DISPENSARY,
Corner Geary and Mason St.

This college Institute for the
cure of all special, complicated
and so-called incurable diseases.
Dr. Liebig's German In-
vestigator is positively guaran-
teed to cure nervous and phys-
ical debility, weakness, loss
of manhood, loss of energy, ring-
ing and dizziness in the head,
melancholy, hopeless feelings,
and all the results of youthful
indulgence and excess of
mature years. The Doctor is
a regular College physician,
and will agree to forfeit one
thousand dollars for a case that
Investigator will not cure, un-
less special treatment and ad-
vice.

The reason so many cannot
be cured of weakness and the above diseases,
is owing to a complicated, called Prosta-
titis, which requires peculiar treatment.
Liebig's Investigator No. 2 is a positive cure
for Prostatitis. Price of either Investigator,
\$2 per bottle; six for \$10. Sent to any
address on receipt of price, or C. O. D. Re-
sponsible persons pay when cured. Strictest
secrecy maintained. Patients cured at home.
Liebig's dispensary runs an elegant drug
store in the building. Consultation, person-
ally or by letter, free.

Ordinary Cases—Any recent case of spec-
ial or private diseases cured for \$10. Re-
medies sufficient to cure will be promptly sent,
with full directions and advice, on receipt of
\$10. All packages are securely covered from
observation.
Investigator sample free.

STOCK NOTES.

Arizona wools are grading higher
in the market every year.

The sales of wool in Boston last
week are reported as one million
pounds in excess of last week.

W. B. Slaughter, of American Val-
ley, New Mexico, recently sold to
Charles Hecht, of Cheyenne, 1,350
head of cattle at an average price of
\$22.50.

Horse stealing seems to be preva-
lent to a large extent in this territory.
If every owner had his brand pub-
lished thieves would have but little
chance of getting away with their
animals.

Mr. Brill, of Maricopa county, has
purchased a lot of Holstein cattle to
place on his ranch. It is claimed
that while this stock is equal to the
Jersey for the production of milk,
they are much larger and can be made
more profitable for beef.

The Colorado Clipper reports that
the J. C. Beatty flock of sheep, 7,200
in number, were sold under deed of
trust recently. They were bought by
J. M. Perea for \$10,100 cash. This
is one of the best flocks of Merino
sheep in the county, shear 10 pounds,
and parties who are judges say they
would be cheap at \$20,000.

The sheep men are now making a
move in the right direction. A pre-
liminary meeting of the sheep owners
of Apache county was held on the 8th
of this month, at which it was re-
solved to hold a convention for per-
manent organization on Nov. 1, at
St. Johns, to which all sheep men are
earnestly invited to attend.—Hoof
and Horn.

The combined receipts of cattle at
the four great centers, New York,
Chicago, St. Louis and Kansas City,
last week were 72,646, against 79,016
the previous week. Prices were very
unsettled, ruling from 15¢ to 30¢ lower
for western cattle. Chicago received
42,000 of the number last week, mak-
ing 137,969 for the past three weeks.
The lowest price for western cattle
was \$3.25.—Hoof and Horn.

Mrs. Edgar, of this county, who
owns a large stock range in the lower
San Pedro, recently sold 385 head of
cattle in two lots to parties from the
Tonto Basin, who started the cattle
for that section. One lot sold for \$25
all around, and the other lot for \$23
per head, making the price \$46 to \$50
for a cow and calf. Mrs. Edgar in-
tends making Los Angeles county,
California, her future home, but will
leave her three sons on the ranch
with 100 head of cattle each, as a
starter.—Phoenix Gazette.

In all Arizona there was scarcely a
more unpromising spot in which to
seek for water than in the broad val-
ley that stretches eastward from the
Quijotoas. But the sinking of an ar-
tesian well to the depth of several
hundred feet by a mining company
there developed an abundant supply
to run its mines and mill, and further
demonstrates the fact that a little cap-
ital invested in producing water will
change some of the so-called deserts
of Arizona into the finest cattle ranges
in the world.—Wilcox Stockman.

The symptoms of disease among
sheep are easily distinguishable in the
appearance and bearing of the ani-
mal. The diseased animal will appear
listless and stupid, and will generally
separate itself from the flock and stand
or lie out by itself, and at no other
time will a sheep wander far from the
flock. Whenever the shepherd sees a
number of the flock separated from
the others, he may know that some-
thing is wrong, and should give it
immediate attention. A sheep is un-
like any other animal in that it very
soon dies when it becomes affected,
if it is not given relief almost im-
mediately.

FALL ROUND-UPS IN ARIZONA.

The fall round-up in the Middle
and Lower Gila will begin on Mon-
day, Oct. 5, at the Coronado ranch
below York's, works thence up the
river through the Middle Gila, and
finish up at the Hart Bros.' ranch in
the Burros. Mr. Buck Tyson has been
elected captain of the round-up.

The San Pedro round-up will com-
mence at the Saso ranch on the San
Pedro river, below Tres Alamos, Nov.
2, and will work thence up the river
to the St. David bridge, thence to
Kinross's ranch in the Whetstones,
thence to the ranch of Miguel Torres,
thence to the rancho of Marcus Pacheco
and Manuel Coronado. T. B.
Robertson will act as captain of the
round-up.

TERRITORIAL ITEMS.

The round-up in District No. 1,
Pima county, will commence at Fort
Lowell on the 15th of October, work
thence to Pantano, thence to Stock
valley, Empire and Crittenden ranch-
es, and from there down the Sonita
to Sanford's ranch. The rodeo will
reach Pantano on the 20th of Oct.

