BET.—Hon. R. W. Groom, on Wednesday morning, made a bet of \$100 with Major Richardson of Pima, that Haight, the Democratic candidate for Governor of California, was elected.

BOUND OVER.—Joseph Aveya, charged with shooting Government mules near Fort Mohave, was examined before Justice F. M. Matthews of Hardyville on the 19th and 21st inst., and held to bail in the sum of \$500 to answer at the next term of the District Court in Mohave county.

MR. W. N. BALLARD, superintendent of the mail line between Prescott and San Bernardino, arrived in town with the mail on Saturday last. He was accompanied by Wm. J. Beggs, for many years connected with the press of Oregon and California, who purposed to reside in Prescott. They saw no signs of Indians on the road. Mr. Ballard left here again on Thursday, for California.

UPPER HASSAYAMPA.—A. B. Smith informs us that, on account of the scarcity of water in the Hassayampa, he will suspend operations as soon as he can clean up his affairs. Mr. Smith has great confidence in the richness of his lode, the "Iron," which, he tells us, is six feet thick. He has recently discovered a new lode, which he has named the "Lincoln." It is small, but good. So soon as he cleans up he will inform our readers how the rock pings.

PREACHING.—Rev. Mr. Blake preached on Sunday last, in the Hall of the House of Representatives. A feature of the service was the rendering sacred music on a melodeon, owned and played upon by Colonel Baker, Quartermaster at Fort Whipple. The Holy Sacrament was administered to four persons. We believe this is Parson Blake's last sermon in Prescott (for some time at least), as he intends leaving us in a few days for a new field of labor in the service of Jehovah.

CAMPBELL'S NEW STORE on Montezuma street, fronting the plaza, is now completely finished both inside and out, and is well stocked with goods, tastefully arranged. The building is 30 feet front by 60 feet in depth; three of its walls are built of stone, the front being of brick; it is well roofed with tin, and has iron doors and shutters, making it decidedly the best and safest house in town. It is a tolerably good-looking one for a town located in a "wilderness."

THE RECOVERED OFFICE is now located on Montezuma street, in the building lately occupied by "Cheap John." Christie is heavy on the move. Sometimes the bedbugs get after him and make him shudder; then again the night owls and "phillies" kind peck at him until his pet chicken comes stepping stately into his office to have his legs tied. This "settles" it with Christie, and he immediately "concentrates" his mind upon the task of finding another house.

VAGRANTS STAND UNDER.—Mr. Jenkins of Pima, in the Journals of last week says—as introduced in the Council—"An Act to punish vagrants, vagabonds and suspicious persons," and we think it more than likely that the bill will become a law. If it does, and the law is enforced, won't be the means of securing a great many vagrants out of the southern portion of the Territory—and then, you know, the capital would have to go to a point further south than Tucson—say to some locality in Sonora—in order to be convenient to the large number of citizens whom this act would drive out of Pima county. Please go slow, Mr. Jenkins.

MR. PIERCE.—By letter from Wickenburg we learn that Mr. Pierce, editor of the *Arizona*, had so far recovered his health as to be able to start for La Paz. We believe it was his intention, while at Wickenburg, to go to the Sandwich Islands in hopes of recovering his lost health. While in Prescott Mr. P. could scarcely breathe and was unwillingly compelled to seek a lower altitude. After purchasing on terms unknown to us, the material of the *Arizona*, he succeeded in getting out one number of the *Arizona*, and we think it will be the last as well as the first number. Mr. Pierce is a first class writer, but very bitter, and not calculated to win the esteem of temperate men. Hope he may soon recover.

TO PROSPECTORS.—We have received a letter from Mr. P. McCannan, an old and highly esteemed citizen of Arizona, who at present is residing at Salt River Station, near Fort McDowell. McCannan states that he is anxious to raise a company of twenty-five or thirty men for the purpose of prospecting the country adjacent to Salt River, and if any of our citizens feel like taking a trip, we can assure them, from personal knowledge, that it is about the only country east of Prescott that looks at all like a gold country. It is Mr. McCannan's intention to follow up Salt River for about one hundred miles, and should he find nothing, he will then cross the country to Pinal Mountain. Mac has been all over Arizona, and confidently believes the country he proposes to visit contains good placer mines. For further information apply at the MINER office.

