

SEES 40 PERSONS

Clemenceau Has Busy Day and Gets Thru It Well.

Rested Last Night—Improves Fast After His Wound.

Paris, Feb. 22.—Premier Clemenceau was able to rest well during the night and seemingly suffered no further effects from his exertions yesterday which caused considerable anxiety to his physician and family. During the day he saw to less than forty persons which the doctors considered excessive for a man of his age with a bullet in his back, but M. Clemenceau is an arbitrary gentleman who does exactly as he pleases.

IN VICTORY HOPE

be one of the real features of the annual dinner. Other speakers on the program are S. Y. Amidon, chairman of the national committee; Samuel I. Hale, of LaCrosse, well known lawyer and for many years active in Seventh district politics; George W. Coffin, of Osage City, a former member of the state legislature; and Thomas F. Hally, of Topeka. Hale is president of the club and will preside at tonight's banquet.

Politics On Tap. Much politics—both state and national—is on tap today among the speakers, who are holding forth on references in the Throop Hotel.

There is but little talk of candidates. There is a boom in prospect for a half dozen names in the Democratic camp—Amidon, Hodges, Shouse, Martin and even a return engagement by Senator Thompson, with Fred Robertson mentioned as a possible challenger.

Loss of the annual banquet of the Kansas Democratic club every year since when the legislature is in session is facing Topeka as a result of poor hotel accommodations and a general lack of interest in the big affair of the Bourbons among the two hundred Democrats who were here today for the banquet there was considerable talk of taking the banquet to other towns of the state every other year, and it was asserted that in all probability some action would be taken looking towards this at the meeting tonight.

Amidon in his address tonight was prepared to take Governor Allen over the coals, it was said, and to bring to light some of the Allen editorial attacking the Republican party not so many years ago. It was said that Amidon would produce an editorial written by Allen in which the governor advised his friends to get out of the Republican party and get on as quick as possible, telling them to get back and get back any time they wanted to and

TELS OF RESCUE

How the "Lost Company" Was Taken From Forest.

Officer Back From the Front Sent to Ft. Riley.

(By Union Pacific R. R. Press Bureau.) New York, Feb. 22.—Details of the rescue of the "lost company" of the 35th infantry in the Bois de Bauteville were told in the Polyclinic hospital here by Lieut. Ernsing Meyer, who passed thru New York en route from overseas to the convalescent hospital at Fort Riley, Kan. Especial interest is lent the story by the participation of Lieut. Marcelus H. Chiles, of Denver, who has just been awarded the congressional medal of honor for a later gallant exploit in which he was killed. Before his death he was made a captain.

NAME GREEN TO P. U. C.

Kansas Cityan Will Succeed Judge Foley on State Commission.

Charles W. Green, former mayor of Kansas City, Kan., and at present a member of the state board of administration, is to be named as a member of the state public utilities commission. He will succeed Judge C. F. Foley of Lyons, who served on the commission during the administrations of Governor Hodges and Governor Capper.

Judge Foley is the minority member of the state commission and is generally regarded as one of the strongest and most able men ever associated with the department. He is a lawyer of unusual ability and his course on the commission has attracted state-wide attention.

Green's name will be sent to the senate for confirmation early next week. Under the law the public utilities commission is bi-partisan. The board of administration law, however, does not provide for the appointment of a Democrat and Governor Allen will name a Republican to succeed Green on the board which manages the affairs of the state institutions.

HOUSE OF PAGES

name of a page to Skinny, having had the same under consideration, instruct me to report the same back to the senate of pages) with the recommendation that the amendment that in section 3, line 3, all after the word "pages" be stricken from the bill. Robert E. Baughman, chairman of the committee, will introduce the bill.

Legislate Cats to Death. Another bill that has been introduced by Senator Scott would make it unlawful for cats to return home after being taken away to be lost. It reads as follows:

Section 1. That it shall be unlawful for cats which have been taken out to be lost, drowned or shot, or in any other way taken away to be lost.

Section 2. Said act, when found, shall be immediately reported to the sheriff, or President or Wilson, when found violating this act.

Section 3. This act shall take effect and be in force on and after the next day, provided Noah is here.

The above bill was sent to the committee on domestic animals and came back with the recommendation that it be passed.

The legislature of pages wants a bill that will have been taken to provide on a bill that has been introduced by Bartlett providing that the president of the senate and the speaker of the house shall each name a committee of six to nominate candidates who shall be voted on by the members of both houses in a joint session.

Mimicry to Real House. It is all "kid stuff" done with the marvelous mimicry of children, but some of the bills are as sensible as some that the grown-ups introduce in the real legislature and the form and procedure is more correct than that of some of the members of the real legislature. And out of it all, who can say but that the seeds of ambition are being sown in the hearts of a crop of Kansas statesmen such as the state has never seen.

TAKE UP THE WHEAT BILL

House Starts Work Again on the \$2.26 Guarantee Measure.

Washington, Feb. 22.—The house took up today as unfinished business the bill providing for the carrying out of the government's guarantee of \$2.26 for the 1919 wheat crop with leaders expecting a final vote early in the session.

Much of the objection to the bill was expected from lack of a provision that when the bill is passed the consumer at a price determined by the law of supply and demand.

Hold Officer For Trial. New Orleans, Feb. 22.—Federal Judge Grubb has denied a writ of habeas corpus, sought by Glen H. Coons, former lieutenant in the British army, charged with obtaining, thru fraud, a necklace valued at \$25,000 from Mohammed Ali Zaim, Ali Baba of Bombay.

Medal Prized Possession. Doctor Walker never carried. Her proudest possession was the bronze medal she wore on the bosom of her frock coat. It was awarded to her for this legend: "Presented by the Congress of the United States to Mary E. Walker, M. D., for her services in the United States and England as a lecturer during the half century following the civil war."

Do I ever have unkind things said to me?" she once said, echoing an "in-law's" question. "Yes—of course—by ill-bred people. But they are a few. When anyone does anything unpleasant I usually have something to say in return which makes us both glad to tell you, trousers are a great thing."

Occasionally a policeman failing to recognize the little, gray-haired woman, placed her under arrest. This could get back with honors and official rewards, pointing to Bristol as an example. Amidon, it was said, planned to show how Allen had gotten out and how he had returned to the party and been honored with office just as he said any one could.

Practically all of the leading Democrats of the state were here for the gathering tonight. Among them were United States District Attorney Fred Robertson; E. E. Murphy of Leavenworth, state chairman; J. W. Hoyer of Topeka; Sam Amidon, of Wichita; Harrison Parkman, of Emporia; John H. Atwood, of Kansas City; John D. Miller, of Pittsburg; W. Stephen Chanute, and W. C. Beeler, of Manhattan.

National Committeeman Amidon expects to go directly from Topeka to Washington to attend a meeting of the national Democratic committee. He had little to say about candidates for Governor, but he expressed optimism and belief that the Democrats will be able to put thru another national ticket.

Leavenworth is very optimistic over the future. "I tell you, that man Wilson is going to govern. Do things that will place the United States at the head of the world procession of nations and when things settle down and the people look at Governor Wilson, they will see the great wisdom he had shown and the great leadership he had given the nation in its greatest crisis."
