

LOCAL NEWS.

JUSTICE.—Your communication will appear in next week's issue.

THE Southern mail arrived in Prescott Thursday evening. Mr. Brown, the rider, started off alone, with a large party for dismounting mail service upon the route.

DO YOU WANT A CALENDAR FOR 1868? If you do, come or send to the MINER office, and we will give you a large, beautifully printed one as a present.

THE train of Bowers Bro's was in town Sunday last, loaded up with provisions, tools, lumber, etc., and started for the ranch, Agua Caliente.

WHEAT.—Thirty acres of wheat planted by Chief Justice Turner, on Lower Lynx creek, is now up over the ground over six inches, and looks beautiful.

TOM McWILLIAMS, a pre-historic Arizonian, who comes mighty high being a second edition of the Wandering Jew, returned to Prescott, upon Salt River, a day or two ago.

BROOMS.—Splendid brooms are made at Walnut Grove, in this county. They are for sale at the postoffice.

CHRYSTLER.—Levi Bashford, north side of the Canyon, we believe, the only trader in town having goods and wares, outside in front of his place of business. It is not a bad idea.

JAMES ROCKWELL and Charley Yates started for Walnut Grove yesterday morning. They will go there to plant a crop, at which place, Mr. Rockwell will plant a crop, at which place, Mr. Rockwell will plant a crop.

ROBERT J. OSBORN, who, some time ago, was badly bruised, and came near losing the sight of both his eyes, is now nearly as well as ever.

DR. HOWAN informs us that, a few days ago, a soldier named Gay, while going from Camp Whipple to Camp Lincoln, shot himself in the foot, accidentally, of course. He remained at Lincoln.

ANOTHER soldier, while working in the corral at Whipple, got in between a band of mules, and was not hurt much, and run over by them. He was not hurt much.

THE San Bernardino-Guardian of February 1st says that Messrs. Wertheimer, Henderson, Jackson, and others, from Prescott, had arrived there, on their way to San Francisco.

SECRET.—On the 5th of February, Brevet Captain Fesbet, Eighth Cavalry, and twenty-five men, left Camp Whipple, with orders to thoroughly scout the country through Silver and Leadore Mountains, and to hunt down and destroy, if possible, the band of Indians who have been lately devastating upon the people of Eisenburg and Walnut Grove.

THE BEAR PEN, a well-known classic retreat in Granite street, where Concentrators were wont to work sulphurets by the mouth process, is deserted by its former occupants, who have gone to hydraulic mining on Lynx Creek.

THE REPUBLICAN, Wisconsin, too, where a Marysville, Iowa, and a Virginia, had used to discuss matters and agree to disagree, is also occupied. The disputants have embarked together in the same enterprise, and we wish them success.

RECENT POLITICAL MOVE.—It is reported in news that two elongated individuals of the bachelor persuasion started, last week, on a canvassing tour to the various precincts in the county.

THEY are to be Delegate in Congress, the one for the sum of \$5,000. It is reported that the name of being a staunch Democrat, and the name of being a staunch Democrat, and the name of being a staunch Democrat.

GOING HOME TO LA PAZ.—Saturday last Indian Superintendent George W. Dent and Dr. Wilson Jones, left Prescott for their homes in La Paz, Yuma county. During Mr. Dent's stay in Prescott, he made the acquaintance of many of our citizens, who were loth to see him depart so soon.

HE had the pleasure of an introduction to Mr. Jones, and must say that we found him a very agreeable, entertaining gentleman. As Dr. Jones is well and favorably known all over the Territory, it would be useless for us to say anything in his favor.

CHIMNEYS ON FIRE.—Two chimneys—one in the residence of Mr. Wunderlich, the other in that of Mr. Borker, in this town, caught fire recently, and burned out without doing any damage.

WUNDERLICH'S caught fire in the day-time, and our citizens rushed frantically to the location of the chimney which for want of material to consume, tipped of its own accord. Borker's chimney, which is made of stone and brick, was not so lucky, and was seen by some of the Hook and Ladder company, who rushed to their engine house, and set off their "machine," mounted the roof and tipped the devourer in the bud.

MR. HANCOCK, while in Prescott, told us that the Mesquias and Amosah Pah-Utes had promised to come down to Mohave and renew their quarrels of peace, and friendship with the whites. The Wallapai, the Pah-Utes say, are anxious to make peace, and Col. Price told the whites to talk with them. Scheerum was wounded in the left thigh in the recent fight with the whites.

