

A SQUARE DEAL

Is assured you when you buy one of Dr. Pierce's Family Medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formula are attested under oath as being complete and correct.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine of proper strength.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, "heartburn," foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes.

If the sweet taste of the "Discovery," caused by the glycerine, is disliked, a few drops of lemon juice, orange or lime juice, added to each dose will make it agreeable and pleasant and will not in the slightest interfere with its beneficial effects.

It's an insult to your intelligence for a dealer to endeavor to palm off upon you some nostrum of unknown composition in place of Dr. Pierce's world-famed medicines which are of known composition.

Something else that pays them a little greater profit will be urged upon you as "just as good," or even better. You can hardly afford to accept a substitute of unknown composition and without any particular record of cures in place of Dr. Pierce's medicines which are of known composition and have a record of forty years of cures behind them.

You know what you want and it is the dealer's business to supply that want. Insist upon it.

MANY INDICTMENTS.

Railroads and Grain Shippers Found Guilty of Rebating.

Minneapolis, Minn., Nov. 9.—Eleven indictments were handed down to Judge Lockman in the United States court Thursday afternoon, and they cover the giving of rebates by certain railroads and the receiving of the same by grain firms and individuals.

The Great Northern railroad, four indictments and about 75 counts. The Chicago, St. Paul, Minneapolis & Omaha railroad, one indictment and 50 counts. Wisconsin Central railway, one indictment, 17 counts.

Minneapolis & St. Louis railway, one indictment, 5 counts. The indictments against the railroads charge the giving of rebates and under the head of receiving rebates the following true bills were returned: W. P. Devereaux company, McCault-Dinsmore company, Minneapolis; Ames-Brooks company, Duluth; Duluth Milling company.

Some of the specific charges contained in the indictments were against the Great Northern railway, two indictments for giving rebates to the Superior Grain company; one for giving to the McCault-Dinsmore company and for giving rebates to the Spencer Grain company.

The Omaha railroad, the Wisconsin Central, the Minneapolis & St. Louis were charged with favoring the Spencer Grain company. The company indicted who are not railroad companies are charged with receiving rebates.

Beside the corporations, indictments were returned against eleven individual officials of railroads named but United States District Attorney Houghton could not consent to the names being given out for publication, owing to the fact that no services had yet been obtained upon them.

The general offense alleged in the railroad indictments is the absorption of grain elevator charges.

After the bunch of indictments had been given out to the court the jurors were excused for the term and will convene again in St. Paul. That a further and more searching investigation into the rebate question will be made is not denied by Assistant United States District Attorney Ewart and further revelations are expected to be made at the next sitting of the grand jury.

McGraw Plans Campaign. Leader of the Giants Is After Some New Men.

New York, Nov. 9.—While little or nothing is being heard in baseball circles about Johnnie McGraw and his Giants, the former champion of the world, their leader is planning a great campaign for next season with the New York Nationals.

McGraw has secured the name of the fast shortstop to a contract for next year at a large price and that he will play in Dajen's place. The same report that is going the rounds says that Dan Moran is slated for second base, that his batting eye is gone and that he cannot bring in the runners when he has the opportunity to, like he used to do in championship days.

This leaves second base in a weak condition for McGraw, but Strang did good work with the stick last fall, although he could not field with Gilbert. The second team used the Vanderbilt split play in vain and also attempted unsuccessfully to work the forward pass outside pop kick for gains.

Davidson, the new "find," Newton, and Chandler took turns at holding down right tackle in the absence of Patrick. Emba was at right end part of the time, evidently under-studying the position so as to be available in case Curtis or Hammon is laid out.

Several Eastern Colleges Announce Their Winter Schedule.

New York, Nov. 9.—J. G. Rose of Columbia, vice president of the Intercollegiate Association Football league, has announced the schedule for the coming season. The league is composed of Harvard, Cornell, Pennsylvania, Haverford and Columbia.

The schedule follows: November 24, Columbia vs. Cornell, at Ithaca; Columbia vs. Harvard, at New York; December 3, Harvard vs. Cornell, at Ithaca; December 9, Pennsylvania vs. Columbia, at New York; Haverford vs. Harvard, at Cambridge; December 15, Columbia vs. Haverford, at Haverford; Pennsylvania vs. Harvard, at Cambridge; December 22, Cornell vs. Pennsylvania, at Philadelphia.

The Haverford-Pennsylvania game is still to be arranged. In addition to these games the Columbia team will play matches with several members of the New York American Association Football league.

Yale Freshmen Intelligible. New Haven, Conn., Nov. 9.—Head Coach Blair of the Yale freshmen football eleven was astounded last night when he was told that the faculty had declared intelligible eight of the members of his crack squad, which has been trimming the varsity occasionally all the fall—Cooney, the giant center, formerly of Exeter; Brown and Flint, guards; Linn, tackle; Moorhead, quarterback; Merritt and Bradley, half-backs; and Perry, tackle. The notices of deficiency in studies were given out practically on the eve of the annual freshman game with Princeton 190, and crippled the strongest freshman team Yale ever had.

WHAT YOST IS DOING. Michigan Man Spends Practice in Filling the Holes. Ann Arbor, Mich., Nov. 9.—Yost is working up Michigan's defense. He gave the leader to the scrubs exclusively yesterday afternoon, practice and let them bang away at his battered old crumples until after darkness. Despite their bruises and soreness, the varsity men held up well and kept the eager Rheinisch crowd from scoring. The second team used the Vanderbilt split play in vain and also attempted unsuccessfully to work the forward pass outside pop kick for gains.

Identifying Them. "Diplomatic relations, Papa?" "Oh, diplomatic relations, my son, are city cousins, and the like, who can arrive in Podunkville in the early summer, stay till the frost is on the pumpkin, keep on the good side of their rural kin all the time, and yet prevent the latter from visiting them in the city during the winter, and still not lose out on invitations to the country for the next summer."
