IN NORTH TOPEKA

Farmers Welcome Change From Tin Bridges to Concrete. Memento of Great Bend Storm Passes Through Town.

Farmers in northern Shawnee county are welcoming with satisfaction the announcement that all bridges to be built by the county this year are to be of concrete. Structures made of the cement-sand-peatle combination will mark the passing of the day when repairs will have to be made on bridges every season to keep them intact, and farmers who depend on the bridges for a route to the city will feel reasonably certain that the new structures will withstand falling trees or windstorms.

Iron bridges depended on mainly in the past for highways over streams and ditches have proved entirely unsatisfactory. The expense necessary to keep them up has been considerably more than the original cost, and the service they have given has been far below that expected.

Fuel Going to Waste. Sufficient fuel to generate heat for several families during the winter has accumulated at the front door of North Topeka but no one appears to recognize the opportunity to take a crack at the high cost of living. Driftwood that has been washed on the Kaw for months has been piling up against the piers underneath the Mehan bridge. Included in the drift are numerous huge logs any one of which would in itself provide fuel for several weeks.

At present the wood is doing no good and may be slowly injuring the bridge. It could be obtained with little difficulty, the river now being at an unusually low stage. Several of the piers with the piled up wood are resting beyond the water line.

Will Offer Original Play. "Samantha's Paradise Lost," an original playlet, will be presented by members of the Dramatic club of Knights and Ladies of Security lodge No. 8 at the hall, 837 North Kansas avenue, November 30. The cast includes 30 persons and is being directed by Mrs. Ella Wyatt.

Car Defies Storm. A memento of the Great Bend storm passed through North Topeka Thursday morning en route to St. Louis. The survivor of the tornado, an automobile—is being recalled to the factory from which it originally issued and will be sent over the country by the manufacturers as an advertisement for the machine.

The machine had evidently been hit hard and was badly mutilated. A widely varied assortment of scrap material had been used to repair the car, but despite the condition it was in, they persons that the machine is being repaired.

Notes and Personal. Following the prayer meeting at the Central Avenue Christian church Thursday, decision was made to change the regular prayer meeting night from Thursday to Wednesday night.

Mr. and Mrs. Pat Cunningham have gone to Excelsior Springs. Mr. Cunningham has been in poor health for some time and the trip to Excelsior was made in hopes of benefiting him.

Ruth McClure, eight-year-old, daughter of Mr. and Mrs. O. A. McClure, of 823 North Quincy street, was injured Thursday morning when she was struck on the head by a swing. The accident occurred on the Quincy school grounds.

The meeting of the Shorey-Rochester Literary society which was to have been held tonight at Rochester has been postponed until Monday night.

Miss Grace Wood, of Emmett, is visiting friends in North Topeka. She expects to be here for the remainder of the week.

Mr. and Mrs. A. V. Lindell and family will go to Osage City Saturday to attend a dinner at the home of Mrs. Lindell's parents, Mr. and Mrs. Gust Johnson, who will celebrate their fortieth wedding anniversary.

Use Monarch Auto and Furniture Dresser on your auto. Adv. Wayne Hardy, of 825 North Kansas avenue has been unable to report to the Santa Fe offices, where he is employed, owing to an injury to one of his fingers.

H. G. Barratt, of Grantville, was in North Topeka Thursday afternoon on business. Members of Wampanoa lodge No. 93, of the Red Men, will hold their regular meeting tonight in Barratt hall, 1902 North Kansas avenue.

Miss Ira Hopkins, of Rossville, was in North Topeka Thursday and spent the day visiting friends on the North Side.

Dick Elmore and William Colvin, of the Shawnee State bank, went on a hunting trip to Kiowa Thursday afternoon. Neither of them was detected bringing back any ducks.

Samuel Roller, of Silver Lake, was in North Topeka Thursday afternoon on business. The picture showing for the last time today is worthy of special mention. It is "The Butterfly on the Wheel," with Holbrook Blinn and Vivian Martin. It is a powerful drama and gripping with action.

At the Iris. Robert B. Mantell, the eminent dramatic star and the foremost of American actors, has recently signed an exclusive contract with William Fox to appear in a great series of modern screen dramas. Mr. Mantell is supported by Miss Genevieve Hammer and the first of the William Fox series in which he is to be seen is "The Blindness of Devotion," a striking and powerful drama which deals with the sins of modern society.

Mr. Mantell is delighted with his new field of endeavor and in a recent interview expressed himself as being dazzled by the lavishness of the scale upon which the William Fox photoplays are produced.

