sion ended the salaries were always put back to the old scale. Dickey, he said, started out with a carving knife three feet long; then on second reading he would use only a pocket knife, and in the end would throw that away too. McCandless moved to make it \$4,000 a year. He said circuit judges get only \$3,000 a year and went after the positions even to Washington. He said there were some twenty-five applicants for the Attorney-Generalship. Crabbe replied there were but three, two of them just from the law school. Andrews had not been an applicant and the office sought him.

Isenberg said the judges had difficulty to make both ends meet, if they were to remain honest. Brown added that the aspirants for office were after honor, not money. Only the young men or new comers sought political preferment; the kamaainas didn't want anything to do with it.

Dickey said he had made inquiries as to the eighty lawyers whose names were in the Commercial Record, and but twenty-four of them made over \$3,000 a year, and of these seven were judges. There were fifty-three, then, to choose an Attorney-General from at \$3,000 a year. The item for treasurer carried at \$2,250, 10 to 3, only Dickey, Achi and McCandless voting "no."

Senator Dickey moved to cut the salary of Superintendent of Public Works from \$2,250 to \$1,800. Dickey demanded roll call on the motion to pass as in the bill and there were the same three noes.

Senator Achi moved to cut the salary of bookkeeper in Public Works office from \$1,200 to \$1,050. Lost.

**Turkey Threatens Bulgarian Border**

Constantinople, Turkey, May 6.—Rupture of diplomatic relations between Bulgaria and Turkey is imminent. From the very outset Bulgaria has been the center from which the Macedonian revolutionists have carried on their operations, and has been looked upon by Turkey as largely responsible for the renewal of the agitation in the Balkans.

Prince Ferdinand some months ago issued a statement in which he expressed his determination to use all the authority of his Government toward supporting Turkey's reform program and preventing Bulgaria from offering a haven for Turkey's enemies. Early in February the Bulgarian Prime Minister made an official denial that assistance had been given the Macedonians, and said if necessary the Government would dissolve the Macedonian committee. Popular sentiment in Bulgaria, however, is beyond official control. It is conceded that there are fully 600 Macedonians among the officers of the Bulgarian army and no fewer than 100,000 Macedonian immigrants in the country.

Conditions in Bulgaria as far as Turkish interests are concerned have been going from bad to worse. Turkey questions the good intention of the Bulgarian Government notwithstanding the official protestations of good will.

With an open rupture in prospect, Turkey is mobilizing its troops within striking distance of the Bulgarian border.

**Powers May Withdraw Fleets.**

Vienna, May 5.—It is reported here that the Powers have agreed to withdraw their war ships from Salonica. There are now at the Turkish port vessels of most of the powers and the moral effect has been to prevent the revolutionists from operating against the city. It is expected that the result will be increased disorder, with probably an investment of the town by the rebel bands now scattered about it.

Glencove, May 5.—The Columbia scored a decided win over the Reliance in the trial race of today. The course was laid off port into the sound and light breezes prevailed. The new boat was out-footed by the winner of the last races at every stage. The Reliance was well handled, but despite this was badly beaten.

**SHORT CABLEGRAMS.**

London, England, May 6.—The Transvaal loan of \$175,000,000 has been ratified.

Fez, May 7.—The rebels have scored a victory in battle with the government troops.

San Francisco, May 7.—The official trial of the monitor Wyoming has proved successful.

Paris, May 7.—The Capuchins barricaded the monasteries today and infantry was sent to dislodge them.

San Francisco, May 7.—Fire today did \$90,000 worth of damage to the property of the American Milling Company.

Vancouver, May 7.—The Grand Trunk Railroad has petitioned for a charter from Quebec to the St. Lawrence, making a new transcontinental line.

San Francisco, May 7.—There is a probability that suit will be brought against Dimmick's bondsmen to recover \$30,000, the amount he stole from the mint.

Manila, P. I., May 7.—The Spanish gunboat Velasco sunk in the battle of Manila Bay, was raised today. The hull of the vessel was found to be uninjured.

New Orleans, La., May 6.—Reports have been received here of renewed activity by the revolutionists of Nicaragua. The country has been in a state of turmoil for a year or more.

Tokyo, May 7.—Owing to the critical phases of the situation in Manchuria, the Japanese arsenals are working day and night. The Navy is in a state of obvious preparation for war.

Jackson, Ky., May 4.—J. B. Marcum, a prominent attorney of Jackson, was today shot and killed by an unknown man. The killing is believed to be due to a feud of long standing.

Grand Canyon, Ariz., May 6.—President Roosevelt's train arrived here today. The President is finding particular pleasure during his trip through this section from frequently meeting members of his old Rough Rider regiment.

Paris, France, May 4.—King Edward took formal leave of President Loubet and French officials today at Cherbourg. The visit of England's king has been attended with marked demonstrations of good feeling which are highly gratifying.

Caracas, Venezuela, May 4.—The revolution in Venezuela has been given a new impetus by the landing of General Matos, the noted revolutionary leader. Matos will endeavor to reorganize the revolutionists and make a fight to depose President Castro.

Manila, P. I., May 7.—Reports received from Mindanao give accounts of the complete success of military forces in the campaign against the rebellious Moros. In the final assault over a hundred Moros were killed, the Sultan captured and ten forts taken.

Redlands, Cal., May 7.—President Roosevelt's train rolled into Redlands today and the Chief Executive was given a typical California welcome. Governor Pardee, with prominent State and city officers, was on hand to extend the courtesies of the Golden State to Roosevelt. A rousing reception was given by the people.

**TIME AND MONEY.**—Sickness causes a loss of both time and money. You lose the time and have the expense of medical attendance, entailing a double loss. This can be avoided by using some reliable remedy at the first stage of the sickness. The purchase of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy often proves a profitable investment, for, by its use at the first appearance of any unusual looseness of the bowels, a severe attack of diarrhoea or dysentery may be averted, that might otherwise compel a week's cessation from labor. Every household should have a bottle at hand. It never fails and is pleasant to take. Get it to day. It may save a life. The Hilo Drug Store sells it. \*
