

KANSAS CITIANS ANSWER CALL OF BILLY SUNDAY

Thousands Turned Away From the Crowded Tabernacle.

Largest Meeting of Men in History of the City.

HUNDREDS WERE CONVERTED

Mrs. Sunday Addressed Overflow Meeting of Women.

Total of Converts for Two Weeks Is 3,532.

Total number converted at all meetings, 3,532. Total collections, \$17,275.15. Total attendance at Sunday meetings, 50,700. Grand total, 383,100.

And straightway many were gathered together in groups, that there was no room to receive them, so, not so much as about the door, and he preached the word unto them.—Mark, 11: 2.

Kansas City, Kan., May 15.—If a man were going to preach a sermon about the Billy Sunday meetings that would be a good test for it. Fifty thousand went out to hear Billy Sunday and members of his party preach but "there was no room to receive them," and twenty thousand were turned away. At the Tabernacle were ten thousand in the forenoon, twenty thousand in the afternoon, twenty thousand at night, and at least seventeen thousand came and found no standing room, "not so much as about the door" for there they stood as deep with umbrellas up, rain dripping down their necks, straining to hear even a word now and then.

Mrs. Sunday had nine thousand women in Convention Hall, which had been cut in two by a curtain, no one expecting so many, but Louis Shouse, the manager, said three thousand were turned away. Seven hundred boys and girls were at the meeting in the Grand Avenue Temple, where Miss Gamin spoke.

The harvest of converts for the day was 473, making a total of 3,531 in the two weeks since Sunday began his campaign.

"And he preached the word unto them," speaking in the tabernacle, he threw the harpoon into them good and proper at the great men's meeting in the afternoon. To use Billy's own words he knocked "em down, skinned 'em and dragged 'em out."

Biggest Ever Held.

It is a certainty that so many men never gathered together before in Kansas City to hear the gospel. Six or seven thousand of the twenty thousand stood up all through the sermon, and the rain dripped on some of them, and it was sudden underfoot out there in the vestibule, but it was so quiet throughout that every word uttered by Sunday was heard by all.

At the close of the sermon Sunday said he had never preached before to so quiet and so attentive an audience.

Mr. Sunday said the gathering in Convention Hall was the largest audience of women that Sunday party has ever brought together.

Mr. Sunday prayed one of his characteristic prayers in the afternoon, as follows:

"Our Father, we thank thee for the manhood of Kansas City and of Missouri and of Kansas. We're thankful for this great outpouring of men, Lord. Help them tonight, Lord, and tomorrow in the office, in the shop, in the store and in the factory. Help the fathers, the mothers and the sons. Boys, live anew in Christ and quit breaking your mothers' hearts. Boys, turn from the goddess gang. Husbands, don't break your wives' hearts. Not Askin' God's name."

"Thank you, Lord, for what this meeting means. May it be the beginning of the most remarkable spiritual awakening this country ever has seen. Lord, we're not asking too much. You can't ask too much of old Kansas City. She's in the front rank. She's got the financial ability that others envy. She's got the punch. Here she is, sitting in the hills, foremost in educational advantages, in riches, in commerce, she'll not fail, Lord, because she's not built that way. We want to see Kansas City for you because it's the most typical American city."

"Make a record here, Lord, advancing your cause through Christ until what Kansas City does will permeate the whole south and southwest, reaching down into Oklahoma and Arkansas and flowing back into Kansas and over the line into Colorado and back to Iowa, and not stopping, Lord, until it breaks against the shores of the Rio Grande."

"Help Us to Hate the Devil."

"Bless us, Lord, and when each man goes home to his wife and tomorrow to his business, let him be able to say that he has shaken hands and promised to live anew in Jesus."

"Help us, Lord, to hate the devil. Help us to stop cursing. Help us to cut out the booze and get on the water wagon. Help us to cut out the old crowd."

"Here us, Jesus, we pray, and we'll never forget you in the memory of the first great meeting for men in Kansas City. Amen. Goodbye."

In his prayer last night he denounced and defied the devil. He leaped upon a chair at the close of his sermon and shouted:

"How many here have broken at least some of the ten commandments? Stand up!"

"Instantly the whole audience arose. Not a person remained sitting. Mr. Sunday closed his eyes and prayed:

"Bless us, Lord, and when each man goes home to his wife and tomorrow to his business, let him be able to say that he has shaken hands and promised to live anew in Jesus."

