

KEEP HANDS OFF

Hays Warns Republicans to "Beware the Peace Pact."

Want to Keep Treaty Out of 1920 Campaign.

WEAKEN JOHNSON'S STRENGTH

Irreconcilables Are Now Forced To Be Feared.

Ratification Now Would Leave Them Without an Issue.

Washington, Feb. 5.—Will H. Hays has issued confidential instructions to members of the Republican committee on platform and policies to keep hands off the treaty in making suggestions for the Republican platform.

Hays' instructions said that Republican senators would supply any necessary information on foreign affairs to the resolutions committee to be appointed by the Republican national convention.

The Republican chairman's emphasis of this point in his talk with congressional members of the special committee was taken today as further evidence of his desire to keep the treaty out of the campaign. He has been assured by leading Republican senators who agree with him on this point that the treaty will be disposed of long before convention time.

Would Eliminate Johnson. One reason so much effort is being expended on getting the treaty ratified and disposed of so far as the senate is concerned before campaign time, senators said, is that such action will lessen the importance in the party of Senator Hiram Johnson, a bitter foe of the treaty and an aspirant for the nomination for president.

Johnson, Borah and the other irreconcilables are now a force to be reckoned with, as Senator Lodge, the Republican leader, learned recently, senators pointed out. But with ratification accomplished, Johnson would be without an issue except withdrawal from the league, it is stated, and this issue would not get him any where, in the belief of astute Republican politicians. It is regarded as highly im-

portant for the solidarity of the party to keep Johnson from becoming too powerful.

Johnson, back today from a stumping trip in Missouri, definitely announced that he will call up his amendment to equalize the votes of the United States with votes of the British empire. Johnson said he believes Vincent Grey's letter has wiped out opposition to the amendment.

NEW BLIND DEATH EPIDEMIC

Chicago Dry Wets Find New and Fatal Boose Substitute.

Chicago, Feb. 5.—The "blind death" epidemic again stalks Chicago in the face, according to coroner Peter Hoffman here today.

Over 100 victims lie seriously ill or blind as a result of this substitute for "booze," Hoffman said.

"The new dope," Hoffman said, "is a composition of wood alcohol and coloring. It is very deadly."

Coroner Hoffman ordered an immediate investigation to apprehend sellers of the dope.

COTTON DROPS \$10 PER BALE

Rumors of British Embargo Responsible—Break Was For Limit.

New Orleans, Feb. 5.—Cotton broke 200 points or \$10 a bale on the local exchange Wednesday, the limit allowed under the rules.

March and May fell to the low level. Other trading months went to net declines from 170 to 190 points.

A steady market followed to noon flurry. Unconfirmed rumors of an embargo in Great Britain were responsible.

H. C. L. Victims Get Much Glee In Egg Market

New York, Feb. 5.—Victims of the high cost of living were given cause for revengeful chucking today when market reports showed that eggs recently put in cold storage at 50 cents a dozen were being thrown on the market at prices ranging downward from 45 to 11 cents wholesale.

In many places today they were being retailed at 50 cents and the slump was reported to have affected the fresh egg market, bringing prices down eight cents since last Friday. The decrease in cold storage egg prices was explained as being due to the fact that the expected European demand for eggs did not fully develop.

CRISIS NOW FEARED

Exchange Slump Will React on U. S. Markets Soon.

Congress Asked to Approve World Financial Congress.

EXPORT TRADE IS THREATENED

If Foreign Money Continues Cheap Crash Will Come.

American Mills Already Feel Effects in Foreign Trade.

Washington, Feb. 5.—Disturbed financial conditions in the United States are inevitable, unless a speedy stabilizing of exchange rates is brought about, Senator Thomas, Colorado, declared today, in discussing his plan to have congress take steps for remedying present monetary conditions.

Thomas' resolution for an international monetary commission of seven to co-operate with similar commissions from Great Britain, France, Italy and Japan which he will call up next Tuesday in the senate is certain to cause animated discussion, it is believed.

