National Tribune Patterns.

1. A Peony Apron for Simple Dress. No. 2840. — This is the size of little girls of average build and age. It is a simple design, but the effect is fine. The apron is of the plain, square-cut type, and the design is carried out in the apron itself. The material is a soft, light one, and the design is carried out in the apron itself. The material is a soft, light one, and the design is carried out in the apron itself.

2. A Peony Apron for the Bed. No. 2841. — A large number of young girls, especially those who are in the process of learning to dress, will find this pattern very useful. The apron is made of a soft, light one, and the design is carried out in the apron itself. The material is a soft, light one, and the design is carried out in the apron itself.

3. A Peony Apron for the Child. No. 2842. — This is the size of the little girls of average build and age. It is a simple design, but the effect is fine. The apron is of the plain, square-cut type, and the design is carried out in the apron itself. The material is a soft, light one, and the design is carried out in the apron itself.
