Ramon Valez Takes Office in Panama—New Cabinet Named.

Panama, Oct. 2.—Ramon Valez, president-elect, took office at the National theater, which was packed, all the authorities taking part. The diplomatic and consular corps were

present, as was General Edwards, the acting governor of the canal zone. Mr. Harding, the American minister, in the name of his colleagues, congratulated Senor Valez. In the new cabinet are Eusebio Morales, one-time minister at Washington, secretary of government; Narciso Garay, secretary of foreign affairs; Guillermo Andrade, secretary of public instruction; Aurelio Guardia, secretary of the treasury, and Antonio Anzuino, secretary of public works.

A GREAT BATTLE

Scene Shifts to Galicia; Russians Resume Drive.

Stubborn Resistance Encountered on Way to Lemberg.

Petrograd, Oct. 2.—A great battle is now developing along a wide front in Galicia where the Russians have resumed their drive on Lemberg. The war office today announced that the fighting is particularly stubborn along the river Nariavka northeast of Halitz and also on the right bank of the Zlota Lipa river. Enemy counter-attacks have been repelled with great enemy losses and 1600 prisoners have been taken. In

ORRINE SAVED HIM FROM DRINK

That Orrine really does bring quick relief to those being tortured by the liquor habit, is the testimony of many mothers, wives and daughters. This scientific preparation promptly kills all desire for whiskey, beer and other intoxicants. It can be given in the home secretly without loss of time from work. No sanitation expense. We are so sure that Orrine will benefit that we say to you, if after a trial you fail to get any benefit from its use, your money will be refunded. Cost only \$1.00 a box. fighting in the wooded Carpathians from September 19 to 28, the Russians took 2,609 prisoners and captured four cannons, thirteen machine guns, three mine throwers and other booty.

Vienna Reports Russ Gain. Vienna, Oct. 2.—Gains for the Russians in their new drive toward Lemberg are admitted in a statement issued by the war office supplementing the official announcement yesterday. The statement says: Fighting in the Carpathians is slackening. Southwest and south of Breganya, the enemy attacked the Turkish troops between the Zlota Lipa and Potuory railway station. The Russians gained some meters of ground.

Opposite General Boehm-Ermolli's army, the enemy attacked our positions north of the road from Brody to Ziochoff, but were completely repulsed. At one spot three and in another seven attacks were shattered. South of the road the enemy penetrated the sector of one regiment. A counter attack, begun this morning, is progressing favorably and has regained the greater part of the lost trenches.

Italian theater. The Italian artillery is again directing a heavy fire against our positions on the Carso plateau which has extended to our lines in the Vipacco valley.

KELLER AND WILCUTS

Topeka Shooters Compete for Place on Kansas Rifle Team.

MONDAY—TUESDAY
PAULINE FREDERICK
IN
"Ashes of Embers"

Prof. Eltonhead, the noted critic, says:
"Ashes of Embers," Pauline Frederick has achieved her highest pinnacle as an exponent of screen drama. She has been furnished with an opportunity by both the author and the director and has seized it with the greatest avidity. We have never looked at a motion picture play in which there was displayed acting of such a high order of merit. Miss Frederick was called upon for her best and she more than rose to the opportunity. Interpreting a dual role in which the characteristics were as wide apart as the two poles, she gave a performance that not only called forth the greatest admiration but one that was worthy of the highest commendation as well.
"It is a picture that will fill theaters to overflowing, but it is likewise a picture that no immature person should witness. For those who have gained maturity, years to whom the sex appeal has lost its mysterious attractiveness, and who can view it purely from an artistic standpoint as the finished, polished work of a true artist, 'Ashes of Embers' will prove a delightful evening's entertainment."
It is a wonderful photoplay—one which would test the capacity of the eye for a week were its merits known to every Topekan.

5 Passenger 3400 r. p. m. Chalmers—\$1090 Detroit

QUALITY
That is the Real Secret of the 3400 r. p. m. Chalmers Popularity

Whenever you see the Chalmers trade mark you always see the phrase "Quality First." Whenever you think Chalmers you think "Quality." And if you have been reading my ads or have been in my salesroom, you are impressed with the fact that the 3400 r. p. m. is a Chalmers car of unusual quality. I've often said that it is, in my opinion, the greatest car the Chalmers Company has built. And I have an excellent reason for saying this. It is a step ahead of any preceding Chalmers because it performs a shade better. The Quality in the new Chalmers is the kind of quality that tells on the road and tells wonderfully. Now it is just this exceptional quality, just this shade of improvement that has brought Chalmers sales and production ahead in leaps these 12 months past. I don't think the men in charge of affairs at the Chalmers factory realized what they had in the 3400 r. p. m. Chalmers. At any rate they underestimated the demand. They built more than they had ever produced in any previous season, 'tis true, but still not enough. The first making order was snapped up quickly. Then came a second lot. These went just as fast. Now the factory is building the third lot and I understand that Chalmers has no intention of stopping even there. Quality it was that caused this unprecedented demand. Chalmers certainly have the right idea in building cars. "Quality First."
