

HAWAII: HOLOMUA
PROGRESS
The Law of the Land is Established in Righteousness
HONOLULU, SEPT. 19, 1894.

THE BISHOP MUSEUM

Professor Brigham writes a very able letter to the *Advertiser* this morning in which he exhorts the government to assist the museum of which he is the curator in all possible ways and at present allow the importation of alcohol for use at the museum free of duty. It is surprising that there should be any hesitancy on the part of the government in this matter so small to the treasury and of such vital importance to the museum. The Bishop Museum will in due time prove itself a valuable adjunct to our educational institutions and all means should be used to make it as complete and valuable as possible.

The opposition from the *Advertiser* to Professor Brigham's modest demand is not surprising. It would take more than one letter to show to the flippant editor of the official organ, the use and value of a museum. If he had used his eyes he may have learned something, when he travelled at the expense of the Hawaiian taxpayers in the capacity of barber, bootblack or court jester, whatever it was with King Kalakaua. Had he then devoted his time to visit museums instead of the cafes chautant, *bal mobile* and other "missionary" institutions, he would have known enough to keep his mouth shut when a question relating to science and education confronted him.

Lively Times.

The war spirit seems to have seized the Japanese in Kona Hawaii and some startling reports were brought down by the Maluanani. On the 3d inst., there was a free fight at Keel in South Kona. The result was one killed, one wounded and a policeman seriously injured. Eleven Japanese took part in the battle and have all been arrested. John Gaspar, a Portuguese, has been committed for trial by the magistrate at Hookeena on a charge of having instigated the row. Two police officers have been arrested for assault with a dangerous weapon and will be tried shortly.

At another place in Kona on the 4th inst., a Japanese named Nishimoto Tzuro murdered a Japanese police officer in the employ of the Naalehu plantation. The murderer was a deserted contract laborer and when found by the officer resisted him using an ax with which he finally crushed the skull of the officer killing him instantaneously. He was captured by two natives and brought to Honolulu yesterday. When confronted with the remnants of his victim, he confessed his guilty. Four Japanese who witnessed the killing, were brought to town for safe-keeping.

No Amalgamation.

The American League and the Schuetzen club will not combine, but each organization will pursue its own course.—The Schuetzen club seems to favor the amalgamation while the League shows no anxiety to open its doors to the international Verein. The attitude of the Schuetzen club's members led to the resignation of Captain Klemme who is openly opposed to the League and everything connected with Mr. Murray's little lamb. But the world will continue to move on.

Hopp & Co. are busily engaged in fixing up the Opera House. The fine work done by the firm will greatly improve the appearance of Honolulu's theatre and the patrons of the Daily Company will be pleasantly surprised.

STRANDED ON MOLOKAI.

THE G. N. WILCOX RUNS ASHORE.

Vessels Sent to Her Rescue.

The fine bark G. N. Wilcox ran ashore yesterday evening on the windward side of Molokai, not far from the lighthouse. The stranded vessel was on her way to Honolulu from Liverpool with an expensive lading, and she had made the trip in good time and without any accident. Passing along the coast of Molokai, she was beset and drifted on the rocks. The crew took to the boats and arrived in Honolulu early this morning. When they abandoned the vessel it was full of water. Natives on Molokai took charge of the ship. Very little hope is entertained as to the possibility of saving the ship or her cargo, but all possible steps have been taken by H. Hackfeld & Co., the agents.

The tug Elea left for Molokai at 8:30 o'clock this morning and before noon, the steamer Iwalani was despatched. A number of people left for the scene of the disaster among who were Minister King, Mr. Walters of Hackfeld & Co., Mr. F. A. Schaefer Agent for the underwriters in Bremen, Commodore Simonsen and Admiral Hewett besides members of the Press. The steamers will possibly return during the night when full particulars will be had.

At the point where the bark is supposed to have been wrecked another stranding took place a number of years ago when the American vessel Charleston was lost. The cargo of G. N. Wilcox is general merchandise and many merchants will be disappointed in losing their special Christmas goods. The vessel is new and this trip which ended so disastrously was her second to these islands. She is owned by a company among the members of which are several local capitalists.

