

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well.

Folks who are accustomed to feel dull and heavy when they arise, suffering headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of red hot water with a teaspoonful of sodium phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous germs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, others who have hollow skins, blood disorders and other complications are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone pronounce crank on the subject of internal sanitation—Advertisement.

Freckles and Blistches Are Easily Peeled Off

If you are bothered with any cutaneous blemish, it's a poor plan to use paint, powder or any other cosmetic.

To Overcome Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little semo furnished by any druggist for 25c.

Watch Child's Cough

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later.

LIQUID BLUE?

No, Mr. Grocer, that's mostly water. Since the war started it's more nearly all water than ever.

Achy Joints Foretell Trouble

A creaky joint often predicts rain. It also foretells inward trouble.

HERE'S A THRILLER

Zeppelin Battles Aeroplane Two Miles in Air.

French Aviator Claims Dirigible Vitrally Damaged.

AIRMAN AND U-BOAT IN DUEL

Sea Destroyer Hit by Well Directed Bomb.

Aero Squad Meets Zepps Returning From Raid.

Paris, April 26.—A French aeroplane at 3 o'clock this morning attacked a Zeppelin off Zebruge at a height of 13,200 feet, throwing nine incendiary bombs at the dirigible, which was believed to be returning from last night's raid on England.

The Zeppelin tilted its nose skyward and moved off but apparently was damaged, the French aviator reported in official dispatches.

At the same time another French aeroplane attacked a German torpedo boat off Ostend, firing several bombs. The torpedo boat was struck but the extent of the damage was not definitely known.

Bringing Down a Fokker. In recounting these activities, the war office announced that a French aviator brought down one of the famous German Fokker fighting planes at Lunville, near Nancy, and that the German pilot was made prisoner.

The attack upon the Zeppelin resulted in a thrilling battle more than two miles in the air, above the Belgian coast, in the darkness.

Only brief dispatches had reached Paris this afternoon. It appeared, however, that a French squadron, following out the new policy of meeting Zeppelin raiders, started toward Zebruge when word of last night's raid on England was telegraphed to the French coast to prepare to intercept the returning Germans.

Climbing to a height of more than two miles, the speedy French aeroplane maneuvered until it was above the sea, and then began to hurl down projectiles. The Zeppelin's searchlights began sweeping the sky with wide arcs of light and began sending streams of machine gun fire toward the speeding plane.

The aeroplane discharged practically all its load of bombs before the Zeppelin, apparently crippled, turned its prow skyward and climbed to still greater altitude at a dizzy speed.

Meanwhile, one of the French planes participating in the dash along the Belgian coast, spotted a German torpedo boat in the darkness off Ostend and attacked the small warship. Hits were observed, official dispatches stated, but in the darkness it was impossible to ascertain exactly how much damage was done.

BAY STATE BIG 4 WINS

Unpledged Delegates' Ticket Carries. Roosevelt Gets Four Delegates.

Boston, April 26.—Thirty-two of the thirty-six delegates chosen in the presidential primaries yesterday to represent Massachusetts in the Republican national convention are pledged to one candidate for president.

These include the four delegates-at-large, Col. Samuel W. McCull, Senators Henry Cabot Lodge and John W. Weeks, and former Senator W. Murray Crane. The remaining four delegates are pledged to favor the nomination of Theodore Roosevelt.

A revision of the figures today showed the following vote for delegates at large: Unpledged ticket, Samuel W. McCull, 52,775; Henry Cabot Lodge, 61,422; John W. Weeks, 58,588; W. Murray Crane, 59,185. Roosevelt ticket, Charles S. Bird, 46,209; Grafton D. Casvine, 48,235; Augustus P. Gardner, 45,495; Robert W. Washburn, 42,757. The Democratic delegates-at-large were chosen without opposition and favor the renomination of President Wilson.

Several Thousand March to Tune of Yankee Doodle in Dubuque, Ia.

Dubuque, Iowa, April 26.—Several thousand men, women and children, marching under many flags and to the tune of "Yankee Doodle," and other patriotic airs, paraded the downtown district tonight in an effort to demonstrate that this section is adverse to war.

The demonstration is said to have been under German-American auspices.

In Preparedness Demonstration. Washington, D. C., April 26.—Two hundred members of the Illinois Manufacturers' association, headed by Samuel M. Hastings, president, invaded Washington today to play host to Illinois members of the house and senate at a banquet tonight and to present a plan for preparedness.

The manufacturers chose this manner of expressing their favor of effective preparation against war. To make it more impressive, according to John M. Glenn, secretary of the association.

LUCK TO IRELAND MAY CALL IT OFF

American Co-Patriots Express Recall of Commission Gov't to Sympathy for Rebels.

However, Deny They Give Aid to Dublin Revolt.

Denver, Colo., April 26.—Proposals to revert to the mayoral form of government in Denver after two years' trial of a commission form of government will be passed upon by the voters at a special municipal election on May 9.

The election was evoked through the circulation of three petitions, each seeking to replace the commission form and to supplant it with a mayoral system.

The first steps to effect the change were taken by the Charter league, whose petition calls for the creation of the office of a mayor "with broad executive powers, whose duties to the city are those of a business manager."

The league says that under its scheme, a saving of half a million dollars annually would be effected in the operation of the city government. The league names no candidate.