"Our export trade already has been impaired and is in danger of destruction," said Thomas today. "Impairment of export trade means lowering of production; that means idle mills and that means workless men. The only evil worse than great inflation which can befall a country is sudden deflation and that's what we are facing."

India Partly to Blame. Thomas declared the present exchange situation is in some measure due to the complete disappearance of 273,000,000 English pounds gold in India. The gold is believed to have been sent to India on a gold standard and once it goes to India it never gets out, he said.

Although general light rains have occurred in Kansas in the last twenty-four hours, Tulsa believes the rain is over. In Topeka .19 of an inch of rain was recorded, the state report. Reports indicate .02 of an inch at Dodge City; .04 at Concordia, and .08 at St. Joe.

Judging from reports from southern Nebraska, rain must have been general in northwest Kansas. Rain extended east into Missouri, southern Illinois on east to the coast states, shown by reports from Pittsburgh, Pa., Washington, D. C., and New York. Skies were clear this morning in Colorado, Wyoming and South Dakota.

No zero weather was reported in the United States. The lowest temperature was 12 above at Sault Ste Marie, Mich. It was 16 above at Havre, Mont. The temperature in Topeka was 33 degrees at 6 o'clock this morning.

Extremes for this date were 54 in 1904 and 4 below zero in 1907. At 3 o'clock this afternoon the wind was blowing four miles an hour from the north.

THEY ARE SPIRIT WAVES

Supposed Wireless Messages From Mars Are Thought Waves by Former Earthly Residents, Declares Spiritualist.

Chicago, Feb. 5.—The supposedly uninterpreted messages received by wireless stations thruout the world are thought waves from spirits, Alonson M. Griffin, spiritualist and trustee of the National Spiritualist association, declared today.

"These messages are another form of communications to spiritualists," Griffin said. "Historic spirits have communicated with the living by taps on the wall. Those taps after years of study were interpreted. In a few years these wireless messages now laughed at and ridiculed by the public will be interpreted by spiritualists.

"These communications come from the spiritual realm which envelops the earth and other inhabited planets. The spirits do not need a wireless apparatus to send their messages. The communications travel on thought waves in the same way the taps reached the world. Also we are able to receive messages from the spirits in this manner. We will never be able to communicate with them thru the wireless, but we can receive them in this manner. They always know what we are doing and thinking without our sending messages to them.

"These spirit messages usually carry a moral lesson."

TAKE TO TOBACCO EASILY.

Methodists Alarmed at Increase in Number of Women Smokers.

Washington, Feb. 5.—Increased use of tobacco among women during 1919 has been "appalling," according to the board of temperance prohibition and morals of the Methodist Episcopal church. In a statement today the board made "an earnest appeal to women to refrain from the use of tobacco in the name of the country's welfare."

"No nation can maintain the vigor which has been characteristic of the American people after its women begin the use of tobacco and cigarettes," the statement said. "The sedentary life of women tends to an excess in the use of tobacco and produces more serious results than is caused by its use among men. The effect of tobacco among women is similar to its effects on immature youths."

Columbia Enters Two Regattas. New York, Feb. 5.—Columbia university will enter crews in the Childs cup race and the American Henley Philadelphia May 29, it was announced today.

This Means. Even a little better service for our South and West Side Patrons.

Remember. All we do with our private line phones is to turn the crank and get our cabs into service immediately. Not even necessary to wait for a central office connection.

We Originate! Never Imitate. ROY PAYNE'S TAXICAB and BAGGAGE. PHONE 711 PHONE. ALWAYS A MAN AT OUR TELEPHONE.

Still a Chance To Join Census

The 1920 census of Topeka will show 500 more inhabitants as the result of persons misled by the enumerators making themselves known to Ralph O'Neil, supervisor.

A meeting was held in the federal building Tuesday, where Mr. O'Neil checked over the names he had received with the enumerators. Names which the enumerators did not have were added to their lists. It was observed that the "missing" were not confined to any one locality, but were spread over the entire city.

