It's the greatest money saving event in Topeka's History. The quality, the style, the assortments made it so.

THE FAMILY FALLS

R. W. Thomson Last Member to Take Tumble.

They Just Can't Keep From Falling It Seems.

Ottawa, Kan., Nov. 14.—If W. O. Thomson, of Williamsburg, is at all superstitious, he will be very careful when he gets above the ground. His family seem to be marked for bad falls. One brother met his death by a fall, another was rendered unconscious for over two weeks in the same manner, and a third brother, R. W. Thomson, of Humboldt, has been unconscious for the past week as a result of a fall from a peach tree. The latter Mr. Thomson fell 28 feet from a peach tree on his farm near Humboldt. He had had a few short periods of consciousness since his fall. His physician says that he is recovering nicely from the blow and will be all right in a short time. Although he is 51 years old, Mr. Thomson climbed into the tree to shake the nuts down. He stepped on a dead branch which was about four inches in diameter. The branch broke under his weight. He struck on his back. The ground was rather soft and the exact point of his body was left in the dirt. The strange part of the accident

is that there is not a bruise nor a scratch on his body.

Topeka Man Has Tumble.

D. T. Thomson, now of Topeka, was the first of the family to fall. He fell from the top of a bridge near Holliday, Kan., striking his back on a piling. He was unconscious for about two weeks as the result of the fall. The accident happened about 20 years ago. While he was convalescing from the fall, Mr. Thomson had an overpowering desire to take his own life. He attempted suicide three times, but was saved in each case. After recovering from the fall he and was normal. He is now a car inspector in the Santa Fe shops in Topeka.

D. O. Thomson fell from a building in Kansas City about ten years ago and was killed. He only fell about fourteen feet, which is a shorter distance than either of the other brothers fell. Another brother, J. H. Thomson, lives near Williamsburg.

HE "HOORAHED" A TOWN.

Charles Simpson Now Sought Upon

Bennington, Kan., Nov. 14.—Charles Simpson who held the distinction of being the first prisoner of the new Bennington jail about eighteen months ago, and who has been locked up several times since to sober up from a drunken spree, has got himself into trouble of a more serious nature. A few nights ago he decided to take sole possession of the town, and have things all his way. With a revolver and a butcher knife he first drove his wife out of the home, then came down town attacking anyone whom he happened to meet, and threatening to shoot the mayor, city councilmen, marshal or anyone that interfered. He had the town in terror and everybody in hiding.

A state warrant was issued for his arrest, but the next morning when the officers went to serve the papers on him they found he had sobered up in time to realize what he had done and left.

Mrs. Simpson is in a pitiable condition, as about two years ago while trying to keep the wolf from the door by scrubbing her hand was caught and torn off at the wrist by the washing machine. This distressing accident caused Simpson to swear off drinking for a while and go to work to support his wife.

TRAIN CUTS CAR IN TWO.

Autoist Couldn't See Engine for High Hedge.

Wellington, Kan., Nov. 14.—W. A. Kleinsteiber, in an E. M. P. motor car, met Santa Fe passenger train No. 117 head-on at a crossing three miles northeast of town, and being unable to

get out of the way sat in the car and watched the train go by.

The engine clipped off Mr. Kleinsteiber's car's radiator, two fenders, the hood and a front wheel, but left the rest of the machine and the driver intact. Kleinsteiber sat within a few feet of the racing machine and train and didn't faint when it all was over. He got back to town and made arrangements for the removal of his damaged car. The engineer didn't know he had been so near an accident. A high hedge at the approach of the track keeps the road user from seeing trains from the north, and Kleinsteiber was in the train's path before he knew it. He believed the best thing to do was to get out of the way with his machine and he guessed right.

TRUSKETT TO JURY SOON.

Noted Kansas Murder Case Being Tried Fourth Time.

Independence, Kan., Nov. 14.—The fourth trial of A. A. Truskett, charged with the murder of J. D. S. Neely, a wealthy oil promoter of Lima, O., which began here, is proceeding rapidly. The state finished the introduction of its direct evidence at noon. The defense had submitted half its testimony when court adjourned. It is probable that the case will go to the jury today or Friday. Much of the evidence is in the form of depositions of witnesses who were examined at previous trials.

PAPE'S BREAKS A COLD AT ONCE

First Dose of Pape's Cold Compound ends gripe misery—Tastes nice—No quinine.

You can surely end Gripe and break up the most severe cold either in head, chest, back, stomach or limbs, by taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, mucous catarrhal discharges, running of the nose, soreness, stiffness and rheumatic twinges. Take this wonderful Compound as directed, without interference with your usual duties and with the knowledge that there is nothing else in the world, which will cure your cold or Gripe, misery as promptly and without any other assistance or had after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine—belongs in every home. Taste nice.

SHE GOT RESULTS

Iola Prophet Also Cleaned Up Considerable Money.

One Man Put Up \$200 as "Magnet," He Says.

Iola, Kan., Nov. 14.—If the stories that are being virtually poured into the ears of the police are true, Madame Louise Perin "clairvoyant and Prophet," and her manager, name unknown, did not find Iola an unprofitable field.

Sums alleged to aggregate over \$200, according to reports received by Chief of Police Coffield, have been lost by Iolans who entrusted their money to "Madame Perin" over night in order that she might use the coins and bills as "magnets" to "draw" great things. Evidently there was no virtue in the coins for they drew blanks for every one who put them up.

According to the information furnished the police, Madame Perin and her manager came to Iola about a week ago. Immediately the Madame gave much publicity to her work and wonderful ability.