RETURNED.—Mr. L. Skillin, John Reese, A. Henning and Frank Moore, who some two weeks ago, started out to meet a family of emigrants who were coming to Prescott from Colorado, over the road leading from this place to New Mexico, and who, it was truthfully reported, were abandoned by a party of hardened wretches with whom they had been traveling, have returned home after riding four hundred miles. The party saw where the family had encamped twelve miles this side of the Little Colorado, and, after satisfying themselves that the family had taken the back track, our praiseworthy boys followed the road to a point about twelve miles east of the Little Colorado, thinking they might come up with the forlorn family. The boys say they saw an Indian fire on the San Francisco mountain; also, plenty of game. Great praise is due them for making this profitless trip to serve their fellow creatures.

WEATHER.—Whew! how the wind blew on the commencement of this week! What does the clerk of the weather mean? Does he intend running a wind-firm in opposition to the Territorial concern now established and doing a good business in Prescott? If so, we advise him to take in his sign, close his concern and start a laundry. Our Solons are too powerfully lunged for you, my boy, and are certain to beat you at your own game. It will not do for you, either, to try to drown them out with rain water, as you did yesterday forenoon; they will deal out to you a much stronger fluid than that.

JACK FROST paid Prescott and vicinity a visit last night. We have heard no body denounce the white-headed old fellow, and conclude that our farmers were prepared for him.

FRIENDLY VISIT.—Honorable D. H. Stickney, Henry Jenkins and Wm. H. Hardy, all Members of the Council, made a call upon us this morning. Mr. Stickney has represented Pima county in the Council well and ably during three sessions.

MR. JENKINS is a Member of the Council from Pima county. This is his first visit to Prescott. He is a fine gentleman and will make a useful legislator.

MR. HARDY, as everybody knows, is one of the most energetic men in the Territory, and serves his constituents faithfully.

MR. V. RYAN, editor of the *Arizona Gazette*, paid the MINER office a visit on Tuesday evening. Since the demise of his paper, he has been enjoying himself hugely. Call again, brother Ryan.

JUDGE HOWARD made the MINER office a visit on Wednesday afternoon. This is the first time the Judge has been able to come to town for a couple of weeks. He has had a hard spell of sickness, but thinks he will soon be himself again.

MAJOR VAN BIBBER, who has been sick eight months, is now past the crisis, and feeling much better. The Major has had a hard time of it, and we hope he may soon be all right again.

THE THIRD HOUSE met on Wednesday evening, when Gov. Dozernberg delivered his Message. We were not present, but have been told that the honorable body, as well as the spectators, of whom there was a large number present, including several ladies, were highly diverted with the document, and greeted its reading with frequent applause and laughter. The further proceedings of this eminent deliberative body were of an interesting character. The Third House will meet again on Monday evening next.

GENERAL GROOM says, that had he a regiment of cavalry under his control, in one year from to-day one or two men could go where they pleased and attend to their business, without having to pack a breech-loader and a pair of revolvers, and without being compelled to make their will, or go to the expense of insuring in the "Breakneck." We believe you, General, but think the chance of getting a full regiment at present is mighty slim. We believe, with old Captain Shoup, that somebody at Washington or San Francisco, has been told and believes that there are a few "niggers" among our Indians, and had you a whole regiment to send after the thieves, it might possibly occur that some of the boys might hurt a freedman, and then what would Mrs. Toolley say?

ORGANIZED.—The Hon. Third House organized Monday night in the Hall of the Hon. Second House, which body, for accommodation sake adjourned for the purpose of taking a lunar observation to find out whether or not the sign was right for the removal of the capital.

ON MOTION of Mr. Bigelow, J. P. Bourke was elected Speaker; Col. Baker, chief clerk; Mr. Lindsey, (not from Fort Yuma) "Sergeant-at-Arms."

IMMEDIATELY after the organization was effected the credentials of the members were passed upon, and the gentlemen proceeded to business like regular experts. Some good hits were made by the members of the Third House, and the ruling of the Speaker was tantals and unique. He is thoroughly versed in parliamentary rules, having been teacher of a Sunday school class for nearly one month. The clerk and "Sergeant of Arms" are old hands at the "bit" and kept their end up in fine style. The Governor will deliver his production on Thursday evening next and Tom Johnson is expected to perorate on the "lives of the saints who have died from sunstroke and drinking Mexican Mustang Linctant south of the Gila." A good time is expected, and should a motion to adjourn from the printing office be in order the types will attend.

