THE TALE TOLD.

We have two little paragraphs which show how Indian difficulties begin, and who is at fault in creating them. We copy the following from the Cherokee Advocate:

"We are informed by a gentleman just from Maysville, Arkansas, that a foul murder was perpetrated in that village, on the night of the 10th instant, by some unknown assassin. The name of the murdered man is E. George, a Cherokee. The deceased, in company with some other Cherokees, had gone to Maysville on Saturday, says our informant, and there got into a drunken frolic, and is supposed to have been in a state of intoxication at the time he received the fatal blow.

"Nothing seems to have been known of the fate of this unfortunate man until the next morning, (Sunday,) when his lifeless body was discovered, lying in one of the streets of that ill-fated village, with two or three stabs in his back and side, and not far from the whiskey shop from whence was dealt out the liquid fire, which, no doubt, excited the assassin to the bloody deed."

Who speaks here? The Indian. His pen writes what his heart feels and his head dictates. And who diffuses that liquid fire, waking up the red man's devilish passions, and creating strife, bloody dispute, and murder? The White man. And if, when thus excited or crazed, the poor Indian fires a building, or strikes down the white, or is guilty of any lawless or reckless conduct towards the "settler," vengeance follows him, and his clan—his whole tribe it may be—is made to feel it. It is a hard lot, and the wonder is that the savage bears with it as meekly and bravely as he does.—Cincinnati Gazette.

MANUFACTURE AND SALE OF ARDENT SPIRITS.—What evil has it done? To record all its mischiefs would take volumes. Governor Everett enumerates the following as among the many within the last ten years, viz:

- It has cost in direct expenses \$500,000,000. It has cost in indirect expenses \$600,000,000. It has destroyed 300,000 lives. It has sent 100,000 children to the poor houses. It has consigned at least 150,000 to jails and prisons. It has made at least 1,000 maniacs. It has instigated the commission of 1,500 murders. It has caused 2,000 persons to commit suicide. It has burnt and otherwise destroyed property to the amount of \$5,000,000. It has made not less than 200,000 widows. It has made 1,000,000 orphans. It has endangered the inheritance left us by our fathers, and fixed a foul blot on the fair name of America.

COMMUNICATIONS.

"Combining streams from pure tea-total Springs."

For the Washingtonian.

UNITED BROTHERS OF TEMPERANCE.

This society was organized in this city under a charter obtained from the State Assembly of United Brothers of Temperance of the State of New York. It was introduced by several teetotalers in October last; since which time it has been in successful operation, and at the present, numbers about 130 members. The object of this association is to further the cause of temperance, by holding public meetings at least once a month to obtain signatures to the pledge of total abstinence. Those who sign the pledge at public meetings, are not considered members of the association. This society is likewise greatly interested in the reformation of inebriates, having a special view to reclaim them by kindness and affection; and one of their excellent rules provides a relief fund, being the payment of six and a quarter cents per month from each member, which is appropriated to aid the reformed inebriate found in destitute circumstances. They also pay six and a quarter cents per month to the widows and orphans' fund, to be appropriated to necessitous and worthy widows and orphans of deceased members. This association is based on the purest principles of Benevolence, and is not a secret society—having no signs, cathemisms, or secret means of recognising each other—simply associating themselves together for the purpose of strengthening each other, in their resolution to abide by the total abstinence pledge.

Any respectable, healthy citizen can be admitted by paying an initiation fee and subscribing to the constitution.

The benefits are from three to five dollars per week during sickness.

The association appropriates from fifteen to thirty dollars to defray the funeral expenses of a brother or a brother's wife; and in all cases of death, it is deemed the duty of the members to attend the funeral.

No person's religious or political opinions are to be interfered with, discussed, or even alluded to, in the meetings of this society.

MISCELLANEOUS.

"Variety is the spice of life."

The License Commissioners of Windham county, Vermont, licensed three merchants in Springfield to sell liquors, whereupon the ladies held a meeting and sent a committee to invite these gentlemen to give up the traffic. They offered to do so on condition that the ladies would pledge themselves not to patronize peddlers. This offer was agreed to instantly, when the licenses were delivered up and burned in the presence of the meeting.

Important to Creditors.—The Vice Chancellor of New York has decided that the salaries of Corporation officers, when due and payable by the Comptroller, can be laid hold of by creditors.

Corporation Appropriations.—On Tuesday night, the New York Common Council appropriated \$2,000 toward relieving the distress of the sufferers by the great fire of Saturday night week; also, another \$2,000 toward keeping the Fourth of July. They also adopted the new police organization.

A wife cannot be sued without the husband, unless he is dead in law; and law is enough to be the death of any man.

