This ink has acquired a celebrated character, and is in extensive use. The following certificates are as satisfactory to me as though the experiments had been made by myself. THOMAS P. JONES. WASHINGTON, Jan. 26, 1843. Mr. Joseph E. Hover: Sir: I have made use of your Black Ink sufficiently long to ascertain that it possesses all the desirable qualities which are necessary in the employment of steel pens more fully than any kind of ink that I had previously essayed, and I have got pretty well through the catalogue. I have not taken the trouble to test it chemically, as this has been already done by others whose certificates are as satisfactory to me as though the experiments had been made by myself. THOMAS P. JONES. WASHINGTON, Jan. 26, 1843. Mr. Joseph E. Hover: Sir: I have examined and used part of the specimens of ink which you left with me, and am prepared to speak favorably of them both. Since I began to use metallic pens, I have never been able to obtain ink which would not more or less corrode, and speedily destroy them. Yours appears to be free from every corrosive ingredient. The marking ink possesses, in my opinion, all the qualities which are requisite to give to the article a very high character. Yours, respectfully. F. HALL. nov 7