MINING.—The news, this week, from the mining districts adjacent to Prescott, is of the most encouraging character. In Big Bug District, the placer miners are making as high as ten dollars a day to the hand. Work is being pushed forward on the Eugenic lode, with flattering prospects.

TWO shafts on the Chase lode, in Hasayampa District, were, several days ago, down respectively 40 and 43 feet, and, at these depths, the lode was fully five feet thick and the rock rich.

JOE Young called into our office yesterday, and showed us the result of three tons of Chance ore which he had worked in the Sterling mill, under very unfavorable circumstances, owing to the cold weather, and the fact that this ore was the first of the kind treated by Mr. Reed; but the result proved beyond a doubt that he could work the ore, and that it will pay big.

THREE tons yielded 100 ounces of nicely retorted gold and silver amalgam, worth, at least, five dollars an ounce. We are satisfied, from the color of the amalgam, which is nearly yellow with gold, that it is worth several dollars more per ounce than the figure guessed by Mr. Young.

YESTERDAY, when Mr. Young left the Sterling mill, Mr. Reed was engaged in cleaning up, after having worked a quantity of Sterling rock. Reed was in fine spirits, and was satisfied that the rock would pay well. So we go, onward and upward. Thanks to Reed, thanks to our brave pioneer miners, and to our rich quartz lodes, we are now fairly started on the road to prosperity and development!

THE WEATHER, ROADS, ETC.—Friday, Saturday, and Sunday last were cold days in this vicinity. It commenced snowing in the mountains south of town Friday afternoon, and kept it up until some time Saturday night. Supervisor Cornell, who came to town from the Sterling mill on Monday evening, said that, on top of the divide, the snow was about three feet deep, while at Noyes & Curtis's Saw-mill, about four miles this side of the top of the range, the ground was scarcely covered. It rained heavily in Prescott, but no snow fell here, on those days. The roads leading to town, and the streets, are very muddy, and teaming over them, just now, is a sinking business. Several freight trains are encamped between this place and Silver Valley, waiting for the roads to dry, so that they can come to town and discharge their cargoes, which they can soon do, should the present delightful weather continue a few days longer. Our winter generally "breaks up" about this time every year, and we hope it will do so this one, not that it has been mean, but that we like a change, and are ready to welcome spring, mild, budding, and cheerful.

MILITARY MATTERS.—It is encouraging to know that between the Chief Military Commander North of the Gila, General Devin, whose headquarters are at Camp Whipple, Prescott, Major Price, commander of District of Upper Colorado, headquarters at Fort Mohave, and Major Chenden, who now commands the district of the Verde, headquarters at Camp McDowell, the best of feeling prevails. All three officers served together in the army of the Potomac, know each other well, and will work together for the best interests of this section of the Territory. They like the country, its climate and people, and we know they will do their endeavors to put an end to the cruel war that has desolated this fair land and almost paralyzed the hand of industry.

F. C. SUHR, news dealer at San Bernardino, California, has our thanks for a bundle of papers, almanacs, etc., sent us by last mail. In addition to his stock of books, stationery, newspapers and periodicals, he informs our readers, by advertisement in to-day's paper, that he keeps on hand, a large stock of medicines, cutlery, garden seeds and notions, and that he will pay particular attention to the billing of orders from our Territory. Mr. Suhr has kindly consented to act as Agent for the MEXICAN in San Bernardino, and we hereby grant him full power to contract for and receive payment for advertisements, subscriptions, etc. A great part of the trade of Arizona goes to San Bernardino, and as the MEXICAN has four times the circulation of any other paper printed in the Territory of Arizona, we expect the business men of San Bernardino to make themselves known to their customers by advertising in our columns.

PEITTY LARKEY.—Two hombres recently stole a gun and other traps from a citizen of this town, were followed by Deputy Sheriff Behan, arrested, brought back to town, and placed in jail. One of them was found to be a deserter from the Third Cavalry, and was turned over to the military authorities at Camp Whipple. The other was, on Wednesday, tried before Justice Blair on a charge of petty larceny, pleaded guilty, and was fined \$25. Judge Berry defended him, and has told us that the fellow is disposed to be honest, and that it was the deserter who got him into the scrape.
