All Run Down

No Appetite. Weak. Discouraged.

Warm climates always debilitate the nervous system. The digestion is slow, and the liver becomes sluggish. Impurities in the blood accumulate, and you go about downhearted and depressed. All this may be quickly changed with proper treatment.

Mrs. C. Kennedy, of 28 Erskine St., North Melbourne, Victoria, sends us her photograph and this letter:

"I had lost my appetite, was very weak, and all run down. Nothing did me good, and I was discouraged. I then tried

AYER'S Sarsaparilla

and it brought me right up to my usual health and strength. And I want to add a word here about Ayer's Cherry Pectoral. It has cured me of such hard coughs and colds that I feel I could not do without it. For family remedies I rely on that word, 'Ayer's.'"

Keep your bowels in good condition with Ayer's Pills. Take just enough to produce one good free movement of the bowels daily.

CHANCES FOR KONA.

F. Wundenberg's Report to the Court.

F. Wundenberg, the Kona receiver, has hopes for the cash to harvest the crop of the Kona Sugar Company, in spite of the decision of Brewer and Co., that they will not take it up. He submitted a written report to Judge Humphreys yesterday, stating the situation as follows:

Last week I visited the Kona Sugar Company's property situated at Kailua, Hawaii, in company with Mr. George Robertson, of Brewer & Co., and made a thorough investigation and inspection of the property, from which I have reached the following conclusions:

1. I find the climatic conditions of Kona very favorable for the cultivation of sugar cane; largely owing to the fact that the rains, which usually fall in other places during the winter months, in this section fall in the summer months, during the period of the growing cane, and in the winter months, when the cane is being harvested, it is comparatively dry.

2. The land, to all appearances, would indicate that cane could not be grown on the same, but the fact remains that excellent cane is now growing on the place, than which it is hard to find any better anywhere.

3. One of the reasons for the present financial difficulties of the company is largely owing to the criminal waste and poor judgment exercised in planting cane in sections at too high an altitude for the proper growth of the same.

4. The method employed of making contracts with planters and allowing them to draw largely in advance of what was coming to them before the crop was harvested has resulted in placing the company entirely at the mercy of its labor.

5. Very poor judgement has been exercised in the matter of the mill; it being nothing more nor less than pieces picked up from here and there, all of which have cost more in the long run than a complete new mill would have cost, without being able to give any satisfactory results.

But in the face of all these conditions, I think that if sufficient funds could be found available to harvest the present crop of 1902, and also that of 1903, a net tonnage of at least 7000 tons could be had in the next 16 or 18 months, as can be seen by the statistics hereto attached.

| | |
|---|-------------|
| Crop of 1902, say 3000 tons— | |
| Cost of completing rail road..... | \$10,000.00 |
| Cost of conveyance to mill of cane estimated at 30,000 tons | |
| at \$1..... | 30,000.00 |
| Cost of manufacturing and bags..... | 20,000.00 |
| Cost of wire cable to arrive | 8,000.00 |
| Salaries now due (Jan. 31, 1902) | 4,050.00 |
| Labor now due to men employed direct by the company..... | 12,000.00 |
| Labor now due to planters for crop of 1902, to Jan. 31..... | 18,000.00 |

| | |
|--|-------------|
| Labor advances for crop of 1903..... | 42,000.00 |
| Maintenance of stables, say 10 months, at \$1,000..... | 10,000.00 |
| Salaries, say 10 months..... | 10,000.00 |
| Incidental expenses..... | 15,000.00 |
| Total..... | \$29,000.00 |

Crop of 1903, say 4000 tons—

| | |
|--|--------------|
| Cost of conveyance to mill of cane estimated at 40,000 tons | |
| at \$1..... | 40,000.00 |
| Cost of manufacture and bags..... | 25,000.00 |
| Salaries for six months at \$1.10 per month..... | 6,840.00 |
| Rents..... | 12,000.00 |
| Maintenance of stables at \$1,000 per month, say seven months..... | 7,000.00 |
| Incidentals..... | 15,000.00 |
| Total..... | \$108,840.00 |

Total receipts from crop of 1902 and 1903, 7,000 tons at \$58..... \$406,000.00

Total expenses taken off crop 1902 and 1903..... 334,890.00

Total..... \$71,110.00

All through the grinding season there will be plenty of cane tops for feed, which will greatly reduce the cost of maintaining the stables.

The crop of 1903, if started to take off in January, will be off by June 30th.

HON. E. C. MACFARLANE.

His Passing Away on His Honey-moon Tour.

Chicago, Feb. 16.—Edward Creamer Macfarlane died on his wedding tour at 2 o'clock this afternoon, at the Auditorium hotel, leaving a young wife of a week a widow at 22 years of age. The body will be taken to San Francisco tomorrow, and thence sent to the Hawaiian Islands to be buried.

Mrs. Macfarlane is inconsolable. Macfarlane had been a bachelor and was 49 years old. They were on their way to Europe to spend their honeymoon. They reached Chicago last Monday, and Macfarlane was taken sick that afternoon. He died of pleuro-pneumonia. F. W. Macfarlane, a brother, is expected here Monday from San Francisco to take charge of the body and escort the widow home.

Mrs. Macfarlane goes back to a home crowded with wedding presents which have not even been acknowledged.

LICENSE EXPIRED.

Brewery's Term of Fifteen Years Up Last Month.

The Honolulu Brewing and Malt Company's brewers' license has expired and it is claimed that under the statute it cannot be renewed. At the Executive Council meeting this morning an application for a dealer's license was made by the company, and the council discussed the proposition of issuing such a license and allowing the company to proceed under it.

The law under which the brewery license was issued was passed in 1886. It authorized the Minister of the Interior, now the Treasurer, to issue a license for the brewing of liquors in Honolulu, for fifteen years. The fifteen years expired last month, and the question has been raised as to the brewery company's right to get another. The license, though issued fifteen years ago, has only been in use about a year.

The "Dealer's License" which is now asked for, is provided for in section 432 of the penal code, and allows the holder to sell intoxicants in quantities of not less than a gallon of spirits or a dozen bottles of malt. Treasurer Wright will investigate the question of whether the company can keep on manufacturing under this sort of a license.
