"Greater Than Either Melba, Nordica, or Sembrich Was at Her Age" is MISS BESSIE

ABOTT

Who on her present tour is receiving such glowing acclaim as has not been received by any other musical star in twenty-five years. The News, of Cleveland, Ohio, declaring: "Her voice is liquid gold. It is fresh as spring bloom and brilliant as noon," and the Press, of Cleveland, Ohio, declaring, Miss Abott's singing reminded me of the fairy tale of the little girl who was so kind and gentle in her speech that her lips dropped pearls and diamonds every time she uttered a word."

Assisted by Signor Ed Castellano. The whirlwind tenor, with voice so beautiful and heart ripping that two generations have not heard its equal.

Miss Ada Sassoli

Without a doubt the most superb harpist on earth today.

A Sextette of Superior Instruments.

From the famous Philharmonic Society of New York; Mr. Felix Frank first violin; Mr. Wm. Glaser, second violin; Mr. E. Blinkman, viola; Mr. Wm. See, violoncello; Mr. F. W. Daehne, bass; Mr. F. P. Fritze, flute; Mr. Arthur Rosenstein, most eminent of New York's accompanist at the piano.

At the Auditorium

Saturday Evening Next Oct. 19. Seats 50c, 75c and \$1.00 at Stansfield's

Full program in last Tuesday's Journal and Sunday's Capital. By special request Miss Abott will sing "The Last Rose." When she sang this as it comes in the Opera Martha in Corried Metropolitan Grand Opera House, New York, last winter, the New York Times said of it the next morning: "The Last Rose" has not been sung more beautifully in New York in decades than Miss Abott delivered it."

SURVEY FOR NEW SEWER.

One Will Be Made in Southwestern Portion of City.

Surveys will be started next week over the district in which it is planned to construct a sewer which will drain the portion of the city in the vicinity of Quinton Heights and west to the boundaries of the Washburn college campus.

A line of levels will be run by a force from the office of the city engineer just as soon as the work in connection with the investigation of the Sixth ward sewer is completed. This work, it is said, will be finished by the latter part of the week and the force will then be free to commence on the sewer work.

It is planned to prepare estimates and specifications for this new sewer construction including two small sewers running from College avenue and on Fillmore street north of Third to First street so that contracts may be let yet this winter.

Out of Sight. "Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound. It is best treated with Buckley's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, tooth and chilblains disappear under its healing influence. Guaranteed by all druggists. 25c.

Trusty Henchman—Are you going to run for alderman again at the next election? Political Leader—Run for it? Not on your life. I'm going to sit for 15. You'll see my picture in 20,000 places in this town when the campaign opens.—Chicago Tribune.
