POSTAL BANK BILL IN.

It Provides for Payment of Two Per Cent Interest on Deposits.

Washington, Jan. 28.—The postal savings bank bill, drafted by Senators Carter, Dooliver and Owen, a subcommittee of the committee on post-offices and post-roads, has been introduced in the senate by Mr. Carter. It was referred to the postoffice committee.

The bill provides there shall be established a system of postal savings depositories under the supervision and direction of a board of trustees, consisting of the secretary of the treasury, the postmaster general and the attorney general acting ex-officio.

This board is authorized to make all regulations governing custody of moneys deposited with the postal savings banks.

All postoffices of a class authorized to issue money orders and such others as the postmaster general may designate, are declared to be postal savings depositories. They are to receive deposits from the public and are to be kept open for the transaction of business every day, Sundays and legal holidays excepted during the usual postoffice business hours of the town or locality where the depositories are located.

Accounts may be opened by any person ten years of age or over and by married women in their own names and free from interference by their husbands. No person will be permitted to have more than one account. An account may not be opened for less than one dollar and no more than \$100 can be deposited in any one calendar month. All deposits must be in multiples of one dollar, but in order that small amounts may be accumulated for deposit, savings cards will be issued and ten-cent postal savings stamps sold. When these cards and attached stamps show an investment of one dollar or more thereof, they will be received as deposits.

Deposits in postal savings banks will be made at one per cent interest credited to the books of depositors once in each year. No person will be allowed to have a balance in a postal bank in excess of \$500, exclusive of accumulated interest.

Funds received by postal savings banks are to be deposited in banks, subject to public supervision, as near as possible in the neighborhood in which the funds are received at a rate of interest not less than 2 1/2 per cent. The deposits are to be distributed among the local banks on the basis of the capital and surplus and the banks may give indemnity bonds to insure the safety and prompt repayment of deposits. At its option any bank may deposit collateral security subject to the approval of the board. In the event that banks refuse to receive postal deposits on the terms prescribed the funds may be deposited with the treasurer of the United States.

Provision is made for the maintenance of a reserve fund not more in amount than 10 per cent of the total funds deposited. Interest and profits accruing from deposits or investment of postal savings are to be applied to the payment of expenses of administration and any excess is to be covered into the treasury as a part of postal revenues.

All statutes relating to the safe keeping of and proper accounting for public moneys are made applicable to such funds and the postmaster general may require postmasters or their assistants to give any additional bonds deemed necessary.

DISTRESSED AFTER EATING

An Oklahoma Man Tells How He Cured His Stomach Trouble by the Tonic Treatment.

The symptoms of stomach trouble vary. Some victims have a ravenous appetite, some lose the sight of food. Often there is a feeling as if weight on the chest, a full feeling in the throat. Sometimes the gas presses on the heart and leads the sufferer to think he has heart disease.

Some people know that the strength which the weak stomach needs, and for the lack of which the whole body is suffering, can be found surely and quickly in Dr. Williams' Pink Pills. In hundreds of instances these pills have succeeded where every other remedy had failed, and in every case the cure was radical.

Mr. W. R. Persefield, of Kingfisher, Okla., a section foreman on the O. R. & P. R. R., says:

"For eight years I suffered from the tortures of indigestion and constipation. My stomach was sour and very sore. I could not eat without distress although I had a ravenous appetite and a craving for meat. I was also troubled a great deal by gas forming on my stomach.

"The doctors gave me but little relief and upon a friend's advice I tried Dr. Williams' Pink Pills. I could see some improvement after a short trial and used the pills until cured. The pills purified my blood, gave me strength and I can now eat a meal without distress.

"The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened digestive system has made hundreds of cures in the most severe stomach disorders. This record of cures should merit a trial for the remedy which is guaranteed free from opiates.

"A new edition of the booklet, 'What to Eat and How to Eat,' is free on request. Send a postal for it today and begin to cure yourself by following the directions it contains.

Dr. Williams' Pink Pills have cured anemia, rheumatism, sciatica, nervousness, after-effects of the grip and fevers, and neuralgia, owing to their blood-building property.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

HARRY WHITNEY BUYS.

Purchases Mansion on Fifth Avenue Valued at \$2,900,000.

New York, Jan. 28.—Following the announcement that Harry Payne Whitney was negotiating for the purchase of the James Henry Smith mansion, No. 871 Fifth avenue, northeast corner of Sixty-eighth street, Henry D. Winans & May announce that they have made the sale to Mr. Whitney. The plot is 55x200 feet.

The transfer includes the tapestries, furnishings, pictures and entire contents of the mansion. The property sold was held at \$2,900,000, and it is said that close to that figure was paid by Mr. Whitney.

The house was built for William C. Whitney in accordance with plans made by McKim, Mead & White, and when the building was finished Mr. Whitney gave Stanford White carte blanche in the selection of the furnishings, decorations, art objects, etc.

