Celebrated Chinese Doctor Offers Treatment of Native Herbs Absolutely Free.

To one man or woman in each locality will be given, free, a proof treatment of Dr. Low's wonderful Chinese Roots, Bark and Herbs. This proof treatment, which is offered without one cent of cost, has been used in China for over four hundred years and has cured more men and women than any known treatment now in existence. To prove what this wonderful treatment will do, Dr. Tin is offering a free treatment to the skeptical man or woman who will come to him. A cured patient is a doctor's best advertisement. No matter how many other treatments you have tried, no matter how many other doctors have failed, Dr. Tin stands ready to prove to you at his own expense that his remedies will do the work. Sit down NOW and write Dr. Low, 319 West 13th Street, Denver, Colorado, telling him in your own words just how you feel and from what you suffer most. He will then send you a treatment prepared to meet the requirements of your case, and which will convince you that you are not in the incurable state, but can and will be cured. This treatment will be sent to you in a plain wrapper with the postage paid.

Don't put this matter off until tomorrow just because there isn't paper or pencil handy. Look one up now and write immediately. This is YOUR opportunity to get well. Don't waste it.

Is the World Growing Better?
 Many things go to prove that it is. The way thousands are trying to fit in. The proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, stomach and kidney trouble, "Every medicine I used failed till I took Electric Bitters and I feel like a new man. They're the best remedy I ever used. They're the best tonic and made. Try them. You'll see. 50c at Campbell Drug Co."

NO PIE FOR TAFT

President's Attendants Steal Away to Eat Morsel.
 Physician Denies the Executive All Pastry.

HEALTH IS EXCELLENT

People Marvel at Carrying Power of His Voice.

Say That He Can Be Heard a Block.

Edgemoor, S. D., Oct. 21.—President Taft was up before 7 this morning to make the first speech of his three days' tour of South Dakota. The first insurgent state he has traveled since leaving California. The president spent last night in New Castle, Wyo., and left there at 5:30 a. m. for this city. His day's program calls for stops at Custer, Deadwood, Lead, Sturgis and Rapid City. The president's train last night was surrounded by Wyoming militiamen. Mr. Taft did not retire until nearly midnight.

The president is in the best of health and is standing the trip remarkably well. His voice is holding up splendidly and his wonderful carrying power constantly is being commented upon. Speaking in the clear air of this hilly country President Taft can be heard a block away.

Undoubtedly the president's health largely is due to the diet which has been prescribed for him by Major Thomas L. Rhoades of the army, his official physician. Mr. Taft probably does not know the extent to which his food supplies are limited, but so far he has not complained. His fellow travelers in the private car, "Secretary Hillis, Major Butcher and Major Rhoades—are making something of an advantage of their chief in this respect. For instance the president is denied all pastry. Yesterday "or luncheon the cook baked a savory hot apple pie. Everybody in the car knew about it—except the president. When he asked for dessert, they supplied him with fruit, which was just over his head. The conspirators retired to one of the state rooms where a table had been set for the pie. They feasted royally on the masterpiece in pastry which the president sat, alone and neglected, in the observation end of his car wondering had become of his staff. Every day that pie is on the menu and the word is passed along the line to "stand by" and prepare for something "like no other used to make."

IT'S YANKEE BLUFF.

French Are Skeptical About New Flying Plan.

New York, Oct. 21.—Cortland F. Bishop, president of the Aero Club of America, returned to his work here today after an absence of six months in Europe.

"Every time I go abroad," said Mr. Bishop, "I come home realizing how far behind we are in aviation. There is no doubt that France is far ahead of all countries in aviation. Germany does not seem to be making much progress, and still sticks to a great extent to the dirigible. England has shown progress during the last year, but Italy is coming out over here in America we are almost standing still."

COME BACK AS STOWAWAYS.

"Spenders" Find \$1,000 All Too Short for Around World Trip.

Boston, Oct. 21.—After spending six weeks in foreign travel, living at the best hotels and motoring through the British Isles, Herman Anderson of Eskine, Minn., and James Ryker of San Francisco returned to the United States as stowaways on the steamship Michigan, which is at her pier here today. The two young men started their trip with a fund of \$1,000 each, which they had figured would carry them through satisfactorily. But when they reached Liverpool they found their selves with only a shilling between them.

WORRY OVER MISSIONARIES.

Relatives Fear for Those in Nanking Neighborhood.

New York, Oct. 21.—The cutting off of communication with central and western China by the activities of the revolutionists in those regions has given rise to considerable anxiety in American missionary circles.

"A cable dispatch from Tien-Tsin on October 17," said Dr. A. B. Leonard, corresponding secretary of the Methodist board of foreign missions, "assured us that our people in that neighborhood were safe. But we have information as far south as Nanking and from these we have had no word since the trouble began. Of course there is danger under such conditions as now prevail there, and we shall be very anxious until we hear they are safe."

STATE WILL SELL CARP.

Fishermen Lose Nice Graft in Wisconsin.

