Footie, the humorist, whilst gradu-
ating at Worcester College, Ox-
ford, found in the head of it, Dr.
Gower, a highly suitable subject for
one of his droll devices. Observing
that the rope of the bell was allowed
to hang near the ground, in an open
space where cows were sometimes
kept for the night, he fastened a
wisp of hay to it, and the consequence
was that some of the animals never
failed to seize the hay before morn-
ing, and so produced a most unsea-
sonable and mysterious ringing of
the bell. A solemn consultation
took place for the elucidation of the
portentous circumstance; and Dr.
Gower, having undertaken with the
sexton to sit up all night for the
purpose of catching the delinquent,
disclosed the nature of the jest by
pouncing upon the poor cow, and
had the hearty laugh of all
Oxford to reward him for his
pains.

A speed of sixty-two miles an hour
was attained on the Great Northern
Railroad, which recently carried the
Duke of Edinburgh from Leeds to
London, 186 1/2 miles, in three hours.
This speed has frequently been equal-
ed, and sometimes passed for short
distances, but it is remarkable as
the average rate for such a long
journey. The engine had driving
wheels eight feet in diameter, or two
feet larger than the wheels of Ameri-
can engines. To accomplish the trip
in the time given the wheel must
have made 219 revolutions per
minute, or more than 39,000 in
three hours.

**THE EVILS OF PAINTING
And their Remedy.**

"It has been said with much truth,
too, that house painting might, with
study and acquirement of taste, resume
its rank as a liberal art."—*Painters'
Manual.*

Believing the above to be true, A. B.
KERR has now re-organized his system
of working the business in Honolulu.
In the first place he has secured the
services of that celebrated artist, Mr. MAX
KOUS, formerly of San Francisco, whose
work in the line of plain and decorative
paper-hanging, frescoing, &c., is up to
the present time unsurpassed, and on
these Islands has never been equalled.
For house painting jobs first-class me-
chanics only will be employed. In
future patrons can depend upon my fill-
ing every order on the most scientific
basis known to the trade.

The Sign Painting and Lettering de-
partment will be permanently presided
over by Mr. GEO. STRATMEYER, (further
comment unnecessary.)

P.S.—Send for designs of frescos for
ceiling and cornices. Something new;
and if you want any glass put in call at
