

GAG CLAMPED ON TROOP ROUTINGS AND MOVEMENT

Albbs for Troop Delays Already Embarrassing Government.

Fort Riley Officers Receive Strict Orders Not to Talk.

RAILROAD CENSORSHIP, TOO Ordered Not to Announce Movement on Their Lines.

Second Regiment Will Leave Ft. Riley Tomorrow, Maybe.

BY P. C. POWELL.
(Staff Correspondent for the State Journal.)

National Guard Camp, Pawnee Plats, Fort Riley, Kan., June 30.—The government is clamping down a censorship on troop movements. This morning Maj. S. A. Cheney appeared before the door of the newspaper correspondents' tent here and informed reporters he had been ordered by the central department in Chicago to cease announcing movements and routings of Kansas troops.

There are several interpretations of the order here by those familiar with the policies of the government since it has taken over the troops. One interpretation, that the government is finding it embarrassing to produce

alibis for delay in furnishing equipment of the troops and moving them, is given the most credence.

Kansas Was on Time.

The state of Kansas mobilized its guardsmen and turned them over to the government more quickly than the majority of other states. Work of getting them ready to entrain from their home towns and transporting them to the mobilization camp proceeded like clockwork. Since the war department has taken charge of them there has been delay after delay and postponement after postponement of entraining them to the border.

It is understood here the second regiment and the bands will entrain for the border tomorrow, provided orders are not changed again. The first section, it has been announced, will leave Fort Riley at 10 o'clock. The leading of the troops will probably take all day. The regiment will pass through North Topeka on the Union Pacific and will be transferred here to the Santa Fe, Eagle Pass, Texas, continues to be the announced destination.

From here the troops will be routed through Emporia, Florence and Arkansas City to Eagle Pass. The train will be run in four sections.

The war department order issued late Thursday afternoon to American railways asking them not to give out information regarding troop movements apparently has been received in Topeka. Local railway officials this morning declined to make any statement on the subject, but they are expected to give further information to the press.

The Santa Fe railway several days ago announced the movement of guardsmen from Massachusetts, Connecticut and Michigan. The special trains carrying the guardsmen to the border were scheduled to arrive in Kansas City today, where they were to be taken over by the Santa Fe for movement to Eagle Pass, according to the reports from the railway.

This morning officials of the road declared that they had any information regarding the movement of the various special trains. It is understood here, however, that the first of the special trains arrived in Kansas City this morning. They are proceeding over the cutoff to Emporia.

TO STAVE OFF WAR

bury. Morrison scout, who placed blame for the Carrizal battle upon the American officers.

As for the possibility of further clashes much depends upon the attitude of Carranza in his forthcoming reply. Should it be conciliatory—offering the basis for friendly co-operation between the two nations—there would be no doubt that the president would go to the extreme in relieving Carranza as much as possible from the irritating influences attached to the presence of American troops in Mexico. While the president will not withdraw the troops, new orders may be expected to govern the movements of Pershing's column making a recurrence of the Carrizal incident improbable.

Hard to Determine Course.
Some reports indicate Pershing already may have received new orders—perhaps to get clear of towns where trouble might occur. Reports indicate at least that the general is shortening his lines somewhat.

It is not easy to think first of what America, if she loves justice, ought to do in the field of international affairs," he said in his Philadelphia speech. "Should it be better for other people treating her with justice and respect unless she is willing to act in the same manner toward them. That is ready to fight for at any cost to myself."

In the meantime state troops' movements toward the border will continue. The administration is by no means certain it may not have early need for the troops.

The war department imposed the censorship on troop movements all train orders from specific points have been changed. A Missouri Pacific brought the Massachusetts ambulance and hospital corps into Kansas City last night. The Santa Fe took them out.

The following troop train movements were scheduled today:
Missouri Pacific will bring three more trains from St. Louis to be transferred to the Santa Fe.
Chicago and Great Western & St. Paul, three trains Connecticut guardsmen to be transferred to Santa Fe.
Rock Island, three trains from St. Louis.
Chicago & Alton, three trains Massachusetts guardsmen.
Chicago Great Western, six trains Iowa guardsmen. Four of these to be routed over "Katy" from Kansas City and two over the Missouri Pacific.

Texas to Glenn Springs.
Marathon, Tex., June 30.—Company A, Fourth Texas Infantry, passed through here en route from Fort Wells to Bouquillas, where it is understood it will relieve Troop A, Sixth Texas Infantry, which will proceed to Glenn Springs. A detachment of Company H, signal corps, which has been stationed here since the Glenn Springs raid, will move to company headquarters at Marfa today.

EXECUTES SLAYER OF 4

Shillitan's Victims Were a Civilian, Two Policemen and a Guard.

Sing Sing, N. Y., June 30.—Orestes Shillitan was executed in the state prison this morning for the murder, three years ago, of two New York policemen who were attempting to arrest him for killing a third man in a quarrel about a girl.

Shillitan became apparently crazed with terror in the death house weeks ago when he was scheduled to arrive in Kansas City today, where they were to be taken over by the Santa Fe for movement to Eagle Pass, according to the reports from the railway.

