COULD NOT STAND A ROW.

Ten-Year-Old Boy Drank Tumbler Full of Paris Green.

New York, Dec. 4.—Although he drank a tumbler full of Paris green solution last night, it was said at the Presbyterian hospital early today that Elton Haring, a boy of ten years, is likely to recover. The child tried to end his life because his father and mother often quarreled. When the father upbraided the mother in the boy's presence last night, he suddenly ran to the kitchen and drank the poison. According to Mrs. Haring the sensitive little fellow told her several times that he wished to die because "there were so many fights all the time." He even suggested, said the mother, that they commit suicide together.

Coffey County Farmers to Meet.

Burlington, Kan., Dec. 4.—The Coffey County Farmers' Institute will hold its annual session in Burlington in the district courtroom December 11 and 12, next, beginning at 10 o'clock each day. Mr. P. E. Crabtree and Prof. J. C. Kendall, of the Kansas State Agricultural college, will be present and a good programme has been arranged.

BEAUTY DOCTOR

Says the New Method Increases the Bust Measurement and Rounds the Arms and Neck.

(By CLARA BELLE M.)

(From Chicago Examiner.) "Speaking from my own personal experience and from observation of many whom I have successfully treated in the past two years, I should say that Madame Moneaux really owed her great success as a beauty specialist to the use of a simple preparation which is used exclusively to develop the bust, arms and neck. I became acquainted with this formula and have used it ever since, much to the delight of patrons.

If your bust lacks development, increase your bust by on both increase and firmness from the persistent use of the following: Obtain from the drugstore one ounce of borax and three ounces of rosewater. Shake well and apply to the neck, arms and bust, rubbing and massaging until it is completely absorbed. Then wash the skin with soap and water and dry thoroughly. Apply the treatment morning and night regularly for several weeks or months as the case may require, and the most exquisite firmness and rounding out of hollow places will reward you.

MRS. DUDLEY DEAD.

Topeka Woman Hurt in New York Succumbs to Injuries.

New York, Dec. 4.—Mrs. Guilford Dudley of Topeka, who was run down by an automobile while crossing Broadway at Forty-fifth street Wednesday afternoon, died at Roosevelt hospital in this city at 8:29 last night without regaining consciousness. Operations for her injuries showed but little chance for recovery and her death was not unexpected. Mrs. Edward Wilder, also of Topeka, was at the deathbed of Mrs. Dudley. Dr. Merrill Mills, formerly of Topeka, was one of the attending surgeons. The only relatives with her at her death were Dr. and Mrs. William P. Walker, daughter and son-in-law. It was understood that a son from Topeka was on his way to New York but did not reach here in time to see his mother alive.

Edward Foster, the chauffeur, who was responsible for the accident, was placed under arrest last night, charged with homicide.

No details of the funeral arrangements have reached Topeka. Guilford Dudley, the son of Mrs. Dudley, had not reached New York, and no arrangements are likely to be made until after his arrival. It is expected, however, that the remains will be brought here where they will be buried beside her husband in Topeka cemetery.

A card was received by the State Journal the day Mrs. Dudley was hurt. In this Mrs. Dudley said she would remain in New York at the Martha Washington hotel until December 6, when she would leave for South Topeka, Pa., where she would spend a few weeks and asked to have the address of her State Journal changed accordingly.

Mrs. Dudley was 60 years old. Her maiden name was Samantha V. Otis, and she was married to Guilford Dudley in Topeka June 5, 1867. Mr. Dudley at the time lived in Lawrence, where he was a member of a mercantile firm. He met Miss Otis in Topeka while he was located here as adjutant general of Kansas, from 1863 to 1865. In 1865, Mr. and Mrs. Dudley moved to Topeka where he opened a private bank. This bank continued in business from 1869 until discontinued in 1904, at which time Mrs. Dudley retired from active business. During the great panic of 1873, the Dudley bank was the only one which did not close its doors.

Mrs. Dudley died in Topeka, April 14, 1897. At that time she was president of the Crosby Roller Mills, and had many other interests here, most of them consisting of real estate holdings, both of city property and farms.

Mrs. Dudley Guilford Dudley, jur., succeeded his father as manager of the Dudley estate. At the present time he is a stockholder and official of the Capital National bank, and married a few years ago to Miss Hazel Passler. The daughter is now Mrs. Dr. William P. Walker, of Bethlehem, Pa.

MOIST MAKES A PROTEST.

Oklahoma City Magnate Communicates With President Shively.

Oklahoma City, Okla., Dec. 4.—President R. E. Moist of the Oklahoma City Baseball association has communicated with President Shively of the Western association relative to the action of all other clubs in the Western association in rescinding their agreement that the Oklahoma City team should go into the Texas league. Moist declares the action of the association was illegal and unless their original agreement is adhered to he may bring suit against the clubs. Larry Milton, recently selected manager of the Oklahoma City team, was dispatched to Texas today for a conference with the officials of the Texas league. It is believed that Moist is willing to hold places for the Oklahoma City team if the agreement of the other Western association managers can again be secured.

Dr. Howard Johnston who will speak to men at the Majestic, Sunday, December 6 at 3 p. m., is doubtless the foremost authority in this country on the subject of "Religious Doubt." If you do not hear him you will miss a rare treat.

SOCIETY

An approaching marriage which will be of much interest to many friends is that of Miss Alice Gregory, daughter of Mr. W. M. Gregory, 317 Taylor street, and Mr. Walter S. Whitson, who is a traveling agent for the Osage Insurance company. The wedding will take place in a few weeks.

The Monday Whist club will meet next week with Mrs. A. Zahner.

Miss Nadine Lytle entertained her bridge club yesterday afternoon.

