

SHOWS A BIG GAIN

Senate's Educational Appropriation Is \$4,125,000.

Increase of \$1,200,000 Over Allowance for 1913.

VOTED DOWN LAMBERTSON

"I Know a Band Wagon When I See It," He Admitted.

Upper House Will Stand Pat on Recommendations.

The state's great educational appropriation bill carrying with it four and a third million dollars for new buildings, other betterments and the running expenses of the state's institutions of higher learning, was approved in the senate committee of the whole Thursday afternoon under the special order when a long list of appropriation bills were considered.

It calls for an increase of more than \$1,200,000 over the appropriations of the 1913 session, \$870,850 being for new buildings and \$342,751 being the increased cost of operation in prospect for the biennium. To the building item it is proposed to add \$90,000 appropriated but not used in the last biennium.

For the first time in the state's history the work of the ways and means committee in drafting the educational appropriation bill was simplified by the budgets submitted by the state board of educational administration.

No less than two million dollars of estimates of school needs, furnished by members of the several faculties under the board's direction, had been eliminated by the board before it passed its recommendation along to the committee on ways and means.

Had to Buy Coal.
For the first time special provision is made for the purchase of coal at several of the state institutions which have in the past been supplied from the state treasury. The fuel items in the present bill amount to \$148,000, a substantial part of the increase in the maintenance appropriations.

An item of \$500,000 a year for extension work at the State Agricultural college includes provision for accepting the terms of the Smith-Lever bill. Under the federal act there has been allotted to Kansas \$14,000 in 1915 and \$8,000 in 1917 for extension work on the condition that the state spends corresponding sums.

A ten per cent increase in general cost of maintenance throughout the state educational institutions has been called for. At the Kansas university, where the annual allowance in the last biennium was \$530,500, it has been increased to \$582,000 for the next. At the Agricultural college the increase is about the same, or from \$480,500 a year to \$527,500 a year. The maintenance appropriation at the Emporia State normal is unchanged from \$157,500 a year, but there are new allowances for repairs and fuel. Small increases are allowed at nearly every other school except that of mines at Weir.

New buildings called for in the present appropriation are:

State university, central section of administration building	250,000
State Agricultural college, physics building	100,000
Slaughter house at same school	3,000
Hall and store room, horticulture department	1,500
Poultry laboratory and hay barn	1,850
State Normal school, Emporia, Preston B. Plumb Memorial building	250,000
The above item includes the appropriation of \$65,000 made in 1915 in the hope of repairing the present administration building which is said to be unsafe. The money was not used as being insufficient for the needs.	
State Normal school, Pittsburg, household arts building	124,500
School of Medicine, Rosedale dispensary	30,000
School of Medicine, Rosedale hospital	75,000
Total	\$835,850

The last item includes the reapportionment of \$25,000 made in 1913 but not expended.

JEWEL FLOYD AT THE ORPHEUM.

All the world loves a scandal, so someone has said, and this is proven true at the Orpheum this week, in the five reel photoplay "The World and His Wife."

Betty Nansen, who plays the part of the wife in this photoplay, is a strong emotional actress and her work is good.

The plot of the play is woven around the actions of the "wife" and her husband's nephew who comes to live with them.

A good illustration of how fast gossip travels is shown in the picture. The vaudeville program is unusually good. Dumais and Floyd, high class entertainers, open the program with a comedy-singing act that is above the average. The Crown City Four, a quartet of male voices, is the other number on the program and receive its share of applause.

SNAP SHOTS AT HOME NEWS.

[Additional Snap Shots Page 5]
"Jitney jokes" are in vogue at Topeka vaudeville houses.

The Research club met this afternoon at the home of Mrs. L. M. Galvin, 1338 Fillmore street.

So far no bombs nor submarines have been noticeable in Topeka because of the jitney war.

A Washington birthday social will be given this evening at the paragonage of the First German M. E. church.

A Topeka man purchased a pint bottle of whisky recently and when he opened it he found it was coffee.

Those who welcomed spring earlier this week with open arms, are now growing. A drizzly day is never popular.

Judge Dyer is holding federal court in Kansas City this week. Judge John C. Pollock is in Des Moines holding court.

"Young man," said a plain spoken Shawnee county farmer today, "you should drink flaxseed tea. It cured one of my calves."

George D. Brewer, Socialist, will speak at Lincoln Post hall next Monday evening at 8 o'clock. No admission fee will be charged.

Herbert Clark of the Thompson Hardware company is convalescing at his home, 1910 Quincy street, from an attack of typhoid fever.

The Brotherhood Bible class of the First United Brethren church will hold a special meeting this evening at 7:30 o'clock. An interesting program has been arranged.

Lena Shepherd and Teresa Douglas, colored women, were arrested Thursday and turned over to the county jail on the charge of robbing D. A. Hippensteel, a blacksmith.

A meeting of the Anti-Commission City Government League will be held at the Throop hotel tonight. The meeting is open to the public and the invitation to attend is general.

Many people have the opinion that Tom Powell, who is running a minstrel show now appearing at the Orpheum, is Topeka Tom Powell. The Topeka man played in the Commercial club minstrels.

A Washington's birthday program was rendered this afternoon at a meeting of the Ladies Aid society of the First United Brethren church at the home of Mrs. D. L. Hoagson, 423 Greenwood avenue.

A meeting of the West Side W. C. T. U. will be held at the home of Mrs. F. H. Pitcher, 308 Woodlawn avenue, Friday afternoon at 2:30 o'clock. It will be in the nature of a Frances Willard memorial service.