The supervisor praised his assistants, pointing out that absolute perfection was impossible. Several visits to many houses and hotels were made. Some residents of hotels and apartment houses were missed. Only the loyalty of those persons calling on O'Neil revealed Topeka's just dues in population.

The lists will go to Leavenworth in a few days. There is still time for those believing themselves to be missed to call Ralph O'Neil and be counted.

It is to be certain he has been included in the census.

WILL GET GRAIN CARS.

Hines Issues Orders Turning Cars To Exclusion of Other Traffic.

Washington, Feb. 5.—To remedy congested conditions of grain traffic thruout the middle west Director General Hines today issued general orders to railroads serving the grain producing areas which in effect turn all available box cars into the grain transportation to the exclusion of practically all other traffic.

The orders provide for the special movement of grain during the ten-day period beginning February 4. Railroads affected are the states of Illinois, Minnesota, Montana, Missouri, Iowa, North Dakota, Kansas, Arkansas, Texas and New Mexico.

WEATHER

(Continued from Page One.)

should range from 30 degrees tonight to between 40 and 50 degrees tomorrow afternoon.

Although general light rains have occurred in Kansas in the last twenty-four hours, Tulsa believes the rain is over. In Topeka .19 of an inch of rain was recorded, the state report.

Reports indicate .02 of an inch at Dodge City; .04 at Concordia, and .08 at St. Joe.

Judging from reports from southern Nebraska, rain must have been general in northwest Kansas.

Rain extended east into Missouri, southern Illinois on east to the coast states, shown by reports from Pittsburgh, Pa., Washington, D. C., and New York. Skies were clear this morning in Colorado, Wyoming and South Dakota.

TEACH THEM THE LAW

Says Reds Would Be Good Citizens if They Only Knew How.

Chicago, Feb. 5.—"Teach 'reds' the law and they will be true Americans," Angus Hibbard, chairman of the Illinois executive committee of the newly organized United Americans, said here today.

"Most 'reds' do not understand the laws of the United States," Hibbard said. "They need some one to teach them."

"We will have men of all languages go into the 'red' sections, teach foreigners the law, and show them that the United States is a free country. We will show many people who think they are being persecuted that they are the American citizen, just how much power they really have. A large majority of the foreign element don't know these facts. This is why they are easily led to turn Bolshevik."

Plans for a larger organization of the United Americans were under way today, in order to accomplish their principles. The new organization, Hibbard said, is composed of "red-blooded Americans" who will invade the "red" territories to teach the laws.

Gives French Ideas of Reservations. Paris, Feb. 5.—Julius J. Jusserand, French ambassador at Washington, has received instructions to define the attitude of the French government toward reservations of the covenant of the League of Nations, according to the Echo de Paris which says he has already taken steps to acquaint President Wilson with the views expressed there.

TODAY'S MARKET REPORTS

Chicago, Feb. 5.—CORN—General values dropped sharply today in a general rally to sell. Orders for a ten day freight contract were placed at 12 1/2c. A decided increase of supplies of corn here, and this fact together with disturbed conditions in the corn market abroad, also tended to depress the market of export.

Profit taking by shorts, however, checked the decline before losses became heavy. The market closed with a net decline from 1 1/2c to 1 1/4c lower, with May \$1.31 to \$1.31 1/2 and July \$1.27 to \$1.27 1/2.

WHEAT—Clear, Royal, 1.29 1/4; May, 1.23 1/2; July, 1.28 1/4 @ 1.29; September, 1.23 1/2.

Chicago Produce Market. Chicago, Feb. 5.—BUTTER—Market low. Creamery, 50¢ @ 50 1/2¢. EGGS—Market unsettled. First, 50¢; ordinary first, 45¢ @ 50¢; at mark, eggs included, 50¢ @ 50 1/2¢. POULTRY—Alive, lower; springs, 50¢; fowls, 36¢.

NEW YORK STOCK MARKET. New York, Feb. 5.—STOCKS—Market steady. Creamery, higher than extras, 67 1/2¢. EGGS—Market unsettled. Fresh gathered extra first, 44¢ @ 45¢. BUTTER—Market irregular. State whole milk, held flat, special, 41¢ @ 42¢. Prices unchanged.

