U-BOAT ARRIVES

Is Man-of-War; Not Long Looked for Bremen.

U-53 Performs Feat, Crossing Ocean in 17 Days.

Newport, Oct. 7.—The German submarine U-53, from Wilhelmshaven, arrived in the harbor this afternoon.

The U-53 is a man of war, flies the flag of the German navy, and has a single officer and thirty crew.

Calls on United States Officer.

The submarine anchored in the outer harbor two miles down the bay. No one came ashore, but a representative of the Associated Press was allowed to go aboard and learn the vessel's story.

The U-53, in command of Lieut. Capt. Hans Rose, appeared spick and span upon her arrival and looked as if she had been out only for maneuvers. Her commander reported that he had not sighted any hostile craft on her voyage over, adding that the boat was plentifully supplied with provisions and fuel and that nothing would be taken aboard her.

Shortly after the submersible came in, Commander Rose paid an official call upon Rear Admiral Austin M. Knight, commander of the Navy's fleet at Bay naval station, to whom he stated that he was preparing to leave port tonight.

The newspaper man who boarded the submarine was asked to take ashore a large batch of official mail for Count von Bernstorff, the German ambassador and this was forwarded this afternoon.

While not allowed to discuss the details of his voyage, Commander Rose said that he had a sufficient supply of food aboard to last for three months. Besides the commander, the vessel carries four officers and thirty-three men. The U-53 was escorted in the harbor by the United States submarine D-2.

Commander Rose explained that the submarine which is a regular war vessel and equipped with wireless had been ordered to the United States by the German ambassador, who he declared to say whether he had been ordered to American waters to search for the German merchant submarine Bremen, long overdue on this side.
