PARKER RANCH ROW.
Waimea District Has Excitement After Long Years of Peace.
 Waimea, Hawaii, June 25.—The executive authority of the Parker ranch is in commotion. Since the inception of the Parker ranch it has always had two owners, members of the Parker family. At the present time, they are the Hon. Samuel Parker and Miss Thelma K. Parker, who secured her interest by the will of the late John P. Parker, senior, her great-grand-uncle, the will wording her as the legal issue of John P. Parker, Jr., son of Sam Parker, Sr. Miss Thelma Parker, being a minor, is represented by her trustee, Alfred W. Carter. With the consent of both owners, Mr. Fred Carter has for the last three or four years been acting manager. Now the court in Honolulu on the application of Mr. John S. Low, a cousin, has appointed him as guardian ad litem to Miss A. T. K. Parker in place of A. W. Carter.

On the afternoon of June 7th the atmosphere was thick with wireless telegrams, preparing heroes for the coming strife on the Parker ranch between the old and newly appointed managers.

Interest was now getting deep and excitement great. All Waimea held its breath with suspense and lingered with its ears glued to the telephone. In the small hours of the following morning, Wednesday, the forces of the respective parties were strongly in evidence waiting anxiously for the first arrival from Kawaihae landing place. In the meantime down at Kawaihae wharf the Kinau had scarcely come to anchor when Alfred Carter sprang into the first boat and got ashore accompanied by his attorney, H. E. Cooper, and S. Leslie of the Honolulu police force. Here a carriage being in waiting conveyed them quickly up to the office well ahead of the new manager, E. P. Low and were able to take possession without opposition. When some hours or so later, Mr. Low accompanied by his attorney, Mr. Lightfoot, arrived they found the office closed against them and the old manager strongly in possession of the fort.

On Thursday, the 9th instant, A. W. Carter went over to Kailua and obtained an injunction, forbidding any further interference with the ranch on the part of the new manager. At this period certain announcements appeared on the walls of Kawaihae, Waimea and other places, informing all and sundry that Eben P. Low is manager.

A few days later another addition to the new governing officials of the ranch was made by the appointment of Mr. Connant as receiver to the ranch which appointment after some dispute, was confirmed by the newly appointed Judge for the Third Circuit.

The ranch office is now crowded with attorneys, notaries, accountants, bookkeepers, and a receiver. Mr. Low seems to have abandoned all effort of summary possession of the managership and the work of the ranch continues as formerly. All questions will now be settled in the courts in Honolulu and quietness prevails on the ranch. The last evidence of excitement disappeared on Saturday, the 25th inst., by the departure of the last batch of witnesses. The day before Mr. Carter, accompanied his ward, Miss A. T. K. Parker, and her mother, Mrs. Fred Knight, to Honolulu, where they will reside, to attend the hearing of the case. Mr. Knight also accompanied his family. The same boat took Attorney Arthur Wilder and others who went as witnesses. The list included Manager Forbes of the Kukuihaele plantation, Manager Gibbs of the Paauhau plantation, and Bookkeeper S. M. Spencer and Head Luna John Lindsey of the Parker ranch.—Bulletin.

New York, June 28.—The commissioner of Chief Justice W. F. Frear, Alfred S. Hartwell and F. M. Hatch, constituting the Supreme Court of the Territory of Hawaii, and Chas. F. Parsons, Matthewman and Hardy, Circuit judges, were received from Washington in the Coptic's mail. They are "recess commissions" extending only to the end of next session of Congress. The appointments will be submitted to the United States Senate at next session for confirmation and when confirmed new commissions will be issued extending to the end of the four-year term. This is the Federal practice regarding appointments the Constitution requires the President to make with the advice and consent of the Senate. Under the Republic of Hawaii, having a similar provision as to recess appointments being until the end of next session of the Senate, commissions in recess were issued for the full terms of the offices and remained in force when the appointments were confirmed. New commissions were only required when the Senate failed to confirm appointments.

Worry Kills Men.
 New York.—In an article under the caption "The Injustice of Vacations," the Independent quotes Russell Sage to the effect that he never has taken a vacation in his life; that the "vacation habit is the outgrowth of abnormal or distorted business methods and that a man is less fitted to do good work for his employer after two weeks rest each year than he was before.

"When I was a boy," said the veteran financier, "the practice was not in vogue. During the eighty-three years of my career, I have not once taken a vacation. As a matter of fact I was so glad to get a chance to learn the business that the idea of asking my employer to make me a present of two weeks of the time that belonged to him would have been preposterous. Besides, I was eager to advance in business.

"Is it not absurd to suppose that a man can in two weeks recuperate from the wear and tear of a year's work? On the contrary, I have too often observed that men will, while on their vacations, make inroads upon their vitality and purses that cannot be repaired in the following eleven months and two weeks.

"A man should work 'easy,' be economical of his time, conserve his forces and not worry. It's worry and not work that makes the hair gray. If I had a thousand tongues I'd preach 'save time' with them all. It's infinitely more valuable than money."

Indianapolis, June 30.—Geo. W. Carroll of Texas is the Prohibitionist nominee for Vice-President on the ticket with Silas Swallow of Penn.

ROSS RETURNS.
Arrived in the Alameda Returning to Hilo.
 "Yes, while at home in Ohio on a visit I discovered I was a candidate for the Hilo judgeship. I kicked up as much dust as I could but was flagged by Roosevelt and Carter, as I was pulling into the quarter stretch. I saw Parsons finishing strong. I have nothing to say about the outcome further than to express my confidence in the character and ability of Judge Parsons. I appreciate the efforts in my behalf made by friends in Honolulu and on Hawaii."