Two other petitions have since been circulated, one by the returned office of former Mayor Robert W. Speer, and the other seeking the election of W. W. Booth. Under the present city charter all municipal elections are nonpartisan, but Mr. Speer is generally understood to be the Democratic organization and Mr. Booth to have the support of the Republicans.

At the special election in February, 1914, when the commission form of government was adopted, the measure carried by a majority of 7,849.

FOR ARSENAL BLOWUP

Two Germans Arrested for Disastrous Lisbon Fire.

Paris, April 26.—A report that two Germans had been arrested on the charge of setting fire to the naval arsenal at Lisbon is confirmed by newspapers of that city, says a Havana dispatch from the Portuguese capital today.

The fire occurred April 18, resulting in the destruction of two buildings with considerable scientific equipment and the government instituted an investigation which developed that it apparently was of incendiary origin.

Don't Believe Casement Insane. Local friends of Sir Roger Casement refuse to believe he is insane and declare that the British government has simply made the announcement to cover up a decision not to execute him.

One prominent attorney for the British government until the war's end, had this to say: "I do not believe he will be executed. To do so would make him a hero and a martyr. It would hurt England's cause in Ireland and in this country."

Obscure Cause. War is a sad mistake, they say; but all in vain we wonder when it is fiercely urged by just who has made the blunder.

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/2 pint of water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

TO END CATARRHAL DEAFNESS AND HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1/2 pint of water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

Women's Low Shoes \$1.69 Pair

241 pairs from last season's selling—patents, suedes and dull leathers. The sizes are broken, but if you find a pair to fit you, you have secured a most unusual value. Formerly, they were priced up to \$4.00. Special to close out at a pair—\$1.69.

Because of the low price these shoes will not be sent on approval or can not be exchanged.

DRILL TO START

Boring for Oil Will Begin Some Time Next Week.

First Hole Will Be Sunk Near Overbrook, Osage Co.

WILL DO A THOROUGH JOB

Prospectors Will Not Stop Until Question Is Settled.

Whether or Not There Is Oil or Gas There.

Drilling for oil will begin near Overbrook, in Osage county, some time next week, according to a statement made this morning by O. P. Boggs of Bartlesville, Okla., a representative of the Illuminating Oil and Gas company of Bartlesville. This company, Mr. Boggs stated, holds 22 oil leases in the vicinity of Overbrook, representing between 5,000 and 6,000 acres. Mr. Boggs was waiting at the National hotel this morning for a man who owns a drill which will be placed in the "Wild Cat" oil field near Overbrook. Charles E. Gault, an attorney, admitted this morning that he represented the interests of the Oklahoma company.

Geologists, Mr. Boggs stated, are now at Overbrook endeavoring to locate a site for drilling. The leases were obtained many months ago by G. W. Nolan, a Topeka man who has been interested in the development of the oil business near this city for years. Later they were taken over by Mr. Gault and Mr. Boggs representing the Oklahoma company. The leases have been sent to the company's headquarters at Bartlesville for recording and will be returned to Mr. Boggs in a short time and recorded in the office of the register of deeds of Osage county.

To Do Real Drilling. Mr. Gault this morning gave assurances that the oil leases were in the hands of experienced oil men who are pursuing up to date methods in drilling and will leave no stone unturned in their efforts to develop the project. Drilling will continue until Mississippi lime is found. Sometimes this is located at a depth of 1,500 feet and again drilling must continue until a depth of 3,000 feet is reached. If oil is not found by the time that Mississippi lime is reached the well is considered a failure.

Recently an inexperienced man continued drilling beyond the Mississippi lime. "I once knew a woman who owned 80,000 head of live stock," interposed the other fellow. "And yet this great cattle queen never got half the advertising that Mary received through the ownership of one lamb."—Kansas City Journal.

Well Advertised. "Mary had a little lamb," began the poet.

Mississippi lime," said Mr. Gault, "and he finally found oil." Activity on the part of the Wichita Natural Gas company in Shawnee county means that the county will ascertain for a certainty whether it is in the gas or oil belt, according to Mr. Gault. This company, Mr. Gault states, is a part of the Quapah Oil and Gas company, which has a corps of 60 geologists, all experts in the oil game.

LABOR CRISIS DUE

National Federation Backs Up 8-Hour Day in Pittsburgh.

Official Names May 1 for "Forceful Movement."

Pittsburg, Pa., April 26.—Activity in the electrical workers' strike shifted today to Wilmerding where fully 10,000 of the Westinghouse Electric and Manufacturing company strikers assembled in an effort to bring out the shell makers in the plant of the Westinghouse Air Brake company. There was some disorder and the strikers claimed they had added to their forces until they now number fully 20,000 men and women.

Entrance of the American Federation of Labor into the strike was forecast late yesterday when Frank Morrison, international secretary, attended a strikers' meeting in East Pittsburg. When asked if an industrial crisis would develop here May 1, he said: "Well, I would not say that, but along about that time organized labor will have a determined and forceful movement well under way here with an eight-hour day as their object."

More Careful Now. "Any rattlesnakes around here?" "What's your business?" asked the boy with the big straw hat. "What has that to do with it?" "Well, the last man who looked around here for summer board asked me a lot of questions like that, when I told him there wasn't any rattlesnakes or mosquitoes or anything, he said he was a naturalist and he guessed the place wouldn't suit him."—Washington Star.
