A vote of thanks of the convention was tendered the chairman and secretary, and to Mr. Alexander Levin for the use of the Park Hall.

The convention adjourned with three cheers for Hancock and English, G. H. Oury and the county ticket.

The following is the platform adopted:

Resolved, That we heartily endorse the platform of the National Democracy adopted at Cincinnati as a clear and English as a happy selection of men in whose records those principles have ever been sustained, and the liberty of the American citizen protected from the assaults of Republican lust of power.

Resolved, That we view the sectional issues the Republicans are trying to force upon the country with the gravest apprehensions for the safety of the liberty of all the citizens of every part of the Republic. That such a course is unrepugnant, subversive of the franchise, and at war with the fundamental principles of the government.

Resolved, That we endorse the nomination of Hon. G. H. Oury for Delegate to Congress, as the selection of a gentleman who has devoted the energies of a life of active usefulness to the welfare of Arizona, and in whose honesty, intelligence and high character we find guarantees that in his hands the interests of our Territory will be faithfully and ably served.

Resolved, That our legislative delegation are hereby instructed in the event of their election to pass a law dividing the county, establishing the line of the new county somewhere west of the San Pedro river.

Resolved, That the Legislature should divide the county into regular superior and inferior districts, that all parts of the county may be properly represented in their local affairs.

Resolved, That the tax on the net products of mining is a discriminatory tax against one of the most important industries of the Territory, and should be modified; and that all taxes should be levied equitably upon the actual value of property.

Resolved, That the tax on the net products of mining is a discriminatory tax against one of the most important industries of the Territory, and should be modified; and that all taxes should be levied equitably upon the actual value of property.

Resolved, That the tax on the net products of mining is a discriminatory tax against one of the most important industries of the Territory, and should be modified; and that all taxes should be levied equitably upon the actual value of property.

"The Power of Faith."
Bishop M. Simpson, of the Methodist Episcopal Church, preached on Sunday evening a powerful and eloquent sermon on the above subject to a large and intelligent audience. His text was I John, Chapter V, latter clause of the 4th verse: "This is the victory that overcometh the world—even our faith." The speaker showed that all the enterprises that had been undertaken and were successful were the result of faith in those engaged in them; that the knowledge we possess through our senses personally, by experience, was very limited, but that the greater part of what we know and receive in science and history and human life was by faith—a belief in the words, acts and works of others, which we readily receive, as depending upon other and superior powers. As in science and history, so in religion. The heart sought happiness and gained it by looking into the distance. Infidelity pretended to give us science, art, history, astronomy, geology to this as his, and from his father; but the soul is not satisfied with these—something more is really wanting, and it looked out to God and heaven and association with the good of past ages.

For man rises and has risen with greater facilities than any of the lower orders of creation; and while they are satisfied within their limits, man goes deeper, broader, higher, nobler, and can see by the power of the common faith, properly applied, the throne of God and the blessings of the heavenly world.

No justice can be done in our few lines to the Bishop's grand discourse. He brought the audience step by step, in plain and effective reason, up from the simplest flower that decks nature by a week's growth, to the almost visible throne of God. The hearers were deeply impressed with his subject and the powerful manner of his delivery.

The choir, under the able direction of Mrs. H. D. Gilbert, who also presided at the organ, made the hymns very effective. The opening anthem was well rendered, and the solo by Mrs. Gilbert was given with fine feeling.

Affairs in Pinal.
Mr. J. D. Baker arrived Monday from Picket Post with a whole budget of news, political and otherwise, from our neighboring county. Mr. Baker is one of the leading Republicans of Pinal, is a man of unbiassed judgment and unquestioned integrity, and as he has recently completed a canvass of the greater portion of this county for the purpose of effecting a more thorough organization, the intelligence he brings may be relied upon as authentic.

Mr. Baker informs the CITIZEN that the nomination of Mr. Stewart is received in Pinal with the utmost favor, and believes that the Republican nominee for Delegate will be accorded a very fair majority in the county. Nearly every town in Pinal will aid in swelling Mr. Stewart's majority, with perhaps the exception of Globe City, where Mr. Oury has many and warm friends and will run well, probably receiving a neat majority.

In local matters party lines will be drawn in but few cases. The desire of Globe and other portions of Pinal for a county division will cause a division on other than party grounds; but this will hardly be likely to affect the standing of the Territorial candidates. Altogether, the Republican outlook is very encouraging.

Mr. Baker also brings clearing intelligence of other than political matters. The Silver King 10 stamp concentrating mill, recently shut down for renovation, starts up again with the commencement of this week, and the additional 10 stamps now being added will be ready for business in about two weeks. The mine itself is looking better and better, and the new and powerful hoisting works are raising large quantities of magnificent ore from the lower levels.

Superintendent D. T. Elmore, of the Mount View Consolidated and Winsor Mining Companies, is putting up a trial roaster for the old 76 mill, and it is the intention to have that mill running shortly on ore from the Last Chance—one of the finest mines in the Territory of its stage of development.

Hotel Deaths.
"Yes," said the affable clerk at the Palace the other day, as he lifted his stomach up on the office counter and selected another toothpick, "they are up to all sorts of dodges—these hotel beats, and we fellows have to keep a very sharp lookout for 'em; bet your life!"

"Do—eh?"

"Now," for instance, about four months ago, a man, a gentleman, came to us with a rather fast-looking young man, who had just arrived from New York, he said, and who engaged a handsome suite on the fifth floor. The old man took me aside, and said he was forced to run over to Hong Kong to meet the next steamer, but that he would leave his son with us. The latter, he confidentially explained, was just then showing considerable wild oats by the wayside. "In fact," said the old gentleman, "with much feeling, I will deposit in your hands this package of gold notes. Use it freely if imperatively necessary, but do not let him know you have any such deposit, as he would be all the more reckless and dissipated. If any party, care Rothschild's Hong Kong Agency."

"Well—what then?"

"Well, the young fellow raised merry old Ned round this office for about three or four weeks, was chased out of the house; gave quartered little supper parties in his room; got drunk, and tried to hold the elevator man's head overboard so that the next landing would cut it off; was chased around the corridors by some married man with a pistol nearly every night of his life, and in fact was a regular snorter in every way."

"Should think so."

"Of course he never paid any board—wasn't that right?"

"Of course he never paid any board—wasn't that right?"
