

Quickest, Surest Cough Remedy is Home-Made

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it.

Get 2 1/2 ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the cough thin out and then disappear altogether. This ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and leads the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough for a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract rich in quinine, and is famous all the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2 1/2 ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or easy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach. Got a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation. To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons; to get this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast act on the stomach, liver, kidneys and bowels.—Advertisement

Ruinous Curling Irons No Longer Necessary

The woman whose hair has been burnt, dreads the hot curling iron. She knows only too well how destructive to the color and beauty of the hair this instrument of torture has been. She will therefore welcome the information that a simple product can be found at any drug store which will not only give her the desired wavy effect, but without burning, discoloring, streaking or injuring hair or scalp in any way. It is nothing more than plain liquid form. It should be applied to the hair with a clean tooth brush, preferably at night.

A convenient way is to divide the hair into strands and tuck these one at a time from root to tip. In the morning the hair will be found beautifully wavy and curly, having the appearance of perfect naturalness, no matter how the hair is done up. The most lasting and comfortable time and one used get only a few ounces of the liquid salinizer. This, by the way, is neither greasy nor sticky.—Advertisement

To Have Smooth, White, Soft Skin All Winter

Does your skin chap or redden easily in this weather, or become dry and flakey? Let me tell you a quick, easy way to overcome this. You can keep your complexion beautifully white, smooth and soft the winter long just use an ounce of ordinary mercurochrome nearest drug store and use a little before retiring, as you would cold cream. Upon arising, remove the coating with sudsy water. The wax, through some peculiar attribute, checks off the rough, discolored or bleached skin. The wax, when used, comes off just like dandruff, only in almost invisible particles. Mercurochrome simply hastens Nature's work. Used as required, it keeps the face constantly free from dandruff, scurf, skin and other such filthy, young-looking skin is its evidence. It's the best treatment for chapped lips, chapped, aged, muddy, freckled, stippled and all unbecoming complexions.

Some skins wrinkle early in winter. There's an excellent remedy in a harmless form made by dissolving 1 cc. of powdered eosin in a pint of water. This will quickly eradicate every line.—The Woman Beautiful.—Advertisement

Asthma-Catarrh and Bronchitis

Can Be Greatly Relieved by the New External Vapor Treatment.

Don't take internal medicines or habit-forming drugs for these troubles. Vicks' "Vap-O-Rub" Salve is applied externally and relieves by inhalation as a vapor and by absorption through the skin. For Asthma and Hay Fever, melt a little Vicks' in a spoon and inhale the vapors, also rub well over the spinal column to relax the nervous tension. 25c, 50c, or \$1.00.

VICKS' VAPORUB SALVE

ROUND-UP WEEK AT DODGE CITY

All the Old Time Cowpunchers Will Be There.

The New Chalk Beeson Theater Will Be Dedicated.

DODGE GIRL WILL OPEN IT

Tickets Are Being Snapped Up at \$5 Each.

All in Memory of Man Whose Name the House Bears.

More cowpunchers and cow punchers in western Kansas will hold another round-up in Dodge City this week when the new Chalk Beeson theater is dedicated. Because of the sentiments surrounding the memories of the days of Beeson, every old timer in the Dodge City country is buying \$5 tickets for the opening of the new Dodge City girl, which will be nothing lacking in the local settings surrounding the dedication of the new \$40,000 Beeson theater. Elsie Beeson, Dodge City girl, will realize a life-long ambition to appear as a prima donna in her home town and will head the "Dodge Girl" company which will dedicate the new play house.

Out in western Kansas the opening of the Chalk Beeson theater is an event that is attracting attention. It isn't the mere fact that Dodge City is to have a new opera house with music and legs and pretty faces coming for two nights. It is memories of the late Chalk Beeson and the days when Dodge City was a wild, wide open, frenzied frontier town that causes people to spend \$5 a seat for tickets at the opening performance. And when Elsie Baird, a home product, steps out in front of the footlights, the 800 seats in the theater will represent \$4,000 in the box office.

The Opening Night. This week Dodge City and the old timers are talking about the opening night at the new theater. But they are talking also about the old days when Chalk Beeson ran the Long Branch saloon, the days when Chalk Beeson was sheriff, when life on the cattle range was cheap and when Dodge was the wildest town in all the western country and when Chalk Beeson was feared by the rangers because he was the best gun man this side of Larabee.

It was in the days of forty years ago when Dodge City was just a few rows of wooden shacks that Chalk Beeson became an important factor in the affairs of Dodge City. When Chalk Beeson operated the Long Branch saloon, the saloon was the leading place of every cow puncher who came to Dodge for a round-up. Eddie Foy, the comedian, won his first plaudits, when he sang before the crowds of cow men in Beeson's place. That was Foy's first start on his stage career. Years later, when Beeson had closed his saloon and the town had "gone dry," Beeson was given Foy's guest at a Kansas City or Chicago theater. One night in Kansas City, Beeson's two sons—the same sons who have built the new theater—played in Foy's orchestra.

