BEANS AND HOPE.

A Characteristic Letter from John T. Pantlison, the Old Nevada Pioneer...

TUCSON, November 18.—Readers, do you know Charlie Whimple? No! Well, I'm—that is, you ought to be. I thought everyone knew Charlie.

He is no "leader-fool," but an old three-time loser. Eleven years ago we prospected in this country together, and plodded behind and plodded at a lame and worn-out burro, loaded with beans and hope...

But I digress—more on account of your not knowing Charlie than a desire to tell "what might have been." To use a much-abused theatrical expression, as common on play-bills, we will suppose a lapse of eleven years between the first and second acts, which brings us both in Tucson November 9th, 1889—Charlie a rich and prosperous miner, with plenty of beans, and I the busted, disgusted prospector...

The Imperial Mine is literally "too high for my nut." But it is a mountain of mineral and gold-paying quartz. The mine is immense, and beyond the ken of any expert in the land. The whole country and character of quartz reminds me of Aurora, Nevada, and I believe fully as rich as that once famous district.

The first thing we knew we were at Weldon's Camp, guests of Mr. Fowler in a snug miner's cabin, presided over by those princes of good fellows and cup cooking, Andy Weston and Nate Ingersoll, owners of the Straw Hat, Tiger and Fashion mines...

I managed, however, to get my aching limbs under the well-spread table that was already set for us as quick as they, and having fasted and waited for ten hours, felt hollow clear down to my bones...

HOTEL DE RUSTLE.

November 8, 1889. Venison steak, dipped in beer and cracker crumbs, and fried in Mrs. Brown's sauce...

Did we eat? Well, I should again smile. I was lifted from the table with an impromptu derrick and consigned to a bed on the ground, made with and from bear skins, blizzards, buggy robes and overcoats...

At the meeting of the Board of Supervisors yesterday, R. H. Paul, Republican candidate for Sheriff at the late election in this county, made application for a copy of the poll-lists of San Simon, Solomonville, Turkey Creek and Benson precincts.

At the same meeting, Sheriff Chas. A. Shibley made application for similar copies of those precincts, and presented, through his attorney, a protest against his reception, canvass, and declaration of the result of the recent vote for Sheriff in Pima county, alleging, in substance, illegalities and fraudulent counting in Tombstone, Wilcox, Camp Grant and Palatino precincts.

In regard to Tombstone's vote Mr. Shibley charges that he received more votes than he was credited with, and that Mr. Paul was credited with more votes than he actually received. As Mr. Shibley does not state his grounds for such charges, it is impossible to answer them.

Mr. Shibley charges that the ballot-box at Camp Grant was removed from the room in which the voting took place, secreted for over an hour and a half, and then returned, and balloting resumed. The facts regarding this are that the judges of election, after the polls had closed, agreed to adjourn for supper, and meanwhile locked up the ballot-box in a safe, and did not again open the polls.

Mr. Shibley also charges that all the voters in Pajarito precinct are residents of Sonora, Mexico. Col. McArthur states that his store, where the polls are held, is near the line, but that it is within the boundaries of the United States; that to his knowledge, all the voters who cast their ballots in that precinct live at or near his camp and are residents of the United States, though some of them may be engaged during the day on mining property in the neighboring State of Sonora.

Territorial News Notes. Thomas Gardiner is writing up Pioneer and Globe Districts for the next number of the Illustrated Quarterly. Mr. Cook, of Prescott, has 400 head of cows grazing in the neighborhood of Gillette that furnish any quantity of nice beef, and milk, butter, etc., to our Prescott friends.

Miss Carrie Wilkins and Miss Minnie Atkinson, two of Prescott's most popular and intelligent young ladies, are candidates for Clerks in the next Council. The ladies are fully capable to fulfill the duties of the positions to which they aspire, and if elected will represent the interests of the "poor, grave and reverend seigniors" of the Upper House neatly and correctly.—Democrat.

His Work Almost Finished. NEW YORK, November 18.—A Tribune Washington special says: In a conversation with a correspondent yesterday a well-informed army officer said that in his opinion Sherman had soon carry out the purpose he indicated last year. Sherman has often expressed a preference for St. Louis as a place of residence, and it is broadly hinted by military men that Sherman's St. Louis preference has been greatly strengthened by the result of the recent election. It is common talk among army officers that the defeat of Hancock has caused Sherman to present the military man's claim of high rank remarked to-day that he was informed that Sherman cast his vote for Hancock in St. Louis.

A PROTEST.

Against the Prosecution of the So-called "Arizone Claim"—Some Very Plain Language for C. D. Poston to Put in His Type and Smoke.

ARIZONA, November 18. EDITOR CITIZEN: A large and enthusiastic mass meeting of miners and property-owners of Arizone and Oro Blanco Districts convened at the Post-office to-day. Dr. R. A. Wilber was appointed Chairman, and John Bogus, Secretary.

It was moved and carried that a committee of three be appointed to draft resolutions for the consideration of this meeting, of which the following is a copy. The Committee on Resolutions consisted of B. L. Tiffany, Chairman; Capt. John McCafferty and W. G. Ponderer.

Resolved, That we believe the claim of C. D. Poston to a Mexican grant covering these lands to be invalid and illegal, and therefore we believe it to be simply a vile speculation to stent our possessions on these lands from us, or compel us to pay blackmail to avoid vexatious lawsuits and thereby be permitted to hold and enjoy our own property on these lands; and be it further and finally resolved, That we hereby pledge ourselves, individually and collectively, to do all in our power to defeat the so-called "Arizone Claim," and that we will not pay, nor, as far as we can prevent, permit others to pay any money or thing of value to settle, buy or compromise any title claimed by said Poston to these lands; and be it further and finally resolved, That we recommend the lawyers who spring their illegal writs upon us to the future consideration of the voters of Pima County.