"Nothing appears to be too expensive for Mr. Fox to attempt," he said. "Why, do you know that even

a tenth of the sum expended upon "The Blindness of Devotion," would have paid the theatrical manager's bill." But in motion pictures, it is that realism is the thing. If a Turkish rug, for instance is to be used, it must be the real thing. The same applies to every "property" brought into play. One massive set used in Mr. Fox's production of "The Blindness of Devotion" cost \$10,000 for instance. A sturdy and solid mahogany was built and everything utilized in the particular scene was the very best of its kind obtainable.

Novelty Review. "Ye Olden Days and Present Ways" is the title of a delightful sketch presented at the Novelty last night by Harry Stephens and two attractive young women, Louise and Greta Brunelle. The types were well taken and the act was successfully put over.

Herbert Spencer and Fleta Brown appeared in a musical skit, in which Miss Brown's own compositions and songs, were presented. The act was a "go." In piano and banjo, Black Brothers showed real talent. W. F. Brown's bicycle act, which opened the show, was a nonsensical series of cycle work which was well received.

The Herbert Germaine Trio of acrobats had many clever feats which distinguished them from acts of similar character. The bill was nicely rounded out and was minus weak spots. Pathe News was interesting.

Hip Review. The "Five Comedy Kops"—four policemen and a feminine chief—present a clever burlesque on life in a police station. Their skit, which opened the bill at the Hip theater for the last three days of the week. They judiciously combine comedy and music and their act is difficult to forget.

Their act over. Ed Roth offers vocal and instrumental music, included in which is one piece of his own composition. In fact, the Killie—does his Highland fling on a wire. The act is unlike the average wire stunt and meets with approval. Fay Tischer, former Topeka girl, is featured in a musical picture, "Just Hunting," shown at the Hip today.

OAKLAND NOTES. Items for this department may be phoned to 3215 or State Journal office.

Word has been received here of the marriage of Miss Jeannette Gladys Barrett of Meadville, Pa., and George Albert Draut, which was solemnized Tuesday, November 16 at Fort Worth, Tex. Mr. Draut is the son of Mr. and Mrs. W. H. Draut, 245 Michigan avenue, and spent last winter with his parents here after a number of years' absence.

SUDDEN DEATH Caused by Disease of the Kidneys. The close connection which exists between the heart and the kidneys is well known nowadays. As a result, kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your own urine. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to try Dr. Pierce's Anuric. The symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Medical Discovery for blood and stomach.

BECAUSE HE WAS A JEW

Secretary Missouri Welfare Commission Explains Resignation. St. Louis, Nov. 19.—Further details of the alleged racial issue at the last annual meeting of the Missouri conference of social welfare, which led to the resignation of Oscar Leonard, for three years secretary of the conference, were made public by Mr. Leonard today.

Leonard said he resigned from the position to which he had just been re-elected unanimously because of an "affront to his race."

He said: "There was an organized effort on foot not to elect Rabbi Louis Bernstein of St. Joe as president of the conference as long as I was secretary. The only reason given by those who organized this movement was that the conference could not permit two Jews to hold office at the same time. When this became known to me, I felt I could not accept the office of secretary under the circumstances."

Gardens and Contentment. Give a man a garden such as fairly satisfies him, and from the soles of kindly thoughts it is but a step to a reasonable degree of contentment. You can't be contented unless you have kindly thoughts. No man of ungenerous thoughts and yet have no garden. If that were not so, we should have to be mighty sorry for vast masses of people who live in the city, rich and poor—and it would be oppressive to feel that where there is no garden there can be no contentment. But the garden often, if not infallibly, makes for just what the poet declares and likewise for the peace of mind of which he speaks. For there are three graces of the garden which usually go hand in hand—Kindly Thoughts, Contentment and Peace of Mind. There is no better place to woo them than in the garden in that daily hour which amateur gardeners consecrate to themselves while they shut out the world's work and its vexations.—Pittsburg Gazette-Times.

The Lawyer—"You really want a divorce?" The Wife—"Yes." The Lawyer—"All right. What about the alimony?" The Wife—"He can't pay any alimony." The Lawyer—"Eh? What is this—a practical joke? Take my advice, man; get back home and wait until he gets something. Fifty dollars, please."—Cleveland Plain Dealer.

EVERY THREE MINUTES ONE DIES IN THE U. S. The Anti-Tuberculosis Society illustrates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberculosis—and none are immune.

During changing seasons, or after sickness, blood-quality is most important, and if you and your family will take Scott's Emulsion after meals it will charge your blood with health-sustaining richness, quicken circulation, and strengthen both lungs and throat.

Scott's is free from alcohol—easy to take—it cannot harm. Get a bottle to-day. Scott & Bowne, Bloomfield, N. J. 15-23 (Advertisement.)