So spoke Homer L. Ross, who returned from the mainland in the Alameda today, and goes to his home in Hilo by the next Kinau.

Mr. Ross visited Washington, St. Louis and Chicago and a number of other cities while at home.

"In Washington I saw Dr. Cooper," said Mr. Ross, "and am sure that his mission to the Capitol has proved eminently successful. He has received a great amount of attention from the leading men in the medical fraternity and interested the Treasury Department officials in the leper problem in Hawaii.

"Secretary Shaw of the Treasury asked many questions about Hawaii and said that his son, who had just returned, had seen 'the elephant' and that he would like to come down for a season himself.

"One thing most obvious was the implicit confidence placed in Governor Carter by the officials in all the Departments as well as the man who wears the spectacles at the White House. I take it as a safe proposition to make, that whatever is done in Washington relative to the Hawaiian Islands, especially by the President, has the O. K. stamp of the Governor of Hawaii upon it.

As to times in the States, Mr. Ross said: "I hear people complaining of hard times in Hawaii but they would feel better about it if they would make a trip across the continent. They would be glad enough to get back to Hawaii. The railroads are making only those extensions which necessity requires. The big corporations are cutting expenses wherever possible. Whether it be attributable to the pending Presidential campaign or not, the long era of prosperity, taking the country in general, shows wavering signs."—Bulletin.

Many Lepers in America.
 New York, June 28.—The statement that there are 2000 lepers in the United States startled the Presbyterian ministers at their meeting recently. It was made by John Jackson of London, England, who is the organizing secretary of the mission to lepers in India and the East. He has begun a tour of the principal cities of the union in the interest of his organization.

Jackson explained that the lepers of the United States are largely confined to the extreme southern states and the Pacific Slope, and that, although there is little fear of the disease spreading to other sections, it is important to keep it down in the sections infected.

In his address, which treated especially of the work of the mission in the East, he said there are fully 1,000,000 lepers in India, China and Japan, the number including all cases, incipient and advanced. The mission provides homes, asylums, food and shelter for them.

"I got off the Oloa train this morning," said Mr. Furneaux, and being in no hurry I began moralizing on the actions and probable character of three men who had just alighted ahead of me. The first one was even than half way up Waianuenu Street and was going on with such rapid strides that he had already put a couple of hundred yards between himself and the next man. There, thought I, goes a hustler,—a man who's bound to succeed in life. The second man was walking rather slower, and impressed me as one who would do fairly well, perhaps, in this world. But the last fellow was just dawdling along in the most shiftless sort of way. I very quickly set him down as a loafer.

Just then another idea came home to me. All three were ahead of me!"

June 22.—The list of known dead, which had reached \$46 up to 2 o'clock this morning, steadily increased since that hour. Before daylight twelve more bodies had been taken from the river and nearly every succeeding hour added to the total.

CHRONIC DIARRHOEA.—For several years during the summer months I have been subject to looseness of the bowels, which quickly ran into a very bad diarrhoea and this trouble was frequently accompanied with severe pain and cramps. I used to call on doctors for my trouble, but it became so regular a summer affliction that in my search for relief, I became acquainted with Chamberlain's Colic, Cholera and Diarrhoea Remedy, which proved so effective and so prompt that I came to rely exclusively upon it, and what also happily surprised me was that while it almost instantly relieved the cramps and stopped the diarrhoea, it never caused constipation. I always take a bottle of it with me when traveling.—H. C. HARTMAN, Anamosa, Iowa, U. S. A. For sale by the Hilo Drug Co.

The Commissioners.
 Honolulu, July 1.—The commissions of Chief Justice W. F. Frear, Alfred S. Hartwell and F. M. Hatch, constituting the Supreme Court of the Territory of Hawaii, and Chas. F. Parsons, Matthewman and Hardy, Circuit judges, were received from Washington in the Coptic's mail. They are "recess commissions" extending only to the end of next session of Congress. The appointments will be submitted to the United States Senate at next session for confirmation and when confirmed new commissions will be issued extending to the end of the four-year term. This is the Federal practice regarding appointments the Constitution requires the President to make with the advice and consent of the Senate. Under the Republic of Hawaii, having a similar provision as to recess appointments being until the end of next session of the Senate, commissions in recess were issued for the full terms of the offices and remained in force when the appointments were confirmed. New commissions were only required when the Senate failed to confirm appointments.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.
 Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.
 W. H. LAMBERT,
 Superintendent.

Built Me Up
 Have you been ill? Are you still weak and discouraged? Do not get strength as fast as you think you should? Then take a good tonic, something that will aid your digestion and build you up quickly.

Here is a letter from Mr. R. Bartholomew, Jr., Mr. Durans, So. Australia, to his agent's photograph.
 "After a very severe attack of rheumatism fever I was left in a very weak condition. It was feared that I could not possibly pull through. I could get no help from any medicine. I feel sure that unless there had been a change just at that time I could not have recovered. But a friend of mine had taken Ayer's Sarsaparilla and knew what a splendid tonic it was. So he urged me to try it. I can now truthfully say that I feel better even after the first dose. It seemed to build me right up from the very start, and in a few weeks my recovery was complete."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's."
 Promptly correct any tendency to constipation or biliousness. Ayer's Pills are sugar-coated, easy to take, mild in action.
 Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.
