

You will have a chance to spend that dollar again

Every dollar you spend for a "made-in-Topeka" article does a two-fold duty. It supplies you with the merchandise you desire, and the Topeka firm that receives it is strengthened that much. That dollar has a chance to come your way again. A single purchase may not be much in itself, but many such purchases as yours will help keep Topeka people busy, and that's what Topeka and the state needs

There are two elements in a bargain
