The date of the marriage of Miss Velma Harlow and Mr. Joseph Slaughter, of Kansas City, will be Saturday, August 26. The marriage will be quietly solemnized at the home of the bride's parents, Mr. and Mrs. C. W. Harlow, 1206 West Tenth avenue.

The N. L. X. girls of the high school will give a party for her Friday.

The Beta girls will meet Thursday afternoon, at 3:30 o'clock, with Miss Winifred Greene, in the Devon apartments.

The Betas will give their installation affairs in September, when they will become a chapter of the national sorority of Alpha Phi. The petition presented by the Betas for admission to Alpha Phi, by the way, is a work of art, cleverly designed, and must have been costed in a gold-brown shade. It contains handsomely finished photographs of all the members of the chapter, with a printed sketch of each biography. There are views of the college grounds and buildings, taken when the grounds are at their best, and there are snapshots of pieces of everyday student life at Washburn. The book contains some interesting matters about the college, its endowment and various advantages. The petition makes not only a handsome volume, but also a valuable record in sorority and social affairs.

News of the Curtis family, at Washington, D. C., states that Mrs. Charles Penney George has left for El Paso, Texas, to join Captain George. Mrs. George, it seems, has been advanced from the rank of lieutenant to that of captain. Mrs. George was in Washington all winter with her parents, Senator and Mrs. Curtis.

Miss Leona Curtis has been in New England a large part of the summer. She went to Atlantic City, to be a bridesmaid at the marriage of one of the Webster girls. She has recently been visiting friends near Wakefield, N. H., and will return to Washington about the 15th of August.

Mrs. Walter Cannon entertained her thimble club this afternoon. A guest of the club was Mrs. Wallace Crutcher of Minnesota, who is in Topeka to visit her mother, Mrs. Crutcher, before her marriage. Miss Ruth Whitney, one of the popular society girls of Topeka.

The women with a vaccination mark on their arms can take comfort in the fact that they are not alone in exposing the scar to view or wearing sleeves when sleeveless gowns are in favor. The newest scheme originated in Paris, and has been adopted in this country by Wanda Lyon, prima donna of "A World of Pleasure," the New York Winter Garden attraction, now running at the Palace Music hall, New York. The plan is to place over the vaccination mark a little beauty patch which is called the "Vee-kis" beauty mark. It is in the shape of a butterfly and comes in various colors to match either the complexion or the gown of its wearer. It not only hides the vaccination mark, but is also attractive looking and adds to the natural beauty of the arm.

Miss Adelaide Copar of Independence, Mo., will arrive this week for a visit of a few days to her aunt, Mrs. W. E. Collins of 1034 Van Buren street. Miss Collins is the personal friend of Miss Nellie Fort Dollars of Independence, a niece of Mrs. George Fort Adams, who visited in Topeka and met many of Mrs. Adams' friends last winter. Both the young women are society girls of Independence. The Collins family recently came to Topeka from Kansas City, to make this their permanent home.

There are some married men about town that you may have noticed stepping pretty spryly up the stairs. There has been a perfect exodus of wives tramping off to the lakes, the mountains or the seaside, leaving their lords and masters at home to do the housework. These same men are not all spending every minute of their spare time looking after the ice box, keeping the house in recent order and sitting impatiently on the edge of the chair waiting for the postman to bring a message of love from fond wife. No, indeed! They are having a vacation, and they don't please. We have seen some of them

A wealthy bachelor who has a good looking niece all his own is always an object of interest, particularly if he is pretty nice looking and uncommonly eligible. There is such a one in our village. A confidential friend of his in the course of conversation said to him: "I think you ought to get married. You have a good home, a barrel of money, and you ought to be taking care of a wife."

He thoughtfully considered the idea as it might be a new one to him. "Well," he pondered "I do have a property and interest, but none of the offers of marriage I have received so far looked very attractive, so I continue to refuse them."

Mrs. A. L. Sowers of 1715 West Tenth avenue, entertained the members of the Elmhurst Needlecraft club Tuesday afternoon. Those present were Mrs. T. C. Rose, Mrs. M. D. Metzger, Mrs. C. H. #### Motor Collision at Corner of Paramore and Quincy.

A collision occurred Tuesday noon at the corner of Paramore and Quincy streets, between a motorcycle driven by Ernest Wells, 505 Paramore street, and an automobile belonging to Mr. Shirley of Perry, Kan. The car was occupied by two young boys, who were driving north on Quincy at a high rate of speed, it is said. Wells was returning to work at the National Oil company plant where he is employed. Going west toward Kansas avenue, he was struck at right angle by the car, which dragged his motorcycle half a mile. Apparently the boy who drove it had not the strength to apply the brakes with effect. He was only a lad in short trousers. The motorcycle was badly smashed and young Wells sustained a cut on the head, badly skinned elbows and sprained his ankle. After the accident the boys took Wells in the machine to his home. He was unconscious for a short time.