This morning officials of the road declared that they had any information regarding the movement of the various special trains. It is understood here, however, that the first of the special trains arrived in Kansas City this morning. They are proceeding over the cutoff to Emporia.

Berlin, June 30.—Breaching out of a new Italian offensive on the Isonzo front and the steadily increasing violence of the British artillery assault leaves little doubt in Berlin that the allies are in the early stages of their "grand offensive."

Vienna dispatches today announce that the Italians have launched powerful attacks against the Austro-Italian spearhead of Gorizia, where no serious fighting has occurred for many weeks. The Italian attacks on the Trentino front continue. The British are canonading the German front impartially, bringing a systematic fire in the evening from specific points have been changed.

IT WAS A WARM NIGHT

Forecast calls for generally fair and continued warm tonight and Saturday.

BLUNDER CAUSED DELAY

But no one was willing to volunteer an official statement as to the cause for delay.

Continuing, Lieutenant Flint, who is a regular army officer, outlined an order of responsibility in the care of the health and welfare of the men in the camp. He also urged co-operation and good feeling between the military and the men of the militia.

Colonel Holsington declared that the first blunder showed the least inclination to be tyrannical was to warn the first time and reduced to ranks upon his second offense. Then he launched into a tirade about "wine and women." Such things should not be treated as a joke, he declared. "If you are in a position to impress upon the men that stories of wild army escapades would result in their being sent to the front. Every man who leaves camp and becomes exposed to a contagious disease must report it to the company surgeon. If he fails to report and becomes infected, he will be subject to court martial, orders to that effect have been issued to all commands.

The second regiment had one consolation Thursday. It was pay day for the men. Every street car into Junction City was crowded some of the men in uniform. They were jammed with men in uniforms and girls in bright colored dresses. Moving picture theaters had to turn away patrons who were also were busy selling postal cards and stationery. Senator Trotter, who owns the largest store in Junction City, reported ten Bibles had been sold since the boys have been in camp.

All companies have the mascot fever since the Topeka chapter of the D. A. R. presented Battery A with "Topeka," the ball dog. Company M, Second Infantry, has adopted a black cat. Sam "Toughy" Copeland, Company I, Wichita, appeared in camp Thursday wearing a suit and presented the mascot to the company. She has been named "Toughy" in honor of the sergeant who presented the mascot in Topeka. Company K, Independence, has a small dog of doubtful parentage which the Western Union wrapped in a piece of canvas and carried these words in print: "Cap. Company K, Independence, Kan."

Poor old Topeka—meaning the dog. He won't fight so a "dog expert" in another company told Lieut. James Hughes. Perhaps Lieutenant Hughes

SOAKING BUTTER BOATS

MAKES GROCER 5 CT. POUND

St. Paul, Minn., June 30.—Now the dishonest grocer is soaking the butter boats, and making 5 cents per pound more on his butter. This is the purport of a warning issued today by Charles C. Neale, state commissioner of weights and measures. He said, though, that a 1/4-ounce wooden boat, it can be made to weigh two ounces.

Adventures are frequent. The best is that of a grocer in Topeka. After spending two hours in Junction City endeavoring to write a column story Wednesday evening he allowed himself a few moments' stroll in Junction City parks. A woman apparently much agitated came up behind him.

"I beg pardon," she said, "but will you do me a favor?"
"Sure," he replied, "but what?"
"The man who followed me and requested my company to her home. They had walked into a room in the hotel. He gave first aid remedies as best he could and finally she turned.

The woman, however, continued. Suddenly the woman turned an ankle and fell again. It was necessary for the newspaper man to carry her to the home. When he reached the main street the last car had left for Fort Riley and he couldn't find a room in town. At 4 o'clock in the morning a room was vacated and he slept two hours, then went out to Pawnee Plats and attempted to keep pace with Major Chenoweth and his horse on horseback in order to be on hand the minute the next orders were issued delaying entrainment to the border.

On Thursday he looked up the woman and learned she was a member of one of the best families in Junction City.

Battery A boys reported the supper Thursday as the best in several days. They had salmon croquettes, pork and beans, Italian relish, bread and butter and a pint of coffee. The food ration of the soldier averages 28 cents a day, it is estimated.

Ralph R. Leonard, a member of Battery A, reported for duty Thursday afternoon. He has been in Oklahoma.

Some disappointment was voiced today on the announcement that because of inadequate railroad accommodations along the border, releasing 35,000 regulars for active service. In addition, the mobilization of transport and the rehabilitation of the aviation corps.

Use \$45,000 Gasoline a Month.
The quartermaster's department will open bids tomorrow for big quantities of provision, including 180,000 gallons of gasoline, 100,000 gallons of kerosene, 180,000 pounds of coffee, 40,000 pounds of sugar, 60,000 pounds of rice, 45,000 pounds of prunes, 30,000 pounds of evaporated peaches, 24,000 cans of jam, 65,000 tins of tobacco and 100,000 pounds of salt.

Forages and mules will cost the army about \$250,000 a month. It is estimated, and \$45,000 worth of hay will be used every month. The pay roll for officers and men along the border now already totals \$1,800,000 a month, while the arrival of the militia will greatly increase this.