U. S. TROOPS ON GOOD TERMS WITH CARRANZA'S MEN IN MEXICO

Top, Mexican army traveling in Mexico. American troops looking on. Bottom, mixed crowd of American troops and Carranzista soldiers at San Antonio, Mexico.

The United States may be nearing a break with Carranza, but there is very little bad feeling between Carranza's soldiers in the field and the American troops in the punitive expedition. In the lower picture Mexican and American fighters are shown together—a photo they posed for to disprove reports that there was ill feeling between Carranza's followers and Pershing's men.

EXPEDITION HALTS

Langhorne's Men Must Await Arrival of Supplies.

Are 200 Miles From Base and Bandits Interfere.

Marathon, Texas, May 15.—The expedition in search of the bandits who raided Glenn Springs, has checked its dash into Mexico and is now awaiting reinforcements before pushing on, according to reports received today. A message has been sent to General Funston by Colonel Sibley, commanding the Fourteenth cavalry it was feared here, asking for aid.

Military observers here point out that Major Langhorne and his flying squadron of the Eighth, cavalry are now perhaps 200 miles beyond their base without sufficient troops to protect their line of communication. Marathon the base, is 90 miles from Bonquilla. Several instances have been reported the past few days of bandits cutting behind the expedition without meeting armed resistance. Supplies of every character for Sibley's expedition are now being rushed from the north.

The two Mexican prisoners brought into Marathon by Sheriff Shoemaker from Bonquilla last Saturday night will be sent to Alpine for trial. They will be charged with murder.

Field Marshal von Mackensen and Grand Duke Nicholas

Are Pitted Against Each Other in Turkish Asia.

CRACK GERMAN COMMANDER

Is at the Head of Turkish Army of 200,000.

Russians Resume the Offensive West of Trebizond.

London, May 15.—Two hundred thousand Turke under the great German strategist, Field Marshal von Mackensen, are offering desperate resistance to the Russians under Grand Duke Nicholas at Erzincan, in Asia Minor.

The Germans have assumed the offensive in the Dvinak and Jacobstadt regions in Russia and after a two days fight have succeeded in blowing a village or two into fragments with their big guns.

A dispatch from Copenhagen states that the German naval and military forces are preparing for a combined land and sea attack on the Baltic port of Riga.

A Constantinople dispatch quotes the Turkish war office as claiming that the Russian troops are being pursued eastward in the Mount Kop region, just south of Haiburt.

A dispatch from Tiflis says the Turks, drawn up across the Erzincan line, are attacking the Russians fiercely but are suffering heavy losses from the machine guns of the grand duke's troops.

A Turkish offensive made in the direction of Bagdad has been repulsed and a war office communication declares that the Russian forces on the Persian frontier, 100 miles northeast of Bagdad, among the other booty was an Austrian gun.

The Russian force in Persia, after 10 days of mountaineering has driven the Turks upon their strongly fortified base of Khanabad, and now stands at the very threshold of Mesopotamia.

The hasty retreat of the Turks in this quarter shows they have as yet been unable to transfer the force released by the surrender of Kut-el-Amara to assist their hard pressed army north of Bagdad.

The Russian advance upon Khanabad, therefore, very seriously threatens the whole rear of the Turkish Bagdad army, confronting that army with the possibility of being entirely cut off by the Russian forces and the force operating to the southward against the British.

According to the opinion of Russian critics, the Turks are rearranging their forces to meet the Russian pressure from the north and northeast at the expense of their campaign south of the city of Bagdad and the forces now necessary is expected to entail tremendous difficulties on the Turkish troops.

After a long interval of inactivity, the Russian forces in the coast region have resumed their progress westward beyond Trebizond.

JUDGE TO FIX PRICE

Appeal Court Leaves It to Lower Court to Sell Western Pacific.

San Francisco, May 15.—The United States circuit court of appeals today was held in the case of William C. Vanfleet of the United States district court to fix the sale price of the Western Pacific railway, by refusing to appoint him to certify to the higher court, charges of disqualification brought by the Equitable Trust company of New York.

The trust company trustees of the defaulted \$50,000,000 first mortgage bonds of the Western Pacific some time ago charged Judge Fleet with bias and prejudice in Western Pacific matters and asked the appointment of another judge. Over the protest of the Equitable company he himself considered the charges and found them baseless.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets.

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes—not so sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.