Pretty Good.—The Essex County Whig says that needle-women are like the enemy spoken of in the parable: they sew tares while the husband men sleep.

What a curious thing a Printer is! He stands when he sets, and sets when he stands; and when he wishes to set with ease he always stands erect. It is, however, the nature of the case that makes him stand.

A Landlord Outwitted.—A Landlord, at Manchester, having got hold of a pledge paper, took the liberty of signing the name of one of his best customers. He came and proclaimed the same in the parlor, when the individual rose up and said, "Well, it shall stand!" The man was as good as his word, and when last heard of, he was a consistent member of the Washingtonian Society. The Landlord thought that was carrying the joke too far.

LATER FROM MEXICO.—The editors of the Journal of Commerce have been favored with the following extract of a letter to a commercial house in New York, dated

MEXICO, May 20, 1845.

"This Government having been empowered by Congress to enter into a treaty with the Texan Commissioners, all fear of a rupture between this country and the United States, on that score, is now at an end."

From Hayti.—The French paper of New York (Courier des Etats Unis) of Tuesday morning, has advices from the Spanish or Dominican parts of Hayti, dated May 23, which represent that part of the island as prosperous and tranquil, and fully confident in its power to resist the hostile attempts of the Haytiens proper.

UNIVERSALIST PREACHING.—Rev. J. H. GIBSON, editor of the "Christian Warrior," Richmond, Va., will preach at the APOLLO HALL, tomorrow, at 11 o'clock in the morning, and at 8 in the evening. The public are respectfully invited.

DEATHS.

"Thou hast all seasons for thine own, O' Death!"

On Wednesday morning, at 7 o'clock, RICHARD PATRIK, eldest son of CHARLES and SUSAN V. McNAMEE, aged 3 years.

On the 10th instant, MARGARET, youngest daughter of FERDINAND and MARGARET JEFFERSON, in the 4th year of her age.

On Thursday last, at 9 1/2 o'clock, A. M., after an illness of two days, Mrs. SARAH COMMERTON, a native of King George county, Virginia, but for the last thirty-nine years a resident of Washington.

NEWS ITEMS.

General Houston is lecturing on Temperance in the southern States. At an election for Alderman in Locust Ward, Philadelphia, last Saturday, the Natives succeeded by a majority of 19. The steamer Great Western approves of Cumberland coal for steam raising, and intends to use no other hereafter. At Halifax, N. C., last week, fire was necessary to comfort; the thermometer stood at 43 after sunrise; it is feared the cotton crop suffers. The woods are on fire in Cecil county, Maryland. Mr. Shannon, our minister to Mexico, was robbed lately, between Vera Cruz and the city of Mexico, of everything, save the clothes he had on. The thermometer reached 101 degrees in the shade at Philadelphia, on Monday last, while in Baltimore, New York, and this city, it was at the same hour (3 o'clock P. M.) but 90.—1207 immigrants arrived on Sunday last at the quarantine ground, New York.—A Mormon settlement has been made on one of the Society Islands, in the Pacific, and is represented as being in a flourishing condition.—The degree of L. I. D. has been conferred, by the University of N. C., upon the President of the U. S.; Hon W. P. Mangum, late President of the Senate; Hon. J. Y. Mason, Attorney General, and the Rev. F. S. Hawks, of Miss., all alumni. The annual meeting of the stockholders of the Chesapeake and Ohio Canal, which commenced at Frederick on the 2d inst., was adjourned on the following day to Tuesday, the 23d of July. The election of officers was postponed till the adjourned meeting.

LOCAL DOINGS.

WASHINGTON CORPORATION.—The two branches of our City Council assembled on Monday last in their respective chambers at ten o'clock. In the Board of Aldermen JAMES ADAMS, Esq., was elected President, and JOHN D. BARCLAY, Esq., Vice President. Mr. E. J. MIDDLETON was also elected Secretary of the Board.

A remonstrance was presented by Alderman THORNTON from John R. Queen against the return of Maraduke Dove as Alderman elect of the Sixth Ward. This remonstrance, with a petition signed by numerous citizens of the Sixth Ward on the same subject, was ordered to lie on the table—there being as yet no Committee on Elections appointed.

In the Board of Common Council SAMUEL BACON, Esq., was elected Presiding Officer, and RICHARD BARRY Secretary. Mr. JACOB KLEBER was elected Messenger to the two Boards. The two Boards then adjourned until Monday, the 23d instant, at 4 o'clock.