Morning Grain Report. (Furnished by C. C. Christman & Co., Chicago, Ill., Feb. 5.—Examiner: A leading English Interreg cable yesterday that the London market was looking for any possibility of any export business in either grain or hog products and that several of the buyers which 12 cents per bushel out of line.

The price decline in sterling exchange to a new low level was the signal for pronounced liquidation by holders of hog contracts. It was looked for anybody with a line of hog products made a rush to close out their contracts. A secondary consideration.

The price decline in the various grains was general and led by rye. These two grains felt the break in sterling exchange the most as they have been purchased very largely for shipment abroad.

Cars are still scarce in all positions and no improvement is to be looked for until such time as the United States grain crop has moved into the market.

Demand for cash grain from the south fell off yesterday, according to reports not only from the south but also from the north. Ohio River points. Advice from the eastern seaboard were rather discouraging.

As in the various grain markets, a few sharp and sharp price losses in the provision market. Packing interests were the best buyers but the buying was more on a resting order basis than in the way of giving the structure much needed support.

New York Stock Market. Wall St., New York, Feb. 5.—STOCKS—A few high prices were noted in the Crucible steel, General Electric and Industrial alcohol were 1 to 2 points higher at the closing of today's stock market. In general the list continued to reflect a downward movement. Losses of 1 to 4 points were sustained by General Motors, American woolen, American locomotive, Studebaker, Royal Dutch, Shell, Sumatra tobacco and Columbia Graphophone. Early quotations for exchange, especially the London rate, were a fraction under yesterday's final quotations, but above the low level.

Stocks made material recoveries in the first hour with a few gains over yesterday's close. This was balanced by a few losses among specialties, where long recovers for the movement were made. Shipments manifested special weakness in steel, copper, leather and kindred issues and all grades oils continued to decline. Secondary falls were in occasional demand at the closing of today's stock market. A rally in principal exchange rates followed, but the buying was more on an opening rate of 17 per cent for call money. The entire market developed fresh unsettledness soon.

Trading became very quiet during the mid-session when further irregularity of prices occurred. Foreign exchange rates were unaltered, rallies of the morning were unaltered. Money market continued to harden both for call loans and commercial paper.

New York Liberty Bond Market. New York, Feb. 5.—Prices of Liberty bonds 11:50 a. m.: 3 1/2's, 96.50; first 4's, 96.80; second 4's, 96.90; third 4's, 97.10; fourth 4's, 97.20; Victory 3 1/2's, 97.70; Victory 4's, 97.80.

New York Sugar Market. New York, Feb. 5.—SUGAR—Raw, steady; centrifugal, 13.04; fine granulated, 15.00 @ 16.00.

Kansas City Live Stock Market. Kansas City, Feb. 5.—HOGS—Receipts 2,000. Market beef steers, \$14.25 @ 14.50; medium, \$12.00 @ 14.25; common, \$9.50 @ 12.00; choice lights, \$11.25 @ 11.50; common, \$8.00 @ 11.25; butcher heifers, \$8.00 @ 11.25; calves, \$10.00 @ 12.00; calves, \$8.00 @ 11.25; 60-lbers, \$9.00 @ 10.25.

Chicago Live Stock Market. Chicago, Feb. 5.—HOGS—Receipts 34,000. Market mostly 50c to 75c lower. Bulk of sales, \$13.75 @ 14.00; top, \$14.00; heavy, \$13.75 @ 14.15; medium, \$13.00 @ 14.00; lights, \$12.00 @ 14.00.

CATTLE—Receipts 10,000. Market steady. Choice heavy, \$15.00 @ 16.00; medium, \$11.25 @ 12.50; common, \$9.15 @ 11.25; choice lights, \$11.25 @ 12.50; common, \$8.75 @ 11.25; butcher heifers, \$8.00 @ 11.25; calves, \$10.00 @ 12.00; calves, \$8.00 @ 11.25; 60-lbers, \$9.00 @ 10.25.