Both of the younger Beesons are musicians. Chalk Beeson was himself a musician and a lover of music. It was Chalk Beeson who organized and made famous the Dodge City Cowboy band. Ten years ago when Beeson was a member of the state legislature from Ford county, he directed the orchestra which played for the annual banquet in Topeka. But in that period between the time when Eddie Foy sang in Dodge City Beeson's saloon and the time when Beeson led the orchestra in Topeka, the Dodge City man became sheriff. It was Chalk Beeson who led the wildest thrills—women, wine, song, gun plays, and a primrose path through the cow past. It was the name Chalk Beeson who cleaned up the town.

When Chalk Beeson became sheriff, the old days began to fade. Beeson sent word to the cow men that the old days were no more. The men on the range were inclined to doubt Beeson's sincerity, but they were inclined to argue. Several of these men were taken to an undertaking shop in a little frame building after disputing Beeson's right to clean up the lid.

The Doolin Gang. Then the Doolin gang doubted Beeson's ability to enforce the law in Ford county. They robbed the Spearville bank and Beeson followed the gang into Oklahoma, killed two of the men and with his posse brought the others to Dodge City or tried to. Those were just some of the instances of the early days when Beeson was a factor in Dodge City affairs.

Several years ago Beeson was thrown from his horse and killed. Every pioneer in the western country who could reach Dodge City attended the funeral. Now the two sons who built a modern playhouse and dedicated it to his memory—the Chalk Beeson theater. Beeson's widow will sit in a box at the theater Wednesday night. W. J. Fitzgerald, former lieutenant governor; L. J. Pettyjohn, former receiver of the land office; Mike Sutton, Lew Madison, T. L. McCarty, Sam Stubbs, "Breck" Bond, and a score of other pioneers of Dodge City will attend the dedication. W. E. Davis, state auditor, is going home for the festivities. "I would miss it for \$100," Davis said today. "Every old-timer in that country will be there."

Bob Crawford and John Kelly of Hugoton will be in the audience at Dodge and Steve Cave has sent an order for tickets from Sublette. Bob Painter of Meade, C. M. Bray of Syracuse and Judge Hutchings of Garden City are some of the other celebrities of the plains who yet cherish the memory of Chalk Beeson and they won't miss an opportunity to see that the theater is properly opened.

"Y" BOWLERS TO MEET. Teams From Central and R. R. Associations Will Battle Tonight.

Bowlers of the Central and Railroad Y. M. C. A. are planning for a big time this evening when teams from the alley of the two institutions will decide superiority in pin knocking. Each institution will be represented by a team of five men, made up from the best talent available. The following will compose the two

M. A. LOW'S NEW PORCH

The Former Rock Island Attorney Is Improving His Home at a Cost of \$3,000.

M. A. Low, former general attorney of the Rock Island Lines, is building a \$3,000 porch at his home at 1271 Fillmore street. This veranda will be one of the most attractive in the city when completed. John F. Stanton is the architect who designed the porch and F. M. Spencer is erecting it. The porch is of red imported stone to match the house. It was pressed brick facings and columns. The latter have stone caps. The floor is being made of reinforced concrete, with terrazzo floor. The steps are to be of Carthage stone. A paneled stamp ceiling is being constructed, as well as a metallic roof. The porch is to be

Up to 75c work shirts; blue chambrays, satens and heavy shirtings 43c

\$1.00 gauntlet gloves of heavy leather; most all sizes. 79c

THEY ALL LIKE MILK

There is a Drinker for Every Bottle Brought to the City Hall for Inspection.

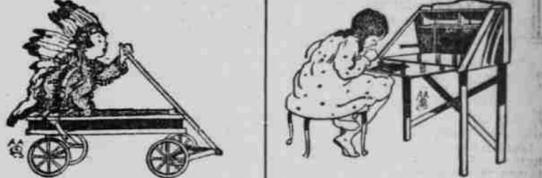

The milk-drinking habit is well-developed in the city building, owing to the fact that the office of the city milk inspector is located there. The trouble just at present appears to be that there are too many with the habit for the amount of milk available. When Dr. Leslie Rowles began inspecting milk he always had a supply on hand and didn't know just what to do with it. A bottle of milk is taken from a wagon, a grocery store or a dairy for testing purposes and only very small amount of it is used. People in the city hall soon learned this and there has been no question as to the disposal of the surplus since. There is a milk-drinker for every bottle of milk that comes in and the only fear is a shortage in the supply.

Toyland

Largest stocks—lowest prices The toy business is booming; already many of the more popular toys are sold down to small lots—to delay means that you may be disappointed. Bring the little tots down so they can meet Santa Claus and tell him what they want him "to bring them for Christmas."