A PESTER HONORED.—We observe by the *Arizona Miner*, published at Prescott, A. T., that Robert F. Platt, Esq., brother of Mr. John Platt, of this city, has been elected District Attorney of Yavapai county, of that Territory. Mr. Platt was formerly a co-proprietor in the *Gazette* office. He studied law with Gen. Robert Fleming, of this city, and we believe was formerly a member of the Legislature of Arizona. Bob is a good fellow and deserving of the confidence of the people.—*Evening Star* (Pa.) *Gazette*.

WE fully agree with you, Mr. *Gazette*, in saying that "Bob is a good fellow." At the time of this writing, 10 o'clock at night, he is sticking type in this office, sound in mind and body, happy as a cinn in high tide, and almost as witty as his brother type, the lamented "A. Ward." He loves to read the old *Gazette*, and talks of soon paying a visit to the "Everlasting State."

HON. N. LEWIS, member of the House from Mohave county, has introduced a bill for the purpose of segregating mining claims. We believe it will please his constituency, but are inclined to think it would not suit this county, which, we understand, will be exempted from the workings of the bill.

MISTAKE.—Chaplain Blake requests us to state, that in the notice of the marriage of his daughter to Mr. H. A. Brown, published in a recent number of the MINER, the words "No cards" were through mistake omitted. Ample preparation had been made for guests, and a great many friends and acquaintances were looked for who were not present on that occasion.

THANKS.—Mr. A. Williamson, a model farmer, a good citizen, and the best cook and neatest housekeeper in Yavapai county, sent us yesterday from his ranch in Willow Valley, four miles north of Prescott, a sack of potatoes raised by himself and partners, Hon. Jas. S. Giles and Mr. Johnson, which for size and quality cannot be beaten in any country. Nearly every one of them would weigh over a pound, and they were none of your watery sort, either. Our types tried them, talked about them, and pronounced them A. No. 1. THE WEATHER, since our big storm ceased, has been all that any body could ask for.

A BILL has been introduced in the lower House of the Legislature, for the purpose of creating the office of Public Administrator, an office heretofore much needed in the county, and we suppose, in every county in the Territory. As the law is and has been, it was and is the duty of the Coroners to take charge of the effects of deceased persons, but sometimes, men elected to that position fail to qualify and attend to the duties of the office. Hon. John T. Dare of Yavapai county, has introduced this bill.

PLEASURE EXCURSION.—Governor McCormick, General Gregg, and the following honorable members of the Fourth Legislature, to wit: H. Jenkins, D. H. Stickney, Alexander McKee, Wm. H. Hardy, Octavius D. Gass, J. W. Simmons, L. A. Stevens, D. S. Lount, C. W. Lewis, S. W. Chambers, M. M. Richardson, F. M. Hodges, P. Draehman, O. Lindsey, N. S. Lewis, R. J. Cutler, E. J. Cook, James S. Giles, Allen Culbumber, John H. Mathews and John T. Dare, together with several army officers and citizens, started yesterday afternoon on a pleasure trip to Bowers' ranch and Big Bug. Hope they will have a jolly time of it, and return satisfied that Prescott is the best place to locate the Capitol. We wish honorable gentlemen from Pima, Yuma, Mohave and Palo Verde could spare the time to visit all our mining and agricultural districts, and see for themselves the advancement made by the people of these mountains in the face of almost insurmountable difficulties. For another year rolls around, should our Indian troubles be terminated, we will have more than five thousand people, and twenty mills running.

OUTSIDE.—We publish on the outside of today's MINER a very interesting article from the Philadelphia *Free Press*, on "The Practicable Pacific Railroad Route," with remarks. Also, an able "Report on Military and Indian Affairs." Also, the "Report of the Select Committee to Examine into the Financial Affairs of the Territory and Report thereon." We also print the "Report of the Auditor of the Territory of Arizona to the Fourth Legislature," of accounts audited and warrants issued by him, from November 1, 1865, to September 7, 1867.

READ IT.—On our first page will be found an able communication, explaining and defending the votes of Messrs. Giles, Bush and Cook against the House Preamble and Resolutions, asking that Arizona be erected into a separate military department.