This design is adaptable for elaborate development and dressy wear, or for a plain suit as well. The skirt is cut 11 goes—habit back, round length, and trimmed around the bottom with a fold of satin. The coat is prettily trimmed with satin

bands. The long scarf is of liberty satin, finished with gold tassels. The suit was made of dark green broadcloth. Serge, chevrot and worsted are suited to the design.

Bazaar notes. Albert T. Reid, who poses the tableaux vivants at the church bazaar at the Auditorium this week, knows how to make the best of his material. Since picks Jerry Johnson for side views, so his bid won't show. Tom King, whose nose has been out of joint since Bert came to town, threatens to return his pristine glory. He was posed in Arthur Jameson's An Old Man's Darling last night and created a sensation. He looked for all the world like the pictures of Van Bibber, who used to rave about. One of the best of the living pictures is James Montgomery Flagg's "With This King I These Wed." You know the girl and the man, the former with her "heart" finger extended, the latter blowing a smoke-ring from his cigarette. "That's the only kind of a ring that boy ever will give a girl unless Sister works hard and earns the money to pay for it."

Miss Ella Gault will entertain the Pacolian club and a few other friends Saturday afternoon.

The separate waist is still an indispensable part of a woman's dress, and will be as long as coat suits continue. The waist shown above is very simple in construction. It is tucked to yoke depth in front.

How Syracuse Woman Took Her Wrinkles Out In Three Nights AFTER MASSAGE AND BEAUTY SPECIALISTS HAD FAILED.

"Made Me Look 20 Years Younger" Says Cincinnati Lady Who Tried It—"Now Past 40, but My Complexion is Smoother and Better Than in Girlhood," Writes a Kentucky Woman Who Used This Wonderful Process for Removing Wrinkles.

The Discoverer Offers to Give Particulars Free of Charge to All Who Write Her Within Next Ten Days—Exact Promise of Secrecy—Treatment Very Simple and Absolutely Harmless—May Be Used Without the Knowledge of Your Most Intimate Friend.

Ever since woman's beauty held sway over man and brought her power, influence and wealth, she has sought a way to stay the process of old age and banish deep lines and furrows from the brow.

Chemists, beauty doctors and skin specialists have for centuries past almost endlessly experimented the secrets of nature and find a way to keep the beauty of youth in a woman's face and form.

Harriet Meta was no exception to the general rule of women. Trouble and worry left her unsightly lines and marks upon her face. She saw the beauty of her youth giving way to the heavy imprints of coming age.

Her first resort was to facial massage, cold cream and steaming pots; the next to beauty specialists; but all in vain. The wrinkles seemed, if anything, to grow deeper and deeper. Massage even appeared to stretch the skin; more wrinkles came. She had spent all the money she could afford to spend, and was ready to give up in despair, when one day a friend made a happy suggestion.

This gave her a brilliant idea. She set to work on the thing herself, and after several months' hard labor and almost endless experimenting she succeeded in producing a wrinkle remover entirely different from anything she had seen or heard of. She tried it on herself, and, lo and behold, it worked a wonderful transformation in a single night. She tried it a second night, and her wrinkles were practically gone. A third night—three treatments in all—and her wrinkles had entirely disappeared, and her skin was soft, clear, rosy and smooth.

Many others also have used this remarkable process with wonderful results. Mrs. Moran Elmer, New York City, writes: "Your treatment removed my wrinkles in one night." Mrs. Turner of Seattle, Wash., says: "My wrinkles are all gone; words cannot express how grateful I feel to you for what your treatment has done for me." Mrs. A. M. Brooks, of Howe, Texas, writes: "Your treatment is the first I ever tried that really had the desired effect in banishing face lines. I am 63 years old and yet many say I do not look more than 45."

"I will give her some of my skin." A score of volunteers offered themselves thus. Arrangements were soon made for the operation. Annie's four brothers, 15 of her playmates, and a number of adult neighbors gave her of their cuticle. She has returned home with her fresh coat of skin, muffled in bandages, but sure of health and comeliness. Special Notice. All contractors and boss plasterers are hereby notified that on and after the 1st day of March, 1909, the members of the Operative Plasterers' International association, local No. 44, of Topeka and vicinity, will demand 6 1/2 cents per hour. Woman Describes Cure for Eczema

(From the Chicago Record-Herald.) Here is a simple treatment for skin diseases, such as salt rheum, eczema, tetter, etc., that is so good that I feel I ought to make it public in your columns. Dissolve a teaspoonful of pure iodine in two tablespoons of hot water and bathe the diseased skin with the warm solution 20 minutes at a time twice a day. The only precaution is to be sure to get the pure drug, just as it comes from the chemical works, in small sealed packages, and make the solution fresh each time it is to be used. It must be kept in a cool, dark, warm. Any good drug store has this well known chemical.

It seems almost too simple, but the best things are always so. I cured my husband of a very bad case of eczema on the leg, and my little boy's ringworm with it; also a very dear friend who had tetter on her hand. It dries up the eruption in a few days and stops the itching at once. A friend of mine who got the prescription from a famous skin specialist, gave it to me. It is a perfect discovery and I hope you will publish this.

Mrs. George Beach gave a "thimble party" this afternoon for these guests: Mrs. W. H. Fernald, Miss Frank Klingaman, Mrs. G. W. Hunt, Mrs. George Anthony, Mrs. H. B. Howard, Mrs. D. R. Evans, Mrs. H. B. Carr, Mrs. W. H. Rhodes, Mrs. Julius Rosen, Mrs. Harry Putnam, Mrs. W. E. Butler, Mrs. G. W. Weede.

She needed a new hat, so after searching the debris of many seasons, she took the huff off of a last summer's hat, and put it on a last winter's one. Another case of December and May mingling.

If a Topeka man doesn't watch out, he will get in bed with the girls. He has asked some one for the January Heliathus, and can't remember who she is.