Madison, Wis., Oct. 21.—The state of Wisconsin is going into the "carp" business. For several years fishermen throughout the state have made a big profit in selling the lakes and selling the carp, which are canned and sold as salmon.

SCENE OF ONE OF THE MOST IMPORTANT CONFERENCES OF RECENT YEARS AND TWO OF THE LEADERS IN THE MOVEMENT...

Madison, Wis., Oct. 21.—In this city later in this month will culminate a national movement to enable citizens to have a hand in their own government. The occasion will be the first national conference of civic and social development and will be attended by about 2,000 people from all states. It aims to make every school house in America a public meeting place for non-partisan gatherings of citizens for the presentation and discussion of public questions or for other civic, social or recreational activities.

HE OBEYS ORDERS

Veteran Gets Complimentary Letter From President.

Held Up Taft's Auto During Kansas Visit.

Leavenworth, Kan., Oct. 21.—One of the amusing incidents of President Taft's visit to this city, September 21, was the action of some old soldiers at the home who refused to lower a rope that was stretched across a road when the president's automobile approached and which they were set to guard. It will be remembered that it was necessary for the secret service men with the president to cut the rope before they could get through.

President Taft was much amused by the incident and complimented the guard upon their gallantry. One of the men stationed to guard the road was W. H. Wacase. Mr. Wacase gave this explanation of the incident:

"The officer of the guard told us," said Mr. Wacase, "don't let anybody in or out until I come. When the president came, the officer of the guard did not come, so we refused to let them through. The secret service men cut the rope, but we held it until Captain Crozier came and told us to turn it loose."

Wacase is 67 years old. He enlisted in E company, 119th Illinois Infantry, in August, '62, and was in the army until September 9, '65. He was a prisoner on parole for ten months, having been captured by the Confederates while in a hospital in the south.

WHITNEY YEARLINGS GO ACROSS.

His 1912 Winnings Expected to Be Best in England.

New York, Oct. 21.—The most valuable consignment of yearlings ever sent abroad by one owner—32 in all—are recalled by his government as a result of the diplomatic exigencies engendered by hostilities between Italy and Turkey. He expects to be assigned to a consular post adjacent to Constantinople. It is said the acting consul at Philadelphia will assume charge here, while John Sabetta was for many years a resident of North Africa.

FATHER TRIES TO KILL NEGRO

Black Who Writes Letter to White Girl Has Close Call.

Hiawatha, Kan., Oct. 21.—Edward Walthall, a negro, barely escaped lynching here, following his arrest on the charge of writing an improper letter to Miss Virginia Sarver, who had been induced by the authorities to agree to meet the negro there.

The young woman's father was unable to restrain himself as Walthall came in sight and threw a rope about his neck with which others attempted to lynch him. Walthall was waiting secured the negro and took him away in safety.

To Remove First Sign of Old Age

The infallible first sign of age is the sagging cheek muscles," says Mrs. Lina Cavalieri, whose fame as a beauty culturist is scarcely outshone by that gained before the footlights. "These are more difficult and serious to treat than wrinkles," she continues. "The sagging muscles indicate that they have grown too weak to remain in place; they must be assisted, strengthened."

WEEKLY MARKET SUMMARY.

Steel Prices Lowered Results in Much New Business.

New York, Oct. 21.—Movements of stocks were irregular during the week, with greater firmness toward its close. Speculative opinion was confused and uncertain and the market was lacking in stability. Fluctuations of prices were due chiefly to the operation of professional traders. The widest movement was a decline of 10 points in Great Northern Ore credits, owing to the announcement that the United States Steel Corporation would cancel its lease of the Great Northern ore lands.

DERMATOLOGIST GIVES COMPLEXION SECRET

The great secret of keeping the face young is to keep off the dead cuticle," said Dr. J. Mortimer Mitchell, now visiting the noted English dermatologist, now visiting this country. "It is well known that the surface skin is constantly dying, falling off in imperceptible particles, except in some diseased conditions, when the same appear like dandruff. But the particles do not drop off immediately, they die, being held for awhile by the live skin."

To have the dermatological surgeon peel off the entire cuticle at one time is a painful and expensive process. The same result is obtained by applying ordinary mercurized wax, as you would cold cream. This is both painful and expensive. The wax, procurable at your drug stores, hastens the natural shedding process. It gradually absorbs the dead and half-dead skin, revealing the new, healthy, youthful-looking skin beneath.

 Ready to Help You in Emergencies
 Bishop May Be Indian.
 Episcopals May Choose Red Man for Work in Dakota.
 New York, Oct. 21.—The Episcopal house of bishops will meet in special session here next week to elect four new prelates, three for foreign fields and one for the Indians of South Dakota. One of the new bishops will preside over the new district of Central America, recently transferred to American supervision by the English church, with Panama as the see city. The district of South Dakota has a number of counties wholly inhabited by Indians, of whom many are Episcopals. The election of an Indian clergyman as bishop is considered probable.
