Can't Eat

You certainly don't want to eat if you are not hungry. But you must eat, and you must digest your food, too. If not, you will become weak, pale, thin. Good food, good appetite, good digestion,—these are essential.

Mr. Robert Venus, of Lunenburg, Tasmania, sends us his photograph and says: "I suffered greatly from loss of appetite, indigestion, pains in the stomach, weakness, and nervousness. Several doctors tried in vain to give me relief. A friend then induced me to try Ayer's Sarsaparilla, for it had done him much good. The first bottle worked wonders for me. Soon my appetite came back, my indigestion was cured, and I was strong and hearty."

AYER'S Sarsaparilla

There are many imitation "Sarsaparillas." Be sure you get Ayer's.

Keep your bowels in good condition by using Ayer's Pills. They cure constipation, coated tongue, biliousness, sick headache.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

For Sale by HILO DRUG COMPANY.

LANSING'S PLANS.

Will Advertise for Labor in Korea and Portugal.

Honolulu, Aug. 15.—Korea, the Azores and Portugal are to be drawn upon for labor in Hawaiian cane fields. T. F. Lansing, the new immigration commissioner, is preparing advertising matter which may induce a hegira from these countries to Hawaii.

"I do not quite understand what my duties are to be, excepting to encourage immigration and tourist traffic," said Mr. Lansing yesterday.

"The tourist bureau will take considerable of the tourist work off my shoulders and I shall try to devote as much attention as possible to the immigration side of the office. As I understand it I am to encourage immigration of labor for agricultural purposes. The Federal statutes forbid the holding out of any inducements to get laborers to come. Besides there is no money for bringing laborers here.

"What I shall probably do is to prepare an advertisement setting out just what inducements there are for agricultural laborers to come to the Islands. First there is the rate of wages paid, which is for a steady job the whole year around. For men with families the advantage in the good schools of the Territory will also be shown. Whether the wages are sufficiently enticing to bring them here, I do not know, but work on the plantations is steady and can be had all the year around.

"I think that Korea, the Azores and Portugal will be the countries where I shall first attempt to get laborers for the Islands. I do not know how conditions there are at present. I had thought some also of trying to work in New York, where thousands of immigrants enter every day. One difficulty there is that we are liable to get a poor class of immigrants. I have talked with some of the members of the Planters' Association concerning the matter, but nothing definite has yet been done."

Mr. Lansing also received letters by the last steamer from men in different parts of the United States relative to opportunities in Hawaii. These were turned over yesterday to Secretary E. M. Boyd of the Tourist Promotion Committee. One letter received by Commissioner Lansing is from an Anaconda, Montana, machinist who would like to settle here. He wants to know about the demand for skilled laborers and also says that he has \$2,000 which he intends to invest in a home in the Islands.

Another letter is from a farmer at Olympia, Washington. He is anxious to find out about the prospects for truck farming and fruit growing in the Islands. Still another letter was received from a Syracuse, New York, dairyman, who is anxious to engage in the same industry in Hawaii. Another letter is from a Memphis, Tenn., man who is anxious to get employment here. He is a groceryman and wants to know what the opportunities are in that line of trade.

Mr. Lansing says he doesn't know much about the small farmer possibilities yet and wants first to find out what lands there are in the Islands which are open to settlement.

LINDSAY'S APPOINTMENT.

Central Committee Criticizes Governor Dole.

Honolulu, Aug. 14.—The Star published yesterday an article to the effect that Alex. Lindsay, who has been appointed Second District Magistrate of this city by Governor Dole, had the recommendation of the Central Committee of the Republican party. Nothing could be further from the truth. His name has never been brought up before the committee and his appointment by Mr. Dole was without any action on the part of the committee. In fact, the Governor never has paid more than passing attention to their wishes.

There is not a member of the committee who does not agree that Mr. Lindsay is a fine man for the position.

FOR ST. LOUIS.

Jared G. Smith Wants Cooperation of People.

Jared G. Smith, special agent in charge of the Hawaiian Experiment Station, has issued the following circular:

Honolulu, Haw., July 30, 1903.
 Dear Sir:—Knowing that you are deeply interested in Hawaii's exhibit at the St. Louis exposition and that you will be desirous of making it as completely representative of our industries as possible, we take the liberty of asking your cooperation with us in the preparation of the agricultural collection.

We are making duplicate collections of agricultural products—one for the United States Department of Agriculture exhibit and one to be a part of the general representation of the Territory of Hawaii as provided for by the recent Act of the Legislature.

You will greatly assist in this work if you will kindly fill in the blank spaces on the enclosed sheet and mail the letter in the enclosed franked envelope addressed to Mr. Jared G. Smith.

We ask for anything of an agricultural nature which has been produced in these Islands and which is a good specimen of its kind. Perishable things will be preserved.

While the exhibits will not leave Honolulu until some time in the autumn, it is desired to gather in as many things as possible at once.

Trusting that we may have an early reply from you, stating what you have available for this purpose, and thanking you in advance for the same.

Very truly yours,
JARED G. SMITH.
CHAMPION JEFF WINS.

Solar Plexus Blow Ends All With Corbett Again.

San Francisco, Aug. 14.—There were ten thousand spectators in the Mechanics Pavilion tonight to see the Jeffries-Corbett fight. Sixty thousand dollars were taken at the door. Jeffries was the favorite with the crowd, the betting for him being two to one. The main event was preceded by two bouts, the first preliminary being a draw. In the second Evans knocked out Fairbanks. The Jeffries-Corbett fight by rounds was as follows:

- First round—Even sparring.
- Second round—Lively exchange of blows, result in favor of Jeffries.
- Third round—Both men fighting strongly.
- Fourth round—Corbett tired and steamless.
- Fifth round—Jeffries received body blows.
- Sixth round—Corbett down nine seconds from a blow on the chin.
- Seventh round—Corbett clinches.
- Eighth round—Corbett's blows ineffectual.
- Ninth round—Corbett stronger.
- Tenth round—Corbett thrice knocked down and finally counted out.

His seconds threw up the sponge. Jeffries wins.

Corbett was knocked out by a solar plexus blow, a repetition of the one he got from Fitzsimmons at Carson City. Jeffries took punishment like a stone wall. He shows a wonderful improvement in boxing. Corbett has deteriorated so much that he is harmless. He congratulated the victor.

Belgrade, Aug. 13.—The ministry has resigned because of personal friction between the assassins and non-assassins who compose it. The discipline of the army has been sadly shaken by the quarrel. King Peter's position is difficult. He is virtually a prisoner of the military and it is rumored that he has threatened to abdicate.

CHOLERA INFANTUM should be guarded against, and prevented by treating the child at the first unusual looseness of the bowels. Mothers can not be too careful about this, especially in hot weather. They should have medicine ready for such an emergency. No better remedy is prepared than Chamberlain's Colic, Cholera and Diarrhoea Remedy. Every household should have a bottle at hand. Get it today. It may save a life. The Hilo Drug Co. sells it.

When the weather is too rough for the Kinu to land at Laupahoehoe Wednesday the leaving time of stage from Hilo is changed to 4:00 a.m. on Thursday morning, and the Wednesday stage from Laupahoehoe to Honokaa will be held to connect with it. On Mondays following the arrival of the Mauna Loa in Honolulu on Sundays, the leaving time of the stage for Laupahoehoe from Hilo is changed to 10:00 a.m., and the Honokaa stage is held at Laupahoehoe to connect with it.

Aside from carrying of express matter and passengers these stages carry U. S. Mail, so patrons may rest assured of prompt connections.
