myself. My whole system seemed to be out of repair and severe pains in my back and head made me think at times I would lose my senses. I got Doan's Kidney Pills at Rowley & Snow's drug store and the results of their use were astonishing. My general system was toned up and I was relieved of the trouble with my back and kidneys."