THE FOURTH OF JULY.—The Teetotalers of the District intend celebrating our natal day in an appropriate manner. His excellency the PRESIDENT of the U. S. has granted to their use, for that day, the grounds attached to the War office. It is contemplated to have a procession; an oration will be delivered, the Declaration of Independence read, with other exercises. We expect to give the programme in our next, by which time the whole plan will be matured.

THE COMMITTEE OF ARRANGEMENTS on the celebration, will meet next WEDNESDAY evening at the Club House.

THE CONVENTION on the celebration will meet next THURSDAY evening at the Club House.

FREEMEN'S VIGILANT T. A. SOCIETY.—This Society holds meetings every Sunday evening; when the weather permits, in the streets in different parts of the city where their presence may do good—and at other times at the Club House. Last Sabbath afternoon they held a meeting on Seventh street, in the Northern Liberties which was well attended; among the audience we observed several rum-dealers, and although the speaker's (Messrs. HARKNESS and SAVAGE) told some hard truths, we are happy to say we never attended a more orderly meeting. Several signed the pledge.

On Tuesday evening the stated meeting of the above society was held at the usual place—the Club House. Although the weather was rather unfavorable, a large audience attended to listen to the reasoning of Mr. DRUSCOOM, of Kinderhook, N. Y., who had been announced for the occasion. Mr. D. well repaid the audience, by one of the most chaste and powerful speeches we have had the pleasure of listening to for some time. Mr. D. spoke until near ten o'clock.—Mr. HOBAN was then called for; he responded in one of his ready, witty, and happy off-hand speeches. Eight signed the pledge.

THE GEORGETOWN TOTAL ABSTINENCE SOCIETY will hold a meeting to-morrow (Sunday) afternoon, in the Georgetown Market, at 3 o'clock; it is expected a number of the citizens of Washington will be present.

MILITARY.—The Mechanical Riflemen, Captain McLELLAN, paraded last Monday, and repaired to a beautiful grove at Eckington, where they spent the day. The Mechanicals looked and marched well. We regretted the thinness of the ranks on this occasion, as well as on the last parades of our other volunteer companies—a fact which seems to indicate a decline of the military spirit among our young men. We hope for a revival of it in these stirring times—when wars, and rumors of war, are on every lip—and Johnny Bull, Johnny Crapeau, and our neighbor Mexico, are all looking savage at us.

WARM WEATHER.—ICE CREAM.—Keep cool.—The past week has been a regular scorcher in this, our godly city of dust and distances—90 degrees in the shade being hardly a circumstance. In the melting wood in which we have often found ourselves in the past few days, much relief has been afforded us by a visit to the ICE CREAM rooms of Mr. BRODBECK, in the First Ward; also to those of Mr. MILLER, F street.

Mr. COLLEMAN, 7th street, and Messrs. MORELL & MILLER, Pennsylvania avenue, Third Ward, whose creams, soda and mineral waters, &c., are most refreshing and cooling to the inner man, and the attention to visitors, by those in charge, are of a character deserving the patronage of the community. We commend them to our readers, the Ladies especially.

ACCIDENT.—We are sorry to state that Mr. E. McCUBBIN, one of our most efficient teetotalers (among the children, at least) was severely injured last Saturday evening, by being run over by the steamboat omnibus. In crossing Seventh street and the market place, he saw a young lady in danger of being knocked down by the leading horses; he sprang forward and saved her, and was himself knocked down; the stage passing over one arm and both legs. No bones broken. He is doing well. The doctors say it is well for him that he was a disciple of cold water.

THE ISLAND.—On last Wednesday evening a respectable meeting was held by the teetotalers of the island, at the school house on Maryland avenue. Mr. SMITH was called to the Chair, and Mr. DAVY acted as Secretary. Addresses were delivered by Messrs. WHITFIELD, SAVAGE, and SMITH. The object of this meeting, as had been several preceding it, was to revive the total abstinence society in this part of the city. The plan for carrying on the work is now matured; and on their next meeting, which is called for Wednesday, 18th inst., the society will be duly organized by the selection of officers.

The meeting was well attended by ladies, and we hope they will continue to animate, by their presence, those engaged in this holy work.

IMPROVEMENTS.—Our city, at the present time, is the scene of vast improvement; the paving and repairing of the avenue west of the President's house, and the road leading to the Congressional Cemetery, is rapidly progressing; the paving of Seventh street, under the contract of Mr. CROWLEY, will be carried on vigilantly; the brick work on the Odd-Fellow's Hall, Seventh street, has commenced; the President's mansion is being renovated, by painting &c.; the contractors called to the aid, on Pennsylvania avenue, we understand, are closed; and the building will show itself; and the innumerable number of private houses being built and improved this season is astonishing.

ADVERTISEMENTS.