Resolved, That we, the promoters of trade and industry of this district, call upon our fellow citizens through the county for that expression of sympathy which the cause of justice should ever receive, and we also recommend the lawyers who spring their illegal writs upon us to the future consideration of the voters of Pima County.

Resolved, That we, the promoters of trade and industry of this district, call upon our fellow citizens through the county for that expression of sympathy which the cause of justice should ever receive, and we also recommend the lawyers who spring their illegal writs upon us to the future consideration of the voters of Pima County.

Silver King Shipments. Special to the Citizen. MARICOPA, November 21.—Twenty thousand pounds of Silver King concentrations were shipped to San Francisco to-day via Casa Grande.

WASHINGTON, November 19.—A letter received here says that Gen. Harry White, of Philadelphia, who failed to be re-elected to Congress, will make an active canvass for the clerkship of the House. This will make three Pennsylvania applicants or the place—ex-Clerk McPherson Gen. White and D. S. Forney. It is said the Camerons will use their influence against McPherson, because of the active part he took in Blaine's interest in the Convention of 1876 and at Chicago last summer.

The appointment of Gen. Miles as Chief Signal Officer, which seems to be assured, will make another vacancy on Gen. Sherman's staff, which will promote Lieut.-Col. A. McD. McCook of the general staff, to be Colonel of the Fifth Infantry. The vacancy caused by the death of Col. Anderson, has not been filled. Gen. Sherman is in no hurry to make selections for his staff.

The appointment by Gov. Wills, of Louisiana, of a successor to Senator Spofford, deceased, who contested Senator Kellogg's seat, indicates that this old contest is to be reopened. Kellogg, however, is safe, as at least five Democratic Senators, including Bayard and Thurman, are in accord that Kellogg's case is res adjudicata.

NEW YORK, November 17.—The Commercial of this evening says: G. P. Morrison, of Jay Gould's office, said to a Commercial reporter that there is not even a shadow of truth in the report of a railroad consolidation with Grant at the head. At the office of Sydney Dillon the reporter was authorized to state that the report had not the slightest justification—in fact, the officials of the Missouri, Kansas and Texas Railroad Company said it was intended to continue their line into Mexico, but so far as any consolidation of any Pacific lines is concerned, there was no ground for the report in any shape. One of the officials of the Wabash, St. Louis and Pacific Railroad Company said that whatever consolidation schemes might be made in the future, nothing at present justified a coloring to the report as published this morning.

HARTFORD, November 18.—The official count in Connecticut gives Garfield's plurality at 2656; majority, 1328. Did't Hurt Him. NEW YORK, November 18.—The Herald says that Hancock is in the enjoyment of splendid health, and has not looked so well for a long time, showing conclusively that he has not allowed himself to be greatly worried by his defeat.

LONDON, November 18.—The name of the steamer reported lost off St. Gowers Head, Wales, is still unknown, but it is supposed to be a small coaster. Six bodies were washed ashore.

NEW YORK, November 18.—Reports have reached here that the schooner Abraham Lincoln was wrecked off the Liberian Coast, with a loss of thirty lives.

NEW YORK, November 18.—The Sun pretends to have knowledge that Thos. C. Platt will be United States Senator, vice Kernan, and Congressman Morton be made Secretary of the Treasury.

LOUISVILLE, November 18.—The vote of Kentucky, lacking one county stands: Hancock, 147,449; Garfield, 102,931; Weaver, 11,498; Dow, 256. Hancock's majority over Garfield, 44,518; over all, 31,760. Total vote for President in 1876, 259,614; in 1880, 263,132.

DANVILLE, Ind., November 17.—In the United States District Court, Judge Rivers presiding, a nole prosequi was ordered in the cases of the County Judges indicted for not putting negroes on juries.

WASHINGTON, November 19.—Gen. Miles forwards a dispatch from Lieut. Kishinbury, dated Camp of Mussel Shell, November 7, as follows: "The Indians attacked us to-day about 4 p. m. Some Indians at a distance were discovered by the lookouts coming towards our camp, and the scouts sent out were fired upon by a party in ambush, one quarter of a mile from camp. The scouts fought them well until forced to fall back, which they did without losing any men. One horse was killed and three wounded at the first volley. I am making my position as strong as possible. They are bound to come in force. I shall do the best I can, and they shall not get in our stock until they get us all."

Gen. Miles adds that Major Igles built a log hut and stockade at the mouth of Mussel Shell last summer that will hold all of Lieut. Kishinbury's men and animals. There is also a rifle pit around their camp. I will send Major Igles over to that point to remain for a time to await the definite action of the remaining ho-camp near Woody Mountain.

NEW YORK, November 17.—The official vote of this city is: Hancock, 123,015; Garfield, 81,680; Weaver, 610; Dow, 26. The grand jury is considering the Marcy letter case.

GOHAM'S VOTE. NEW YORK, November 17.—The official vote of this city is: Hancock, 123,015; Garfield, 81,680; Weaver, 610; Dow, 26.

"Do babies give milk, mother?" asked the boy. "No, my son. What makes you think so?" "Because I've heard of the engine's scream." The mother reached for her slipper, but the embryo paragon had vanished.
