TWO IN ONE DAY.

Topeka Saints Awake from Their Lethargy at Last.

Take a Double Header from the Orioles.

THEY HIT THE BALL.

Hoodoo May at Last Be Broken for Good.

Many Brilliant Plays Characterized the Contests.

It was Leavenworth's turn to be wobbly on Friday afternoon. Eli Cates, field captain, heaved up big chunks of temper and threw away the first game by a score of 6 to 4 and then proceeded to hoodoo his bunch of Orioles so badly that they were smothered in the second act of the afternoon's matinee, by the catastrophe of 16 to 7.

Mr. Eli Cates Was, Oh, So Angry!

But the celestials had on their batting glasses and base running wings to good advantage. Eleven times did they hit safe ones in the first game and 14 times in the second. It was easy money and rolled over the counter like the yellow stuff does in front of a roulette wheel. Credit should be given to the Saints for their resurrection. White at second proved himself a star. During the afternoon he made four safe hits. At short Olson displayed old Irish cunning and Freil at third set the bleachers thundering in applause for his work.

Dr. Schrant Opened the Ginger Bottle.

Howie pitched the first game and was in rare form. His curves were nigmatical to the Orioles, even though they did connect eight times. On the other hand Cates who did the job for the visitors, looked as tempting to the strikers as a piece of new apple pie to a lunch counter habitue at this time of the year.

First Game.
The contest was a beauty up to the fifth inning with a score of 3 to 3. Then Eli Cates let go some of his ram-bunctiousness. Schrant had walked. White struck out, only Ulrich, Leavenworth's catcher, dropped the third one and the new Saint went to first. Cates came toward Ulrich like a mad bull, pawing and tearing up the earth and

wanting to know "What the — was the matter with him." Ulrich never opened his trap and Cates jawed away. Exasperated, Cates threw down the ball.

At Last, at Last!

and it rolled clear out to the field. Schrant coming in and White's merry pitter-patter following after. Big Nichols heaved the sphere towards the plate but it went wide by a mile or so and White too came in. Cates was still more sore—and a barrel of Wamego oil would not have retrieved the falling Batteries—Henderson and Armstrong; Curtis and Stoner.

IN THE SUMMER.

During the summer months some member of the family is sure to suffer from Cramps, Bowel Complaint or Diarrhoea. Always keep a bottle of Hostetter's Stomach Bitters in the house for such cases. A dose at the first symptom will afford prompt relief. Then it also cures Headache, Belching, Poor Appetite, Nausea, Indigestion, Dyspepsia and Malaria. Try one bottle. strength of those Orioles. And to add to the agony Schrant lambasted for three bases in the next act and White pulled him over the rubber with a single. Leavenworth made one in the seventh but it was a puny affair. Cole stopped Smith's fly and Nichol hit him home.

The first three tallies made by both teams in this game were home-run products. Smith got to first on Olson's error and Nichol hit a bounding grounder, which took a high leap over the east fence, and made itself good for four bases. In the fourth a hit and a long fly brought in another run on a throw. Topeka's were made in a similar way. Cole singled in the first act and Freil pounded one high and dry over the fence for four bases. Then in the third a fielder's choice took Cole to first and Schrant let him ride home on a two-bagger.

Second Game.
Just as the second fracas was about to start, a member of the management of the Saints rose up and yelled: "Boys, if you win, you go to the circus Saturday night." "Hurrah," yelled the celestials and proceeded to inaugurate the fracas by shutting out the Convicts their half of the opening hand and then getting seven themselves off 4 hits and 3 bases on balls. Goodearl pitched as though he didn't give a tinker's anathema about the result. In the second inning two more runs and three hits were selected from among his batters, and the Convicts about had enough. So he sent Killilly in to do the work. This poetically named youth had just been revived from an attack of heart-failure which threatened seriously for a little while. While warming up he became very sick and faint, and was carried under one of the trees. Dr. L. H. Munn gave him an injection of strychnine and he revived in a little while and went into the box, after Goodearl had been knocked over the fence. He dished out seven safes on balls and was found seven times for safe ones.

This contest developed into a regular farce. The terrific lead which the celestials acquired in the first inning unmanned the Leavenworth ship and left it hanging to the reefs in vain hope of rescue. The tug named "Killilly" went to the rescue, but was also battered to pieces on the rocks. The crowd yelled and howled and celebrated the double victory in joy and glory. On the other hand, the Convicts grined in their discomfort and sweated the agony through without any heart-breaking.

