LABOR DAY EXCURSION.

Many People Go on the Band Bene-Hi Trip.

The Hilo band and two hundred and fifty people from this city were the guests of the Hilo Railroad in an excursion to Puna on Labor Day. The excursion was a benefit for the band and the returns from the generosity of the railway management went in their entirety to swell the band's exchequer. The amount realized was \$180.
 The company put on a fine train of four coaches. These were officered by courteous conductors, brakemen and porters who shared the holiday spirit of the excursionists. All the way the people were regaled with fine music by the Hawaiian quartette.
 Upon arrival at Puna the crowd was conducted to the fine lawn at the home of Henry Lyman. The band played several pieces of music after which they went to the warm springs and took a plunge. The crowds scattered in all directions going in groups to the many points of interest in the locality, not forgetting the plant and caves of the Volcano Water Company. In the afternoon the people again gathered at the Lyman lawn and dinner baskets were explored to the satisfaction of the entire company. The band played more music and were served with a delightful luncheon by Mrs. R. A. Lyman. A two step was played and there were many dances on the lawn.
 One of the diversions of the day was a game of base ball between a Hilo nine and a nine composed of employees of the railroad. P. C. Beamer acted as umpire. His decision gave the game to the railroad boys by default.
 The excursion train returned to Hilo in the evening arriving at 9:30.

JAPANESE CASE OVER.

Two Are Held For Murder, Three For Conspiracy.

The preliminary examination of the Japanese implicated in the alleged murder of Motohara was concluded Tuesday with the discharge of Hayashi one of the six who were charged with being accessories but against whom the charge was changed to conspiracy. Two against whom the charge of conspiracy was laid were released, a nolle prosequi, being entered by the prosecution. Three were bound over to the grand jury on the charge of conspiracy, and are in jail in default of bond which was fixed at \$3000. The two alleged murderers Fumacoshi and Watanabe were the first tried and they await in jail the action of the Grand Jury on the charge of murder in the first degree.
 This case has been perhaps the most stubbornly fought cause ever tried in the Hilo District Court. The Sheriff's department waded into the business of arresting Japanese after Motohara was found dead, which left no doubt as to their intention to leave no stone unturned to have it murder and punish the murderers. The prosecution has used every possible implement at their disposal in the trial. Smith & Parsons for the prosecution have waged a determined battle. On the other side were Wise & Ross and LeBlond & Smith. They have contested every step made by the prosecution with bull dog pertinacity.

WILL MACADAMIZE KING.

Also One Block of Bridge Street to be Improved.

King street from the hotel grounds to Front street, and Bridge street between Waianaeue and King are to be leveled to grade and macadamized at once. The road board has received notice from the Superintendent of Public Works that an authorization has been made for these improvements.
 Mr. Gere, the local representative of the Public Works Department states that this work will begin as soon as the Kukua and Pukihia Crossing bridges are completed. These will be finished, if the weather is fair, in a very short time, and it is probable that the improvement of King street will begin within three weeks.
 The temporary bridge at Kukua stream on Volcano street will be in place either this week or next. A deep fill has been made on either side of the stream and heavy abutments of masonry are in place to support the bridge. The plan is to eventually put in a steel structure at this crossing.

FIVE LEGGED FROG.

Monstrosity Captured by a Chinese Boy in Hilo Pond.

Ah Kim, the well known young Chinese interpreter, captured a freak frog last Tuesday in the ponds near Front street which is attracting much attention in the show windows of the Hilo Drug store. The frog has five legs, three kickers and the two normal front legs. The third hind leg joins the body at the abdomen and is about as useless as a fifth wheel in a wagon. This freak frog has also a double pair of eyes one of which is but partially developed and needs the attention of an oculist. The croaker is in size a typical Hilo specimen, weighing perhaps a half pound.

PRINCE CUPID IS THE STANDARD BEARER

(Special to Hilo Tribune.)

Honolulu, Sept. 2.—The Republican Territorial Convention ended its work at 12:15 p. m. today. Prince Jonah Kaimukou was nominated as the Republican party's delegate to Congress. A new Territorial Committee was appointed, an exceedingly strong platform was adopted and the Convention was thoroughly successful from start to finish.
 Representatives from the Island of Hawaii had no cause for complaint at the attention shown them in the convention. First came the honor to delegate H. L. Holstein of being elected temporary chairman of the convention. Later he was appointed permanent chairman, Mr. Philip Peck retiring in Holstein's favor. Selected for duty upon the important committee of platforms were R. T. Guard and Chas. Williams of the First district, while W. G. Walker represented Hawaii on the committee on rules.