CAPTAIN WILLIAMS, a gallant officer and amiable gentleman, will, we understand, start for California to-morrow. He is much improved in health. We hope the Captain will soon be able to return to Arizona to avenge his wounds. Mr. Hoopes, who came out here with the Willing party, will accompany Captain Williams.

FROM TUCSON.—Sunday evening's mail brought us the *Southern Arizorian*, from Tucson. It gives the following items, some of which may interest our readers: Gen. McGarry and Lieut. Walcott, U. S. A., arrived on Friday from Tucson. The scouting party that went out after Indians from Camp Wallen and Tucson, at latest news were at San Simon Grande, having sent into Camp Bowie for supplies. Capt. Clay, U. S. Army, arrived on Monday from Camp Goodwin, en route for some point in Oregon, where he has been ordered. Capt. Clay left on Tuesday, accompanied by Capt. Hinds, who goes to San Francisco on business.

C. F. Hayden, Esq., returned on Saturday from Sonora, and left on Tuesday for Prescott, accompanied by Mr. Charles Shibley, who goes to Wickenburg on business in connection with the collection of customs. We are informed that depositions have been committed by Indians about Camp Goodwin, in this Territory, and that the Pinal Chief has given out that his people will not allow any one to work on the ranch near the Post, opened by Hugh L. Hinds. We ought to get up a petition to have Commissioners sent to these Indians.

During the past week the Indians made a raid upon our friend, Mr. George Cox, where he was stopping over night at the ranch of Capt. Gay, nine miles north of this place, taking his team of horses, a fine span belonging to Mr. J. B. Allen. Lightning plays some fantastic tricks. A few days since it struck a wagon belonging to Mr. C. T. Hayden, somewhat shattered the body, broke open a trunk belonging to F. M. Hodges, Esq., filled with new clothing belonging to our friend Levine, that he was having brought from San Francisco, and tore out the seat of his new doek-jens very unceremoniously. No other damage done.

The mail from here eastward is now a tri-weekly and is carried with promptness and dispatch—though not as we would wish, carried on stages—but on horseback traffic, and in a buggy once a week. From California via Fort Yuma we understand the road is stocked, and we will soon have a tri-weekly carried in four-horse spring wagons. This is the route for the great overland mail, and the fact is beginning to attract attention from the head of the Post Office Department. Glad to hear it. Hope it will do you and your section a powerful sight of good. But, my dear sir, are you not a little too fast when you proclaim yours "the route?"—meaning, we suppose, that your three-cornered concern is the only feasible route in the Territory.

SAN BERNARDINO.—We clip the following items from the *Guardian* of September 7th: Dr. Willing, and the survivors of his party, arrived here from Hardyville in the early part of the week, and left on Wednesday for Los Angeles, the Doctor intending to proceed direct to Philadelphia by the first steamer. Tomlinson & Co.'s tri-weekly mail line from this place to Tucson, is now duly organized and in full running order. From here to the Colorado, at Fort Yuma, there are six drivers, eleven stations and ninety head of horses. The mail was dispatched Monday, Wednesday and Friday of this week, and will continue to run on those days. Mr. Wright is superintendent of the line. The reservation on the Colorado river, for the Arizona Indians, or such of them as think proper to avail themselves of its advantages, is said to be in a prosperous condition. The crop put in is said to consist of a thousand acres of corn, besides other requisites. There are 4,000 Indians located there. The appropriation was \$50,000. On Saturday evening, August 31st, at the close of the Republican meeting in Los Angeles, a pistol was accidentally discharged by an officer from Drum Barracks, the ball of

which unfortunately took effect in the knee of Mr. Stephen Shekel. The matter has been arranged by the officer paying Mr. Shekel one thousand dollars.

The result of the election in this county is fully ascertained, although the official vote has not yet been counted.

The Democratic State ticket obtained about a hundred majority. Mr. Axtell, for Congress, 92 majority. Mr. Sverkerup, for Senator, has 100 majority. Mr. San Diego yet to hear from. Mr. James, Democrat, is elected to the Assembly.

The other officers known to be elected are: Clerk, A. F. McKenney; Treasurer, H. Yager; Sheriff, G. F. Fulgham; District Attorney, Hulet Clark; Superintendent, W. S. Clark; others, not fully ascertained.