IT'S AT OSSUP

Sometimes where to go to purchase any particular article, but not if you happen to want anything in the line of

Artists' Supplies,

Picture Frames,

or enlarged portraits, there is but one place in Honolulu, to purchase all materials, and that's KING BROS.' Store, for which there is no rival on these Islands.

The finest paintings in Hawaii, are on exhibition in this gallery.

The firm makes a specialty of enlarging portraits as well as making picture frames in the very latest styles of mouldings.

In the sheet pictures, they have thousands to select from of which they invite an inspection at any time.

Hawaiian Hardware Comp'y.

September 17, 1894.

If we remember correctly the "Charleston" was the first of the "White Squadron" to visit Honolulu. Her arrival on her second cruise is still in the minds of people who were here on January 20, 1891. When with flags at half mast and yards cock-built she entered port with the body of King Kalakaua, the kind attentions shown by the officers to the King during the voyage to the United States and the almost sacred manner in which the body was guarded while being borne to the Islands, endeared the "Charleston" to the people of Hawaii. As much as it was in the power of the people, their appreciation was shown to the officers during their stay and when sailed they left graven on tablets of love and memory, evidences of their Aloha for Hawaii. Few, if any, of the officers who were here then are on the vessel now; some have reached the age of retirement and others have gone to other vessels but the Charleston is still green in the heart of the Hawaiians. Have you ever used a Pansy Stove? We have been selling them for four or five years and to-day they wear the "Yellow Coat" in the empire of stoves. They are recognized by every one, even dealers in other stoves, as a superior article and one which they do not care to run up against. Of course stoves may be bought from people who are not dealers. We have people running here every day or two for fire bricks and parts belonging to stoves they have bought from other parties, and when they find they cannot get them they discard their stoves and buy a "Pansy." You see there is a disadvantage in buying dear things at low prices. Come to us and get a Pansy at \$15.00 and you get full value for your money. You don't get a \$75.00 range for fifteen dollars, mind you, but you get a first class stove that is worth thirty dollars to any one.

Our Ready Mited Paints are suited to the wants of people who have a little painting they want to do themselves. The advantage in buying a prepared paint is that you have the benefit of the best mixers in the United States without having to pay for it. The paint is ready for use directly you take the top off the can and if you don't find it cheaper and better than any you can mix yourself we are mistaken in our experience. In California the painters are using the prepared article in preference to buying lead and oils because they find it to their advantage to do so. We believe it is only a question of time when the painters here will fall into line.

Hanging lamps are in as great demand now as ever. People seem to want something for lighting purposes that will give as good light as the sun—they find it in the lamps we are giving away. Our cheap stand lamps are an excellent thing for a servants room and will find a ready sale in the Island stores. We can supply any demand for a single lamp or for a thousand.

There are lots of Hawaiians whose Kuleana need fencing and we have the wire with which to do it. We have also the material for building a fence that will last until long after the millennium. Instead of paying a high price for posts, or even getting them for the cutting, your fence will cost you less money if you buy steel stays and washers and make a Jones Locked fence.

We have everything you want in the hardware and house furnishing goods line you wish. And we court investigation as to their quality and prices.

WILL CURE Consumption, Rheumatism, Catarrh, Drops, all Skin diseases, Female Complaints, and Piles in the worst form. **Hopes are entertained that it will cure Leucorrhoea.** They are Vegetable Remedies and can be used by the most delicate and the youngest child. LADIES' COLUMN.

"When'er I take my walks abroad how many poor I see!"

Dr. Watts was the author of many hymns, but the learned and revered versifier was never in truer tune than when he wrote the lines was quote. He saw the class he describ'd, just as they are seen now, and many of the causes which in those days created poor people, operates in exactly the same manner today—the greatest cause was undoubtedly

INJUDICIOUS BUYING,

and waste of money in pursuit of the will o' the wisps of trade, neglect of opportunities, not taking advantage of a