HARMONY DISTURBED.
 The harmony that ruled during the session of Monday morning was somewhat rudely disturbed at the afternoon session upon consideration of a report of the platform committee. The fourth plank demanded the establishment of municipal and county government, the concluding sentence authorizing a referendum to the people after the passage of such an act by the Legislature. It was right here that the anti-Dole sentiment in the convention popped out. Curtis Laukea protested against this postponement, claiming that the Executive was opposed to city and county government and had told him so. He did not believe that Gov. Dole would call a special election of the people to approve any such bill. He became impassioned in his remarks, stating that the plank, as prepared, was simply meant as an evasion of the issue at the instigation of the Executive. Senator George R. Carter jumped to his feet and declared that, within two days, Gov. Dole had told him that he was in favor of city and county government. This was a contradiction of what Mr. Dole had said to Laukea, placing the Governor in the unenviable light of making directly contrary statements upon the same subject, an impression that was not removed during the remainder of the convention and which no one seemed desirous of wishing to remove.

CONVENTION CALLED TO ORDER.

The Convention was called to order by A. G. M. Robertson, Senator Achi placed H. L. Holstein of Kohala in nomination for temporary chairman, J. T. Kaulukou seconding. In thanking the Convention for the honor conferred upon him Mr. Holstein said:
 "The Republican party in these islands is young, strong, conscious of its power, united, popular and growing. In my best judgment the grand old party here was never in a better state nor more determined to win than at the present time. The battle cry is now for an intelligent, economical and businesslike legislature. This can only be effected through the medium of the Republican party. Wilcox has been a failure throughout. He has failed to accomplish anything at Washington because he failed to belong to either one of the great parties in Congress. He failed also, I fear, in ability, but perhaps his complete failure consisted in his resemblance to Napoleon. The time has come now for a change and we are going to have it. Since arriving in Honolulu I have heard from Home Rules themselves that there will be a perfect landslide in favor of the Republican party. The people are tired of failures and they want to accomplish something. We will send a man to Congress that is in sympathy with the majority in Congress. We do not want a man there who will merely try to look wise and draft milk bills. Think of this. Congress appropriated one thousand million dollars and yet there was not a dollar, not a red cent, not even a bean secured for Hawaii, unless it came out here in the packages of vegetable seeds that Wilcox got free and was able to distribute in this Territory for nothing."

COMMITTEE ON CREDENTIALS.

J. D. Avery being chosen temporary secretary, the chair appointed George H. Renton, A. C. McKinney, J. K. Nahale, J. N. K. Keola, Joe Luahwa and W. H. Rice as the committee on credentials. All the delegates were present with the exception of seven who were represented by proxies.

PERMANENT CHAIRMAN.

The nomination of H. L. Holstein for permanent chairman of the Convention brought H. P. Baldwin to his feet, stating that he understood that Mr. Peck, of Hilo, was to be chosen for that honor, and he therefore placed his name before the Convention. Mr. Peck, however, at once withdrew, believing there should be no division of a district. A contest for permanent secretary resulted in fifty-four votes for Avery and twenty-six votes for G. P. Theilan.

COMMITTEES SELECTED.

The following delegates were selected as the committee on platforms, the chairman being an ex officio member: First district, R. T. Guard and Charles Williams; second, J. D. Paris and Samuel Parker; third, H. P. Baldwin and Dr. J. H. Raymond; fourth, A. V. Gear and Col. J. H. Fisher; fifth, Geo. R. Carter and W. H. Rice.

COMMITTEE ON RULES.

Lorrin Andrews, W. G. Walker, S. Lazaro, Edgar Morton, C. P. Laukea and William Warner.

UNITED STATES SENATORS.

United States Senator Burton, of Kansas, and former Senator Thurston, of Nebraska, having entered the hall, Mr. H. P. Baldwin suggested that they be asked to address the convention. Senator Burton said:
 "I did not come here to talk. I came here to hear you talk. I want to learn how we can help the islands in the way of national legislation, and having learned what you ought to have and want to use my best endeavors to get it for you. Already I have been captivated by your splendid climate. Five thousand miles from here, in my Kansas home, the thermometer is over a hundred degrees in the shade, here it is eighty. I was ignorant of the high-class of citizenship that I should find in Hawaii and of the high standard to which your people had attained. But what has captivated me most are your beautiful women. Never,

as a child, as a boy, now as a man, have I failed to love a woman or a horse. The mission of our great government is to elevate in politics, and we can only do so by elevating individual citizenship. In the conduct of your campaign spend no time in abusing your opponents, but always discuss ideas and principles and act on principle."

SENATOR THURSTON TALKS.

United States ex-Senator said:
 "I sincerely hope that the action that this convention will take will meet with the support of the people, and that your nominee may come to the Congress of the United States in order that you may secure what may be for your best interests and what Congress is ready to give."
 I heartily agree with Senator Burton. I never knew any good to come from a political contest which was carried on on personal grounds. I never knew any good to come to a person or party who carried on a contest on other than the highest and most honorable way. If we have no issues beyond men then our institutions are failures. If we have no principles to press because they are worth advocacy for the prosperity and progress of the whole people, we might just as well dissolve our government.
 The success of a great party means the advocacy of great principles. Political action is secured by harmonious movement by the different people who compose the political body. Every man who becomes a part of a political organization must surrender his individual preferences and be willing to abide by the decision of an honest majority of the party. No genuine Republican can afford to leave this convention hall after the majority of this convention shall have declared its wishes with any other thought but of loyalty and devotion to the candidates nominated. Today when you have assembled here you have laid aside your differences and I think and believe that you will leave this hall ready to rally around your party and to loyalty support the nominee of this convention.