CREDENTIALS.—The member of the Third House from Mohave presented to the Speaker of that honorable body the following document as his credentials. It needs no explanation, and seems to be "in order?" HARDYVILLE, Sept. 27th, 1867. To the Big Captain 3d House, Arizona Legislature: Me Big Captain Sie-a-hoot hear you help big talk. Me want to go to Prescott, help talk; but spose Walapais catbum me no good. Haskell he no got squaw; me send him, he velly good man; he mucho hungry; long time no eat-um. You give him plenty beans, plenty corn, plenty meat, velly good; bye and bye he much fat. One moon you send him back. Given under my hand and seal this 27th day of Sept. A. D. 1867.

SICHOOT. GOOD BY TAUL.—While making the rounds last night in search of an item, we were told by two gentlemen of veracity, that General Gregg had received orders to commence the erection of new quarters for the troops at Fort Whipple; also, that Col. Baker wanted 100,000 feet of lumber and all the wood-batchers he could hire. This, if true, is good news, for both soldiers and citizens, showing, as it does, a determination on the part of the Government to protect its citizens, and likewise care for the comfort of the troops. The old quarters are, as Gen. McDowell knows, scarcely fit for cattle; and the sooner they are torn down and burnt, the better it will be for both Government and troops. The soldier, after a fatiguing scout, needs, upon his return, some decent place to recruit his worn-out frame, and protect him from the inclemency of the weather, and Gen. Gregg is broad to keep the men on the go all the time, or give up possession of the roads to the Indians, it is no more than fair that the men, when not on the tramp, should have some comfort.

NOT SO.—We stated, in a late issue, that orders had been received from General McDowell's headquarters, San Francisco, by Col. Baker, quartermaster at Fort Whipple for the purchase of 100,000 feet of lumber with which to erect new quarters, but we have since been told that in place of 100,000, which was ordered to purchase but 10,000, which is scarcely enough to repair the rotten old sheds now used as quarters. We are also credibly informed that an order to purchase 100,000 feet of lumber was received, but, strange to say, it is to be used at Fort McDowell to "build a linn," for what purpose we are not informed. If this statement be true, it is the most ridiculous thing we ever heard of. What, buy 100,000 feet of lumber for a post nearly 200 miles from this place, haul it that distance, and then work it up into "a linn," while but ten thousand feet is allowed a post of ten times the importance of McDowell, and that, too, for a purpose a hundred times more pressing.

GLORY ENOUGH FOR AN AGE! THE CONSTITUTION VINDICATED! We stop the press to announce the most glorious intelligence that has for years been communicated to our people. The glorious Democracy of the Golden State have set their backs upon the ladder of fanaticism, and the vice-serpent of despotism, high-tyranny, negro equality and monarchical government has bleeding upon the soil of a State which it has desecrated and polluted with its foul, un-American practices. Nearly all the papers concede the election of Haight by about 10,000 majority. Axtell beats Price in the First Congressional District. Judge Johnson of Sierra Leone Harrison in the Third. The result in the Second Congressional District is in doubt, but it is believed that Cox will beat Hight. The Union says the next Assembly will be Democratic. Hight carried San Francisco by about 4,000 majority. All hail to the noble Democracy of California! "Truth trampled to earth will rise again, The eternal years of God are hers; But error, wounded, writhes in pain, And dies amid her worshippers."

NEW ADVERTISEMENTS. LEGISLATIVE BALL. A complimentary Ball and Supper will be given in honor of the members of the Fourth Legislature, on WEDNESDAY EVENING, SEPTEMBER 25, '67, in Montezuma Hall, Prescott. Floor Managers.—JOHN P. BOURKE and JAMES GRANT. Invitation Committee.—JOHN P. BOURKE, ED. DARLING and BENJAMIN BLOCK. ALL ladies who are expected to attend will receive invitations. Prescott, September 21, 1867. 11.

Administrators Notice. Estate of Charles Noble, deceased. NOTICE is hereby given by the undersigned, Administrator of the above named Estate, to the creditors of, and all persons having claims against the said deceased, to exhibit the same, with the necessary vouchers, within one year from the first publication of this notice, to the undersigned at his residence, south side of the plaza, in the town of Prescott, A. T. All claims not so presented will be forever barred. Prescott, August 21st, 1867. J. C. LEXSON.