At a meeting of the stockmen of
Williamson valley and vicinity, in
northern Arizona, it was decided to
begin the fall rodeo at Dickson's
ranch in Skull Valley, on the 10th of
October; also Blair's rodeo to begin
at his place on the 6th, to meet the
Williamson valley party at Draper's
on the 21st of October, and finally
round up in Little Chino valley at the
Adobe on the 8th of November.

As already announced in the CHAM-
PION, the stockmen of the Mogollon
mountains and vicinity decided to
commence their round-up on Septem-
ber 25th at Mund's mountain ranch,
going from thence in a southerly di-
rection to Buckhorn. The Verde
valley and Oak Creek rodeo will com-
mence at Dougherty's ranch on Nov.
1st; thence to Spring Creek and Wil-
lard's on the Verde; thence down the
river.

An Important Ruling.

Secretary Lamar has sent the fol-
lowing communication to the com-
missioner of the land office for his
guidance in admitting attorneys to
practice in land cases:

"In response to yours of the 14th
inst., section 190, revised statutes,
has neither been amended or repealed,
and you, in common with every offi-
cer of the department, are instructed
to see that it is faithfully observed and
enforced. No officer, employe or
clerk, whose appointment is subse-
quent to the first of June, 1872, and
who has not been out of office two
years or more, is permitted to prac-
tice as an attorney in prosecution of
any claim against the United States
which was pending while he was in
office, and if it shall come to your
knowledge that any such former offi-
cer intentionally shall prosecute or
attempt to prosecute any such claim,
you will please report the fact to me,
and proper action will be taken in re-
sponse thereto.

The section above referred to reads
as follows:

"It shall not be lawful for any per-
son appointed after the first day of
June, 1872, as an officer, clerk or em-
ploye of any of the departments, to
act as counsel, attorney or agent for
prosecuting any claim against the
United States which was pending in
either of said departments while he
was such officer, clerk or employe,
nor in any manner, nor by any means
to aid in the prosecution of any such
claim, within two years next after he
shall have ceased to be such officer,
clerk or employe."

Surveyor-General Julian, of New
Mexico, referring to this order, in a
communication published in the San-
ta Fe New Mexican Review, says:

"To make a party guilty under this
section he must (1) have been an offi-
cer, clerk or an employe subsequent to
the first of June, 1872, no such law
having existed prior to that time; (2)
the claim or suit in which he is em-
ployed as counsel, attorney or agent,
must have been pending in one of the
departments when he was such officer,
clerk or employe; (3) his liability is
limited to two years next after he
shall have ceased to be such officer,
clerk or employe."

Hence the surveyor-general con-
tends that any attorney who was an
officer, clerk or employe in "either
of the departments" of the govern-
ment, and coming within the condi-
tions of the three points above set
forth, is barred from practice for a
term of two years after he shall have
ceased to hold such position. By
the same ruling, then all the employes
of the land office, department of jus-
tice, postal department, military de-
partment, or the executive branch of
the government, including masters in
chancery and United States commis-
sioners, in fact, everybody and any-
body who has been in the employ of
Uncle Sam and received pay from the
government within two years and who
attempts to prosecute a case coming
within the conditions above set forth,
is barred from such practice under
the law. Of course, this has nothing
to do with any new business that
they may be engaged in.

This broad construction of the
law will effect a large number of
practicing attorneys in Arizona and
New Mexico.

Mr. Reed, formerly in business and
still a property owner in Nogales, was
with Mr. Ames, the eastern capitalist,
bound for South America, when the
latter died at Tucson. Mr. Reed, af-
ter shipping the body of Mr. Ames
to Boston, will continue on his jour-
ney south.

WINTER SEASON AT NOGALES.

Preset indications promise a lovely
winter season at Nogales.

The report that yellow fever had
broken out in Tucson, is unfounded.

Wong Tie, a Chinaman, killed one
of his countrymen at the Vulture
mine.

A meeting of the Territorial Insane
Asylum commissioners was held at
Phoenix on Monday last.

The Caledonia copper mine, situ-
ated in Pinal county, has been sold to
Chicago parties for \$40,000.

A car load of ore recently shipped
from Kingman realized for the owner
\$1,500, clear of expenses.

Governor Tritle will deliver the
opening address at the Phenix fair,
which commences October 13th.

Mohave county is having a mining
boom. A rich strike of a large body
of ore has been made near Todd's
basin.

A hundred German families are ex-
pected in Arizona in a few weeks, to
colonize a section of country on the
Colorado river north of Yuma.

Some new gold discoveries on the
Gila, about ten miles below San Pe-
dro, which are said to be very rich,
are attracting the attention of mining
men.

Juan Maria Castellimire, who was
arrested at Nogales some few weeks
ago on an order from the Mexican
authorities and was discharged for
the want of extradition papers, re-
turned to Sonora and is now being
tried for murder in the first degree.

The San Diego railroad is now com-
pleted excepting about four miles and
this gap will be closed in a few days,
when the Atchison, Topeka & Santa
Fe system will have complete through
connection from Boston on the Atlan-
tic to San Diego on the Pacific coast.

The fire in the Pinal mountains sup-
posed to have been ignited by stroll-
ing Indians, and which was discovered
in the vicinity of Keilner's mill, was
diverted from its course by efforts of
the mill men. At last accounts it was
traveling in the direction of the Old
Dominion wood camp.—Silver Belt.

As frequent inquiries are made as
to the amount paid in Arizona for the
destruction of wild animals the fol-
lowing list will be of interest to some
persons: For every lynx, wild cat or
small wolf, fifty cents; for each panther
or bear, ten dollars; for each moun-
tain lion, twenty-five dollars. Head,
with ears attached, must be produced
before any justice of the peace within
the county. The justice gives a cer-
tificate of this fact with the scalp and
ears attached to the Board of Super-<