### Union Pacific Is Spending Large Sum on Jetties.

The Union Pacific is conducting extensive operations along the north bank of the Kaw river defending it from the cutting operations of the current. It is said that the road is spending \$100,000 between Kansas City and Junction City. East of North Topeka between Calhoun Bluffs and Grantville half a dozen large jetties, about seventy men. The largest jetties are being constructed between Topeka and Junction City.

The Union Pacific road has expended more money in the northern part of Shawnee county trying to keep the Kaw river in its course than have the city and county put together.

### Notes and Personals.

Thursday evening a union prayer meeting will be held in the Central Avenue Christian church. The Rev. W. C. Handley of the Baptist church, will conduct the service.

### SNAP SHOTS AT HOME NEWS

Alas! I'm only finding out. When I am old, the grass will be green by giving it away.—Nels Yingle.

King Common People is the big fellow on Kansas avenue today. Sure, the circus.

Trains coming to this city this morning are crowded with visitors with the circus as their objective.

"Watch your Fords, the elephants are coming," a crier remarked on Kansas avenue during the circus parade today.

Mr. and Mrs. L. A. Congdon of 1712 Hutton street announce the arrival of seven and one-half pound sirloin, born Tuesday morning.

Reports concerning the unaltered condition of the water in the Gage park pool has greatly boosted the attendance in the Y. M. C. A. swimming pool.

Soda clerks can testify by pink lemons that the passion for tink lemons has not abated in passing. Now that the circus goes save their thirst until they can reach a soda fountain.

There are those who wonder why the red gates on the Union Pacific crossing on North Kansas avenue are never used. The crossing is especially dangerous when approached from the south.

Several clerks in the Santa Fe offices are intending to volunteer their services if the train service brotherhood threatened to strike. They would card linen collars and don corduroys as trainmen.

The Santa Fe will hold the 5 o'clock train to North Topeka to St. Joseph, A. T., and Independence, Kan., until 6 o'clock to accommodate those wishing to return home after the circus performance.

Nearly all night the thunder rumbled southwest of Topeka but not a drop fell here. In the last week rains have averaged the capital city a half dozen times—then came the brassy skies and the heat.

Kansas City has inaugurated a scheme of erecting sprinklers for use in giving horses shower baths in the heat of the day. From a humanitarian point of view, Missouri seems to have put one over on Kansas.

James Kerr, Sr., 1027 Arch street, has written the following communication to the State Journal: "I am greatly in favor of each city ward having its own bathing pool. It would like to hear from others along this line."

### 5,000,000 MEN ARE HELD PRISONERS IN EUROPE WAR

New York, Aug. 9.—More than 5,000,000 prisoners, double the number of men engaged in any previous war that the world has known, are now confined in prison camps of the belligerent nations, according to Dr. John R. Mott, general secretary of the international committee of the Young Men's Christian association, who arrived here today on the Danish steamship, Oceanic II, from Copenhagen.

Doctor Mott left here in May for Russia and has visited the prison camp of nearly all the countries at war. Doctor Mott said that of the prisoners, Germany has the greatest number, approximately 1,750,000. Russia with about 1,500,000 comes next, then Austria with 1,000,000, followed in order by France, Italy, Great Britain and Turkey. Russia's prisoners, he added, are rapidly increasing, more than 400,000 having been added to the camps since the beginning of the last Russian drive. In six weeks Doctor Mott added, 330,000 passed thru Kiev.

"I found," Doctor Mott said, "that reports as to the treatment of prisoners of war were receiving have been greatly exaggerated. In all of the countries the prisoners receive virtually the food and care that the armies of the respective countries do."

### A New Summer Drink

By CONSTANCE CLARKE.

COOLING drinks are just as necessary during the Summer months as are warm ones in the Winter time. One of the best new hot weather drinks is called Cherry-Adé. Take three medium lemons to each quart of water and one cup of sugar. A great deal depends upon the acidity of the lemons, and the amount of sweetening is a matter of taste. Cut thin slices from the center of each lemon and put aside; press the lemons and extract the juice and some of the flavoring from the skin. Put the juice, chopped rind and sugar into a bowl, pour on the desired amount of boiling water, and leave it to stand in a cool place. When it is cold strain, half fill the glasses with cherry syrup, fill up with lemonade, and serve it with chilled ice. A few stoned and halved cherries can be put into each glass as a garnish.

CHERRY STRUP—Put in a stewpan one pound of raw, ripe cherries, two tablepoonsful of red currant jelly, the peel of one lemon (tied up with one inch of cinnamon) and a half cup of sugar; boil until the liquor is reduced to half the quantity, then remove the peel and cinnamon and set aside on ice until wanted. Should preserved cherries be used, add six or eight drops of almond essence to bring up the flavor; half a pound of the preserved fruit will be sufficient in the place of one pound of the fresh.

To-morrow—Shrimp Salad—New and Delicious.