"If the pure complexion bill had passed," said one Topeka woman, "the women in the state would have worked hard for a bill preventing men from shaving, smoking, getting their hair trimmed or talking politics."

Boys of the senior class of the high school late Thursday elected the following officers of the B. O. W. S.: President, Edward A. Thompson; vice president, Blaine Battery; secretary and treasurer, Harry Welly; sergeant at arms, Fred Worley.

The maltese kitten at the city jail was saved. Through the efforts of Sheriff Kiene and Chief Ross, a hole was dug in the partition and the feline, which had been imprisoned there for three days, was given its freedom and a square meal.

There are plenty of students in high school who know "Barker's Conciliation Speech," "Thanatopsis," or other lung masterpieces in prose or poetry. It has long been the custom for the authorities in the school to make the pupils learn these things when they have been naughty.

A groundhog and two varieties of ground squirrels are living together at Gage park in one contented family. The squirrels would make just one good bite for the groundhog, but he seems to enjoy having the little fellows frisk about over him in the daytime. At night they snuggle up in the groundhog's fur.

Plans are being made now to send Delegates to the Y. W. C. A. conference at Estes Park this summer. The annual conference always draws thousands of Y. W. C. A. people from all parts of the country and Topeka has always been well represented. Formerly the conference was held at Cascade, Colo., a few miles from Colorado Springs, but since 1913 Estes Park has been favored.

Officers of the senior class of the high school elected at a meeting late Thursday are: President, Joe Parry; vice president, Lilla Nelsvanger; secretary, Etiose Sargent; treasurer, Henry Taylor; sergeant at arms, Edward Clark; manager for play, Edward A. Thompson; editor of Annual, William McCarter; member of Ad-

visory, Marion Smith; editor of World, Christina Ward; manager of World, Edward Clark.

The date for the graduation exercises for the members of the high school class of January '15 has finally been set—March 11. The exercises will be held in the Auditorium. It has been necessary for the members of the class to wait for weeks for their diplomas. The class hoped to celebrate the opening of the new high school auditorium, but the Peabody Furniture company failed to have the seats here at the time stipulated.

The women teachers of the Topeka

**He Was a Clerk:
His Wife Said:
Why Don't You Be Boss?**

"How?" he asked.
"Do this," she said, and showed him. It was as simple as A, B, C, only he had never thought of it. He did it; today he is superintendent of the same concern.

And every clerk can do what he did.
The wife herself explains the idea in the great series, "How I Helped My Husband to Make More Money," in the March

The Land of the Snake Dancers
is on your way to
California's Panama Expositions
The Hopi Indians of northern Arizona hold an annual festival each August in which priests dance with live rattlesnakes in their hands. There are other ceremonies, equally strange, nearly every month. The Santa Fe passes along the edge of the Hopi country and you can see replicas of their curious homes beside the track—or better still, break your journey long enough to visit their people.
"To California Over the Santa Fe Trail" is a breezy guide-book which tells about this wonderful Government. I will be glad to give you a copy, also our illustrated Exposition folders and Titles of Chamber-Grand Convoys.
Remember, the Santa Fe is the only line to both Expositions.

Women Prepare to Enter Fight

While the women of England, France and Germany are serving their country in looking after the wounded, rolling bandages, scraping lint, and sending boxes of provisions to their husbands, brothers and sweethearts on the fighting line, women of Hungary and Serbia, the wives of the soldiers, are ready to take up arms to assist them. In the revolution of 1848, the women of Hungary went to the front as officers and soldiers and stood shoulder to shoulder with their husbands, fathers and brothers.

American women are just as ready to serve their country in case of need. Many women, however, in this country are not sufficiently strong and sturdy to bear the hardships of the women now serving their country in Europe. The reason for this is that they do not get sufficient outdoor air, exercise, and their constitutions are delicate from the weaknesses of their sex. One woman writes Dr. Pierce as follows:

"For two years I had suffered from weakness, headache, pain in my back and side, which would become so sore that I could hardly bear the weight of my hand on it. Had cold hands and feet and many other bad feelings too numerous to mention. Home physicians' treatment did me no good. I had become very dependent, and thought I would never be well again, but with a faint heart I wrote Dr. Pierce and described my symptoms as

best I could. He promptly answered my letter and sent me his book. He outlined a treatment for me, which I followed to the best of my ability and after taking six bottles of Dr. Pierce's Prescription I can truthfully say that I feel like a new woman."

On request Dr. Pierce will send you hundreds of testimonials from thankful patients and with the writers' address and invitation to write. The mighty restorative power of Dr. Pierce's Favorite Prescription speedsily cures all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only with glycerine from nature's root and herbs with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-sensations, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence when certain help is at hand? What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers, in either liquid or tablet form. In the meantime simply write Doctor Pierce, Invalids' Hotel, Buffalo, N. Y., to send without charge the advice of a Physician Specialist absolutely free; 124 page book on woman's diseases sent free, too.

STOMACH UPSET? END INDIGESTION, GAS, SOURNESS—PAPE'S DIAPEPSIN
In Five Minutes! No Stomach Misery, Heartburn, Cases or Dyspepsia.
You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take Pape's Diapepsin occasionally.
Anything you eat will be digested; nothing can ferment or turn into acid, poison or stomach gas, which causes Belching, Distension, a Feeling of Fullness after Eating, Nausea, Indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water Brash, Pain in Stomach and Intestines, Head-

DON'T TAKE CALOMEL
Instead of dangerous, salivating Calomel to loosen your liver when ill, use headachy or constipated get a box of Cascarets. They start the liver and bowels and straighten you up better than nasty Calomel, without griping or making you sick—Adv.