MISSOURI VALLEY LEAGUE.

AT PORT SCOTT.
Sedalia and Port Scott broke even in a double-header here. The first game resulted in a pitchers' battle. Both men were in excellent condition. The only run scored by the visitors in the first game was made by Mullan. He was given life by a pass, went to third on Army's error and scored on Frederick's error. Durbin retired from the box in the second game because of a sore arm.

AT JOPLIN.

But for McLeary's threebagger and score on a fly ball in the first inning, Pittsburg would have been shut out, although they played splendidly. Joplin won in the seventh by Grant's two-base hit. Everard, Powell, Shmonok, Sisler and Crum distinguished themselves in the field.

Bright's Disease and Diabetes News.

Sacramento, Cal., July 15.
To relatives of those having Bright's Disease or Diabetes:
Knowing what I do I consider that it would be almost criminal to conceal the knowledge I have as to the curability of Bright's Disease and Diabetes when there are so many homes constantly saddened by the presence of these hitherto fatal diseases.

I had Diabetes myself for many years—had exhausted the best of medical talent here without result—it steadily progressed till I heard that there was a cure for it in San Francisco. It looked unreasonable but I sent for it. In a few weeks I was on the mend and in six months was in my usual health and strength. I then put an engineer of our road on it. He was broken down with Diabetes and was retired. In a few months he was back to his old position on his engine. Later my son, aged thirteen years, was discovered by our physicians to be in an extreme condition as the result of Bright's Disease. They felt certain he could not live but a short while. I got the treatment for him and he is now, to our delight, strong and vigorous again and at school and growing wonderfully. Many here are taking the treatment. I have told a great many in person for I know it to be an almost certain cure for Bright's Disease and Diabetes in all stages.

Yours faithfully,
CHAS. A. NEWTON,
Yardmaster S. P. R. R. Co.

MINERS FAIL TO AGREE.

Second Joint Conference at Pittsburg Without Success.
Pittsburg, Kas., July 23.—So far all attempts of the miners and operators in session here to agree on a wage scale has failed, but now as the miners have made a concession which they think the operators ought to meet, it is thought a compromise will be reached satisfactory to both sides. For the second time since the miners and operators opened their convention here a joint conference was held this morning. It was for the purpose of hearing the report of the joint scale committee.

Many operators who had gone to their homes arrived on night trains, in response to telegrams, and at 8 o'clock, when the joint session convened, the operators were well represented.

The joint scale committee reported that they were unable to agree on certain vital points, and asked the joint convention for further instructions. The forenoon was spent in arguing points at issue, and finally at noon, when the convention adjourned, the matter was referred back to the joint scale committee, with instructions to try again to reach a settlement.

All afternoon a contest waged in the committee room but no agreement was reached. Meantime the miners met in convention at the city auditorium to discuss the situation, and the operators held an informal session at Hotel Stillwell to discuss matters.

WAR ON WICHITA GAMBLERS.

Mrs. Sarah A. King Will Insist That Seven Warrants Be Issued.
Wichita, Kas., July 23.—Unless Judge Thomas C. Wilson issues warrants for the arrest of seven men, charged by Mrs. Sarah A. King with maintaining gambling houses here, I. P. Campbell, her attorney, will ask the supreme court to mandamus him. That is the statement made by Mr. Campbell.

Mr. Campbell presented two affidavits to the court and asked for warrants for the arrest of the accused persons. The court will take up the matter today.

Mr. Campbell is the same attorney who charged Judge Wilson with causing these same gamblers to be notified when he applied for warrants for their arrest several weeks ago. The charges led to a bar investigation clearing Judge Wilson. He also had Judge Alexander and the clerk of the city court mandamus by the supreme court. The writ was quashed.

A Veteran Editor Arrested.

Fort Scott, Kas., July 23.—On complaint of Miss Maude Stevens, of Philadelphia, J. C. Buchanan, veteran editor of the Pittsburg Kansas, at Pittsburg, Kas., was arrested today and brought here, charged with using the mails in writing her a letter. Mr. Buchanan has been highly respected in Pittsburg for many years. He is 70 years old. His friends say he is losing his mind. They were all much surprised at the disclosure in this case. Two of Pittsburg's wealthiest and most prominent men came here and gave \$1,000 bond for Mr. Buchanan's appearance in federal court.

Notification of Davis.

Bedford, Pa., July 23.—The notification of Henry G. Davis, the vice presidential nominee of the Democratic party, will take place in West Virginia in August, probably about one week after the notification of Judge Parker.
