SOCIETY

The January meeting of the Topeka Federation of Women will be held Thursday at the Y. W. C. A. The program of the afternoon, which will be in charge of the department of education, in charge of its chairman, Mrs. W. A. McCarter, will be of a literary character, and promises to be of equal interest with the other entertainments of the federation this year.

The board of managers will have a meeting at ten o'clock Thursday morning. Two department meetings will be open to all members of the federation. The meeting of the department of music will be held at 11 o'clock, with the chairman, Mrs. George Parkhurst, presiding.

At 12 o'clock a joint meeting of the departments of civics and justice will be held. Mrs. S. A. Thurston presiding. Mrs. C. J. Evans is chairman of the civics department, and Mrs. Thurston of the justice department. Their program will include an address by Mr. D. A. Ellsworth, secretary of the Kansas State Teachers' Educational council, and his subject will be "Needed School Legislation."

A cafeteria luncheon will be served at 1 o'clock. After luncheon a reception will be held, beginning at 2 o'clock, when the guests of honor will be introduced to the women of the federation. Those who will stand in the receiving line are: Mrs. S. S. Estey, president of the federation; Mrs. J. C. Gafford, chairman of the social committee; the guests of honor, Mrs. May Belleville

Brown of Salina, Miss Esther M. Clark of Lawrence, and Mrs. George H. Hodges, wife of Governor Hodges. Mrs. Norman Wear and Mrs. W. T. Crosby, members of the social committee, assisted by the board of management, will assist in making the social hour a pleasant one.

The afternoon meeting of the federation will convene at 2:30 o'clock, and will be in charge of the educational committee. The program will include three numbers. The first will be an address by Mrs. May Belleville Brown of Salina, widely known in club circles as an efficient worker and a former president of the State Federation, but far more widely known in the literary world as a successful short story writer. Her subject for the afternoon will be "Poetry and Life."

Mrs. Brown has no superior among Kansas women as a speaker. She has considerable oratorical power, she is a clear thinker, a master of eloquent expression, and has an unusually good voice for public speaking. The second number of the afternoon program will be given by Miss Esther Clark of Lawrence, who will read from her own poems. Miss Clark is pre-eminently the poet of Kansas, and she has succeeded in putting the spirit of poetic beauty into rhythm as no other Kansas writer of verse has done.

The third number will be a vocal solo, "Crossing the Bar," by Tennyson, which will be sung by Mrs. George Parkhurst. The afternoon meeting will be preceded over by Mrs. W. A. McCarter.

Miss Helen Estey was hostess at a thimble party this afternoon, complimentary to Mrs. William McPherson of Howell, Mich., who is visiting her father, Mr. W. W. Mills.

Mrs. George H. Hodges was the guest of honor at a dinner party given Monday night at Mills's tea room by her sorority sisters, the Kappas. In the center of the dinner table there was a crystal basket filled with white

roses, and tied with ribbon in two shades of blue, which are the sorority colors.

Those who sat around the table were: Mrs. Hodges, Mrs. Otis Allen, Mrs. Winter, Miss Anna Banks, Miss Florence Dice, and Miss Helen Spielman.

The dinner was a farewell party for Mrs. Hodges, and is the second affair which the Kappas have given recently in her honor.

At a recent meeting of the board of managers of the Topeka Federation of Women, the limit of membership, which has previously been 200, has been raised to 250. There were some 14 or 15 people on the waiting list, and still others who would have liked to ask admission to the federation, had they not known that the roll was full and the waiting list large. The provision for an additional fifty members will take in the present waiting list, and will leave room for others who may want to enter the organization.

Those members desiring to propose names for membership should send them to Mrs. S. Estey before the meeting of the federation Thursday of this week.

N. Graft, editor of the Oakland Blade.

The special program for the day will consist of a study of the question of the primary law. Mr. H. G. Larimer, who drafted the original primary law, will make an address on the subject, which will be followed by a general discussion, led by members of the club. Taking part in the discussion will be Mrs. Frank Doster, Mrs. Dewitte C. Nellis, Mrs. W. A. Johnston and others.

At one of the holiday parties, where there were a good many out-of-town guests, one of the strangers was under consideration by a group of the town girls. It was agreed that she was pretty and that she voiced enough amiable small talk to appear pleasant. "What I can't make out," one of the girls remarked, "is how much of her is natural and how much artificial. I have watched her but her eyes till I'm sea sick." The question seemed to be whether it was saint Vitus dance or desire to call attention to a pair of really lovely eyes.

QUICK RELIEF FOR DYSPEPTICS

"The worst and most confirmed dyspeptic, those who for years have been unable to eat without discomfort or intense pain can quickly overcome the trouble and enjoy the pleasure of eating a hearty meal of the good things they have been denied for years, if they will only use a little common everyday horse-sense," says an eminent specialist who recently returned from a ten-month stay in Europe. In explanation he said: "The great majority of all cases of stomach trouble—dyspepsia, indigestion, gastritis, etc., are primarily due to excessive acid and food fermentation. Tonics, opiates, or artificial digestions, which merely cover up the trouble or temporarily aid digestion are as useless and foolish as it would be to mend a punctured tire without removing the nail that causes the trouble. What must be done—and it's the only logical thing to do—is to neutralize the acid and stop the fermentation which has for years been irritating and distending the stomach. For this purpose I have found nothing quite so good or convenient as taking a teaspoonful of ordinary bisulphate of magnesia immediately after meals or whenever pain is felt. No matter how severe the case may be, this should be tried for I personally know of many cases where patients after suffering for over 20 years, attending hospitals and even undergoing such serious operations as that for appendicitis, have obtained quick and permanent relief by following this simple common-sense advice. I may add that I understand from inquiries I have made that most druggists in this country are now able to furnish bisulphate of magnesia in 5 grain tablets as well as the ordinary powder form. Two or three of these tablets are usually sufficient to give instant relief in the most severe attacks of acute indigestion.—Adv.

No Trouble to Remove Superfluous Hair

(Toilet Tip.) It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered dettolone, apply to hairy surface and in 2 or 3 minutes rub off with the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real dettolone.—Adv.

If it's coffee that is causing your nervousness, headache, heart flutter, biliousness, or sleeplessness, and you want to keep on with these troubles another year, why—stick to coffee! (It's an established fact that the poisonous drug, caffeine, in coffee causes these and other ills.) But if you want to know the joys of freedom from coffee troubles, quit coffee and use

POSTUM—the delightful pure food-drink. Made from prime wheat and a bit of wholesome molasses, and free from caffeine, or any other harmful substance. Usually a ten days' change from coffee to POSTUM is sufficient to convince most coffee drinkers that "There's a Reason" for POSTUM.