KILLED WOUNDED

Commanding the El Paso military district, Gen. Garcia today made preliminary arrangements for the return at the expense of the American government to the United States of the bodies of the American soldiers killed at Carrizal.

When Captain Morey visited his troops in the El Paso barracks last night they hailed him as one from the dead, having believed he could not survive the wounds he sustained at Carrizal. He was half an hour weak to stand the ordeal of a lengthy discussion at this time. However, he chatted with the boys and they were in high spirits. They were obviously manifesting joy at again meeting their leader.

Reports from points west along the border reaching El Paso today indicated a considerable anti-Mexican feeling as a result of numerous forays from the Mexican side upon isolated ranches and small communities. William Parker and his young wife at their ranch southwest of Hachita, New Mexico.

U. S. MUST BE SAFE

That is Statement of President Wilson to Peace Party.

New York, June 29.—"Never in American history shall it be said that a scrap of paper. We have come to a crisis, where acts must follow words. While we have the greatest sympathy with the problem of the Mexican people, we have come to the point where we must insist that the lives and liberty of our people shall be safe from the depredation of Mexican bandits."

President Wilson was today quoted by the Women's Peace party as having made that statement to a committee which visited the White House.

Heath Protection for Troop.
Washington, June 29.—Those who have sons, husbands or sweethearts called to the colors under the national guard are promised in a statement issued today by the army medical department that there will be no repetition of the conditions that prevailed among the troops and that the men will have every protection afforded by science, thought and money.

Roads in Liquor Suits.
Independence, Kan., June 29.—Suits were filed in the district court here today by County Attorney Isaac acting for himself and Attorney General Brewster against the Wells Fargo and American Express companies and the Missouri, Kansas & Texas and Missouri Pacific railroad. The suits charged the corporations with bringing to market at Independence, Kan., liquor in violation of the laws of the state. The suits are mentioned in 13 counts.

MAINTAIN HOSPITALS

Border Thoroughly Prepared for Wounded and Sick.

Guardsmen Bring 22 Field Hospitals and Ambulance Corps.

WELCOME DELAY OF WAR

Longer Postponed, Better U. S. Will Be Prepared.

Open Bids for Big Supply Contracts Tomorrow.

San Antonio, June 30.—Adequate plans to receive the health of troops now moving to the border and to care for the sick and those who might be wounded in event of a clash with Mexico practically have been completed. Base hospitals capable of caring for 500 patients each already are established at San Antonio and at Fort Bliss. There also is a smaller base hospital at Douglas, Ariz. Arrangements have been made to establish other base hospitals at Fort Crockett near Galveston, Eagle Pass, Laredo and Nogales. Camp hospitals have been established all along the border.

In the regular army there are seven field hospital companies and seven ambulance companies. The national guard will add to this force twenty-two field hospitals and twenty-two ambulance companies. Steps have been taken to equip all field ambulance companies with motor ambulances and each field hospital will be given a motor truck.

Deny Bandits Raid Bridge.
A report reached Fort Sam Houston last night that bandits had made a raid on Thursday at Matamoros, Tex., but later it was learned the report was untrue and grew out of a fight between two soldiers of the guard, in which both were wounded. Army officers here welcome any delay occasioned by further negotiations with Carranza. They said longer the two governments make time, the better the American forces will be prepared in the event of hostilities, while Mexico would be correspondingly benefited. A few more days would see the distribution of several thousand regular guardsmen along the border, releasing 35,000 regulars for active service. In addition, the mobilization of transport and the rehabilitation of the aviation corps.

GAS HEARING BEGINS

Receivers for Kansas Natural Independence Today.

Independence, Kan., June 29.—Attorneys and officials from several Missouri and Kansas cities were in the circuit court here today in response to the notice that the receiver for the Kansas Natural Gas company would make a report on the company's affairs and ask for advice as to a proposed increase in rates. The hearing continued after Chester Long received the receivers had suggested an increase of 100 percent. An important witness could reach here tomorrow. A general debate began as to whether the proposed increase should be subject to review by the federal courts.

WILSON TO AD. CLUBS

America First Depends on What You Do, He Says.

Philadelphia, June 29.—In the shadows of Independence Hall, President Wilson stood before more than 30,000 persons at 4:30 o'clock this afternoon and delivered his first address since the fight at Carrizal. "I translated into what you do," was the new patriotic rallying cry sounded by the president in an address to the Associated Advertising Clubs of the world.

"America first means nothing," he said, "until you translate it into what you do."
Tremendous applause swept over the crowd when the president uttered those words. He quickly silenced the interruption and continued speaking to the subject of "The duties of Americans to their country and to the rest of the world."

Celebrates Birth of Baseball.
Cooperstown, N. Y., June 29.—Celebration of the birth of baseball in Cooperstown was begun here today. H. M. Hemptstead, president of the New York National league baseball club, was the chief speaker. John K. Tener, president of the National league was to be a speaker.

TODAY'S MARKET REPORT

Chicago Produce Market.

Chicago, June 30.—WHEAT—Higher cable quotations tended today to strengthen the wheat market here. The upturn abroad was not reflected in the local market.