When the will of James Henry Smith was read it was found that he had in opportunity to purchase the house and its contents to Harry Payne Whitney. Mr. Smith's death occurred at a time when the panic had tied up securities and Mr. Whitney was unable to take advantage of the offer. Recently arrangements were made by George Grant Mason, a nephew and residuary legatee of Mr. Smith, to sell the building and its wealth of art objects at auction.

Mr. Whitney was impelled to make the purchase largely because of the desire of his wife to entertain on a large scale in her fifty-seventh street house, and also because of the fear that he would be hemmed in soon by the enactment of trading concerns in Fifth avenue adjacent to Fifty-seventh street.

FARMERS ON A STRIKE.

Will Sell No Live Stock or Poultry for Sixty Days.

Nevada, Mo., Jan. 28.—More than three hundred stockmen and farmers in Vernon county met here and passed resolutions not to sell any cattle, hogs, sheep, poultry, eggs and butter for 60 days, beginning February 1.

The farmers and stockmen here became angry because the packers issued a statement that the farmers and stockmen of the country were responsible for the high prices in meat and farm products and that they were reaping all the benefits derived from the advanced prices in these commodities. A committee was appointed to draft a letter which will be sent to all the farmers' associations in the United States requesting them to join in the plan to withhold products from market.

Acid Dyspepsia

Nervous People Are Frequent Sufferers From Too Much Hydrochloric Acid in the Stomach.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

"Sour stomach," or acid dyspepsia, is a form of indigestion in which entirely too much hydrochloric acid is secreted by the stomach. A sour taste in the mouth is the most common symptom of acid dyspepsia. The saliva, which is normally alkaline, is found, when tested, to be changed to acid, or just the opposite of what it should be in a state of digestion. This condition causes rapid and extensive destruction of the teeth.

Everything eaten turns more or less sour in the stomach, but sweets and acid fruits are far worse than any other food. If the eructation of liquids from the stomach occurs, they have such an extremely sour taste as to set the teeth on edge.

Hydrochloric acid is an important constituent in the gastric juice, but when too much of it is secreted, it does positive harm to the mucous lining of the stomach, and when acid is secreted in long continued it often sets up chronic gastritis, gastric ulcer and other serious diseases. The premature loss of all the teeth has been caused by acid saliva, which was dependent upon the excessively acid condition of the stomach.

STUART'S DYSPEPSIA TABLETS, besides furnishing pure, aseptic pepsin to the stomach to dilute the excess of hydrochloric acid, and to digest proteins and albuminous foods very thoroughly, also contain bismuth subnitrate and calcium carbonate, which are antagonistic to the acid, and therefore neutralize the effect of the excessive amount of acid in the stomach, and the continued use of these tablets will change the perverted condition of the secretions to a normal state.

If you are suffering from "hyperchlorhydria," as physicians term it, or in other words, acid dyspepsia, and experience a sour taste in the mouth, with acid eructations or heartburn, begin at once the use of Stuart's Dyspepsia Tablets, using one or two after each meal, or as may be required, and the same quantity at retiring time, for this trouble is allowed to run on, it may cause serious organic changes in the stomach. There are cases on record where the lining of the stomach has been completely eaten away through perverted action of the secretions.

Stuart's Dyspepsia Tablets have been tried in all forms of indigestion and dyspepsia with unflinching success, so that no matter which form you may be suffering from, the quickest way to cure is through the use of these powerful stomach tablets.

Secure from your druggist a fifty-cent box, and get cured of acid dyspepsia or whatever form of indigestion you may be suffering. Also send us your name and address for free sample. Address P. A. Stuart Company, 150 Stuart Bldg., Marshall, Mich.

GIVES HER A DOWRY.

Karl Jora Surrenders His Wife to Another.

New York, Jan. 28.—In a written statement witnessed by the German consul here, Karl Jora, the German toner, has made public the terms of his separation from his wife, Lillie Ruskin, he surrenders his wife to the man she loves.

Jora has agreed, says Jora, "that she get into the hands of the man she had bound myself to pay her \$25,000 in cash and \$1,000 a year until she is married again. To our three children I give \$1,000 a year for the rest of their lives. I gave my wife all the money I had before she sailed and I did not even have 50 cents to buy her a bunch of violets.

Jora kissed his wife affectionately before she sailed last week for Germany. He met her when a young man struggling for success and her life until recently has been very happy together.

SEND OFF FOR WESTON.

Mayor Gaynor Calls Him a Benefactor to Human Race.

New York, Jan. 28.—There was a little mutual admiration society meeting in the city hall when Edward Payson Weston, the veteran pedestrian, called on Mayor Gaynor. Although the mayor may be classed as an amateur in comparison with his old friend, Weston, he has an uncommon reputation as an enthusiastic patron and advocate of pedestrianism.

Weston told the mayor of his proposed transcontinental walk from Los Angeles to New York and the mayor gave him the following note:

To the Mayor of Los Angeles:

This will introduce to you my long-time friend, Edward Payson Weston, who intends to walk from your city to this city, and if you will give him a good send-off we will give him a good greeting when he arrives here. By teaching by his example the taking of outdoor physical exercise he is a benefactor to the human race and should be treated as such.

Sincerely yours,
WILLIAM J. GAYNOR.