"Mrs. Perin, it must be truthfully said, employs none of the mysterious machinery which often serves to make spiritual manifestations suspicious," the clairvoyant's published statement said. "She impresses her gifts upon the people who call on her without the employment of a single mechanical agency. She uses neither darkness nor mummery in her readings."

That claim must have made good. The Madame did not use machines or mummery. She used real coins—real money, those who claim to have been victimized assert. "I put up \$200," one person telephoned to Chief of Police Coffield, "to be used as a magnet, over night. The money was to attract great things, but when I went to find what the great things were, the Madame had disappeared." The second complaint came from a man who said he lost \$15. He put up a \$10 and a \$5 gold piece to be used as "magnets." When this particular person sat for his "reading," the Madame asked the man who said he lost \$15, for a \$5 gold piece to serve as a magnet. Later, the seer found that a five dollar coin was in-

sufficient and asked for a ten, which she secured.

The "subjects" were told to return the next morning for the "results." They did. But Madame had gone and the result was—a loss.

Only one man has come out in the open and charged Madame Perin with swindling him. Others who have reported their loss refuse to give their names.

"I lost \$15 to this woman," one man said over the telephone, "but it was so foolish for me to do so that I do not want to give my name."

Chief Coffield has no means of knowing just how many persons were victimized, or the amount because in most cases the victims do not want to admit their guilt of being so unsophisticated. But, according to the complaints, the losses exceed \$300.

Madame came to town, paid her license, room rent and other expenses; then suddenly departed.

Aged Woman Prefers to Walk. Eldorado, Kan., Nov. 14.—When automobiles sent by the members of the W. C. T. U. to convey all the women of Eldorado over 70 years of age to the twenty-second annual dinner

GAS, SOURNESS AND INDIGESTION ENDS

Just as Soon as "Pape's Diacepsin" Comes in Contact With the Stomach All Distress Is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diacepsin the largest selling stomach regulator in the world. If you use our ferments into stubborn ulcers, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diacepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diacepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Adv.

given today, November 14, in their honor, no machine will stop at the door of Mrs. Harriet Hull, aged 89, a Butler county pioneer, although she will be an honor guest. Mrs. Hull prefers to walk and laughs at the idea of a machine being provided for the two blocks between her home and the Methodist church where the affair is given.

WOMAN ALSO LEFT TOWN.

Now Wife of Karl E. Shane Asks for Divorce.

Salina, Kan., Nov. 14.—A suit for divorce has been filed by Mrs. Mittie Shane against Karl E. Shane. Mrs. Shane seems to relate a story of a double departure which occurred here about the second day of the present month, when Mr. Shane left Iola and Mrs. Miller left also. Shane has been employed on the street railway here and Mrs. Miller and her husband have been running a restaurant and refreshment stand near the Santa Fe depot, near where the street cars stop between runs. It is presumed that the disaster which came to the two families was traceable to the propinquity which this change brought about.

Mrs. Shane states in her petition that she was married to Shane in Lawrence, Kansas, in October, 1895, and that they lived together more or less happily until November 2, 1912, when he deserted her. She says that he took his clothing and about \$450 of money which he had saved, leaving her the sum of \$135. He left, she says, ostensibly for Lawrence, while on the same train Mrs. Miller left for Kansas City. She asserts that the two traveled only as far as Coffeyville, where they left the train and took the south-bound train, going to Coffeyville, Bartlesville and then to Pittsburg.

AUTO OVERTURNS, FOUR HURT.

Car Upsets When Driven Out of Track for Rig.

Minneapolis, Kan., Nov. 14.—The overturning of an automobile, seven miles north of Minneapolis, injured the four occupants, Misses Copeman and Stull and Messrs. Chapin and Couger. The young people were driving between Minneapolis and Delphos. They had turned out to pass a rig, but did not notice a bad spot in the road ahead. They ran into it and the automobile overturned. Miss Copeman was injured very severely. One leg was broken in two places and one ear was almost torn off. She received many severe bruises. Mr. Chapin was badly injured. It is reported he had several ribs broken. Mr. Couger received several bruises,

but Miss Stull escaped practically uninjured.

The automobile is damaged somewhat.

WILSON COMING TO KANSAS.

He Will Speak at Social Center Convention in Lawrence.

Lawrence, Kan., Nov. 14.—President-elect Woodrow Wilson will visit Lawrence next month to attend the national convention of the Social Center association, according to a notification received from him today by Chancellor Frank Strong of the University of Kansas. Fourth vice president of the association are other speakers will be Jane Adams, of Denver, Louis Brandeis of Boston, and Herbert Quick of Des Moines, Ia. One object of the convention is to work toward the making of school houses social, civic and recreational centers of the neighborhood.

Suit Grows Out of Murder Case.

Junction City, Kan., Nov. 14.—Papers were filed in the district court here for Fred Pickering, against Walter O. Mullins, for damages amounting to \$5,600. The petition states that Fred Pickering was arrested September 20, on a blackmail charge on a warrant sworn out by Mr. Mullins. After a preliminary hearing he was bound over to the district court and on November 11 the case was dismissed by Judge King. The petition is lengthy and goes into details of the matters Pickering was accused of, also giving a version of the story as told by Pickering connecting him with the case growing out of the murder of Anthony King, a former Junction City man, at Alta Vista, two months ago. Pickering sues for \$5,600 damages, \$500 attorney fees and \$100 for 41 days in jail. The petition must be answered by December 4 and comes up at the March term of court.

Long Hair Dandruff Falling Hair An Elegant Dressing Makes Hair Grow Ayer's Hair Vigor DOES NOT COLOR THE HAIR J. C. Ayer Co., Lowell, Mass.
