PRESCOTT ADVERTISEMENTS.

ARIZONA MINER.

Prescott, Arizona. ESTABLISHED 1864. Volume III, 1866.

The third volume of the MINER is begun with an enlargement of the paper and corresponding improvements. It is the determination to make every respect more complete and attractive than the preceding volumes. It will lead rather than follow in the sure and gratifying progress which the Territory is making. While it will treat of all matters of public importance, its columns will be more particularly devoted to the interests of the miners of Arizona, the intrepid and deserving men who as pioneers and prospectors through dangers and difficulties to which ordinary men would have succumbed have wrested this rich country from the hands of the savage, and will not abandon it. As their organ, and a record of the progress in the opening and development of the unrivaled mineral, agricultural and pastoral regions of the Territory, and of all that pertains to its growth and prosperity, the MINER will merit a large local and general circulation. As the oldest paper in the Territory, its value as a news medium and advertising sheet must be apparent, not only to our own citizens, but also to business men throughout the Union.

SUBSCRIPTION.

The MINER will be sent to any address at the following rates—payable in legal tender:

For one year	\$5 00
For six months	3 00
For three months	2 00
Single copies	.25

Terms, invariably in advance. No notice will be taken of subscriptions not accompanied with the money.

ADVERTISING.

One square, one insertion	\$3 00
Each subsequent insertion	1 50
One square, three months	10 00
One square, one year	25 00

JOB PRINTING.

The facilities of the MINER office for miscellaneous printing are now first-class. As good work can be furnished as from the San Francisco offices. We would call the attention of miners, business and professional men of the Territory to our style of executing all kinds of Circulars, Bills, Receipts, Letter Heads, Bill Heads, Certificates of Stock, and Claim Certificates. PLAIN OR ORNAMENTAL. For Miners, Merchants, Lawyers and others. PRINTED IN GOOD STYLE. Work can be ordered from any part of the Territory, and will be promptly executed and carefully sent by mail, or as directed. Henceforth the business of the office will be conducted strictly upon the CASH SYSTEM. The high cost of everything necessary to printing in this Territory, and the common usage, make this necessary. Funds for subscriptions to the MINER, for advertising, or for job work, may be sent by mail, express or private hand, at the risk of those sending.

NEW YORK ADVERTISEMENTS.

STEEL PEN WORKS,

Factory, Camden, New Jersey. R. ESTERBROOK & CO., STEEL PEN MANUFACTURERS. WAREHOUSES—400 Arch Street, Philadelphia; 43 John Street, New York. These Celebrated Pens are of Genuine American Manufacture, and comprise every style in the Market, and are equal in finish, elasticity and smoothness of point to the best imported. They are, therefore, sure to gain the confidence of the American public. Samples and prices on application. Lots made to order, of any pattern or stamp required. For sale to the trade at the Manufacturers' Warehouses, as above; and at retail by all United States, Booksellers and News Dealers. R. ESTERBROOK & CO. 111f

E. REMINGTON & SONS,

MANUFACTURERS OF Revolvers, Rifles, Muskets and Carbines, For the United States Service. Also Pocket and Belt Revolvers, REPEATING PISTOLS, Rifle Guns, Revolving Rifles, Rifle and Shot Gun Barrels, and Gun Materials, sold by Gun Dealers and the Trade generally. In these days of housebreaking and robbery, every house, store, bank and office should have one of REMINGTON'S REVOLVERS. Parties desiring to avail themselves of the late improvements in pistols, and superior workmanship and form, will find all contained in the New Remington's Revolvers. Circulars containing cuts and description of our arms will be furnished upon application. E. REMINGTON & SONS, HILTON, New York. MOORE & NICHOLS, Agents, No. 146 Court Street, New York. 11

HIGHLY IMPORTANT TO THE MINING COMMUNITY.

Great saving in the cost of reducing machinery. The attention of the mining corporations, mill men, and mine owners is respectfully urged to examine and carefully investigate the great advantages to be derived from Mr. Gardiner's invention, patented under the title of the THUNDERBOLT CRUSHER. The "Thunderbolt Crusher Company," organized upon the patent of Mr. Gardiner, and under the laws of the State of New York. Office 69 Broadway, New York. OFFICERS—President, Hon. Chauncey Vibbard, New York. Vice President and Treasurer, J. L. Pillsbury, New York. Secretary, F. G. Winton, New York. The "Thunderbolt Crusher" is constructed upon an entirely new principle, which enables it to crush and pulverize ores and other minerals in a simple process, viz.: It is provided with two jaw plates, which working upon different curves, not only crush, but also attain a maximum of attrition. These jaws are massively constructed, and are furnished with massive plates of chilled iron, which can be easily replaced at small cost. They will admit of being run in use for reducing quartz. Large orders for this crusher have already been executed for well established mining companies, and the company have contracts with respectable mining companies to construct without delay, a very large number of this crusher, every part being made capable of sustaining any strain that can be brought to bear upon it. We furnish at present two sizes of machines, numbered respectively Nos. 1 and 2. No. 1 weighs complete when finished, 1400 lbs., or seven tons, occupies a space, when in running order, of five feet in width, by fifteen length, and will require a 12-horse power engine. Compared with stamps, requiring the same power, it will crush from three to four times as much work in the same time, making it through a 60 to 80 meshes to the inch, the stamps only sever of from 35 to 50 meshes to the inch. The Thunderbolt Crusher not only crushes a given quantity of work, but reduces it to a fine powder. Cost, completely rigged and delivered at the wharf, \$8,500. No. 2, compared with No. 1, is one-sixth less in capacity; is 4,000 lbs. lighter in weight; therefore taking a correspondingly less amount of power. Cost, complete in all its appointments and delivered on the wharf, \$3,500. Orders are respectfully solicited with full instructions. Address either of the offices of the company, at the office, 69 Broadway, New York. P. G. GARDINER, Superintendent, 61f No. 12 Pine Street (Room 11) N. Y.

GROVSTEEN & CO.,

Piano Forte Manufacturers, 400 Broadway, New York. The attention of the public and the trade is invited to our New Scale Seven Octave Rose Wood Piano Fortes, which for volume and purity of tone are unrivaled by any hitherto offered in the market. They contain all the modern improvements, French grand action, harp pedals, iron frame, over-strung bass, etc., and each instrument being made under the personal supervision of J. H. Grovsteen, who has had a practical experience of over thirty years in their manufacture, fully warranted in every particular. The "Grovsteen Piano Forte" received the highest award of merit over all others at the Celebrated World's Fair! Where were exhibited instruments from the makers of London, Paris, Germany, Philadelphia, Baltimore, Boston and New York; and by the American Institute for five successive years the gold and silver medals from both of which can be seen at our warehouses. By the introduction of improvements we make a still more perfect Piano Forte, and by manufacturing largely, with a strictly cash system, are enabled to offer these instruments at a price that will preclude competition. PRICES. No. 1, Seven Octave, round corners, Rosewood Plain Case. No. 2, Seven Octave, round corners, Rosewood Heavy Moulding. No. 3, Seven Octave, round corners, Rosewood Louis XIV style. TERMS—Net cash in current funds. Descriptive circulars sent free.