Judge Kaulukou moved a vote of thanks to the Senators, which was voted by the entire Convention standing. Adjournment was then taken to 3:00 p. m.
BUSINESS AFTER RECESS.
 It was not till 4:15 p. m. that Chairman Holstein called the Convention to order. The report of the committee on rules was read and adopted. The rules were then suspended to enable the immediate election of members of the Territorial committee, which is now constituted as follows:
 First District—F. B. McStocker, J. C. Ridgway, W. G. Walker, Chas. Williams.
 Second District—Samuel Parker, H. H. Renton, J. A. McGuire, J. H. Waipulani.
 Third District—J. H. Mahoe, A. N. Hayselden, J. N. K. Keola, T. M. Church, H. A. Balwin, W. P. Haia.
 Fourth District—A. L. C. Atkinson, J. W. Jones, C. L. Crabbe, W. H. Conney, E. G. Keen, J. H. Fisher.
 Fifth District—George F. Renton, C. P. Laukea, W. G. Ashley, George R. Carter, Frank Paha, E. C. Winston.
 Sixth District—John D. Willard, J. K. Kaulukou, W. H. Rice, Jr., J. H. Kapanian.
 In the Fourth District I. A. Andrews received eight and Kanakani twelve votes, A. L. C. Atkinson receiving the high vote of twenty-five. In the Fifth G. H. Huddy received five votes, James Holt three and J. D. Avery three.

THE REPUBLICAN PLATFORM.

Senator George R. Carter was next recognized from the committee on platform and read that document at length. A resume of the platform appears elsewhere.
 The platform was accepted with cheers and loud applause. A long debate was precipitated by C. P. Laukea, who desired to stiffen the county government plank. In the course of the discussion it appeared that the following persons are in favor of county and municipal government as quickly as a law can be passed: A. G. M. Robertson, H. P. Baldwin, Laukea and Governor Dole.
 A resolution offered by W. C. Achi for the appointment of a committee to draft a county and municipal government bill was agreed to. The convention then adjourned to 9:30 a. m. Tuesday.

SECOND DAY'S SESSION.

It was not till 11:15 a. m. that the second day's session of the Republican Territorial Convention was called to order. The day was caused through the absence of A. G. M. Robertson, who had important business, and his presence was desired by both his friends and opponents. At a few minutes before 11 o'clock there was a roar of spontaneous applause from delegates and spectators caused by the entrance of Prince Cupid, escorted by Dr. George H. Huddy, from the Fifth representative district.
 "There is only one party in Hawaii, the great Republican party," shouted R. T. Guard, of the First, and the concourse roared again.
 Fifteen minutes later A. G. M. Robertson entered the hall in company with A. L. C. Atkinson and Clarence Crabbe. He also was loudly cheered.
 The roll was then called and 79 delegates responded. Chairman Holstein asked for further time to name the members of the commission to draft a charter for the city and county government bill. This committee will be announced through the press later.

Prince Cupid was chosen by acclamation. He was nominated by H. P. Baldwin and his name was greeted with wild enthusiasm.

The Prince made the following short speech pledging loyalty to the Republican party:
 "I am a Republican from top to bottom. It only needs your cordial support to make the Republican party victorious. I preach unity to my people and I will try to prove to my people that we can do some good at Washington. When I left the Home Rulers I had a following and I believe we will have their support because they are my followers now. I have studied the question out and decided to become a Republican and as I said before a Republican from top to bottom."
 His words were greeted with loud applause.

The force of the enthusiasm for Prince Cupid caused the withdrawal of A. G. M. Robertson.

J. T. Moir's new residence at Papakou is rapidly nearing completion. There is a house warming in anticipation in the minds of all his friends.

HAPAI RE-COMMISSIONED.

Oldest District Magistrate in Hawaii

Appointed for Another Term.

At the opening of the District Court Tuesday morning Judge Hapai announced to the members of the bar and those present that he had lately received his commission as District Magistrate for two years more. The case at bar was the same that was being tried when Court adjourned Saturday. "I was working under my old commission last Saturday," said the Judge, "I proceed with it today under my new commission."

Mr. LeBlond arose and in a few fitting remarks congratulated Judge Hapai upon his appointment. Judge Hapai is the oldest District Magistrate in Hawaii in point of service. He has doled out practical justice from the District bench in Hilo for—years. He has proved a careful and considerate magistrate. The Tribune joins his numerous friends in congratulations.
